SERVICE PROVIDER SECURITY ASSESSMENT QUESTIONNAIRE - REQUIRED (FEB 2015)

[ASK QUESTIONS NOW: If you have a properly qualified third-party report or certification you believe we should accept in lieu of those identified in item (b), submit a question identifying same pursuant to the clause titled Questions from Offerors.]

The Contractor must demonstrate that programs, policies and procedures are in place to adequately provide for the confidentiality, integrity, and availability of the information systems used by contractor to process, store, transmit, and access all government information. In order for the State to accurately evaluate the strength and viability of the Contractor's security policies, procedures and practices related to confidentiality, integrity and availability, Offerors must submit with their offers a thorough and complete written response to the Service Provider Security Assessment Questionnaire ("Response to SPSAQ") attached to this Solicitation, which must address all applicable organizations and applicable information systems. The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. [04-4027-1]

BANKRUPTCY – GOVERNMENT INFORMATION (FEB 2015)

(a) All government information (as defined in the clause herein entitled "Information Security - Definitions") shall belong exclusively to the State, and Contractor has no legal or equitable interest in, or claim to, such information. Contractor acknowledges and agrees that in the event Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, government information in its possession and/or under its control will not be considered property of its bankruptcy estate.

(b) Contractor agrees to notify the State within forty-eight (48) hours of any determination that it makes to file for bankruptcy protection, and Contractor further agrees to turn over to the State, before such filing, all government information that is in Contractor's possession in a format that can be readily utilized by the State.

(c) In order to protect the integrity and availability of government information, Contractor shall take reasonable measures to evaluate and monitor the financial circumstances of any subcontractor that will process, store, transmit or access government information. [07-7B007-1]

CONTRACTOR'S LIABILITY INSURANCE – INFORMATION SECURITY AND PRIVACY (FEB 2015)

[ASK QUESTIONS NOW: For products providing the coverages required by this clause, the insurance market is evolving. Our research indicates that the requirements stated herein reflect commercially-available insurance products. Any offeror having concerns with any specific requirements of this clause should communicate those concerns to the procurement officer well in advance of opening.]

(a) Without limiting any other obligations or liabilities of Contractor, Contractor shall procure from a company or companies lawfully authorized to do business in South Carolina and with a current A.M. Best rating of no less than A: VII, and maintain for the duration of the contract, a policy or policies of insurance against claims which may arise from or in connection with the performance of the work and the results of that work by the contractor, his agents, representatives, employees, subcontractors or any other entity for which the contractor is legally responsible.

(b) Coverage must include claims for:

(i) information security risks, including without limitation, failure to prevent unauthorized access to, tampering with or unauthorized use of a computer system; introduction of malicious codes, computer viruses, worms, logic bombs, etc., into data or systems; or theft, damage, unauthorized disclosure, destruction, or corruption of information in whatever form;

(ii) privacy risks, including (A) failure to properly handle, manage, store, destroy, or otherwise control non-public personally identifiable information in any format; (B) loss or disclosure of confidential information; and (C) any form of invasion, infringement or interference with rights of privacy, including breach of security/privacy laws or regulations;

(iii) contractual liability for the contractor's obligations described in the clauses titled "Indemnification - Third Party Claims – Disclosure Of Information" and "Information Use And Disclosure;" and

(iv) errors, omissions, or negligent acts in the performance, by the contractor or by any entity for which the contractor is legally responsible, of professional services included in the work.

(c) If the work includes content for internet web sites or any publications or media advertisements, coverage must also include claims for actual or alleged infringement of intellectual property rights, invasion of privacy, as well as advertising, media and content offenses.

(d) If the work includes software, coverage must also include claims for intellectual property infringement arising out of software and/or content (with the exception of patent infringement and misappropriation of trade secrets)

(e) Coverage shall have limits no less than five million (\$5,000,000.00) dollars per occurrence and ten million (\$10,000,000.00) dollars aggregate.

(f) If the insurance required by this clause is procured on a form affording "claims-made" coverage, then (i) all limits stated above as "per occurrence" shall be understood to mean "per claim" or "per occurrence," as is consistent with the terms of the "claims-made" policy; and (ii) such claims-made insurance shall provide for a retroactive date no later than the date the contract is awarded.

(g) All terms of this clause shall survive termination of the contract and shall continue until thirty (30) days past the final completion of the work, including the performance of any warranty work. In addition, contractor shall maintain in force and effect any "claims-made" coverage for a minimum of two (2) years after final completion of all work or services to be provided hereunder. Contractor shall purchase an extended reporting period, or "tail coverage," if necessary to comply with the latter requirement.

(h) Every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them, must be covered as additional insureds on the policy or policies of insurance required by this clause.

