Index
Introduction

Benefits administrators and others chosen by your employer who may assist with insurance enrollment, changes, retirement or termination and related activities are not agents of the S.C. public employee benefit authority and are not authorized to bind the S.C. public employee benefit authority.

This guide contains an abbreviated description of insurance benefits provided by or through the S.C. public employee benefit authority. The plan of benefits documents and benefits contracts contain complete descriptions of the health and dental plans and all other insurance benefits. Their terms and conditions govern all benefits offered by or through the S.C. public employee benefit authority. If you would like to review these documents, contact your benefits administrator or the S.C. public employee benefit authority.

The language used in this document does not create an employment contract between the employee and the S.C. public employee benefit authority. This document does not create any contractual rights or entitlements. The S.C. public employee benefit authority reserves the right to revise the content of this document, in whole or in part. No promises or assurances, whether written or oral, which are contrary to or inconsistent with the terms of this paragraph create any contract of employment.
Introduction

Welcome

We know that your benefits are important to you and to your family. We also know that you lead busy lives, and it can be hard to find time to read complicated insurance materials. For that reason, we continually try to make the Insurance Benefits Guide (IBG) easier to understand and use.

“What’s New?” on page 4 highlights major changes in insurance benefits offered through the S.C. Public Employee Benefit Authority (PEBA).

The Life Insurance contract for 2015 had not been awarded when the Insurance Benefits Guide (IBG) was sent to the printer. For that reason, the IBG only provides information that would apply to any life insurance company under contract to PEBA Insurance Benefits. Procedures and premiums, which might apply to a specific company, are not included.

When the contract is final, the life insurance information in the IBG will be updated. That version of the book will be posted on the PEBA Insurance Benefits website, www.eip.sc.gov, under “Publications.”

If you need to file a life insurance claim or have questions about your coverage, please contact your benefits administrator.

A significant change in the programs offered through PEBA is that more employees are now eligible for insurance coverage as a result of the federal Affordable Care Act (ACA). The types of employees eligible for coverage and, briefly, how an employee becomes eligible for coverage are discussed under “Eligibility,” which begins on page 9. If you have questions, contact your benefits administrator (BA), who works in your employer’s personnel office.

Also, there is a new section in this guide.

- **Terms to Know**, which begins on page 36, provides brief definitions of words and phrases that may be unfamiliar to you. In some cases, it tells you where to go for more detailed information. If you still have questions, check the Index, ask your BA or call PEBA Insurance Benefits.

As always, this guide includes explanations of benefits, premiums and contact information and gives an overview of the health plans and other programs offered through PEBA Insurance Benefits.

Remember, only information concerning those benefits for which you are eligible and programs under which you are covered applies to you.

We encourage you to review each chapter that applies to you and to discuss your benefits with your family. Charts are included to help you compare plans. Pay close attention to copayments, deductibles, preauthorization requirements and services that may be limited or not covered.

- **For detailed explanation of your benefits**: Check the appropriate chapter in this guide. If you still have questions, call your benefits administrator or PEBA Insurance Benefits.

- **For information about processing and payment of claims**: Contact the third-party claims processor, such as BlueCross BlueShield of South Carolina. Contact information is on the inside cover of this guide.
PEBA is Your Insurance Provider

The State Health Plan, which includes the Savings Plan, the Standard Plan and the Medicare Supplemental Plan, is *self-insured*. As a self-insured plan, PEBA Insurance Benefits does not pay premiums to an insurance company. Subscribers’ premiums and employers’ contributions are placed in a trust account set up by the state to pay claims and administrative costs. Only about 4 percent of the funds collected as premiums go toward administrative costs.

PEBA contracts with BlueCross BlueShield of South Carolina, Catamaran and Companion Benefit Alternatives to process State Health Plan claims and administer some parts of the plan. PEBA determines the benefits you receive and is financially responsible for their cost. When you use your health insurance wisely, you help keep costs low for yourself and for other people insured by the plan.

Notice to Members

State Health Plan's Grandfathered Status Allows Premiums to Remain Stable

PEBA Insurance Benefits considers the State Health Plan to be a "grandfathered health plan" under the Affordable Care Act, formally the Patient Protection and Affordable Care Act, a federal law signed in 2010 as part of the health care reform program of the Obama administration. As a grandfathered plan, PEBA Insurance Benefits will be able to minimize the increase in State Health Plan premiums while it assesses the future financial impact of the act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when the law was enacted. Being a grandfathered health plan means that the plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at 803-734-0678 (Greater Columbia area) and 888-260-9430 (toll-free outside the Columbia area).

You may also contact the U.S. Department of Health and Human Services at www.healthcare.gov.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  3
What’s New?

General Information

• Effective Jan. 1, 2015, nonpermanent full-time, variable-hour, part-time and seasonal employees and their dependents may be eligible for health, dental and vision insurance.
  For details, see pages 9-10.

State Health Plan

• Members are encouraged to notify Medi-Call during the first trimester of a pregnancy and participate in the Maternity Management Program. However, the State Health Plan no longer financially penalizes a member for failure to do so. Please remember: members are still required to preauthorize any hospital admission, including those related to having a baby, and will be financially penalized for failure to do so.
  For details, see pages 62.

• In 2015, the Preventive Workplace Screening is free to eligible members – employees, retirees, COBRA subscribers, survivors and their covered spouses – whose primary coverage is the State Health Plan.
  For details, see page 30

• The Standard Plan medical copayment for a physician office visit remains $12. Copayments are $159 for an emergency room visit and $95 for outpatient facility services.

• The Standard Plan deductibles are $445 for individual coverage and $890 for family coverage.

• The Standard Plan network coinsurance maximums are $2,540 for individual coverage and $5,080 for family coverage. The out-of-network coinsurance maximums are $5,080 for individual coverage and $10,160 for family coverage.
  For details about copayments, deductibles and coinsurance maximums, see pages 51-53.

• Under the Standard Plan and the Medicare Supplemental Plan:
  The prescription drug copayment for Tier 1 (generic) drugs remains $9. Copayments are $38 for Tier 2 (brand) drugs and $63 for Tier 3 (non-preferred brand) drugs.

  The Retail Maintenance Network and mail-order copayment for Tier 1 (generic) drugs for up to a 90-day supply remains $22. The copayments are $95 for Tier 2 (brand) drugs and $158 for Tier 3 (non-preferred brand) drugs.
  For details about prescription drug copayments, see pages 80-81.

BlueChoice HealthPlan HMO

• Effective Jan. 1, 2015, BlueChoice HealthPlan is no longer offered through PEBA Insurance Benefits.

State Vision Plan

• Effective Jan. 1, 2015, the State Vision Plan premiums will be employee – $7.00; employee/spouse – $14.00; employee/children – $14.98; and full family – $21.98.

Life Insurance

• The life insurance contract had not been awarded when the Insurance Benefits Guide was sent to the printer.
  For details, see page 2, PEBA Insurance Benefits’ website, www.eip.sc.gov, or contact your benefits administrator.
Confidentiality Policies

The South Carolina Public Employee Benefit Authority (PEBA) is committed to protecting the privacy of your health information. PEBA strives continually to ensure its compliance with the Health Insurance Portability and Accountability Act (HIPAA), which mandates the security and privacy of health information by setting standards for access and distribution of that information.

PEBA provides a Notice of Privacy Practices directly to all persons covered under the state insurance program. This brochure outlines the situations in which PEBA uses and discloses health information. It also outlines your rights with regard to the information and disclosure. A copy of PEBA’s Notice of Privacy Practices begins on page 229 and is also on the PEBA Insurance Benefits website, www.eip.sc.gov. On the home page, select “Forms” and then select “HIPAA.” In addition, the website contains links to forms mentioned in the Notice of Privacy Practices.

If you would like for someone, such as your spouse, your parents or your children, to have access to your protected health information – or if they would like for you to have access to theirs – you, as a subscriber or a covered dependent, must complete an Authorized Representative Form. The form is on the PEBA Insurance Benefits website under “Forms.” Go to “HIPAA” and then select “Authorized Representative Form.”

If you have any questions about HIPAA, please contact:

Your Insurance Benefits:  
Help When You Need It Most

Your insurance, offered through the S.C. Public Employee Benefit Authority (PEBA) Insurance Benefits, provides a financial safety net when you are ill or injured. This chapter describes how to enroll in insurance coverage when you begin work for a state-covered employer. It also provides information that may be useful to anyone covered by any plan PEBA Insurance Benefits offers.

Eligibility

An Eligible Employee

• Is employed by the state, a higher education institution, a public school district or a participating local subdivision and
• Receives compensation from the state, a higher education institution, a public school district or a participating local subdivision.

Eligible employees also include clerical and administrative employees of the S.C. General Assembly and judges in the state courts; General Assembly members; elected members of the councils of participating counties or municipalities who also participate in the PEBA Retirement Benefits; and permanent, part-time teachers, who are considered employees for insurance purposes. Generally, members of other governing boards are not eligible for coverage. If you work for more than one participating group, contact your benefits administrator for further information.

Types of Employees

Beginning Jan. 1, 2015, employees fall into these categories:

• New full-time permanent and new full-time nonpermanent employees are expected by the employer to work at least 30 hours a week. Therefore, they are eligible for coverage within 31 days of their hire date.

• New variable-hour, part-time or seasonal employees are not expected by their employer to average 30 hours a week during the first 12 months they are employed. Because their employer cannot determine their eligibility, they may not enroll in benefits immediately. Their employer must measure their hours to determine whether these employees work an average of 30 hours a week during the 12 months beginning the first of the month after the employee is hired. If the employee works an average of 30 hours a week during this period, the employee is eligible for coverage during the 12-month period that follows.

• Ongoing employees have worked for their employer from Oct. 4, 2013 - Oct. 3, 2014, a period in which their employer measured their work hours. If the ongoing employee worked an average of 30 hours a week during this 12-month period, the employee is eligible for health, dental and vision coverage during 2015, even if the employee’s hours decrease during 2015.

If the ongoing employee worked an average of less than 30 hours a week during this period, the employee is not eligible for coverage during 2015, unless the employee gains coverage through some other provision of the plan.

www.eip.sc.gov  S.C. Public Employee Benefit Authority
Benefits-eligible employees may enroll in:
- Health insurance – the State Health Plan Savings Plan and Standard Plan and, for eligible members of the military community, the TRICARE Supplement Plan.
  - Members enrolled in the Savings Plan are eligible for a Health Savings Account.
- State Dental Plan and Dental Plus
- State Vision Plan.

Premiums may be paid through the Pretax Group Insurance Premium Feature.

If an employee’s dependents meet other eligibility requirements, they also may be covered.

Please note: Only full-time permanent employees are eligible for Basic, Optional and Dependent Life insurance and for Basic and Supplemental Long Term Disability insurance. They are also eligible for a MoneyPlus Medical Spending Account, a Limited-use Medical Spending Account and a Dependent Care Spending Account.

If you have questions about how your eligibility for benefits is affected by the ACA, contact your benefits administrator, who works in your employer’s personnel office.

For information about options for permanent, nonpermanent, seasonal and variable-hour employees who lose coverage, see pages 31-34.

An Eligible Retiree

An individual may be eligible for health, dental and vision coverage in retirement if:

1. He retires from an employer that participates in the state insurance program.
2. He is eligible to retire when he leaves employment.
3. His last five years of employment were served consecutively in a full-time, permanent position with an employer that participates in the state insurance program.

For insurance purposes, a member of a defined benefit plan administered by PEBA must meet the minimum retirement eligibility requirements established by the system in which he participated when he left covered employment. Defined benefits plans administered by PEBA include South Carolina Retirement System (SCRS), Police Officers Retirement System (PORS), General Assembly Retirement System (GARS) and Judges and Solicitors Retirement System (JSRS).

Please note: This is a brief summary of retiree insurance eligibility requirements. For detailed information, see pages 175-178.

An Eligible Spouse

- Is a spouse, as defined by South Carolina law, or a common law spouse
- A former spouse who is required to be covered by a divorce decree.

You may cover your current spouse or your former spouse, but you cannot cover both spouses under any PEBA Insurance Benefits program.

A spouse who is eligible for coverage as an employee of any participating group, including a local subdivision, or as a state-funded retiree may not be covered as a spouse under any plan. A spouse who is a permanent, part-time teacher may be covered as an employee.
or as a spouse, but not as both. A spouse who is a non-funded retiree may be covered as a retiree or as a spouse, but not as both.

**An Eligible Child**

- Must be younger than age 26
- Must be the subscriber’s natural child, adopted child (including child placed for legal adoption), step-child, foster child, a child for whom the subscriber has legal custody or a child the subscriber is required to cover due to a court order.

A foster child is a child placed by an authorized placement agency with the subscriber, who is a licensed foster parent.

A child for whom the subscriber has legal custody is a child for whom the subscriber has guardianship responsibility, not merely financial responsibility, according to a court order or other document filed with the courts.

If you and your spouse are both eligible for coverage, only one of you can cover your children under any one plan. However, one parent can cover the children under health, and the other can cover the children under dental.

**A Child Age 19 to Age 25**

According to the Patient Protection and Affordable Care Act, as amended by the Health Care and Education Reconciliation Act of 2010, a child age 19-25 does not need to be certified as a full-time student or an incapacitated child to be covered under his parent’s health, dental or vision insurance.

A parent may cover a child who is eligible for state benefits because he works for an employer that participates in PEBA Insurance Benefits. However, if the child is covered under his parent’s insurance, he is only eligible for benefits offered to children. He is eligible for Dependent Life-Child coverage only if he is age 24 or under and is a full-time student. The child is not eligible for Basic Life, Optional Life or Long Term Disability insurance.

A child who is eligible for benefits because he works for a participating employer must make a choice. He may be covered by his parents as a child or he may be covered on his own as an employee. He cannot be covered as a child on one insurance program, such as health, and then enroll for coverage as an employee on another, such as vision.

**Coverage under Dependent Life-Child Insurance**

According to state law, a dependent child, age 19-24, must be a full-time student to be covered under Dependent Life-Child insurance. A child of any age who has been certified by PEBA Insurance Benefits as an incapacitated child may continue to be covered under Dependent Life-Child. For more information about eligibility for Dependent Life-Child coverage, see pages 129-130.

To file a claim under Dependent Life-Child for a child age 19-24, a subscriber must obtain a statement on letterhead from the educational institution the child was attending that verifies he was a full-time student and gives his dates of enrollment. The statement should be given to the subscriber’s BA, who will send it to the life insurance vendor with the claim form.
To file a claim for an incapacitated child, the subscriber must give certification of incapacitation to his BA, who will send it to the life insurance vendor with the claim form.

Please note: If a child is found to be ineligible for Dependent Life-Child coverage, benefits will not be paid.

An Incapacitated Child

You can continue to cover your child who is age 26 or older if he is incapacitated and you are financially responsible for him. To cover your dependent child who is incapacitated, he must meet these requirements:

- The child must have been continuously covered by health insurance from the time of incapacitation
- The child must be unmarried and must remain unmarried to continue eligibility
- The child must be incapable of self-sustaining employment because of mental illness, retardation or physical disability and must remain principally dependent (more than 50 percent) on the covered employee, retiree, survivor or COBRA subscriber for support and maintenance.

Incapacitation must be established no earlier than 90 days before the child's 26th birthday (or before the child's 19th birthday for him to be covered under Dependent Life-Child) but no later than 31 days after the date he is no longer eligible for coverage as a child. An Incapacitated Child Certification Form must be completed by the subscriber and the child’s physician and then sent to PEBA Insurance Benefits for review. PEBA Insurance Benefits will send the form to Standard Insurance Company for review of the medical information. Additional medical documentation from the child’s physician may be required by The Standard. The Standard will forward its recommendation to PEBA Insurance Benefits, which makes the final decision.

Please send a copy of your most recent federal tax return, which shows the child is principally dependent on you, the subscriber, for support and maintenance. Also attach a completed Authorized Representative Form signed by the incapacitated child, a copy of guardianship papers or a power of attorney that verifies your authority to act for your incapacitated child. Any of these documents give PEBA Insurance Benefits permission to discuss or disclose the child’s protected health information with the child’s Authorized Representative.

A Survivor

Spouses and children covered under the State Health Plan the State Dental Plan or the State Vision Plan are classified as “survivors” when a covered employee or retiree dies. For more information about survivor coverage, see pages 34-35.

Initial Enrollment

If you are an employee or retiree of a participating group in South Carolina, you can enroll in insurance coverage within 31 days of the date you become eligible or the date you retire. You can also enroll your eligible spouse and/or children. A participating group is a state agency, higher education institution, public school district, county, municipality or other group that is authorized by statute to participate and is participating in the state insurance program.

To enroll, you must complete a Notice of Election (NOE) form or your BA may enroll you online. Coverage is not automatic.

Your coverage starts on the first calendar day of the month in which you become eligible for coverage, if you are engaged in active employment that day.

- If you become eligible on the first working day of the month (the first day that is not a Saturday, Sunday or observed holiday), and it is not the first calendar day, you may choose to have your coverage start on the first day of that month or the first day of the next month.
• If you become eligible on a day other than the first calendar day or first working day of the month, your coverage starts on the first day of the next month.
• Coverage of your spouse and/or children, who have been enrolled in the plan, begins on the same day your coverage begins.

Active employment means performing all the regular duties of an occupation on an employer’s scheduled workday. You may be working at your usual workplace or elsewhere, if you are required to travel. You are also considered engaged in active employment while on jury duty, on a paid vacation day or on one of your employer’s normal holidays if you were engaged in active employment on the previous regular workday. Coverage will not be delayed if you are absent from work due to a health-related reason when your coverage would otherwise start.

If you do not enroll within 31 days of the date you become eligible for active benefits, retire or experience a special eligibility situation, you cannot enroll yourself or your eligible spouse and/or children until the next open enrollment, which is held yearly in October. Your coverage will begin the following Jan. 1.

After you enroll, please check your payroll stub to make sure the correct premiums are deducted. Generally, your coverage will continue from one year to the next as long as you are an ongoing employee or an eligible retiree and pay the premiums. To be covered by a Dependent Care Spending Account, a Medical Spending Account or a Limited-use Medical Spending Account, you must enroll yearly.

