

Horry Georgetown Technical College Occupational Therapy Assistant Program

Thank you for providing observation experience for this prospective student. Students are required to complete a minimum of 20 observational hours with a licensed occupational therapist or certified occupational therapy assistant within the past 24 months. Persons that have been employed by the facility must have performed the documented hours providing patient care in an occupational therapy capacity.

Please complete this form and return it to the student or you may mail or fax the form to the HGTC Admissions Office.