(i) For any claims related to this contract, the insurance coverage required by this clause shall be primary insurance as respects the State, every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them. Any insurance or self-insurance maintained by the State, every applicable Using Governmental Unit, or the officers, officials, employees and volunteers of any of them, shall be excess of the Contractor's insurance and shall not contribute with it.

(j) Prior to commencement of the work, the Contractor shall furnish the State with original certificates of insurance for every applicable policy effecting the coverage required by this clause. All certificates are to be received and approved by the Procurement Officer before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including policy declarations and any endorsements required by this section, at any time.

(k) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this clause are or will be changed, cancelled, or replaced.

(l) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance as is required by this clause. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the State or Using Governmental Unit has received a waiver of subrogation endorsement from the insurer.

(m) Any deductibles or self-insured retentions must be declared to and approved by the State. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. [07-7B058-1]

INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (FEB 2015)

(a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter "action") of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security - Definitions) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.

(b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitee's attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee's consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment or subjects Indemnitee to any injunction.

(c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.

(d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]

INFORMATION SECURITY - DEFINITIONS (FEB 2015)

The following definitions are used in those clauses that cross reference this clause.

Compromise means disclosure of information to unauthorized persons, or a violation of the security policy of a system in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object may have occurred. Without limitation, the term "compromise" includes copying the data through covert network channels, or copying the data to unauthorized media, or disclosure of information in violation of any obligation imposed by this contract.

Data means a subset of information in an electronic format that allows it to be retrieved or transmitted.

Government information means information (i) provided to Contractor by, or generated by Contractor for, the using governmental unit, or (ii) acquired or accessed by Contractor as a result of performing the Work. Without limiting the foregoing, government information includes any information that Contractor acquires or accesses by software or web-based services, which includes, without limitation, any metadata or location data. Government information excludes unrestricted information.

Information means any communication or representation of knowledge such as facts, statistics, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual.

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

Public information means any specific information, regardless of form or format, that the State has actively and intentionally disclosed, disseminated, or made available to the public. Information is not public information solely because it may be subject to inspection pursuant to an unfulfilled public records request.

Software means any computer program accessed or used by the Using Governmental Unit or a third party pursuant to or as a result of this contract.

Third party means any person or entity other than the Using Governmental Unit, the Contractor, or any subcontractors at any tier.

Web-based service means a service accessed over the Internet and acquired, accessed, or used by the using governmental unit or a third party pursuant to or as a result of this contract, including without limitation, cloud services, software-as-a-service, and hosted computer services. [07-7B104-1]

INFORMATION SECURITY - SAFEGUARDING REQUIREMENTS (FEB 2015)

(a) *Definitions.* The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. In addition, as used in this clause—

Clearing means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

Intrusion means an unauthorized act of bypassing the security mechanisms of a system.

Media means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an

information system.

Safeguarding means measures or controls that are prescribed to protect information.

Voice means all oral information regardless of transmission protocol.

(b) *Safeguarding Information.* Without limiting any other legal or contractual obligations, contractor shall implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality and integrity of the government information in its possession. In addition, contractor shall apply security controls when the contractor reasonably determines that safeguarding requirements, in addition to those identified in paragraph (c) of this clause, may be required to provide adequate security, confidentiality and integrity in a dynamic environment based on an assessed risk or vulnerability.

(c) *Safeguarding requirements and procedures.* Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

(1) Protecting information on public computers or Web sites. Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).

(2) Transmitting electronic information. Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.

(3) Transmitting voice and fax information. Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.

(4) Physical and electronic barriers. Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.

(5) Sanitization. At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800–88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_with-errata.pdf.

(6) Intrusion protection. Provide at a minimum the following protections against intrusions and compromise:

(i) Current and regularly updated malware protection services, e.g., anti-virus, antispyware.

(ii) Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

(7) Transfer limitations. Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.

(d) *Subcontracts.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement requirements at least as secure as those imposed by this clause on, any other person or entity that contractor authorizes to take action related to government information.

(e) *Other contractual requirements regarding the safeguarding of information.* This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems. [07-7B105-1]

INFORMATION SECURITY – LOCATION OF DATA (FEB 2015)

Notwithstanding any other provisions, contractor is prohibited from processing, storing, transmitting, or accessing government information, as defined in the clause titled Information Security - Definitions, outside the continental United States. For clarity, this obligation is a material requirement of this contract and applies to subcontractors at any tier. [07-7B106-1]

INFORMATION USE AND DISCLOSURE (FEB 2015)

Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor's use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Every obligation in this clause is material. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

(a) *Definitions.* The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions.

(b) *Legal mandates.* Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent expressly prohibited by law.

(c) *Flow down.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is

responsible for, and shall impose by agreement the requirements of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) *Collecting Information.* Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.