### Information You Need at Enrollment

Whether your BA enrolls you online or you complete a paper Notice of Election form, you must answer some questions. Below is information you may wish to write down and bring to your enrollment meeting.

<table>
<thead>
<tr>
<th>Information Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>For you</td>
</tr>
<tr>
<td>Social Security number; email address (at work or at home); annual salary; date of</td>
</tr>
<tr>
<td>hire, which is the date you report to work</td>
</tr>
<tr>
<td>For each family member you wish to cover</td>
</tr>
<tr>
<td>Social Security number, date of birth</td>
</tr>
<tr>
<td>For you and any family members who are covered by Medicare Part A and/or Part B</td>
</tr>
<tr>
<td>Medicare number; reason for eligibility; effective date of Medicare coverage</td>
</tr>
<tr>
<td>For each beneficiary of your Basic and/or Optional Life coverage</td>
</tr>
<tr>
<td>Social Security number, date of birth, whether the beneficiary is primary, will</td>
</tr>
<tr>
<td>receive the proceeds of your policy when you die, or contingent, will receive the</td>
</tr>
<tr>
<td>proceeds if your primary beneficiary dies before you do</td>
</tr>
<tr>
<td>For a beneficiary that is an estate or a trust</td>
</tr>
<tr>
<td>Name, address, the date the trust was signed</td>
</tr>
</tbody>
</table>

### Documents You Need at Enrollment

You must bring photocopies of these documents to the orientation meeting at which you enroll in insurance coverage. You will also need this documentation when you add someone to your coverage during open enrollment or as a result of a special eligibility situation. Please do not submit original documents to PEBA Insurance Benefits. They cannot be returned.

<table>
<thead>
<tr>
<th>Action</th>
<th>Documentation Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>To cover a legal spouse</td>
<td>A copy of the marriage license. Either page 1 of federal tax return with financial</td>
</tr>
<tr>
<td></td>
<td>information marked out or a notarized copy of the Continuing Marriage Affidavit.</td>
</tr>
<tr>
<td>To cover a common law spouse</td>
<td>The Common Law Marriage Affidavit, which is a notarized statement signed by both</td>

<td>spouses.</td>
</tr>
<tr>
<td>To cover a former spouse</td>
<td>Copy of the divorce decree ordering the subscriber to cover the former spouse.</td>
</tr>
<tr>
<td>To cover a natural child</td>
<td>A copy of the long-form birth certificate showing the subscriber as the parent.</td>
</tr>
</tbody>
</table>
General Information

To cover a stepchild
A copy of the long-form birth certificate showing the name of the natural parent plus proof that the natural parent and the subscriber are married (see legal spouse and common law spouse requirements above).

To cover an adopted child or a child placed for adoption
A copy of the long-form birth certificate showing the subscriber as the parent or a copy of legal adoption document from the court, stating the adoption is complete; or a letter of placement from an attorney, an adoption agency or the S.C. Dept. of Social Services, stating the adoption is in progress.

To cover a foster child
A court order or another legal document placing the child with the subscriber, who is a licensed foster parent.

To cover other children
For all other children for whom a subscriber has legal custody, a court order or other legal document granting custody of the child to the subscriber. The document must verify the subscriber has guardianship responsibility for the child, not just financial responsibility.

To cover an incapacitated child
Incapacitated Child Certification Form. (See the “Incapacitated Child” section on page 12 for complete information on the process.) Plus, proof of the relationship. See the appropriate section above for the type of documentation required.

To enroll in the TRICARE Supplement Plan
A copy of the subscriber’s TRICARE ID card.

Tips for Completing a Paper Enrollment Form, the Notice of Election

- As a new employee, fill out the form completely.
- Please write clearly.
- Under each benefit, choose a plan or mark “Refuse.” If applicable, select a coverage level.
- If you have questions, ask your benefits administrator.
- Check the form for accuracy.
- Make sure you sign the form and give your benefits administrator copies of the appropriate documents.

Note: Your BA may enroll you online, which is the best way to ensure no errors are made. If he submits your benefit selections electronically, you must register in MyBenefits and then go online to approve your selections by electronically signing a Summary of Enrollment (SOE). Your BA also has the option of printing a paper SOE, which he will ask you to sign. Give copies of any documents to your BA, who will send them to PEBA Insurance Benefits.

Insurance Coverage Available to You

Here are brief descriptions of the insurance programs for which you may be eligible. Before you enroll, you are strongly advised to review detailed information about each plan. Pages where this information can be found are listed at the end of each section. If you have specific questions, contact the vendor, which is listed on the inside cover of this book. A list of coverage available to newly eligible employees is on page 39, and a list for retirees is on page 40.

Health insurance is the main program PEBA Insurance Benefits offers. It consists of the State Health Plan and, for eligible members of the military community, the TRICARE Supplement Plan. No health plan offered through PEBA Insurance Benefits has a lifetime maximum benefit. See pages 42-43 for a chart comparing the State Health Plan options.

Please note: Effective Jan. 1, 2015, BlueChoice HealthPlan is no longer offered through PEBA Insurance Benefits.

Some State Health Plan members are eligible for free generic drugs through the Wellness Incentive Program. For more information, see page 63.
The State Health Plan

The State Health Plan (SHP) consists of the Standard Plan, the Savings Plan and, for retirees who are covered by Medicare, the Medicare Supplemental Plan. Retirees covered by Medicare also can be covered under the Standard Plan. If you are considering the Standard Plan, see page 206 for more information about the carve-out method of claims payment.

In addition to medical care from physicians and in hospitals, the SHP covers mental health and substance abuse services. It provides some preventive benefits. Prescription drugs are covered in the U.S. only if they are purchased at a network pharmacy or through Catamaran Home Delivery.

As a preferred provider organization, the SHP has networks, groups of doctors, hospitals and other providers, that accept the plan’s allowed amount as payment in full. The allowed amount is the most a plan allows for a covered service, procedure or supply. Network providers also file subscribers’ claims. A subscriber may use any doctor, hospital or mental health/substance abuse provider he chooses. However, a higher percentage of his health care costs will be paid if he receives care from a network provider.

Active employees may pay premiums before taxes through the MoneyPlus Pretax Group Insurance Premium Feature. See page 153.

For more information about the State Health Plan, see pages 49-90. For premiums, see pages 221-224.

The Standard Plan

The annual deductibles for the Standard Plan are lower than the Savings Plan’s, but the premiums are higher. Standard Plan subscribers also pay copayments for each office visit and for outpatient facility services and emergency care before the plan begins to pay a percentage of the cost of the services. These copayments do not apply toward the annual deductible and continue after the deductible is met. Neither do they apply to the coinsurance maximum, and they continue after the coinsurance maximum is met.

Prescription drugs at network pharmacies and through Catamaran Home Delivery are available for a copayment, a fixed total amount for each prescription. The copayment applies to the member’s prescription drug copayment maximum but not to the annual deductible.

The Savings Plan

Savings Plan premiums are lower, but the annual deductibles are higher. Savings Plan subscribers pay the full allowed amount for medical and mental health/substance abuse services and prescription drugs. The allowed amount is the most the plan allows for a covered service. Unlike the Standard Plan drug copayments, the allowed amount for prescription drugs under the Savings Plan is applied to the annual deductible. The Savings Plan offers more preventive benefits than the Standard Plan. An important advantage of the plan is that a subscriber can save for medical expenses with a tax-free Health Savings Account, which is discussed in the MoneyPlus chapter on pages 166-170.

The Tobacco-User Surcharge

No matter whether you are an active, retired, COBRA or survivor subscriber, if you have single coverage and use tobacco and are covered by the State Health Plan, you must pay a $40 monthly surcharge. If you have subscriber/spouse, subscriber/children or full-family coverage and you or anyone you cover uses tobacco, the monthly surcharge will be $60.

www.eip.sc.gov      S.C. Public Employee Benefit Authority
Insurance Benefits Guide

If your physician provides a letter stating that it is unreasonably difficult for you to stop using tobacco due to a medical reason or that it is medically inadvisable for you to attempt to stop using tobacco, you may be eligible for a waiver of the surcharge. See page 48 for more information.

AMRA TRICARE Supplement Plan

TRICARE is the Department of Defense health benefit program for the military community. The AMRA TRICARE Supplement Plan is designed for TRICARE-eligible employees and retirees and their eligible family members until they become eligible for TRICARE for Life, a Medicare supplement.

For more information about the TRICARE Supplement Plan, see pages 91-93.

Dental Insurance

This plan assists with dental expenses. Benefits are divided into four classes. The State Dental Plan covers Class IV, orthodontics, but Dental Plus does not. The maximum yearly amount paid for benefits for each covered person is $1,000 under the State Dental Plan and $2,000 for those covered under both plans. Active employees may pay premiums before taxes through MoneyPlus.

State Dental Plan

The State Dental Plan is free to active employees and funded retirees. An eligible spouse and/or children may be added by paying a premium. They do not have to be covered by a health plan to enroll in the State Dental Plan.

Dental Plus

To enroll in Dental Plus, a subscriber must also be covered by the State Dental Plan, cover the same family members under both plans and pay an additional premium. Dental Plus covers the same services in Classes I – III. Because the allowed amounts, the most the plan allows for a covered service, are higher, a subscriber will pay less for dental care covered in Classes I – III.

</tr>
</tbody>
</table>

Please note: After initial enrollment, a subscriber may only enroll in or drop Dental and Dental Plus during open enrollment in an odd-numbered year or within 31 days of a special eligibility situation.

For more information about dental insurance, see pages 97-104. For premiums, see pages 221-224.

Vision Care

State Vision Plan

This plan is open to active and retired employees, permanent, part-time teachers, survivors and COBRA subscribers, as well as to their eligible spouse and/or children. It offers benefits for a comprehensive vision exam every year, eyeglass lenses or contact lenses every year and frames every two years.

For more information about the State Vision Plan, see pages 107-112. For premiums, see pages 221-224.
Vision Care Discount Program

This program is offered at no cost to full-time and part-time employees, retirees, survivors and COBRA subscribers and their spouses and/or children. Participating providers offer a routine eye examination for no more than $60. Providers also give a 20-percent discount on all eyewear except disposable contact lenses. These discounts can vary yearly. For more information about the Vision Care Discount Program, see page 112.

Life Insurance

Coverage offered through PEBA Insurance Benefits is term life insurance. Term life insurance provides coverage for a specific period of time. It has no cash value.

Basic Life Insurance

Term life and accidental death and dismemberment insurance is provided free to full-time permanent employees covered by the State Health Plan. Employees younger than 70 receive $3,000 in life insurance. Those 70 and older receive $1,500.

Optional Life Insurance

Employees can enroll in this term life insurance within 31 days of the date they are hired. They are not required to be covered by a health or dental plan.

An employee can choose coverage, in $10,000 increments, up to three times his basic annual salary, rounded down to the nearest $10,000 ($500,000 maximum), without providing medical evidence of good health. An employee can purchase more insurance, in $10,000 increments, up to a maximum of $500,000, by providing medical evidence of good health. Coverage starts on the first day of the month in which he starts work, if he is actively at work as a full-time employee on that date. If he is not, it starts on the first day of the month after the date he began work. Coverage that requires medical evidence starts on the first day of the month after approval.

Dependent Life–Spouse

Within 31 days of the date he begins employment or marries, an employee can enroll his spouse for $10,000 or $20,000 in term life insurance without providing medical evidence of good health. The employee does not have to be covered by Optional Life.

Medical evidence is required for coverage of more than $20,000 and for late entrants. An employee covered by Optional Life may cover his spouse, in increments of $10,000, up to 50 percent of his Optional Life coverage, or $100,000, whichever is less.

Premiums for Dependent Life–Spouse coverage are based on the employee’s age, and the employee is the beneficiary.

Dependent Life–Child

An eligible dependent child younger than age 19 and a child age 19-24 who is a full-time student may be covered for $15,000 in term life insurance. An incapacitated child of any age may be covered. (See page 12 for information on incapacitation.) Medical evidence is not required, even for late entrants. The premium is the same no matter how many children are covered. See pages 129-133 for more information.

For more information about life insurance, see pages 117-133.
Long Term Disability Insurance

Basic Long Term Disability (BLTD)
BLTD is provided free to full-time permanent employees covered by the State Health Plan. It pays a benefit of 62.5 percent of the employee’s gross monthly salary, reduced by other sources of income, up to a maximum of $800 a month. There is no minimum benefit. BLTD has a 90-day benefit waiting period, the time the employee must be disabled before benefits are payable.

Supplemental Long Term Disability (SLTD)
The SLTD premium is paid by the employee. He does not have to be covered by BLTD. The benefit is 65 percent of the employee’s gross monthly salary, reduced by other sources of income, up to a maximum of $8,000 a month. There is a minimum benefit of $100 a month.

The employee may choose a 90-day or a 180-day benefit waiting period. Premiums are based on his age and salary. If the employee does not enroll within 31 days of the date he is hired, he can enroll year-round by providing medical evidence of good health. He may also reduce his benefit waiting period from 180 to 90 days by providing medical evidence.

For more information about long term disability insurance, see pages 137-147. For premiums, see page 144.

MoneyPlus
This plan enables an active employee to save money on eligible medical and dependent care costs by paying these expenses with money deducted from his salary before taxes.

Pretax Premiums
The Pretax Group Insurance Premium Feature permits an employee to pay these premiums before taxes are taken from his paycheck: health (including the tobacco-use surcharge), the TRICARE Supplement Plan, dental, vision and Optional Life (for coverage up to $50,000).

Flexible Spending Accounts
The plan offers these Flexible Spending Accounts: a Medical Spending Account; a limited-use Medical Spending Account, which can accompany a Health Savings Account; and a Dependent Care Spending Account. A person with medical and dependent care expenses can open both accounts. An employee authorizes deposits to his account every pay period. As he has eligible expenses, he can request tax-free reimbursements from the account.

Health Savings Account (HSA)
A Health Savings Account is available to employees covered by a high-deductible health plan, such as the Savings Plan. Funds in an HSA do not have to be spent the year they are deposited. Money in the account is tax-free and can be used for eligible medical expenses even if an employee changes jobs. To enroll in an HSA, complete a MoneyPlus enrollment form to set up a payroll deduction and then go to PEBA's Insurance Benefits website to open a custodial account for the deposit of funds. Select “Links” and then go to “MoneyPlus” and select the appropriate link.

For more information about MoneyPlus programs, see pages 151-172 or the Tax-Favored Accounts Guide, which is available on the PEBA Insurance Benefits website.
After Your Initial Enrollment

Insurance Cards

If you enroll in the Standard Plan, Savings Plan or Medicare Supplemental Plan, BlueCross BlueShield of South Carolina (BCBSSC) sends you health insurance cards for you and your covered family members. You also will receive two pharmacy benefits cards from Catamaran. Benefits administrators provide State Dental Plan subscribers with a card upon which they can write their name and Benefits ID Number. Dental Plus subscribers receive an insurance card from BCBSSC. State Vision Plan subscribers receive two paper cards from EyeMed Vision Care.

Please check to make sure that you have coverage before you go to a doctor or fill a prescription. If you have not received your cards, you can get your Benefits ID Number through MyBenefits.

In a Medical Emergency

If, in an emergency, you need medical care before you receive your insurance cards, go to the PEBA Insurance Benefits website, www.eip.sc.gov, and select MyBenefits. Then select “Get my BIN?” Give your Benefits Identification Number to network providers. They will recognize it, and you will be able to use your coverage.

If you have problems or questions, contact your benefits administrator, who will be able to help you.

Benefits Identification Number (BIN)

PEBA Insurance Benefits gives each subscriber an eight-number Benefits Identification Number (BIN). This unique number is used instead of a Social Security number (SSN) in emails and written communication between you and your spouse and/or children and PEBA Insurance Benefits. It is designed to make your personal information more secure.

The State Health Plan adds a three-letter prefix to your BIN and puts this number on your identification card. The BIN, with the three-letter prefix, is also used on Dental Plus cards. If you are not covered by a plan that uses the BIN, PEBA Insurance Benefits will send you your number. Keep your BIN in a safe place.

Subscribers need their BIN, without the prefix, to use MyBenefits, PEBA’s online insurance benefits enrollment system. If you forget your BIN, you can get it through MyBenefits. Just click on “Get my BIN?”

Dependent Eligibility Audits

Your employer-sponsored health insurance is a valuable benefit, but it is also an expensive one. It becomes more costly to you and your employer when ineligible individuals are covered. PEBA Insurance Benefits requires documentation of eligibility when family members enroll in coverage. It also checks the eligibility of covered family members through the Dependent Eligibility Audit. This process is designed to ensure that only eligible individuals are covered under state benefits.

If you receive a letter asking you to provide specific documents showing that family members you cover are eligible, please respond as soon as possible. If you do not do so within 60 days of the date of the letter from PEBA Insurance Benefits, family members whose eligibility has not been documented will be dropped from coverage.

www.eip.sc.gov

S.C. Public Employee Benefit Authority
Coordination of Benefits

Some families, in which one spouse works for a participating employer and the other works for an employer that is not covered through PEBA Insurance Benefits, may be eligible to covered by two health plans. While the additional coverage may mean that more of their medical expenses are paid by insurance, they will probably pay premiums for both plans. Weigh the advantages and disadvantages before purchasing extra coverage.

Most health plans have a system to determine how claims are handled when a person is covered under more than one insurance plan. This is called “coordination of benefits” (COB). When a subscriber has coverage under more than one plan, he can file a claim for reimbursement from each plan. Third-party claims processors, such as BlueCross BlueShield of South Carolina, coordinate benefits so that the subscriber gets the proper reimbursement. That amount will never be more than 100 percent of the member’s covered medical, dental or prescription drug benefits. The plan will not pay more as a secondary plan, which pays after the primary plan, than it would have paid if it were the primary plan, which pays first.

For information about how COB works under the State Health Plan, see page 54. For information about how it works under the State Dental Plan and Dental Plus, see page 103. You may also call the plan’s customer service number.

Enrolling as a Transferring Employee

As an ongoing employee, PEBA Insurance Benefits considers you a transfer if you change employment from one participating group to another with no break in insurance coverage or with a break of employment of no more than 15 calendar days.

To avoid a lapse in coverage or delays in processing claims, be sure to tell your benefits administrator if you transfer to another participating group. Check with the benefits administrator at your new employer to be sure that your benefits have been transferred.

