

GEO — Geography

GEO 101 Introduction to Geography 3-0-3

This course is an introduction to the principles and methods of geographic inquiry.

GEO 102 World Geography 3-0-3

This course includes a geographic analysis of the regions of the world, i.e., North and South America, Europe, Australia, Asia and Africa. Diversity of each region is emphasized by examining its physical environment, natural resources, social, cultural, economic and political systems.