(e) *Rights, Disclosure and Use.* Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) use (including access, process, transmit, and store) and maintain the government information itself; and (ii) disclose government information to persons having a need-to-know (e.g., subcontractors). Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice of both the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.

(f) *Return.* Notwithstanding the using governmental unit's failure to perform or the pendency of a dispute, Contractor agrees to promptly deliver to the using governmental unit (or destroy, at the using governmental unit's option) all government information in its possession as and upon written request of using governmental unit (provided that, if the contract has not expired or been terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor's further access to such government information).

(g) *Privacy Policy & Applicable Laws.* Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause, if included, entitled Information Use and Disclosure – Standards.

(h) *Actions Following Disclosure.* Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery, Contractor shall notify using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided such notice by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) undertake any other measures that are customary and reasonable for an entity to take when experiencing a similar disclosure, (4) pay any related fines or penalties imposed on the using governmental unit, and (5) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use. Notwithstanding any other provision, contractor's obligations pursuant to this item (h) are without limitation.

(j) *Survival & Remedy.* All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor's obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause. [07-7B108-1]

The two underlying principles are (a) preventing the existence of conflicting roles that might bias a contractor's judgment, and (b) preventing an unfair competitive advantage. PROHIBITED COMMUNICATIONS AND DONATIONS (FEB 2015)

Violation of these restrictions may result in disqualification of your offer, suspension or debarment, and may constitute a violation of law.

(a) During the period between publication of the solicitation and final award, ***you must not communicate, directly or indirectly, with the Using Governmental Unit or its employees, agents or officials regarding any aspect of this procurement activity, unless otherwise approved in writing by the Procurement Officer.*** All communications must be solely with the Procurement Officer. [R. 19-445.2010]

(b) You are advised to familiarize yourself with Regulation 19-445.2165, which restricts donations to a governmental entity with whom you have or seek to have a contract. ***You represent that your offer discloses any gifts made, directly or through an intermediary, by you or your named subcontractors to or for the benefit of the Using Governmental Unit during the period beginning eighteen months prior to the Opening Date.*** [R. 19-445.2165] [02-2A087-1]

QUESTIONS FROM OFFERORS (FEB 2015): (a) Any prospective offeror desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing. Questions regarding the original solicitation or any amendment must be received by the Procurement Officer no later than five (5) days prior to opening unless an earlier date is stated on the Cover Page. [See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the

lack of it would be prejudicial to other prospective offerors. Offerors are urged to advise the Procurement Officer -- as soon as possible -- regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. [See R. 19-445.2140] [02-2A095-2]

SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015): (An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that Offeror marked as "confidential" or "trade secret" or "PROTECTED". (All references to S.C. Code of Laws.) [02-2A125-2]

OPENING PROPOSALS – INFORMATION NOT DIVULGED (FEB 2015): In competitive sealed proposals, neither the number nor identity of offerors nor prices will be divulged at opening. [Section 11-35-1530 & R. 19-445.2095(C) (1)] [02-2B110-2]

SUBCONTRACTOR – IDENTIFICATION (FEB 2015): If you intend to subcontract, at any tier level, with another business for any portion of the work and that portion either (1) exceeds 10% of your cost, (2) involves access to any "government information," as defined in the clause entitled "Information Security - Definitions," if included, or (3) otherwise involves services critical to your performance of the work (err on the side of inclusion), your offer must identify that business and the portion of work which they are to perform. Identify potential subcontractors by providing the business name, address, phone, taxpayer identification number, **and point of contact**. In determining your responsibility, the state may evaluate your proposed subcontractors. [05-5030-2]

ASSIGNMENT, NOVATION, AND CHANGE OF NAME, IDENTITY, OR STRUCTURE (FEB 2015): (a) Contractor shall not assign this contract, or its rights, obligations, or any other interest arising from this contract, or delegate any of its performance obligations, without the express written consent of the responsible procurement officer. The foregoing restriction does not apply to a transfer that occurs by operation of law (e.g., bankruptcy; corporate reorganizations and consolidations, but not including partial asset sales). Notwithstanding the foregoing, contractor may assign monies receivable under the contract provided that the state shall have no obligation to make payment to an assignee until

thirty days after contractor (not the assignee) has provided the responsible procurement officer with (i) proof of the assignment, (ii) the identity (by contract number) of the specific state contract to which the assignment applies, and (iii) the name of the assignee and the exact address or account information to which assigned payments should be made. (b) If contractor amends, modifies, or otherwise changes its name, its identity (including its trade name), or its corporate, partnership or other structure, or its FEIN, contractor shall provide the procurement officer prompt written notice of such change. (c) Any name change, transfer, assignment, or novation is subject to the conditions and approval required by Regulation 19-445.2180, which does not restricts transfers by operation of law. [07-7A004-2]