As an academic employee, you are considered a transfer if you complete a school term and move to another participating academic employer with less than a 26-week break in employment. Your insurance coverage with the employer you are leaving will remain in effect until you begin work with your new employer, typically Sept. 1. On that date, your new employer will pick up your coverage. If you do not transfer to another participating academic employer, your coverage ends the last day of the month in which you were engaged in active employment.

Ongoing academic employees would be considered continuing employees and would be eligible to change their coverage if their break in employment was more than 15 calendar days and less than 26 weeks.

These ongoing academic employees would be treated as new employees if their break in employment was more than 26 weeks. They would be eligible to change their coverage.

All other ongoing employees would be considered continuing employees eligible to change their coverage if their break in employment was more than 15 calendar days and less than 13 weeks.

These ongoing employees would be treated as new employees if their break in coverage was more than 13 weeks. They would be eligible to change their coverage.

If you are a new variable-hour, part-time or seasonal employee, check with your benefits administrator.

A transfer is not a new hire for insurance purposes. He must remain enrolled in the same insurance benefits in which he was enrolled at his former employer.
Open Enrollment

During open enrollment, which is offered every October, eligible employees, retirees, survivors and COBRA subscribers may change their coverage without regard to special eligibility situations.

Please note: You can add or drop State Dental Plan and Dental Plus coverage only during open enrollment in October of odd-numbered years, or within 31 days of a special eligibility situation.

Changing Plans or Coverage During Open Enrollment

You can change to or from the Savings Plan or the Standard Plan during open enrollment, which occurs yearly in October. Retirees and survivors and their eligible spouse and/or children who are covered by a health plan may change to the Medicare Supplemental Plan within 31 days of Medicare eligibility or during open enrollment. There may be exceptions to this rule.

Contact your benefits administrator for details if you are an active employee or if you are a retiree, a survivor or COBRA subscriber of a local subdivision. Retirees, survivors and COBRA subscribers of other employers should contact PEBA Insurance Benefits, which is their benefits administrator.

Eligible members of the military community may add or drop TRICARE Supplemental Plan coverage for themselves and for their eligible dependents during open enrollment.

You may add or drop State Vision Plan coverage for yourself and for your eligible spouse and/or children during open enrollment.

Other changes you may make in your coverage are explained in the Insurance Advantage newsletter, which you receive each September. Open enrollment changes become effective the following Jan. 1.

MyBenefits — PEBA's Online Insurance Benefits Enrollment System

The easiest way to change your coverage during open enrollment, which occurs yearly in October, is through MyBenefits. Look for it in the column on the left on the PEBA Insurance Benefits website, www.eip.sc.gov. During October, links to written instructions accompany each section in which you are eligible to make changes.

The system is useful year-round. With it, all subscribers can:

• Update contact information. (The information is sent to vendors and the subscriber’s employer, as well as to PEBA Insurance Benefits.)
• Print a list of the insurance plans under which they are covered.
• Get their eight-digit Benefits Identification Number (BIN).

Employees also can:

• Update beneficiaries
• Approve changes made as a result of a special eligibility situation.

To protect the confidentiality of your insurance information, you must register the first time you use MyBenefits. After you register, you will see a screen listing your password and your answers to the security questions. You are now ready to use MyBenefits. Information about how to do so is offered as you work through the program.
Special Eligibility Situations

A special eligibility situation is an event that allows an eligible employee, retiree, survivor or COBRA subscriber to enroll in or drop coverage for himself and/or eligible family members outside an open enrollment period. To make a change, he must:

- Contact his benefits administrator (BA)
- Complete a Notice of Election (NOE) within 31 days of the event
  - An exception: Changes related to Medicaid or the Children’s Health Insurance Program (CHIP), in which changes must be made within 60 days
- Give his BA copies of the appropriate documents.

A salary increase does not create a special eligibility situation.

If you are an active employee and eligible to change your health, Dental/Dental Plus, State Vision Plan or Optional Life Insurance coverage due to a special eligibility situation, you also may enroll in or drop the Pretax Group Insurance Premium Feature.

Please note: Rather than using a paper NOE, a BA may make changes electronically and send them to the subscriber through MyBenefits. He must approve and electronically sign the Summary of Change (SOC). His BA also may print a paper SOC for the subscriber to sign. The subscriber should give copies of any required documents to his BA, who will send them to PEBA Insurance Benefits.

Marriage

If you, as a covered subscriber, wish to add a spouse because you marry, you can do so by completing an NOE and submitting a copy of your marriage license within 31 days of the date of your marriage. If you are not covered, you may add health, Dental/Dental Plus and/or State Vision Plan coverage for yourself and your new spouse and/or new stepchildren within 31 days of the date of your marriage. If you add your new spouse or your new stepchildren to your health coverage, you may also change health plans. You may add your new spouse and/or new stepchildren to Dental/Dental Plus and State Vision Plan coverage. A copy of the marriage license is required to cover the new spouse. Long-form birth certificates are required for each stepchild you want to cover. Coverage becomes effective on the date of marriage.

Marriage also allows a covered subscriber to enroll in or increase Optional Life coverage up to $50,000 and enroll a spouse in up to $20,000 of Dependent Life-Spouse coverage without medical evidence of good health. Coverage becomes effective the first of the month after the date requested if the employee is actively at work. Otherwise, it becomes effective the first of the month after his return to work.

You cannot cover your spouse if he is eligible, or becomes eligible, for coverage as an employee or as a funded retiree of a participating group. If you do not add your new spouse and/or your new stepchildren within 31 days of the date of marriage, you cannot add them until the next open enrollment period, which occurs yearly in October, or within 31 days of a special eligibility situation.

To add a common law spouse to your coverage, you must complete the Common Law Marriage Affidavit, which is a notarized statement signed by both spouses. Within 31 days of the notary’s signature, submit the affidavit and an NOE to your benefits administrator. Submit the forms to PEBA Insurance Benefits if you are a COBRA or a survivor subscriber or a retiree of a state agency, a higher education institution or a public
school district. The forms are on the PEBA Insurance Benefits website. Select “Forms.” The affidavit is under “Other Forms.” You may also contact PEBA Insurance Benefits or your BA for a copy of the affidavit.

**Legal Separation**

If you and your covered spouse separate, your spouse may remain on your health, Dental/Dental Plus, State Vision Plan and Dependent Life-Spouse coverage until the divorce is final.

If you do **not** participate in the MoneyPlus pretax premium feature, you can remove your spouse from your coverage when you separate. If you remove your spouse from health, dental or vision coverage, you must also remove him from the other two programs. For example, if you remove your spouse from dental, you must also remove him from health and vision. To do so, give your benefits administrator a copy of a complaint filed in Family Court showing that a divorce is in progress or a court order signed by a Family Court judge showing a divorce is in progress. **A letter from an attorney is not sufficient documentation.** The complaint or court order must be attached to an NOE and must be given to your BA within 31 days of the date the court document was stamped. Your spouse’s coverage will end the last day of the month after the date of separation. If you do not request your spouse be removed from coverage within 31 days of the date stamp on the order, you must wait until the divorce is final or another special eligibility situation occurs.

Also, if an employee does not participate in the MoneyPlus pretax premium feature and if a divorce is in process, an employee may enroll in or increase Optional Life coverage for up to $50,000 without medical evidence of good health. An employee can also decrease or cancel his Optional Life coverage. Changes are effective the first of the month after the date of the request if the employee is actively at work on that date. Otherwise, they are effective the first of the month after his return to work.

**If you reconcile** with your spouse after you drop his health insurance, it cannot be reinstated until the next open enrollment period, which occurs yearly in October, or within 31 days of a special eligibility situation.

You may re-enroll your spouse in Dependent Life-Spouse insurance year round if you submit medical evidence of good health and it is approved by the life insurance vendor. Dental/Dental Plus coverage can be reinstated during the next open enrollment period in an odd-numbered year or within 31 days of a special eligibility situation. Vision coverage can be reinstated during the next open enrollment period, which occurs yearly in October, or within 31 days of a special eligibility situation. These rules also apply to common law marriages.

You **cannot drop your spouse from your MoneyPlus coverage because you are in the process of a divorce. When a divorce is final, it is a change-in-status event that permits you to change your MoneyPlus account.**

**Divorce**

If you divorce, you must remove your former spouse and former stepchildren from your coverage by completing an NOE and submitting a **complete copy** of the divorce decree within 31 days of the date stamped on the divorce decree. Coverage for your former spouse and former stepchildren will end the last day of the month after the divorce decree is stamped. If you fail to drop your former spouse or former stepchildren within 31 days of the date the court order or divorce decree is stamped by the court, the change in coverage is effective the first of the month after your signature on the NOE dropping your former dependents.

You may **continue to provide health, vision and dental coverage for your former spouse and/or stepchildren only if the Family Court requires that you do so.** You must provide a copy of the divorce decree ordering you to cover your former spouse and/or former stepchildren, as well as an NOE, to your benefits administrator, who will send both to PEBA Insurance Benefits. The document must list the plans under which your former spouse and/or former stepchildren must be covered. Retirees of state agencies, higher education institutions and school districts, survivors and COBRA subscribers should notify PEBA.
Insurance Benefits Guide

Insurance Benefits. Retirees of local subdivisions should notify their benefits administrator. The effective date is the first of the month after the divorce becomes final.

You cannot continue to cover your former spouse or former stepchildren under Dependent Life under any circumstances.

When your divorce is final, you can enroll in or increase your Optional Life coverage by $50,000 without medical evidence of good health. You may also cancel or decrease your Optional Life coverage.

You also may be able to make changes in a Medical Spending Account or a Dependent Care Spending Account.

If you remarry, you can cover your former spouse or your current spouse, but you cannot cover both under any PEBA Insurance Benefits plan. You can, however, cover one spouse under one plan (health, for example) and the other spouse under another plan (dental, for example). Former spouses and former stepchildren who lose coverage due to a qualifying event, such as divorce, may be eligible to continue coverage under COBRA. For more information, contact the subscriber’s benefits administrator or PEBA Insurance Benefits as soon as possible, but within 60 days after the event or from when coverage would have been lost due to the event, whichever is later.

These rules also apply to common law marriages.

Adding Children

Eligible children may be added by submitting an NOE and completing other requirements within 31 days of:

• Date of birth (effective on the date of birth, except for Dependent Life insurance, when coverage is effective the first of the month after both the date the NOE is submitted and the date the child is 15 days old)
• Marriage of the subscriber to the child’s parent (effective on the date of the marriage)
• Gaining custody or guardianship with a court order (effective on the date the court stamped on the order)
• Adoption or placement for adoption (effective on the date of birth if adopted within 31 days of birth. Otherwise, effective on the date of adoption or placement for adoption.)
• Placement of a foster child (effective on the date of placement)
• Loss of other coverage (effective on the date of loss of coverage).

The newly eligible child must be offered health, Dental/Dental Plus and State Vision Plan coverage. The subscriber and all other previously covered family members may change health plans. A child who is eligible, but not newly eligible, cannot be added at this time. However, a spouse may be added.

If an employee adds coverage of a newborn or a child who is adopted or placed with the employee for adoption, he can enroll in Optional Life or increase his coverage up to $50,000 without medical evidence of good health.

If a subscriber is not covered by Dependent Life-Spouse when a child is born, adopted or placed for adoption, the subscriber may enroll in $10,000 or $20,000 of Dependent Life-Spouse coverage without medical evidence of good health if he files an NOE within 31 days of the event. The enrollment is effective the first of the month after the date of request, subject to the Deferred Effective Date provision.

If a subscriber is covered by Dependent Life-Spouse coverage when a child is born, adopted or placed for adoption, the subscriber may increase his Dependent Life-Spouse coverage by $10,000 or $20,000 without
A subscriber also may enroll in Dependent Life-Child.

**Children must be listed on your NOE to be covered, even if you already have full family or subscriber/children coverage.** You must also submit a copy of the child’s *long-form birth certificate*. Notification to Medi-Call of the delivery of your baby does not add the baby to your health insurance.

To add a stepchild, submit a copy of his *long-form birth certificate*, showing the name of the child’s natural parent plus proof that the natural parent and the subscriber are married. For a legal spouse, this would be a marriage license. For a common law spouse, this would be the Common Law Marriage Affidavit.

To add a child under 18 who is adopted or placed for adoption, you must submit an NOE with one of the following: 1) a copy of the *long-form birth certificate* showing the subscriber as the parent; 2) a copy of the legal adoption documentation from the court verifying the completed adoption or 3) a letter of placement from an adoption agency, attorney or the S.C. Department of Social Services verifying the adoption is in progress. The effective date of health, dental and vision coverage is the child’s date of birth, if the child is placed within 31 days of birth. Otherwise, it is the date of adoption or placement. For information about international adoptions, see your benefits administrator.

To add a foster child to your policy, you must submit a copy of a court order or another legal document placing the child with you, the subscriber, and showing that you are a licensed foster parent. A foster child is not eligible for Dependent Life coverage.

To add other children for whom you have legal custody, you must submit a copy of a court order or other legal document from the S.C. Department of Social Services or a placement agency granting you custody or guardianship. The documents must verify that you, the subscriber, have guardianship responsibility for the child and not just financial responsibility.

If a court order is issued requiring you to cover your child, you must notify your employer and PEBA Insurance Benefits and elect coverage within 31 days of the date the court order was stamped by the court. Please note: if the court order was for health or dental coverage or for both, you must enroll yourself if you are not already covered. A copy of the entire court order or divorce decree stamped by the court must be attached to the NOE. It must list the names of the children to be covered and the type of coverage that must be provided.

If you and your spouse are both eligible for coverage, only one of you can cover your children under any one plan. For example, one parent can cover the children under health, and the other can cover the children under dental. Only one parent can carry Dependent Life coverage for eligible dependent children.

You may also be eligible to make changes in your Medical Spending Account or Dependent Care Spending Account.

**Dropping a Spouse and/or Children**

If a covered spouse or child becomes ineligible, you must drop him from your health, dental, vision and Dependent Life coverage. This may occur because of divorce or separation. To drop a spouse or child from your coverage, you must complete an NOE within 31 days of the date he becomes ineligible and provide documentation to your BA.
When a child loses eligibility for health, dental or vision coverage because he turned 26, he will be dropped automatically the first of the month after he turns 26. If he is your last covered child, your level of coverage will be changed.

Eligibility for Dependent Life-Child coverage ends at age 19 unless the child is a full-time student or an incapacitated child. If your child is not a full-time student or incapacitated, notify your benefits administrator so the child’s coverage can be dropped. When a child covered by Dependent Life-Child turns 25, he loses eligibility for coverage. He will be dropped automatically on the first of the month after he turns 25 unless he is approved to continue coverage as an incapacitated child.

If your child becomes eligible for group health, dental or vision insurance sponsored by an employer, either as an employee or as a spouse, you have the option to drop him from your health, dental or vision coverage. Within 31 days of eligibility or as soon as possible, you should provide your BA with a letter from the employer showing the date the child became eligible for coverage. Your child will be dropped from coverage the first of the month after the notice.

### Gaining Other Coverage

If your spouse gains eligibility for coverage as an employee of a group that also offers insurance benefits through PEBA Insurance Benefits, you must drop him within 31 days by completing a Notice of Election (NOE) form. No other documentation is needed.

If you or your spouse gain coverage through a group that does not offer insurance benefits through PEBA Insurance Benefits and you wish to drop your PEBA Insurance Benefits coverage, you have 31 days to cancel the type of coverage gained. You must complete an NOE and return it to your benefits office with proof of the other coverage. To document gain of coverage, you must present a letter on company letterhead that includes the effective date of coverage, names of all individuals covered and the types of coverage gained. Only those who gained coverage may be dropped. If you fail to cancel coverage within 31 days, you must wait until the next open enrollment period. For more information, contact your benefits administrator or PEBA Insurance Benefits.

### Gain of Medicare Coverage

If you, your spouse or your child gains Medicare coverage, the family member who gained coverage may drop health coverage through PEBA Insurance Benefits within 31 days of the date Part A is effective. Attach a copy of the Medicare card to an NOE and give it to your BA within 31 days of the date on the confirmation letter from the Social Security Administration. Coverage will be canceled on the effective date of the Medicare Part A coverage or, in some circumstances, the first of the month after gain of Medicare.

For more information, see the Medicare chapter, which begins on page 199.

### Loss of Other Coverage

If you refuse enrollment for yourself or your eligible family members because of other coverage, you may later be able to enroll yourself and/or your eligible family members in coverage if you and your spouse and/or children lose eligibility for that other coverage (or if the employer stops contributing to the coverage).

- If you are the employee or retiree, you lose other group health coverage and you are not already covered by health insurance through PEBA Insurance Benefits, you may enroll yourself and your eligible spouse and/or children in health, Dental/Dental Plus, and/or State Vision Plan coverage. If you are already covered by health, you cannot make changes.
- If your hours were reduced and you lost coverage and you are otherwise eligible as a spouse or a child, you may enroll in health, dental and vision coverage.
If you are the employee or retiree and have a spouse or child who loses other group health coverage, you may enroll the eligible spouse and/or children in health, Dental/Dental Plus, and/or State Vision Plan coverage. If you are not already covered, you may enroll yourself with the individual who lost coverage. You may enroll only the spouse and/or children who lost health insurance coverage. If you are already covered as an employee or retiree, you may change health plans (for example, Savings Plan to Standard Plan) when you add the spouse and/or children who lost health insurance coverage. Contributions toward your deductible will start over.

If you, your spouse and/or children lose dental or vision coverage or both but do not lose health coverage, then you, your spouse and/or children who lost the dental or vision coverage or both may enroll in the type of coverage that was lost. If you are not already covered, you must enroll yourself with the individual who lost coverage.

If you refused coverage because you were covered under your parent’s plan and you lose that coverage, you may enroll yourself and/or your eligible family members in health, dental and vision coverage. For information about Optional Life, Dependent Life-Spouse, Dependent Life-Child or Supplemental Long Term Disability insurance, contact your benefits administrator.

Loss of TRICARE coverage is a special eligibility situation that permits an eligible employee or retiree and his dependents, if the dependents are otherwise eligible for coverage through PEBA Insurance benefits, to enroll in health, dental and vision coverage.

