

**Associate in Applied Science Degree****HUMAN SERVICES - SOCIAL WORK**

This program prepares students for work in a variety of settings in the Human Services field. The curriculum teaches intervention skills needed to work with individuals or groups to prevent dysfunction and to support self-sufficiency through role modeling, counseling, crisis intervention, rehabilitation, social support, and behavior modification.

**Admissions Information****Program Specific Information**

All Human Services students will be required to complete a Criminal Background Check (CBC) prior to taking HUM 250. The results of this CBC might limit which types of jobs or placement opportunities a student is eligible for. In some cases, the results of the CBC could restrict a student from participating in the required Supervised Field Placement, which would, therefore, keep that student from finishing the Human Services program and graduating. Please be sincere on your affidavit and talk with your advisor about any activities (past, present, or future) that you believe might be problematic.