This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of all State contracts against which final payment has not been made. This obligation remains in effect until final payment under this Contract. (b) Termination. This contract is voidable and subject to immediate termination by the State upon the contractor's insolvency, including the filing of proceedings in bankruptcy. [07-7A005-2]

CONTRACT DOCUMENTS & ORDER OF PRECEDENCE (FEB 2015): (a) Any contract resulting from this solicitation shall consist of the following documents: (1) a Record of Negotiations, if any, executed by you and the Procurement Officer, (2) the solicitation, as amended, (3) documentation of clarifications [11-35-1520(8)] or discussions [11-35-1530(6)] of an offer, if applicable, (4) (5) any statement reflecting the state's final acceptance (a/k/a "award"), and (6) purchase orders. These documents shall be read to be consistent and complimentary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. (b) The terms and conditions of documents (1) through (5) above shall apply notwithstanding any additional or different terms and conditions in any other document, including without limitation, (i) a purchase order or other instrument submitted by the State, (ii) any invoice or other document submitted by Contractor, or (iii) any privacy policy, terms of use, or end user agreement. Except as otherwise allowed herein, the terms and conditions of all such documents shall be void and of no effect. (c) No contract, license, or other agreement containing contractual terms and conditions will be signed by any Using Governmental Unit. Any document signed or otherwise agreed to by persons other than the Procurement Officer shall be void and of no effect. [07-7A015-2]

NO INDEMNITY OR DEFENSE (FEB 2015): Any term or condition is void to the extent it requires the State to indemnify, defend, or pay attorney's fees to anyone for any reason. [07-7A045-2]

PAYMENT & INTEREST (FEB 2015): (a) The State shall pay the Contractor, after the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified herein, including the purchase order, payment shall not be made on partial deliveries accepted by the Government. (b) Unless otherwise provided herein, including the purchase order, payment will be made by check mailed to the payment address on "Page Two." (c) Notwithstanding any other provision, payment shall be made in accordance with S.C. Code Section 11-35-45, or Chapter 6 of Title 29 (real property improvements) when applicable, which provides the Contractor's exclusive means of recovering any type of interest from the Owner. Contractor waives imposition of an interest penalty unless the invoice submitted specifies that the late penalty is applicable. Except as set forth in this paragraph, the State shall not be liable for the payment of interest on any debt or claim arising out of or related to this contract for any reason. (d) Amounts due to the State shall bear interest at the rate of interest established by the South Carolina Comptroller General pursuant to Section 11-35-45 ("an amount not to exceed fifteen percent each year"), as amended, unless otherwise required by Section 29-6-30. (e) Any other basis for interest, including but not limited to general (pre- and post-judgment) or specific interest statutes, including S.C. Code Ann. Section 34-31-20, are expressly waived by both parties. If a court, despite this agreement and waiver, requires that interest be paid on any debt by either party other than as provided by items (c) and (d) above, the parties further agree that the applicable interest rate for any given calendar year shall be the lowest prime rate as listed in the first edition of the Wall Street Journal published for each year, applied as simple interest without compounding. (f) The State shall have all of its common law, equitable and statutory rights of set-off. [07-7A055-3]

This contract shall be considered to be an "insured contract" as defined in the policy.

(2) Auto Liability: ISO Form Number CA 00 01 covering any auto (Code 1), or if Contractor has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limits no less than \$1,000,000 per accident for bodily injury and property damage.

All certificates are to be received and approved by the State before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by this section, at any time.

(f) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

If it is determined that the state improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

[07-7B080-2]

Pursuant to Section 8-14-60, "A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both." agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. [07-7B097-1]

INDEMNIFICATION-THIRD PARTY CLAIMS – GENERAL (NOV 2011): Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such claims are made by a third party or an Indemnitee; however, if an Indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancelation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B100-2]

INDEMNIFICATION -INTELLECTUAL PROPERTY (JAN 2006): (a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim. (b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B103-1]

Such books and records shall be maintained by the contractor for a period of three years from the date of final payment under the contract and by the subcontractor for a period of three years from the date of final payment under the subcontract, unless a shorter period is otherwise authorized in writing by the Chief Procurement Officer.

(c) As used herein, "additional contract terms" means additional terms not otherwise allowed by the "Purchase Orders" clause. Notwithstanding the "Purchase Orders" clause, a purchase order may include additional contract terms but only if and to the extent necessary (i) to comply with a requirement directly related to the work and imposed on the Using Governmental Unit either by law or as a condition of using state or federal assistance, grant, or contract funds, or (ii) for the Using Governmental Unit to impose organizational, operational, or technical security measures designed to protect the integrity, availability, or confidentiality of the Using Governmental Unit's data.