You must complete an NOE within 31 days of the date the other coverage ends. To enroll because of a loss of coverage, you must give your benefits office a letter on company letterhead listing the names of those covered and the date coverage was lost, a completed NOE and copies of appropriate documents showing how any added family member is related to you. If a subscriber, spouse or child loses health coverage, he also may enroll in vision or dental coverage, even if he did not lose that coverage.

Coverage under Medicaid or the Children’s Health Insurance Program (CHIP)

Gain of Medicaid or CHIP Coverage
If you or your covered family members become eligible for Medicaid or CHIP coverage, you have 60 days to drop coverage through PEBA Insurance Benefits. An employee may cancel health, dental and/or vision coverage if he gains Medicaid coverage. If a spouse or a child gains Medicaid, only the family member who gained coverage may be dropped. A copy of the Medicaid approval letter must be attached to the NOE.

Eligibility for Premium Assistance Through Medicaid or CHIP
If you or your spouse and/or children become eligible for premium assistance under Medicaid or through CHIP, you may be able to enroll yourself and your spouse and/or children in PEBA-sponsored health insurance. However, you must request enrollment within 60 days of the date you are determined to be eligible for premium assistance.

Loss of Medicaid or CHIP Coverage
If you refused coverage in PEBA Insurance Benefits-sponsored health, dental and vision insurance for yourself or for your eligible spouse and/or children because of coverage under Medicaid or CHIP and then lost eligibility for that coverage, you may be able to enroll in a PEBA Insurance Benefits plan. However, you must request enrollment within 60 days of the date the other coverage ends.
To request enrollment or to learn more, contact your benefits administrator.
Leaves of Absence

PEBA Insurance Benefits does not dictate your employment status, only the coverage that is available to you through PEBA Insurance Benefits’ programs.

Unpaid Leave

Employees Whose Unpaid Leave Begins on or after Jan. 1, 2015

Ongoing Employees
You became eligible for coverage in 2015 after your employer determined that you worked an average of 30 hours a week from Oct. 4, 2013 to Oct. 3, 2014. As long as you remain employed with the same employer, you may keep your coverage during 2015, even if your hours are reduced or you go on unpaid leave.

New Full-time Employees
Your employer determined that you were eligible for benefits when you were first hired. You may keep your coverage as long as you remain eligible with your employer.

New Variable-hour, Part-time or Seasonal Employees
Your employer determined that you were eligible for benefits after you worked an average of 30 hours a week during the first 12 months after your hire date. Therefore, you may keep your coverage during the 12 months following the month in which you have the option to enroll, unless your employer terminates your employment before the end of those 12 months.

Premiums While on Unpaid Leave
If you are enrolled in benefits and remain eligible for coverage, your coverage will continue. You should contact your benefits administrator to discuss payment arrangements.

If you are on unpaid leave and you can no longer afford premiums for the health plan in which you are enrolled through PEBA Insurance Benefits, you may drop all of your coverage with PEBA only if you intend to enroll in another health plan through the Health Insurance Marketplace. If you drop coverage, you will only be permitted to re-enroll during open enrollment or within 31 days of gaining eligibility under a provision of the plan, such as a special eligibility situation.

If your coverage is canceled due to failure to pay premiums, you will not be eligible for COBRA continuation coverage, and you will not be eligible to re-enroll in benefits with your employer until the next open enrollment period, if you are eligible, or within 31 days of gaining eligibility under a provision of the plan. For more information on continuation of coverage under COBRA, see pages 31-33.

Employees Whose Unpaid Leave Began before Jan. 1, 2015

If you are in this group, you were able to:

• Continue all your health, dental and vision coverage for up to 12 months while you were on that leave. (Your employer could allow more or less than 12 months of unpaid leave before terminating your employment.) If you continued your coverage, you were responsible for the employee and employer portions of the premium. You had to continue all health, dental and vision insurance under which you were covered when your unpaid leave began or
• Cancel all your health, dental and vision coverage at the beginning of your unpaid leave. If you canceled your coverage, you were offered COBRA continuation coverage. You are not eligible to re-enroll in benefits with your employer until the next open enrollment period, if you are eligible, or within 31 days of a special eligibility situation.
If you continued your coverage while on unpaid leave, some additional COBRA continuation coverage is available at the end of the 12-month period of unpaid leave or if you terminate employment before the end of 12 months, whichever occurs first. For more information on continuation of coverage under COBRA, see pages 31-33.

**Life Insurance While on Unpaid Leave**

You may continue your Optional Life, Dependent Life-Spouse and Dependent Life-Child insurance for up to 12 months from your last day worked. If you elect not to continue your life insurance while you are on unpaid leave you may convert your coverage to a whole life policy by completing the appropriate form within 31 days of your last day worked.

**Supplemental Long Term Disability Insurance While on Paid or Unpaid Leave**

Your Supplemental Long Term Disability (SLTD) insurance will end 30 days from your last day worked. There is no option to continue SLTD.

For more information, please contact your benefits administrator.

**Family and Medical Leave Act (FMLA) Leave**

Under the Family and Medical Leave Act (FMLA) employers are required to provide job-protected leave, continuation of certain benefits and restoration of certain benefits upon return from leave for certain specified family and medical reasons. If you are going on FMLA leave or returning from FMLA leave, please contact your benefits administrator for information.

**Military Leave**

Under the Uniformed Services Employment and Re-employment Rights Act (USERRA) employers are required to provide certain re-employment and benefits rights to employees who serve or have served in the uniformed services. If you are going on military leave or returning from military leave, please contact your benefits administrator for information.

**Workers’ Compensation**

If you are on approved leave and receiving workers’ compensation benefits under state law, you may continue your coverage as long as you pay the required premium. Insurance offered through PEBA Insurance Benefits is not meant to replace workers’ compensation and does not affect any requirement for coverage for workers’ compensation insurance. It is not intended to provide or duplicate benefits for work-related injuries that are within the Workers’ Compensation Act. If you need more information, please contact your benefits office.
Prevention Partners

Prevention Partners, a unit of PEBA Insurance Benefits, is designed to help subscribers and their families lead healthier lives. It promotes good health through disease prevention, early detection of disease and chronic disease education. Programs are conducted at the workplace.

A major benefit is the Preventive Workplace Screening. This comprehensive, biometric screening includes fasting blood work, a personal health risk appraisal, height and weight measurements, blood pressure and lipid panels. The confidential reports highlight measurements outside the normal range, which may show the individual is at risk for developing diseases such as hypertension, diabetes and anemia. Participants are encouraged to give the screening results to their doctor.

This screening is available yearly to employees, retirees, subscribers with continued coverage under COBRA and their covered spouses whose primary insurance coverage is the Standard Plan or the Savings Plan. Subscribers whose primary coverage is Medicare are not eligible. Individuals are screened at their current or former workplace. To find out when a screening is scheduled, employees should contact their benefits administrator. Retirees should contact the staff at their former workplace. Regional screenings also are offered. They are posted on www.eip.sc.gov under “Prevention Partners.”

Chronic disease and lifestyle change workshops give subscribers and their family members information they need to help them take better care of themselves. Workshops include: Better Living through Preventive Benefits, Diabetes, Heart Disease, Asthma, Weight Management, Stress Management, Move it or Lose it – Physical Activity, Men’s Health and Caregivers. Workshops may be scheduled by a BA and are offered at worksites.

Self-paced preventive programs and materials are posted on the Prevention Partners section of the PEBA Insurance Benefits website. They include The Challenge, Fall into Fitness and the Great Weight Maintenance Marathon. The programs can be used by groups or individuals.

The Prevention Partners section of the PEBA Insurance Benefits website, www.eip.sc.gov, also provides information about ways to improve your health. Under “Training Calendar,” for example, you can sign up for educational programs.

For more information about Prevention Partners, contact your benefits office, your Prevention Partners coordinator or call 888-260-9430.

PEBA Insurance Benefits Website: www.eip.sc.gov

PEBA offers helpful information through the Internet. PEBA Direct is a bimonthly newsletter sent to your benefits administrator, who may send you the articles or the newsletter itself. It gives you information about benefit changes, answers questions about benefits and tells you about programs that may interest you.

The PEBA Insurance Benefits website offers other tools to help you make the best use of your insurance. For example, it includes links to the websites of third-party claims processors, such as BlueCross BlueShield of South Carolina. These sites give you access to your account information, including claim status, verification of authorization for inpatient and outpatient visits and Explanations of Benefits.
Other useful features on the PEBA Insurance Benefits site include:
- FAQ, which offers frequently asked questions covering PEBA Insurance Benefits plans in general, as well as the Savings Plan, HSAs, Vision, Tobacco-use Certification, Health Care Reform and the Dependent Eligibility Audit
- Online directories and links to tools that will help you find network providers
- Publications, such as this benefits guide and WageWorks' Tax-Favored Accounts Guide
- Information about eligibility and copies of forms.

Through MyBenefits, PEBA's online insurance benefits enrollment system, you can change coverage during open enrollment, which occurs yearly in October. Year round, all subscribers can change contact information and print a list of the programs under which they are covered. Active employees can change beneficiaries, and approve changes made as a result of a special eligibility situation. For more information, see pages 21-22.

If you need help or additional information or would like to make a suggestion, click on "Contact Us."

**When Coverage Ends**

Your coverage will end:
- The last day of the month in which you were engaged in active employment, unless you are transferring to another participating group
- The last day of the month in which you become ineligible for coverage (for example, your working hours are reduced from full-time to part-time)
- The day after your death
- The date the coverage ends for all subscribers or
- The last day of the month in which your premiums were paid in full. (You must pay the entire premium, including the tobacco-use surcharge, if it applies.)

Coverage for your spouse and/or children will end:
- The date your coverage ends
- The date coverage for spouses and children is no longer offered or
- The last day of the month in which your spouse or child’s eligibility for coverage ends.

If your coverage or your spouse or child’s coverage ends, you may be eligible for continuation of coverage as a retiree, as a survivor or under COBRA. To drop a spouse or child from coverage, complete a Notice of Election form within 31 days of the date the spouse or child is no longer eligible for coverage.

**COBRA**

**Eligibility**

COBRA is short for Consolidated Omnibus Budget Reconciliation Act. It requires that continuation of group health, vision, dental and/or Medical Spending Account coverage be offered to you and/or your covered spouse and/or children if you are no longer eligible for coverage due to a qualifying event. Qualifying events include:
- The covered employee’s working hours are reduced from full-time to part-time
- The covered employee voluntarily quits work, retires, is laid off or is fired (unless the firing is due to gross misconduct)
- A covered spouse loses eligibility due to a legal separation or divorce
- A child no longer qualifies for coverage.

www.eip.sc.gov

S.C. Public Employee Benefit Authority
If you are a nonpermanent full-time, variable-hour or seasonal employee, you are not eligible for a Medical Spending Account and may not enroll in one under COBRA. The other rules discussed in this section apply to you and/or to your covered dependents. For more information, contact your employer.

*Please note: Individuals eligible for continued coverage under COBRA may continue to participate in a Health Savings Account, as long as they remain covered by the Savings Plan and meet other eligibility requirements.

**When Continued Coverage will not be Offered**

Continued coverage under COBRA will not be offered to an individual who loses coverage:

- As a result of a Dependent Eligibility Audit
- For failure to pay premiums
- When coverage was canceled at the subscriber’s request.

**How to Continue Coverage under COBRA**

For a covered spouse or children or both to continue coverage under COBRA, the subscriber or covered family member must notify his benefits office within 60 days after the qualifying event or the date coverage would have been lost due to the qualifying event, whichever is later. Otherwise, the individual will lose his rights to continue his coverage.

To continue coverage under COBRA, a COBRA NOE and premiums must be submitted. The premiums must be paid within 45 days of the date coverage was elected. The first premium payment must include premiums back to the date of the loss of coverage.

For example: You lost coverage on June 30, elected coverage on August 15 and paid the initial premium on September 17. You would be required to pay three premiums: one for the month following the date you lost coverage (July); one for the month in which you elected coverage (August); and one for the month in which you made your first payment (September).

Continued coverage starts when the first premium is paid. It is effective the day after your previous coverage ended. Coverage remains in effect only as long as the premiums are up to date. A premium is considered paid on the date of the postmark or the date it is hand-delivered, not the date on the check.

PEBA Insurance Benefits is the benefits administrator for COBRA subscribers of state agencies, higher education institutions and public school districts. **COBRA subscribers from local subdivisions keep the same benefits administrator.**

**How Continued Coverage under COBRA May End**

Continued coverage will end before the maximum benefit period is over if:

1. A subscriber fails to pay the full premium on time
2. A qualified beneficiary gains coverage under another group health plan
3. A qualified beneficiary becomes entitled to Medicare
4. PEBA Insurance Benefits no longer provides group health coverage
5. During a disability extension, the Social Security Administration determines the qualified beneficiary is no longer disabled
6. An event occurs that would cause PEBA Insurance Benefits to end the coverage of any subscriber, such as the subscriber commits fraud.

The qualified beneficiary, his personal representative or his guardian is responsible for notifying PEBA Insurance Benefits when he is no longer eligible for continued coverage. Continued coverage will be canceled automatically by PEBA in situations numbered 1, 3 and 6. The qualified beneficiary is responsible for submitting a Notice to Terminate COBRA Continuation Coverage, along with supporting documents, in situations numbered 2 and 5.

**How Medicare Affects Continued Coverage Under COBRA**

If you or your eligible spouse or child continued coverage and becomes eligible for Medicare Part A, Part B or both, please notify PEBA Insurance Benefits.

A subscriber or eligible spouse or child who is covered by Medicare and then becomes eligible for continued coverage can enroll in continued coverage under COBRA for secondary coverage. Medicare will be his primary coverage.

For more information about COBRA, contact your benefits office or PEBA Insurance Benefits.

**When Benefits Provided Under COBRA Run Out**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) guarantees that persons who have exhausted continued coverage under COBRA and are not eligible for coverage under another group health plan have access to health insurance without being subject to a pre-existing condition exclusion period. However, certain conditions must be met. In South Carolina, the South Carolina Health Insurance Pool provides this guarantee of health insurance coverage. For information, call 803-788-0500, ext. 46401 (Greater Columbia area) or 800-868-2500, ext. 46401 (toll-free outside the Columbia area).

**Extending Continued Coverage**

If you enroll in continued coverage under COBRA, an extension of the maximum period of coverage may be available if you, as a qualified beneficiary, are disabled or a second qualifying event occurs. You must notify your COBRA administrator, within certain time frames, of a disability or a second qualifying event to extend the period of continued coverage. Failure to provide timely notice of a disability or a second qualifying even may affect the right to extend the period of continued coverage under COBRA. For detailed information see the COBRA notice beginning on page 237.

**Other Coverage Options**

Under the federal Affordable Care Act, you can buy coverage through the Health Insurance Marketplace. In the Marketplace, you could be eligible for a tax credit that lowers your monthly premium. Information about premiums, deductibles and other out-of-pocket costs is available before enrollment. Eligibility for COBRA does not limit your eligibility for a tax credit through the Marketplace.

If your working hours are reduced and you can no longer afford premiums for the health plan in which you are enrolled through PEBA Insurance Benefits, you may drop that coverage only if you intend to enroll in another health plan through the Marketplace. Contact your benefits administrator to complete the appropriate form.

You also may qualify for special enrollment in another group health plan for which you are eligible, such as a spouse’s plan, even if the plan generally does not accept late enrollees. However, you must request enrollment within 31 days.
Remember: If you voluntarily drop coverage through PEBA because of a reduction in hours but later your hours are increased, you will only be permitted to re-enroll during open enrollment or within 31 days of gaining eligibility under a provision of the plan, such as a special eligibility situation.

**Death of a Subscriber or Covered Spouse or Child**

If an active employee or a retiree of a local subdivision dies, a family member should contact the deceased’s employer to report the death, to discontinue the employee’s coverage and start survivor coverage for his covered spouse and/or children. If a retiree of a state agency, higher education or public school district dies, a family member should contact PEBA Insurance Benefits.

To continue coverage, a Survivor Notice of Election form must be completed within 31 days of the subscriber’s date of death. A new Benefits ID Number (BIN) will be created, and identification cards will be issued by the vendors of the programs under which the survivors are covered.

If your covered spouse or child dies, please contact your benefits administrator. PEBA Insurance Benefits is the benefits administrator for retirees of state agencies, higher education institutions and public school districts. Retiree subscribers of local subdivisions keep the same benefits administrator.

**Survivors**

Spouses and children who are covered under the State Health Plan are eligible as survivors for a one-year waiver of health insurance premiums, including the tobacco-use surcharge, if it applies, when a covered employee dies.

Premiums are also waived for qualified survivors of funded retirees of state agencies, higher education institutions and public school districts. Participating local subdivisions may elect to, but are not required to, waive the premiums of survivors of retirees. A survivor of a retiree of a participating local subdivision should check with the retiree’s benefits administrator to see whether the waiver applies.

After the premium has been waived for a year, a survivor must pay the subscriber and employer share of the premium to continue coverage. If the deceased and his spouse are both covered employees or retirees at the time of death, the surviving spouse is not eligible for the premium waiver.

Dental and vision premiums are not waived. However, survivors, including survivors of a subscriber covered under the TRICARE Supplement Plan, may continue dental and vision coverage by paying the full premium.

The health and dental premiums of a covered spouse or child of a covered employee who was killed in the line of duty while working for a participating group will be waived for the first year after the employee’s death. Dental premiums also will be waived for a covered spouse or child of an employee who was covered by the TRICARE Supplement Plan and who was killed in the line of duty while working for a participating group. The survivor must submit verification of death in the line of duty. After the one-year waiver, a covered surviving spouse of a state agency, higher education institution or a public school district employee may continue coverage, at the employer-funded rate, until he remarries or otherwise becomes ineligible. A covered surviving child may continue coverage at the employer-funded rate until he is no longer eligible. Participating local subdivisions may elect to, but are not required to, contribute to a survivor’s insurance premium, but the survivor may continue coverage, at the full rate, for as long as he is eligible.

A surviving spouse may continue coverage until he remarries. A child can continue coverage until he is no longer eligible. Please notify PEBA Insurance Benefits within 31 days of loss of eligibility for coverage.
A person who is no longer eligible for coverage as a survivor may be eligible to continue coverage under COBRA. Contact PEBA Insurance Benefits for details.

As long as a survivor remains covered by health, vision or dental insurance, he can add health and vision during open enrollment, which occurs yearly in October, or within 31 days of a special eligibility situation. Dental coverage can be added or dropped but only during open enrollment in an odd-numbered year or within 31 days of a special eligibility situation.

If a survivor drops health, vision and dental insurance, he is no longer eligible as a survivor and cannot re-enroll in coverage, even during open enrollment.

If a surviving spouse becomes an active employee of a participating employer, he can switch to active coverage. When he leaves active employment, he can go back to survivor coverage within 31 days, if he has not remarried.

### Appeals

#### What If I Disagree With A Decision About Eligibility?

This chapter includes a summary of the eligibility rules for benefits offered through PEBA Insurance Benefits. Eligibility determinations are subject to the provisions of the Plan of Benefits and to state law.

If you are dissatisfied after an eligibility determination has been made, you may ask PEBA Insurance Benefits to review the decision:

- If you are an employee, a Request for Review should be submitted through your benefits office. Your BA may write a letter or use the Request for Review form, which is on the PEBA Insurance Benefits website, www.eip.sc.gov.
- If you are a retiree, survivor or COBRA subscriber of a state agency, a public school district or a higher education institution, submit your request directly to PEBA Insurance Benefits, which is your BA.
- If you are a retiree, survivor or COBRA subscriber of a local subdivision, submit your request through the benefits office of your former employer, which is your BA.

If the request for review is denied, you may appeal by writing to the PEBA Insurance Benefits Appeals Committee within 90 days of notice of the decision. Please include a copy of the denial with your appeal. If the PEBA Insurance Benefits Appeals Committee denies your appeal, you have 30 days to seek judicial review as provided by Sections 1-11-710 and 1-23-380 of the S.C. Code of Laws, as amended.
Terms to Know

Here are definitions of some terms used in the Insurance Benefits Guide. For more information, refer to the pages provided or the Index or contact your benefits administrator.

Allowed amount
The most a plan allows paying a provider for a covered service, procedure or supply.

Assignment
A doctor or another provider agrees (or is required by law) to accept the Medicare-approved amount as full payment for covered services. For more information, see pages 207-208.

Authorized representative
An individual with whom a health plan has permission to discuss a covered person’s Protected Health Information. An authorized representative can be named by completing an Authorized Representative Form, which is available on PEBA Insurance Benefits’ website, www.eip.sc.gov, under “HIPAA.”

Balance bill
The difference between what a health plan pays for a service and the provider’s actual charge. State Health Plan network providers may not balance bill members. See also Out-of-network differential.

Benefit Period
Under Medicare, a benefit period begins the day you are admitted to a hospital or skilled nursing facility and ends when you haven’t received any inpatient hospital care (or skilled care in a skilled nursing facility) for 60 days in a row.

Carve-out method
The system used to determine what the Standard Plan pays on a claim covered by Medicare. Medicare pays first. The amount Medicare pays is then “carved out” of what the Standard Plan would pay. If the Medicare payment is more than the Standard Plan would have paid, the Standard Plan pays nothing. For more information and a chart comparing the carve-out method with how the Medicare Supplemental Plan pays, see pages 205-206.

Change in status
An event, such as marriage, divorce or birth of a child, which makes it possible to change a Medical Spending Account or a Dependent Care Spending Account. For more information, see page XX.

Coinsurance
A percentage of the cost of health care that a member pays after his deductible has been met. Under the State Health Plan, the coinsurance rate is different for network services, out-of-network services and infertility treatment and fertility drugs.

Coinsurance maximum
The amount of coinsurance a member is required to pay each year before he is no longer required to pay coinsurance.

Coordination of benefits (COB)
A system to determine how claims are handled when a person is covered under more than one insurance plan. For general information, see page 20. For information about how health claims are coordinated, see page 54. For information about how dental claims are coordinated, see page 103.
**Copayment**
A fixed amount a subscriber must pay for a drug or service. Savings Plan members do not pay copayments. Standard Plan members pay prescription drug copayments and copayments for office visits, emergency care and outpatient facility services. For more information, see pages 51-52.

**Deductible**
Generally, the amount a member must pay yearly for covered health care before the plan begins to pay a portion of the cost of his care. The deductible may not apply to all services.

**Exclusion**
A condition for which, or a circumstance under which, an insurance plan will not pay benefits.

**Local subdivision**
A local subdivision is any participating group other than a state agency, a higher education institution or a public school district. Examples include: counties, municipalities, councils on aging, commissions on alcohol and other drug abuse, special purpose districts, community action agencies, disabilities and special needs boards, recreation districts, hospital districts and councils of government. The General Assembly passed legislation extending voluntary participation in the state insurance program to certain local subdivisions. For a local subdivision to be eligible to participate in the state insurance program, it must fall within one of the categories established by statute (Section 1-11-720 of the S.C. Code of Laws, as amended).

**Member**
A person covered by a health, dental or vision plan.

**Network**
A group of providers, facilities or suppliers under contract to provide care for people covered by a health, dental or vision plan.

**Out-of-network differential**
A State Health Plan member pays 40 percent coinsurance, rather than 20 percent, when he uses a provider that is not in the network. For more information, see pages 58-59.

**Outpatient facility services**
Services provided in a hospital for patients who do not stay overnight or services provided in a freestanding medical center.

**Pay-the-difference policy**
If a member buys a brand-name drug when a generic drug is available, he will be charged the generic copayment plus the difference between the allowed amounts for the generic drug and the brand-name drug. Only the copayment for the generic drug will apply toward his prescription drug copayment maximum. For more information and charts illustrating the policy, see pages 81–82.

**Please note:** The pay-the-difference policy does not apply to the State Health Plan Medicare Prescription Drug Program.

**PEBA**
Public Employee Benefit Authority. PEBA, established by the General Assembly in 2012, includes the former Employee Insurance Program and the S.C. Retirement Systems.

**Plan of Benefits (POB)**
A document establishing eligibility requirements and benefits offered to individuals covered by the State Health Plan.
Insurance Benefits Guide

Preauthorization
To require *preauthorization* is to require that a member get permission from the plan before he can receive a particular service, supply or piece of equipment. For example, Medi-Call preauthorizes some services for State Health Plan members. The term *prior authorization* is used by State Health Plan pharmacy benefits program.

Premium
The amount a covered person pays for insurance coverage.

Qualifying event
A change in a person’s life, such a reduction in working hours, job loss or loss of eligibility for insurance coverage, that makes him eligible to enroll in continued coverage provided under COBRA.

Special eligibility situation
An event that allows an eligible employee, retiree, survivor or COBRA subscriber to enroll in or drop coverage for himself and/or for eligible family members outside an open enrollment period. The coverage change must be made within 31 days of the event.

Subrogation
A claim is *subrogated* when someone else is responsible for a member’s injury. To the extent provided by South Carolina law, health plans offered through PEBA Insurance Benefits have the right to recover payment in full for benefits provided to a covered person under the terms of the plan when the injury or illness occurs through the act or omission of another person, firm, corporation or organization. If a covered person receives payment for such medical expenses from another who caused the injury or illness, the covered person agrees to reimburse the plan in full for any medical expenses paid by the plan.

Subscriber
An individual, such as an employee or a retiree, who is covered by an insurance plan. Because the individual is eligible and covered, members of his family also may be eligible to enroll in the plan.

Term life insurance
Life insurance coverage that is provided for a specific period of time. It has no cash value. All life insurance offered through PEBA is term life.

Third-party claims processor
A company, such as BlueCross BlueShield of South Carolina, that is under contract to PEBA to process claims for members.

Vendor
A company under contract to PEBA.

Whole life insurance
A permanent form of life insurance.
Quick Guides to Your Benefits

Newly Eligible Employees

Welcome! You are now eligible for insurance benefits offered through the Public Employee Benefit Authority (PEBA). This list will help you as your benefits administrator (BA) guides you through enrollment.

Eligibility

- You can cover yourself and, under some plans, your spouse and children. See pages 9-12.

Insurance Offered to All Benefits-Eligible Employees

- The State Health Plan, which includes the Standard Plan and the Savings Plan, is available to you. The TRICARE Supplement Plan is offered to eligible members of the military community. Read the Health Insurance chapter for detailed information. For brief descriptions of the plans, see pages 15-16.

- If you are covered by the State Health Plan, you will pay a $40 monthly tobacco-use surcharge if you have subscriber-only coverage and you use tobacco. You will pay a $60 monthly surcharge if you cover your spouse or children and you or anyone you cover uses tobacco. See page 48.

- All benefits-eligible employees may be eligible for dental and vision insurance. You may pay your premiums through the Pretax Group Insurance Premium Feature. If you are enrolled in the Savings Plan, you may be eligible for a Health Savings Account. For information about these plans, read the Dental Insurance and Vision Care chapters, as well as the summaries on page 16.

Additional Insurance Benefits Offered to Full-Time Permanent Employees

- Basic Life Insurance and Basic Long Term Disability Insurance are provided free to permanent, full-time employees who enroll in the State Health Plan. See pages 17-18.

- You also may be eligible for Optional and Dependent Life insurance and Supplemental Long Term Disability insurance. For information about these plans, read the chapters about Life and Long Term Disability insurance, as well as the summaries on pages 17-18.

- MoneyPlus enables you to save money by paying some expenses with funds deducted from your salary before taxes.
  - You are eligible for the Pretax Group Insurance Premium Feature and a Dependent Care Spending Account.
  - If you are covered by the Savings Plan, you are also eligible for a Health Savings Account.
  - When you have worked for a state-covered employer for one year, you will become eligible for a Medical Spending Account beginning Jan. 1 after open enrollment, which occurs yearly in October.
  - For detailed information about MoneyPlus programs, see the MoneyPlus chapter in this guide. MoneyPlus programs are summarized on page 18.

Enrolling Online or with a Notice of Election (NOE) Form

- As an eligible employee of a group participating in PEBA Insurance Benefits, you can enroll yourself and your eligible spouse and/or children in insurance coverage within 31 days of the date you become eligible. You can do so online or on paper by completing an NOE. Information about initial enrollment in coverage is on pages 12-14.

- You must give your BA copies of some documents and provide certain information when you enroll. See pages 13-14.

www.eip.sc.gov

S.C. Public Employee Benefit Authority
Retirees

Before you retire, check your coverage. You can obtain a list of the plans under which you are covered from MyBenefits, the online enrollment system. Go to the PEBA Insurance Benefits website, www.eip.sc.gov, and click on “MyBenefits” in the column on the left. After you log in, click on “Review Benefits.”

Eligibility

- You must meet certain requirements to continue your insurance in retirement. See pages 175-178.

Funding

- Find out if your employer will pay part of your health insurance premium. See pages 178-182.

Enrollment

- You must complete a Retiree Notice of Election form and an Employment Verification Record within 31 days of your retirement date. See pages 182-183.

Returning to Work in a Benefits-eligible Job

- If you plan to return to work for a participating employer after you retire, see pages 188-189.

Benefit Choices

- Health – Your health plan choices as a retiree depend on whether you are eligible for Medicare. To learn what your choices are, see page 184. For premiums, see pages 221-222.
- Notify your benefits administrator within 31 days of the date you or someone you cover becomes eligible for Medicare. Enroll in Part A and Part B. In most cases, you should remain in the Medicare Part D program sponsored by PEBA Insurance Benefits. For details, see pages 199-204.
- Dental – You are eligible for the State Dental Plan and Dental Plus. For details, see page 185. For premiums, see pages 221-222.
- Life Insurance – You may convert your Basic Life insurance. You may convert or continue your Optional Life insurance. Your dependents may convert Dependent Life insurance. For details, contact your benefits administrator.
- Vision – You are eligible for vision care benefits. For details, see page 185.
- Long Term Disability – Eligibility for Basic Long Term Disability and Supplemental Long Term Disability insurance ends with retirement. For details, see page 187.
- MoneyPlus – Your eligibility ends at retirement. For details, see pages 186-187.

Your Benefits Administrator in Retirement

- If you worked for a state agency, a higher education institution or a public school district, PEBA Insurance Benefits becomes your benefits administrator.
- If you worked for a local subdivision, your benefits administrator remains the same.
Survivors

Contacts
If the deceased was an active employee or his covered spouse or child, notify the subscriber’s employer.

If the deceased was a retiree of a state agency, higher education institution or public school district, or his covered spouse or child, notify PEBA Insurance Benefits.

If the deceased was a retiree of a local subdivision or his covered spouse or child, notify his former employer.

When Coverage Ends for the Deceased
• If the deceased was covered by health, dental, vision and/or Long Term Disability insurance, this coverage ends the day after death. Optional Life coverage ends on the day of death.

Health and Dental Insurance, Vision Care Benefits
Please read the “Survivors” section, beginning on page 34.
• Spouses or children covered under the State Health Plan can continue coverage as survivors. They may also be eligible for a one-year waiver of health insurance premiums, including the tobacco-use surcharge, if it applies.
• Survivors, including survivors of a subscriber covered by the TRICARE Supplement Plan, may continue dental insurance and vision benefits, but the premiums are not waived.

Life Insurance
A certified, raised-seal death certificate is needed to apply for benefits. If the deceased was covered by Basic Life, Optional Life or Dependent Life insurance, contact the employee’s benefits administrator.
• If the deceased was retired and his last employer before retirement participates in the Retiree Group Life Insurance program, he may be eligible for a benefit based on his retirement-credited service in PEBA Retirement Benefits. For more information, call PEBA Retirement Benefits at 803-737-6800 (Columbia area) or 800-868-9002 (toll-free outside the Columbia area but within South Carolina).

Supplemental Long Term Disability Insurance
• If the deceased was receiving Supplemental Long Term Disability benefits provided by The Standard, survivor benefits may be payable to the eligible survivor in a lump sum. See page 147.

MoneyPlus
• If the deceased had a MoneyPlus Health Savings Account, see page 171. Contact the bank that is the custodian of the account about settling the account. See the HSA Custodial Agreement, Article VII, on the PEBA Insurance Benefits website under “Publications.”
• Medical Spending Account and Dependent Care Spending Account claims incurred through the day of death will be paid. See page 171.

### To make the best use of your insurance, please remember:

- You are responsible for understanding your benefits. We encourage you to ask questions if you do not understand your benefits.
- Coverage and changes are not automatic. You must take action to initiate them.
- A special eligibility situation permits you to change your coverage within 31 days of certain events, such as birth, adoption, marriage or loss of other coverage. To make changes as a result of a special eligibility situation, contact your benefits administrator (BA).

Your BA works in your employer’s personnel office if you are an active employee or a local subdivision retiree. Otherwise, the PEBA Insurance Benefits staff is your BA.

- The State Health Plan does not cover some services. Other services must be approved before you receive them. Check exclusions and preauthorization requirements now, so you will be familiar with them when you need services.

### Monthly Premiums

- **Active Employee**: $20.48
- **Employee Only**: $77.40
- **Full Family**: $306.56
- **Employee/Spouse**: $253.36
- **Single**: $890.00
- **2015 IBG.indb 43**

### To check your rates, contact your benefits office.

- **Pays Medicare Part A and Part B deductibles**
- **Pays Part B coinsurance of 20%**
- **None**
- **Pays Part B coinsurance of 20%**

### Coverage

- **For inpatient hospital stays**, the Plan pays: Medicare deductible; coinsurance for days 61-150: (Medicare benefits may end sooner than day 150 if the member has previously used any of his 60 lifetime reserve days); 100% beyond 150 days (Medi-Call approval required)

### Coverage for skilled nursing facility care

- Participating pharmacies only (up to 31-day supply): $9 Tier 1 (generic-lowest cost alternative), $38 Tier 2 (brand, higher cost alternative), $63 Tier 3 (non-preferred brand, highest cost alternative)
- Mail order and Retail Maintenance Network (up to 90-day supply): $22 Tier 1, $95 Tier 2, $158 Tier 3
- Copayment maximum: $2,500

Introduction

What Are My Health Plan Choices?

Your health plan choices are the Standard Plan, the Savings Plan and, if you are retired and enrolled in Medicare, the Medicare Supplemental Plan. Eligible members of the military community may enroll in the AMRA TRICARE Supplement Plan.

To learn about eligibility, enrollment and other features that are common to the programs offered through the Public Employee Benefit Authority (PEBA) Insurance Benefits, see the General Information chapter, which begins on page 9.

Please note: There is no lifetime maximum on benefits offered by the health plans available through PEBA Insurance Benefits.

Notice to Subscribers: Tobacco-Use Surcharge

If you are a State Health Plan subscriber with single coverage and you use tobacco, you will pay a $40 monthly surcharge. If you have subscriber/spouse, subscriber/children or full-family coverage and you or anyone you cover uses tobacco, the surcharge will be $60 monthly.

To avoid this charge, a subscriber must certify no one covered under his health insurance uses tobacco, and no one has used it during the past six months. To do so, complete a Certification Regarding Tobacco Use form. If you have not certified or need to change your certification, go to PEBA's Insurance Benefits website, www.eip.sc.gov, and click on “Tobacco Information.” Give the certification form to your benefits administrator, who will send it to PEBA Insurance Benefits. The certification will be effective the first of the month after PEBA Insurance Benefits receives the form.

A subscriber must pay all his premiums, including the tobacco-use surcharge, if it applies, when they are due. If he does not, coverage for all of his plans will be canceled effective the last day of the month in which the premiums were paid in full.

If You Are Unable to Stop Using Tobacco Due to a Medical Reason

If your physician provides a letter stating that it is unreasonably difficult due to a medical condition for you to stop using tobacco or that it is medically inadvisable for you to stop using tobacco, you may qualify for a waiver of the tobacco-use surcharge. Please give the letter to your benefits administrator, who will send it to PEBA Insurance Benefits.
# Benefits at a Glance: State Health Plan

This brief overview of your medical plan is for comparison only. The *Plan of Benefits* governs all health benefits offered by the state.

¹Waived if admitted.
²Waived for dialysis, routine mammograms, routine Pap tests, routine physical therapy, clinic visits, oncology services, electro-convulsive therapy, psychiatric medication management and partial hospitalization and intensive outpatient behavioral health services.
³Waived for routine Pap tests, routine mammograms and well child care.
⁴Prescription drugs are not covered out of network.
⁵An out-of-network provider may bill you for more than the plan’s allowed amount for services.
The State Health Plan

The State Health Plan (SHP) offers the Standard Plan, the Savings Plan and, for retirees enrolled in Medicare, the Medicare Supplemental Plan. It is important that you understand how your plan works.

The **Standard Plan** has higher premiums but lower annual deductibles than the Savings Plan. When one family member meets his deductible, the Standard Plan will begin to pay benefits for him, even if the family deductible has not been met. Under the Standard Plan, when you buy a prescription drug you make a copayment, rather than pay the **allowed amount**. (The **allowed amount** is the most a health plan allows for a covered service or product, whether it is provided in network or out of network. Network providers have agreed to accept the allowed amount as their total fee.) You do not have to meet your deductible to buy prescription drugs for the copayment.

As a **Savings Plan** subscriber, you take greater responsibility for your health care costs and accept a higher annual deductible. You pay the full allowed amount for covered medical benefits (including mental health/substance abuse benefits and prescription drugs) until you reach the deductible. As a result, you save money on premiums. Another advantage is that because the Savings Plan is a tax-qualified, high-deductible health plan, you may establish a **Health Savings Account** (HSA) if you have **no other health coverage**, including Medicare, unless it is another high-deductible health plan, and you cannot be claimed as a dependent on another person’s tax return. Funds in an HSA may be used to pay qualified medical expenses now and in the future.

For information about how the **Standard Plan** and the **Medicare Supplemental Plan** work with Medicare, see the Medicare chapter, which begins on page 199.

The **Plan of Benefits** contains a complete description of the plan. Its terms and conditions govern all health benefits offered by the state. To review it, contact your benefits administrator or PEBA Insurance Benefits.

**How the SHP Pays for Covered Benefits**

PEBA Insurance Benefits contracts with several companies to process your claims in a cost-efficient, timely manner:

- **BlueCross BlueShield of South Carolina** (BCBSSC) is the medical claims processor. Medi-Call, a division of BCBSSC, provides medical preauthorization and case management services. For more information about Medi-Call, see pages 60-62.
- **Companion Benefit Alternatives** (CBA), a wholly owned subsidiary of BCBSSC, is the behavioral health manager, handling mental health and substance abuse treatment preauthorization, case management and provider networks. For more information, see page 84-86.
- **Catamaran** processes prescription drug claims. For more information, see pages 78-84.

Subscribers share the cost of their benefits by paying deductibles, copayments and coinsurance for covered benefits.

**Allowed Amount**

The **allowed amount** is the most a plan allows for a covered service. Network providers have agreed to accept the allowed amount as their total fee, leaving you responsible only for copayments and 20 percent coinsurance after your annual deductible is met. (Savings Plan subscribers do not pay copayments.) For out-of-network services, you will pay more in coinsurance, and the provider may charge more than the allowed amount. See balance billing on page 58.
How the Standard Plan Works

Annual Deductible

The annual deductible is the amount you must pay each year for covered medical benefits (including mental health and substance abuse benefits) before the plan begins to pay a percentage of the cost of your covered medical benefits. The annual deductibles are:

- $445 for individual coverage
- $890 for family coverage.

Under the Standard Plan, the family deductible is the same, regardless of how many family members are covered. The family deductible may be met by any combination of two or more family members’ covered medical expenses, as long as they total $890. For example, if four people each have $222.50 in covered expenses, the family deductible has been met, even if no one person has met the $445 individual deductible. If only one person has met the $445 individual deductible, the plan will begin paying a percentage of the cost of his benefits but not a percentage of the cost of the rest of the family’s benefits until the family deductible has been met. No family member may pay more than $445 toward the family deductible.

If the subscriber and his spouse, who is also covered as an employee or retiree, select the same health plan, they share the family deductible. Both spouses must be listed on the same Notice of Election form.

Payments for non-covered services, copayments and penalties for not calling Medi-Call, National Imaging Associates or Companion Benefit Alternatives do not count toward the annual deductible.

Copayments

Standard Plan subscribers pay these copayments:

- Copayments for prescription drugs.
- Copayments for services in a professional provider’s office; for outpatient facility services, which may be provided in an outpatient department of a hospital or in a freestanding facility; and for care in an emergency room.

A prescription drug copayment is a fixed total amount a Standard Plan subscriber pays for each prescription. The copayment maximum for each family member covered is $2,500. Drug costs do not apply to the annual deductible or the coinsurance maximum. For more information, see page 79-81.

A copayment for services in a provider’s office, for outpatient facility services or in an emergency room is the amount a Standard Plan subscriber pays before the cost of care begins to apply to his deductible or to his coinsurance maximum.

You continue to pay these copayments even after you meet your annual deductible and reach your coinsurance maximum. These copayments do not apply to your annual deductible or your coinsurance maximum.

The copayment for each visit to a professional provider’s office is $12. This copayment is waived for routine Pap tests, routine mammograms and well child care visits. The following example uses a physician’s office visit that has a $56 allowed amount under the Standard Plan.
The copayment for outpatient facility services, which includes outpatient hospital services other than emergency room visits and outpatient surgery center services, is $95. This copayment is waived for dialysis, routine mammograms, routine Pap tests, routine physical therapy, clinic visits, oncology services, electro-convulsive therapy, psychiatric medication management and partial hospitalization and intensive outpatient behavioral health services. The copayment for each emergency room visit is $159. This copayment is waived if you are admitted to the hospital.

## Coinsurance

After you meet your annual deductible, the Standard Plan pays 80 percent of the allowed amount for your covered medical and mental health/substance abuse benefits if you use network providers. You pay 20 percent as coinsurance, which applies to your coinsurance maximum.

If you use out-of-network providers, the plan pays 60 percent of the plan’s allowed amount for your covered medical and mental health/substance abuse benefits, and you pay 40 percent as coinsurance, which applies to your coinsurance maximum. Any charge above the plan’s allowed amount for a covered medical or mental health/substance abuse benefit is your responsibility. See pages 58-59 to learn more about balance billing and the out-of-network differential.

A different coinsurance rate applies for infertility treatments and prescription drugs associated with infertility. See page 70.

### Coinsurance Maximum

The coinsurance maximum is the amount in coinsurance a subscriber must pay for covered benefits each year before he is no longer required to pay coinsurance. Under the **Standard Plan**, it is $2,540 for individual coverage and $5,080 for family coverage for network services and $5,080 for individual coverage and $10,160 for family coverage for out-of-network services.

**Please note:** The coinsurance for network services does not apply to the out-of-network coinsurance maximum. The coinsurance for out-of-network services does not apply to the network coinsurance maximum. For example: If you have individual coverage, the network coinsurance maximum is $2,540 and you have paid $2,000 in network coinsurance and $600 in out-of-network coinsurance, you have not met your in-network coinsurance maximum.

**Standard Plan subscribers** continue to pay copayments even after they meet their annual deductible and coinsurance maximum. Copayments for services in a provider’s office, for outpatient facility services and in an emergency room do not apply to the annual deductible or to the coinsurance maximum.
drug copayments apply to the $2,500 prescription drug copayment maximum but do not apply to the annual deductible or the coinsurance maximum.

Payments for non-covered services, deductibles and penalties for not calling Medi-Call, National Imaging Associates or Companion Benefit Alternatives (CBA) do not count toward the coinsurance maximum.

**How the Savings Plan Works**

**Annual Deductible**

The *annual deductible* is the amount you must pay each year for covered medical and mental health/substance abuse benefits and prescription drugs before the Savings Plan begins to pay a percentage of the cost of your covered benefits. The annual deductibles are:

- $3,600 for individual coverage
- $7,200 for family coverage.

There is no individual deductible if more than one family member is covered. If the subscriber and spouse, who is also covered as an employee or retiree, select the same health plan, they will share the family deductible. The deductible is not met for any covered individual until the total allowed amount paid for covered benefits exceeds $7,200. For example, even if one family member has paid $3,601 for covered medical benefits, the plan will not begin paying a percentage of the cost of his covered benefits until his family has paid $7,200 for covered benefits. However, if the subscriber has paid $2,199 for covered benefits, the spouse has paid $3,001 for covered benefits and a child has paid $2,000 for covered benefits, the plan will begin paying a percentage of the cost of the covered benefits for all family members.

If you are covered under the Savings Plan, you pay the full allowed amount for covered prescription drugs, and the amount is applied to your deductible. After you meet your deductible you still have to pay the full allowed amount, but you are reimbursed for 80 percent of the allowed amount. After you meet your coinsurance maximum, you are reimbursed for 100 percent of the allowed amount.

There are no copayments under the Savings Plan. You pay the full allowed amount for services, and it is applied to your annual deductible.

**Coinsurance**

After you meet your annual deductible, the Savings Plan pays 80 percent of the allowed amount for your covered medical, prescription drug and mental health/substance abuse benefits if you use network providers. You pay 20 percent as *coinsurance*.

If you use out-of-network providers, the plan pays 60 percent of the plan’s allowed amount for your covered medical and mental health/substance abuse benefits, and you pay 40 percent as *coinsurance*. Any charge above the plan’s allowed amount for a covered medical or mental health/substance abuse benefit is your responsibility. See pages 58-59 to learn more about balance billing and the out-of-network differential. Prescription drug benefits are paid only if you use a network provider.

A different coinsurance rate applies for infertility treatments and prescription drugs associated with infertility. See page 70.

**Coinsurance Maximum**

The *coinsurance maximum* is the amount in coinsurance a subscriber must pay for covered benefits each year before he is no longer required to pay coinsurance. Under the Savings Plan it is $2,400 for individual coverage or $4,800 for family coverage for network services and $4,800 for individual coverage or $9,600 for family coverage for out-of-network services.
Please note: The coinsurance for network services does not apply to the out-of-network coinsurance maximum. The coinsurance for out-of-network services does not apply to the network coinsurance maximum. For example: If you have individual coverage and have paid $2,000 in network coinsurance and $400 in out-of-network coinsurance, you have not met your network coinsurance maximum.

Payments for non-covered services, deductibles and penalties for not calling Medi-Call, National Imaging Associates or Companion Benefit Alternatives (CBA) do not count toward the coinsurance maximum.

Coordinated of Benefits

All State Health Plan benefits are subject to coordination of benefits (COB). COB is a system to make sure a person covered under more than one insurance plan is not reimbursed more than once for the same expenses. For more information about COB, see page 20.

Under this system, the plan that pays first is the primary plan. The secondary plan pays after the primary plan. Here are some examples of how that works:

- The plan that covers a person as an employee typically pays before the plan that covers the person as a dependent.
- When both parents cover a child, the plan of the parent whose birthday comes earlier in the year pays first. Other rules may apply in special situations, such as when a child’s parents are divorced.
- If you are eligible for Medicare and are covered as an active employee, your State Health Plan coverage pays before Medicare. Exceptions may apply in the case of Medicare coverage due to kidney disease. Contact your local Social Security office for details.
- If a person is covered under one plan because the subscriber is an active employee and under another plan because the subscriber is retired, the plan that covers him as an active employee typically pays first. There may be exceptions to this rule.

As part of coordination of benefits, under the Standard Plan and the Savings Plan:

On your Notice of Election (NOE) form, you are asked if you are covered by more than one group insurance plan. Your response is recorded and placed in your file. However, BlueCross BlueShield of South Carolina (BCBSSC), may ask you this question every year, by sending you a questionnaire. Complete this form and return it to BCBSSC promptly, since claims will not be processed or paid until your information is received. You can also update this information by calling BCBSSC or by visiting www.StateSC, SouthCarolinaBlues.com. Under “Member Resources,” select “Forms and Documents” and then “Other health/dental Insurance form.”

This is how the SHP works when it is secondary insurance:

- For a medical or a mental health/substance abuse claim, you or your provider must file the Explanation of Benefits from your primary plan with BCBSSC.
- For prescription drug benefits, you must present your card for your primary coverage first. Otherwise, the claim will be rejected because the pharmacist’s electronic system will show that the SHP is secondary coverage. After the pharmacy processes the claim with your primary coverage, you must file a paper claim through Catamaran for payment of any secondary benefits. Prescription drug claim forms are on the PEBA Insurance Benefits website, www.eip.sc.gov. You may also ask your benefits administrator for the form.
- The SHP will pay the lesser of: 1) what it would pay if it were the primary payer; or 2) the balance after the primary plan’s network discounts and/or payments are deducted from the total charge.
- The SHP’s limit on balance billing does not apply. Therefore, it is important that you use a provider in your primary plan’s network.
• You will also be responsible for the SHP copayments and deductible and the SHP coinsurance, if the coinsurance maximum has not been met.

Please note: If your coverage with any other health insurance program is canceled, you must request a letter of termination. The letter of termination must be submitted to BCBSSC promptly, because claims will not be processed or paid until your information is received.

Using SHP Provider Networks

When you are ill or injured, you decide where to go for your care. The SHP operates as a preferred provider organization (PPO). As such, it has networks of physicians and hospitals, outpatient surgery centers and mammography testing centers. There are also networks available to subscribers for ambulatory surgery centers, durable medical equipment, labs, radiology and X-ray, physical therapy, occupational therapy, speech therapy, skilled nursing facilities, long term acute care facilities, hospices and dialysis centers. They have agreed, as part of the network, to accept the plan’s allowed amount for covered benefits as payment in full. Network providers will charge you for your deductible, copayments and coinsurance when the services are provided. They will also file your claims.

If you use an out-of-network medical or mental health/substance abuse provider or your physician sends your laboratory tests to an out-of-network provider, your costs will increase.

Please note: Even if you are at a network hospital or at a network provider’s office, the provider may employ out-of-network contract providers or technicians. If an out-of-network provider renders services, even in a network facility, he can still balance bill you, and you will still pay the out-of-network differential. For more information, see pages 58-59.

In the U.S., prescription drug benefits are paid only if you use a network provider.

How to Find a Medical or Mental Health/Substance Abuse Network Provider

To view the online provider directory, go to PEBA Insurance Benefits website, www.eip.sc.gov, and select “Online Directories” and then “State Health Plan Doctor/Hospital Finder (for medical and mental health/substance abuse)”

• Now you can search for a provider by name, location and specialty.
• You can also search for “ER Alternatives,” places to go for care other than an emergency room, such as urgent care and walk-in clinics near you.
• When you find a provider, you can view “Networks” to make sure he participates in the State Health Plan.

If you do not have access to the Internet, call BCBSSC at 803-736-1576 (Greater Columbia area) or 800-868-2520 (toll-free outside the Columbia area) to ask that a list of SHP providers in your area be mailed to you.

BlueCard® and BlueCard Worldwide®

State Health Plan members have access to doctors and hospitals throughout the United States and around the world through the BlueCard Program and Blue Cross and Blue Shield provider networks. If you are covered by the State Health Plan and need mental health or substance abuse care outside South Carolina, call 800-810-2583.
Health Insurance

Inside the U.S.

With the BlueCard program you can choose network doctors and hospitals that suit you best. Follow these steps for health coverage when you are away from home but within the United States:

1. **Always carry your health plan and your prescription drug ID cards.**
2. To find the names and addresses of nearby doctors and hospitals, choose “Links” on the PEBA Insurance Benefits website. Follow the steps above and enter the location where you need a provider. You may also call BlueCard Access at 800-810-2583.
3. **State Health Plan subscribers must call Medi-Call within 48 hours of receiving emergency care.** The toll-free number is on your SHP ID card.
4. When you arrive at the participating doctor’s office or hospital, show your identification card. The provider will recognize the Blue Cross Blue Shield logo, which will ensure that you get the highest level of benefits with no balance billing.
5. The provider should file claims with the Blue Cross and Blue Shield affiliate in the state where the services were provided.

You should not have to complete any claim forms, nor should you have to pay up front for medical services other than the usual out-of-pocket expenses (deductibles, copayments, coinsurance and non-covered services). BCBSSC will mail an Explanation of Benefits to you.

For information about out-of-network benefits, see pages 58-59.

Outside the U.S.

Through the BlueCard Worldwide® program, your health plan card gives you access to doctors and hospitals in more than 200 countries and territories worldwide and to a broad range of medical services.

**Please note:** Medicare does not offer benefits outside the U.S. Because the Medicare Supplemental Plan does not allow benefits for services not covered by Medicare, Medicare Supplemental Plan subscribers do not have coverage outside the U.S. See page 206 for more information.

To take advantage of the BlueCard Worldwide program, follow these steps:

1. **Always carry your health plan ID card.**
2. Before your trip:
   - If you have questions, call the phone number on the back of your ID card to check your benefits and for preauthorization, if necessary. *(Your health care benefits may be different outside the U.S.)*
   - The BlueCard Worldwide Service Center can help you find providers in the area where you are traveling. It can also provide other helpful information about health care overseas. To reach the center, go to the PEBA Insurance Benefits website, www.eip.sc.gov, and, under “Links,” select “Medical/My Health Toolkit (BlueCross BlueShield of South Carolina).” Under “Find a Doctor or Hospital,” select “Worldwide Directory.” You may also call toll-free at 800-810-2583 or collect at 804-673-1177.
3. During your trip:
   - **If you need to find a doctor or hospital or need medical assistance, go to the state BCBSSC website through “Links” on the PEBA Insurance Benefits website. www.eip.sc.gov.** Under “Find a Doctor or Hospital,” select “Worldwide Directory.” You must accept the terms and conditions and login with the first three letters of your identification number. Then you may “Select a Provider Type.”

---

If you need proof of insurance for overseas travel, please request it from PEBA Insurance Benefits in writing through the “Contact Us” link on the PEBA Insurance Benefits website or in a letter. The request must be made at least 10 working days in advance.

Please note: Some toll-free numbers do not work overseas. You can always reach BlueCard Worldwide by calling collect at 804-673-1177. We recommend you take this number with you when you leave the United States.
You also can choose a specialty, city, nation and distance from the city.

- **You may also call the BlueCard Worldwide Service Center toll-free at 800-810-2583 or collect at 804-673-1177 (24 hours a day, seven days a week).**
- If you are admitted to the hospital, call the BlueCard Worldwide Service Center toll-free at 800-810-2583 or collect at 804-673-1177.
- The BlueCard Worldwide Service Center will work with your plan to arrange direct billing with the hospital for your inpatient stay.
- When direct billing is arranged, you are responsible for the out-of-pocket expenses (non-covered services, deductibles, copayments and coinsurance) you normally pay. The hospital will submit your claim on your behalf.
- **Please note:** If direct billing is not arranged between the hospital and your plan, you must pay the bill up front and file a claim. For outpatient care and doctor visits, pay the provider when you receive care and file a claim.

4. To file a claim for services you paid for when you received care or paid to providers that are not part of the BlueCard Worldwide network, complete a BlueCard Worldwide International Claim Form and send it to the BlueCard Worldwide Service Center with this information: the charge for each service; the date of that service and the name and address of each provider; a complete, detailed bill, including line-item descriptions; and descriptions and dates for all procedures and surgeries. This information does not have to be in English. **Be sure to get all of this information before you leave the provider's office.**

5. The claim form is available on the PEGA Insurance Benefits website. Select “Forms” and then, under “State Health Plan (SHP),” select “BlueCard Worldwide International Claim Form.” You may also call the service center toll-free at 800-810-2583 or collect at 804-673-1177. The address of the service center is on the claim form. BlueCard Worldwide will arrange billing to BCBSSC.

**Mental Health/Substance Abuse Provider Network**

The State Health Plan offers coverage for mental health and substance abuse services, on the same terms as medical coverage. Preauthorization is required by Companion Benefit Alternatives (CBA), the mental health and substance abuse benefits manager, for most hospital services and some outpatient services (see Mental Health and Substance Abuse Benefits on pages 84-86). A greater percentage of the cost of your covered benefits will be paid if you use a network provider.

The most up-to-date list of network providers is available under “Find a Doctor or Hospital” on the state BCBSSC website. There is a link to StateSC.SouthCarolinaBlues.com under “Online Directories” on the PEGA Insurance Benefits website. When you get to the site, enter your “Location” and the “Specialty.” Be sure to “view” the provider’s networks A printable version of the directory is on the CBA website, Companion-BenefitAlternatives.com. Under “Looking for a Mental Health Provider?” select “Get Started” and follow the prompts. The directory can be searched using the “binoculars” search feature. For help selecting a provider, call CBA at 800-868-1032. To find a provider outside the U.S., select “Worldwide Directory” under the “Find a Doctor or Hospital” on the state BCBSSC website or call collect 804-673-1177.

If you do not have access to the Internet, printed lists of providers from the directory are available from your benefits office or, if you are a retiree, survivor or COBRA participant, from BCBSSC.

For more information on your mental health and substance abuse benefits, see pages 84-86.

**Prescription Drug Provider Network**

Because the State Health Plan offers no out-of-network coverage for prescription drugs in the U.S, it is important that you find a network provider for this service. A list of network providers is on the website sponsored by Catamaran, the prescription drug manager. The site is accessible through the PEGA Insurance Benefits website, www.eip.sc.gov, under “Links” or you can go directly to Catamaran’s website, www.myCatamaranRx.com. At the Catamaran site, sign in and click on “Pharmacy Locator.”

www.eip.sc.gov  S.C. Public Employee Benefit Authority  57
If you do not have Internet access, ask your benefits administrator to print a list of network pharmacies near you. If you are a retiree, COBRA or survivor subscriber, call Catamaran for network pharmacies near you.

Please note: Not all network pharmacies belong to the Retail Maintenance Network, which offer offers 90-days supplies of drugs at mail-order prices. A list of the Retail Maintenance Network pharmacies is on the PEBA Insurance Benefits website, www.eip.sc.gov, under “Online Directories” or from your benefits administrator. For more information, see pages 82-83.

For more information about your prescription drug benefits, see pages 78-84.

**Out-of-Network Benefits**

You can use providers for medical and mental health/substance abuse care who are not part of the network and still receive some coverage. Before the State Health Plan will pay 100 percent of the plan’s allowed amount:

- For out-of-network benefits, **Standard Plan** subscribers pay a $5,080 individual coinsurance maximum or a $10,160 family coinsurance maximum after they meet their annual deductible. **Savings Plan** subscribers pay a $4,800 individual coinsurance maximum or a $9,600 family coinsurance maximum after they meet their annual deductible. Subscribers to both plans may also have to fill out claim forms.

Please note: No benefits will be paid for advanced radiology services (CT, MRI, MRA or PET scans) that are not preauthorized by National Imaging Associates.

There is no out-of-network coverage for prescription drugs filled at a pharmacy in the U.S. Limited drug coverage is offered to members enrolled in the SHP Prescription Drug Program who become ill while traveling overseas. For more information, see page 228.

**Balance Billing**

If you use a provider who is not part of the network, you may be subject to balance billing. When the State Health Plan is your primary coverage, network providers are prohibited from billing you for covered benefits, except for copayments, coinsurance and the deductible. However, an out-of-network provider may bill you for more than the plan’s allowed amount for the covered benefit, which will increase your out-of-pocket cost. The difference between what the out-of-network provider charges and the allowed amount is called the “balance bill.” The balance bill does not contribute toward meeting your annual deductible or coinsurance maximum.

**Out-of-Network Differential**

In addition to balance billing, if you receive services from a provider that does not participate in the State Health Plan, Companion Benefit Alternatives or BlueCard networks, you will pay 40 percent of the allowed amount, instead of 20 percent, in coinsurance. These examples show how it will cost you more to use an out-of-network provider:

In both examples below, you have subscriber-only coverage under the SHP, and you have not met your deductible. The allowed amount is $4,000. The provider charged $5,000 for the service.
### Standard Plan

<table>
<thead>
<tr>
<th>Network provider</th>
<th>Out-of-network provider</th>

<td>$4,760 Your total payment</td>
</tr>
</tbody>
</table>

¹ Network providers are not allowed to charge more than the allowed amount.
² In this example, the Savings Plan paid 80 percent of the $400 allowed amount after the deductible, totaling $320.

1 Out-of-network providers can charge any amount they choose above the allowed amount and bill you the balance above the allowed amount.
² In this example, the Standard Plan paid 60 percent of the $3,555 allowed amount after the deductible, totaling $2,133.
Managing Your Medical Care

Medi-Call

Under the State Health Plan, some covered services require preauthorization before you receive them. A phone call gets things started. Your health care provider may make the call for you, but it is your responsibility to see that the call is made.

Medi-Call numbers are:
• 800-925-9724 (South Carolina, nationwide, Canada)
• 803-699-3337 (Greater Columbia area)
• 803-264-0183 (fax)

Please note: Some mental health/substance abuse and prescription drug benefits require preauthorization. See pages 84-85 for mental health and page 82 for prescription drugs.

What Are the Penalties for not Calling?
If you do not preauthorize treatment when required, you will pay a $200 penalty for each hospital, rehabilitation or skilled nursing facility or mental health/substance abuse admission. In addition, the coinsurance maximum will not apply. You will continue to pay your coinsurance, no matter how much you pay out-of-pocket.

How to Preauthorize Your Treatment

You can reach Medi-Call by phone from 8:30 a.m. to 5 p.m., Monday through Friday, except holidays. You may fax information to Medi-Call 24 hours a day. However, Medi-Call will not respond until the next business day. If you send a fax to Medi-Call, provide, at a minimum, this information so the review can begin:

• Subscriber’s name
• Patient’s name
• Subscriber’s Benefits ID number or Social Security number
• Information about the service requested
• A telephone number where you can be reached during business hours.

Medi-Call promotes high-quality, cost-effective care for you and your covered family members through reviews that assess, plan, implement, coordinate, monitor and evaluate health care options and services required to meet an individual’s needs. You must contact Medi-Call at least 48 hours or two working days, whichever is longer, before receiving any of these medical services at any hospital in the U.S. or Canada:

• You need any type of inpatient care in a hospital, including admission to a hospital to have a baby¹
• Your preauthorized outpatient services result in a hospital admission (You must call again for the hospital admission.)
• You need outpatient surgery for a septoplasty (surgery on the septum of the nose)
• You need outpatient or inpatient surgery for a hysterectomy
• You need sclerotherapy (vein surgery) performed in an inpatient, outpatient or office setting
• You will receive a new course of chemotherapy or radiation therapy (one-time notification per course)
• You are admitted to a hospital in an emergency (Your admission must be reported within 48 hours or the next working day after a weekend or holiday admission.)¹
• You are pregnant (You are encouraged to notify Medi-Call within the first three months of your pregnancy. See page 62 for more information.)
• You have an emergency admission during pregnancy²
• Your baby is born (if you plan to file a claim for any birth-related expenses)²
• Your baby has complications at birth
• Before your baby is given Synagis (a drug to protect high-risk babies from respiratory syncytial virus disease) outside the hospital nursery

¹See pages 62-63 for information on emergency admissions.
²See pages 64-65 for information on birth-related expenses.

S.C. Public Employee Benefit Authority www.eip.sc.gov
• You are to be, or have been, admitted to a long-term acute care facility, skilled nursing facility, or need
home health care, hospice care or would like an alternative treatment plan
• You need durable medical equipment
• You or your covered spouse decides to undergo in vitro fertilization, GIFT, ZIFT or any other infertility
procedure
• You or your covered family member needs to be evaluated for a transplant
• You need inpatient rehabilitative services and related outpatient physical, speech or occupational therapy.

1For mental health or substance abuse services, you must call Companion Benefit Alternatives (CBA) at 800-868-1032 for
preauthorization before a non-emergency admission or, in the case of an emergency admission, within 48 hours or the next working
day, whichever is longer.

2Contacting Medi-Call for the delivery of your baby does not add the baby to your health insurance. You must add your child by filing
an NOE and submitting the required documentation, a long-form birth certificate, within 31 days of birth for benefits to be payable.

A preauthorization request for any procedure that may be considered cosmetic must be received in writing
by Medi-Call seven days before surgery. (Procedures in this category include: blepharoplasty, reduction
mammoplasty, augmentation mammoplasty, mastopexy, TMJ or other jaw surgery, panarinculectomy, abdom-
inoplasty, rhinoplasty or other nose surgery, etc.) Your physician should include photographs if appropriate.

A determination by Medi-Call that a proposed treatment is within generally recognized medical standards
and procedures does not guarantee claim payment. Other conditions, including eligibility requirements,
other limitations or exclusions, payment of deductibles and other provisions of the plan must be satisfied
before BlueCross BlueShield of South Carolina makes payment. Remember, if you use an out-of-network
provider, you will pay more.

**Advanced Radiology Preauthorization: National Imaging Associates (NIA)**

The State Health Plan has a system for preauthorizing CT, MRI, MRA and PET scans.

Network South Carolina physicians, radiology (imaging) centers and outpatient hospital radiology
centers are responsible for requesting advanced radiology preauthorization from National Imaging Associates (NIA).

Doctors can get more information on the BCBSSC website, StateSC.South CarolinaBlues.com, or by calling
800-444-4311. To request preauthorization over the Internet, providers can go to NIA’s website, www.
RadMD.com. They may also call NIA at 866-500-7664, Monday through Friday, from 8 a.m. to 8 p.m., ET.

If a subscriber or a covered family member is scheduled to receive a CT, MRI, MRA or PET scan from an
out-of-network provider in South Carolina or any provider outside South Carolina, **it is the subscriber’s
responsibility to make sure his provider calls for preauthorization.** A subscriber may begin the
process by calling NIA at 866-500-7664. He should be able to give NIA the name and phone number of
the ordering physician and the name and phone number of the imaging center or the physician who will provide
the radiology service.

NIA will make a decision about non-emergency preauthorization requests within two business days of re-
ceiving the request from the provider. If the situation is urgent, a decision will be made within one business
day of receiving the request from the provider. However, the process may take longer if additional clinical
information is needed to make a decision.

A subscriber can check the status of a preauthorization request online through “My Health Toolkit” at
StateSC.South CarolinaBlues.com.

**What are the Penalties for not Calling?**

If a **network** South Carolina physician or radiology center does not request preauthorization, the provider
will not be paid for the service, and he **cannot bill the subscriber for the service.**

www.eip.sc.gov  S.C. Public Employee Benefit Authority  61
Insurance Benefits Guide

If a subscriber or a covered family member receives advanced radiology services from an out-of-network provider in South Carolina or from any provider outside South Carolina without preauthorization, the provider will not be paid by BCBSSC, and the subscriber will be responsible for the entire bill.

Maternity Management

Regular prenatal care and following your doctor’s recommendations can help keep you and your baby healthy. If you are a mother-to-be, you are encouraged to participate in the Maternity Management Program. Medi-Call administers PEBA Insurance Benefits’ comprehensive maternity management program, “Coming Attractions.” The program monitors expectant mothers throughout pregnancy and manages Neonatal Intensive Care Unit (NICU) infants or other babies with special needs until they are 1 year old.

To enroll in the program, notify Medi-Call during the first trimester (three months) of your pregnancy. Medi-Call’s numbers are 803-699-3337 (Greater Columbia area) and 800-925-9724 (toll-free outside the Columbia area). You do not have to wait until you have seen your physician to call and enroll in “Coming Attractions.”

You can also notify Medi-Call of your pregnancy and enroll in “Coming Attractions” online through the Personal Health Record’s maternity screening program. Go to the PEBA Insurance Benefits website, www.eip.sc.gov. Under “Links,” select “Medical/My Health Toolkit (BlueCross BlueShield of South Carolina).” At the site, log in to “My Health Toolkit.” At the site, under “Quick Links,” select “Personal Health Record.” Now select the member. From there, you will be taken to the home screen of the “Personal Health Record,” which includes “My Activity Center.” Under “My Other Assessments” box, select “Coming Attractions.”

Please note: If you fail to preauthorize a hospital admission related to your pregnancy or to have your baby, you will pay a $200 penalty for each admission, as you would for any admission, whether the admission was maternity related or not. Also, the coinsurance you pay will not count toward your coinsurance maximum. For more information, see page 60 or call your maternity care nurse.

As a participant in “Coming Attractions,” you will receive a welcome packet that includes a pregnancy guide book to assist you in having a healthy pregnancy and other educational information throughout your pregnancy.

A Medi-Call maternity nurse will complete a Maternity Health Assessment form when you enroll. It is used to identify potential high-risk factors during your first trimester. If high-risk factors are identified, you will be scheduled for follow-up calls. If no risks are identified, you should call with any changes in your condition. Otherwise, your Medi-Call nurse will call you during your second and third trimester. Your Medi-Call nurse will also call you after your baby is born.

If you enroll in the program through the Personal Health Record, you can use the online system to correspond with your nurse and receive articles of interest from recognized medical sources.

Also, you can call Medi-Call anytime you have questions. A maternity case management nurse will be there to help you with both routine and special needs throughout your pregnancy and the postpartum period.

For more information about maternity benefits, see Pregnancy and Pediatric Care on pages 71-72.

You can also get to “My Health Toolkit” through StateSC.SouthCarolinaBlues.com.

Participating in the Maternity Management Program or contacting Medi-Call about the birth of your baby does not add your baby to your health insurance. Even if you have Full Family or Employee/Children coverage, you must add the baby to your policy by completing an NOE and submitting a long-form birth certificate within 31 days of his birth.
Wellness Incentive Program

The Wellness Incentive Program enables eligible State Health Plan members with cardiovascular disease, congestive heart failure or diabetes to qualify for a drug copayment waiver, 12 months of free generic drugs that treat these conditions. Diabetes testing supplies (glucometer, test strips, control solution, lancet, syringes, pen needles, etc.) purchased at a network pharmacy are also covered at no charge. The waiver can be renewed yearly. This program is designed to encourage participants to take more responsibility for their health and save themselves and the plan money.

Employees, retirees, COBRA subscribers and survivors and their covered family members are eligible to qualify if the State Health Plan is their primary insurance. If a subscriber is enrolled in the Medicare Supplemental Plan but covers family members who are not eligible for Medicare, these dependents are eligible for the incentive program. If Medicare or other coverage becomes primary while receiving the waiver, the waiver will continue for the 12-month period, but it will not be extended. Children age 5 and older are eligible if they have been diagnosed with a condition covered by the program.

Members are identified through claims or preauthorizations for one of the qualifying conditions. Members who are eligible will receive a letter or a phone call from BCBSSC explaining the details of the Wellness Incentive Program, including how to qualify for the waiver.

When a member meets the requirements to qualify for the waiver, he is sent a letter telling him when he will begin to receive free drugs. About three months before the waiver ends, he will receive a letter telling him what he needs to do to requalify. If a member loses eligibility, he also receives a letter.

For detailed information about the Wellness Incentive Program, call BCBSSC Customer Service at 800-868-2520 or go to StateSC.SouthCarolinaBlues.com. If you think you qualify for the program but have not been notified of your eligibility, call 855-838-5897. For more information about prescriptions, call Catamaran, the pharmacy benefit manager, at 855-901-PEBA (7322).

Weight Management Program

The BlueCross Weight Management program is designed to help you achieve weight-loss goals through small changes you can make while still getting on with your life. You will receive information about weight management, and a confidential survey will help a registered nurse tailor the program to meet your needs. Program candidates are identified through claims analysis, preauthorizations, doctor referral or self-referral.

If you think you qualify but have not received a letter or would like more information, call 855-838-5897.

Healthy Weight for Kids and Teens

This confidential program is for overweight and obese children between the ages of 2 and 17. It is designed to teach children and their parents healthy habits, support their efforts and help them work with their doctor on weight management. Members are enrolled based on medical claims, or they may be referred by a doctor. Also, a parent can enroll his covered child by calling 855-838-5897.

Health Management Program

Managing a chronic condition can be difficult. However, studies show you can help control your symptoms by making lifestyle changes and by following your doctor’s advice. You can also delay, or even prevent, many of the complications of the disease.
The Health Management Program is designed for Standard Plan and Savings Plan subscribers and their covered family members who have diabetes, heart disease or chronic respiratory conditions. BCBSSC selects participants by reviewing medical, pharmacy and laboratory claims. If you are identified as someone who could benefit from it, you are automatically enrolled. You may, however, opt out of the program.

As a participant, you will receive a welcome letter that includes the name of and contact information for your BlueCross health coach. Your coach will be a registered nurse who will help you learn more about your condition and how to manage it. He or she will also help you work with your physician to develop a plan to take charge of your illness, contacting you by phone or through the online Personal Health Record. You can contact your health coach as often as you like with questions or to ask for advice. For more information, call 855-838-5897.

If you have diabetes, congestive heart failure or cardiovascular disease, BCBSSC may send you a letter saying you are eligible for the Wellness Incentive Program.

About Your Privacy
In compliance with federal law, your health information will always be kept confidential. Your employer does not receive the results of any surveys you complete. Enrolling will not affect your health benefits now or in the future.

Health Management for Migraine Program
The program encourages a member to work with his doctor to create a plan to ease the pain of migraine headaches. A health coach helps the member learn to identify migraine triggers, develop healthy habits to prevent migraines and comply with his treatment plan. Members, who must be at least age 18, are invited to participate based on medical and pharmacy claims. They can also enroll by calling 855-838-5897.

Medical Case Management
Facing a serious illness or injury can be confusing and frustrating. You may not know where to find support or information to help you cope with your illness, and you may not know what treatment options are available. Case management can help.

The case management programs available to State Health Plan members are explained below. Each program includes teams of specially trained nurses and doctors. Their goal is to assist participants in coordinating, assessing and planning health care. They do so by giving a patient control over his care and respecting his right to knowledge, choice, a direct relationship with his physician, privacy and dignity. None of the programs provide medical treatment. All recognize that, ultimately, decisions about your care are between you and your physician. Each program may involve a home or facility visit to a participant but only with permission.

By working closely with your doctor, using your benefits effectively and using the resources in your community, the case management programs may help you through a difficult time. For more information on any of these programs, call 800-925-9724 and ask to be transferred to the case management supervisor.

BlueCross Medi-Call Case Management Program
This program is designed for State Health Plan members who have specific catastrophic or chronic disorders, acute illnesses or serious injuries. The program facilitates continuity of care and support of these patients while managing health plan benefits in a way that promotes high-quality, cost-effective outcomes.

Case managers talk with patients, family members and providers to coordinate services among providers and support the patient through a crisis or chronic disease. Case management intervention may be short- or long-term. Case managers combine standard preauthorization services with innovative approaches for
patients who require high levels of medical care and benefits. Case managers can often arrange services or identify community resources available to meet the patient’s needs.

The case manager works with the patient and the providers to assess, plan, implement, coordinate, monitor and evaluate ways of meeting a patient’s needs, reducing readmissions and enhancing quality of life. Your Medi-Call nurse case manager may visit you at home, with your permission, or in a treatment facility or your physician’s office when the treatment team determines it is appropriate.

A Medi-Call nurse stays in touch with the patient, caregivers and providers to assess and re-evaluate the treatment plan and the patient’s progress. All communication between BlueCross BlueShield of South Carolina and the patient, family members or providers complies with HIPAA privacy requirements. If a patient refuses medical case management, Medi-Call will continue to preauthorize appropriate treatment.

**Alere Complex Care Management Program**

Some members are referred to Alere for complex care management. The program is designed to assist the most seriously ill patients. They include those with complex medical conditions, who may have more than one illness or injury, who have critical barriers to their care and who are frequently hospitalized.

The complex care management program provides you with information and support through a local care coordinator, who is a registered nurse. This nurse coordinator can help you identify treatment options; locate supplies and equipment recommended by your doctor; coordinate care with your doctor and the SHP; and research the availability of transportation and lodging for out-of-town treatment. The nurse stays in touch weekly with patients and caregivers to assess and re-evaluate the treatment plan and the patient’s progress. This program helps you make informed decisions about your health when you are seriously ill or injured. Participation is voluntary. You can leave the program at any time, for any reason. Your benefits will not be affected by your participation.

Here is how the program works: BlueCross BlueShield of South Carolina will refer you to Alere if the program may benefit you. You will receive a letter explaining the program, and an Alere representative will contact you. A care coordinator in your area will visit you to discuss ways he can help you and will ask permission to contact your doctor to offer assistance.

An Alere team of specially trained nurses and doctors will review your medical information and treatment plan. (Your medical history and information will always be kept confidential among your caregivers and the Alere team.) Your local care coordinator nurse will be your main contact. You and your doctor, however, will always make the final decision about your treatment. Complex care management does not replace your doctor’s care. Always check with your doctor before following any medical advice.

A BlueCross nurse will act as a liaison with the Alere nurse. This BlueCross nurse provides information about benefits and networks and helps complete authorization for medically necessary services that are covered by the plan.

**VillageHealth Disease Management Renal Case Management Program**

VillageHealth Disease Management provides renal disease management care for select State Health Plan members receiving renal dialysis. These nurses visit patients in dialysis centers and in their homes to provide education and outreach that may help prevent acute illnesses and hospitalizations.

Here is how the program works. Subscribers receiving renal dialysis are referred to VillageHealth by BCBSSC. A South Carolina-based VillageHealth nurse then contacts the individual to confirm that he is a good candidate for renal case management. The nurse, who has many years of renal dialysis experience, coordinates care across all disciplines and facilitates Medi-Call referrals for patients accepted into the program.
As the link between the patient, providers and dialysis team, the nurse identifies the patient’s needs through medical record review and consultations with the patient, family and health care team. Needs may be medical, social, behavioral, emotional and financial. The nurse coordinates services based on the long-term needs of the patient and incorporates these needs into a plan agreed upon by the patient, physician(s), dialysis team and other providers. Your VillageHealth nurse may visit you at home, with your permission, or in the dialysis center when the treatment team determines it is appropriate. Your nurse will call you frequently and receive updates from your providers.

A Medi-Call case manager will be the liaison with the VillageHealth nurse. This Medi-Call nurse provides information about the use of benefits and networks and completes authorization for medically necessary services covered by the plan.

**Online Health Tools 🔥**

**My Health Toolkit**

**Personal Health Record**

Your Personal Health Record, which is available on the state BCBSSC website, is safe and secure. Through it, you have access to your health information, including a list of your claims and the prescription drugs you are taking, 24 hours a day, seven days a week.

You can enter medical information, such as allergies, vaccinations, test results and personal or family medical history. This information can be shared with family members or new doctors as you feel is appropriate. Through the “My Care Plan” section, you can get information about your health conditions and other medical topics that are of interest to you. If you participate in the Health Management Program, your health coach can use it to send you messages, assign tasks and provide you with additional information about your condition.

To review your record, go to the PEBA Insurance Benefits website, [www.eip.sc.gov](http://www.eip.sc.gov). Under “Links,” select “Medical/My Health Toolkit (BlueCross BlueShield of South Carolina).” Log in to “My Health Toolkit” and select “Personal Health Record.” From there, you will be asked to select the member. Then you will be taken to the home screen of the “Personal Health Record.”

**Personal Health Assessment**

An Personal Health Assessment (PHA) is available to State Health Plan subscribers who are 18 years and older. Go to the PEBA Insurance Benefits website, [www.eip.sc.gov](http://www.eip.sc.gov). Under “Links,” select “Medical/My Health Toolkit (BlueCross BlueShield of South Carolina).” At the site, log in to “My Health Toolkit.” Then, under Wellness, select “Personal Health Assessment” You will be taken to the survey.

The survey asks questions and then provides a wellness score based on your responses. To get the most useful results, you need measurements of your cholesterol, triglycerides, glucose and blood pressure, as well as of the circumference of your neck and waist. Most of this information is available through the Preventive Workplace Screening. See page 30 for more information.

The PHA gives you access to programs designed to address your risk factors. These interactive tools will help you reach your goals at your own pace. You can print your PHA results and recommendations, and you will continue to have access to them online. The program is on a secure web link. All assessments remain confidential. You can retake the survey each year to measure your progress toward your health goals.
Wellness

The Wellness section of My Health Toolkit offers ways to take a more active role in improving your health. Go to the Peba Insurance Benefits website, www.eip.sc.gov. Under “Links,” select “Medical/My Health Toolkit (BlueCross BlueShield of South Carolina)” and then log in to “My Health Toolkit.” Then click on “Wellness” and choose “Healthy Living Programs.”

Healthy Living Programs range from Stress Relief to Cancer Fighting to Healthy Aging. You can even design a program based on your own goals and interests. Healthwise Conversations® on a variety of topics tell how to get healthier by making simple changes. Interactive activities include tools to help you make healthy salads and sandwiches, shop better at the grocery store and track your meals and physical activity.

State Health Plan Benefits

The Standard Plan and the Savings Plan pay benefits for treatment of illnesses and injuries meeting the definition of medically necessary under the plan. This section is a general description of the plan. The Plan of Benefits contains a complete description of the benefits. Its terms and conditions govern all health benefits offered by the state. Contact your benefits administrator or Peba Insurance Benefits for more information. Some services and treatment require preauthorization by Medi-Call, National Imaging Associates, Catamaran or Companion Benefit Alternatives (CBA). Be sure to read the Medi-Call section beginning on page 60, the National Imaging Associates section on page 61 and the mental health and substance abuse section on page 84 for details.

Under the terms of the plan, a medically necessary service or supply is:

- Required to identify or treat an existing condition, illness or injury and
- Prescribed or ordered by a physician and
- Consistent with the covered person’s illness, injury or condition and in accordance with proper medical and surgical practices in the medical specialty or field of medicine at the time provided and
- Required for reasons other than the convenience of the patient and
- Results in measurable, identifiable progress in treating the covered person’s condition, illness or injury.

The fact that a procedure, service or supply is prescribed by a physician does not automatically mean it is medically necessary under the terms of the plan.

Advanced Practice Registered Nurse

Expenses for services received from a licensed, independent Advanced Practice Registered Nurse (APRN) are covered, even if these services are not performed under the immediate direction of a doctor. An APRN is a nurse practitioner, certified nurse midwife, certified registered nurse anesthetist or a clinical nurse specialist. All services received must be within the scope of the nurse’s license and needed because of a service allowed by the plan.

The State Health Plan only recognizes certified nurse midwives as providers of midwife covered services. A certified nurse midwife (CNM) is an APRN who is licensed by the State Board of Nursing as a midwife. The services of lay midwives and midwives licensed by the S.C. Dept. of Health and Environmental Control (DHEC) are not reimbursed.

Alternative Treatment Plans (ATP)

An alternative treatment plan is an individual program to permit treatment in a more cost-effective and less intensive manner. An ATP requires the approval of the treating physician, Medi-Call and the patient. Services and supplies that are authorized by Medi-Call as medically necessary because of the approved alternative treatment plan will be covered.
**Ambulance Service**

Ambulance service, including air ambulance service, is covered to the nearest outpatient hospital department to obtain medically necessary emergency care. Ambulance service is also covered to transport a member to the nearest hospital that can provide medically necessary inpatient services when those services are not available at the current facility. No benefits are payable for ambulance service used for routine, non-emergency transportation, including, but not limited to, travel to a facility for scheduled medical or surgical treatments, such as dialysis or cancer treatment. All claims for ambulance service are subject to medical review. Ambulance services are reimbursed at 80 percent of the allowed amount. However, non-participating providers can balance bill you up to the total of their charge for the service. For information on balance billing, see page 58.

**Autism Spectrum Disorder Benefits**

Applied Behavior Analysis (ABA) for treatment of Autism Spectrum Disorder is covered, subject to Companion Benefit Alternatives (CBA) guidelines and preauthorization requirements. All services must be approved by CBA and performed by a certified ABA provider.

**Bone, Stem Cell and Solid Organ Transplants**

State Health Plan transplant contracting arrangements include the BlueCross BlueShield Association (BCBSA) national transplant network, Blue Distinction Centers for Transplants (BDCT). All BDCT facilities meet specific criteria that consider provider qualifications, programs and patient outcomes.

All transplant services must be approved by Medi-Call (see page 60). You must call Medi-Call, even before you or a covered family member is evaluated for a transplant.

Through the BDCT network, SHP members have access to the leading organ transplant facilities in the nation. Contracts are also in effect with local providers for transplant services so that individuals insured by the plan may receive transplants at those facilities. You will save a significant amount of money if you receive your transplant services either at a BDCT network facility or through a local South Carolina network transplant facility. If you receive transplant services at one of these network facilities, you will not be balance billed. You will be responsible only for your deductible, coinsurance and any charges not covered by the plan. In addition, these network facilities will file all claims for you.

Transplant services at nonparticipating facilities will be covered by the plan. However, the SHP will pay only the SHP allowed amount for transplants performed at out-of-network facilities. If you do not receive your transplant services at a network facility, you may pay substantially more. In addition to the deductible and coinsurance, subscribers using out-of-network facilities are responsible for any amount over the allowed amount and will pay 40 percent coinsurance because they used out-of-network providers. Costs for transplant care can vary by hundreds of thousands of dollars. If you receive services outside the network, you cannot be assured that your costs will not exceed those allowed by the plan. For information on balance billing, see page 58. You may also call Medi-Call for more information.

**Chiropractic Care**

You are covered for specific office-based services from a chiropractor, including detection and correction by manual or mechanical means of structural imbalance, distortion or subluxation in the body to remove nerve interference and the effects of such nerve interference, where such interference is the result of, or related to, distortion, misalignment or subluxation of, or in, the vertebral column. Diagnostic X-rays are covered if medically necessary. For Standard Plan subscribers, chiropractic benefits are limited to $2,000 per person each year. Under the Savings Plan, they are limited to $500 per person each year. Both plans are limited to one Manual Therapy per visit, which is subject to the plan maximum. Services of a massage therapist are not covered.
Colonoscopies

Routine colonoscopies are covered once every ten years, starting at age 50, even when no symptoms are apparent. The plan will not cover the consultation before the routine colonoscopy. The amount billed for the consultation will be the patient’s responsibility. The plan also covers diagnostic colonoscopies. However, the plan does not pay 100 percent of the cost of a colonoscopy. All routine and diagnostic colonoscopies are subject to the plan’s copayments, deductible and coinsurance. Your copayments and the amount you pay in coinsurance may vary based on where you receive the service.

Contraceptives

For subscribers and covered spouses, routine contraceptive prescriptions, including birth control pills and injectables (including, but not limited to, Depo-Provera and Lunelle), filled at a participating pharmacy or through the plan’s mail-order pharmacy, are covered as prescription drugs. Birth control implants and injectables, given in a doctor’s office, are covered as a medical benefit. Contraceptives are covered for covered children only to treat a medical condition and must be preauthorized by Catamaran.

Cranial Remodeling Band or Helmet

The plan covers a cranial remodeling band when preauthorization review determines it to be medically necessary for the correction of a child’s moderate to severe positional head deformities associated with premature birth, restrictive intrauterine positioning, cervical abnormalities, birth trauma, torticollis or sleeping positions. Remodeling must begin between 4 and 12 months of age, following a failed two-month trial of conservative treatment (e.g., repositioning, neck exercises, etc.).

Diabetic Supplies

Insulin is allowed under the prescription drug program or under the medical plan but not under both. Insulin requires a $39 copayment for each supply of up to 31 days. Diabetic supplies, including syringes, lancets and test strips, are covered at participating pharmacies through your drug benefit for a $9 copayment, per item, for each supply of up to 31 days. **Generic drugs to treat diabetes and diabetes testing supplies are covered at no charge for Standard Plan and Savings Plan members enrolled in the Wellness Incentive Program.** Because insulin is not a generic drug, it is not eligible for coverage under the Wellness Incentive Program. For more information about the program, see page 63. Claims for diabetic durable medical equipment should be filed under your medical coverage.

Doctor Visits

Treatments or consultations for an injury or illness are covered when they are medically necessary under the terms of the plan and not associated with a service excluded by the plan. Some mental health and substance abuse outpatient visits still require preauthorization. For details on mental health and substance abuse benefits, see pages 84-85.

Durable Medical Equipment (DME)

Generally, DME must be preauthorized by Medi-Call. Some examples include:

- Any purchase or rental of durable medical equipment
- Any purchase or rental of durable medical equipment that has a nontherapeutic use or a potentially non-therapeutic use
- C-Pap or Bi-Pap machines
- Oxygen and equipment for oxygen use outside a hospital setting, whether purchased or rented
- Any prosthetic appliance or orthopedic brace, crutch or lift, attached to the brace, crutch or lift, whether initial or replacement.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  69
DME provider networks are available to State Health Plan members. They offer you discounts while providing you with high-quality products and care.

**Home Health Care**

Home health care includes part-time nursing care, health aide service or physical, occupational or speech therapy provided by an approved home health care agency and given in the patient’s home. You cannot receive home health care and hospital or skilled nursing facility benefits at the same time. These services do not include custodial care or care given by a person who ordinarily lives in the home or is a member of the patient’s family or the patient’s spouse’s family. **Benefits are limited to 100 visits per year.** These services must be preauthorized by Medi-Call, and the member must be home bound.

**Hospice Care**

The plan will pay up to $6,000 for hospice care for a patient certified by his physician as having a terminal illness and a life expectancy of six months or less. The benefit also includes a maximum of $200 for bereavement counseling. These services must be preauthorized by Medi-Call.

**Infertility**

If either the subscriber or the spouse has had a tubal ligation or a vasectomy, the plan will not pay for the diagnosis and treatment of infertility for either member.

To be eligible for benefits to treat infertility, the subscriber or spouse must have a diagnosis of infertility. **Coverage is limited to a lifetime maximum payment of $15,000. Please note:** The limit applies to any covered medical benefits and covered prescription drug benefits incurred by the subscriber or the covered spouse, whether covered as a spouse or as an employee.

Included in the $15,000 maximum are diagnostic tests, prescription drugs and up to six cycles of Intrauterine Insemination (IUI), and a maximum of three completed cycles of zygote or gamete intrallopian transfer (ZIFT or GIFT) or in vitro fertilization (IVF) per lifetime. A cycle reflects the cyclic changes of fertility with the cycle beginning with each new insemination or assisted reproductive technology (ART) transfer or implantation attempt. ART procedures not specifically mentioned are not covered, including but not limited to: tubal embryo transfer (TET), pronuclear stage tubal embryo transfer (PROUST) oocyte donation and intracytoplasmic sperm injection (ICSI).

Benefits are payable at 70 percent of the allowed amount. Your share of the expenses does not count toward your coinsurance maximum. All procedures related to infertility must be preauthorized by Medi-Call. Call Medi-Call at 803-699-3337 in the Greater Columbia area and at 800-925-9724 in South Carolina, nationwide and in Canada for more information.

**Prescription drugs for treatment of infertility are subject to a 30 percent coinsurance payment under both the Savings Plan and the Standard Plan.** This expense does not apply to the $2,500 per person prescription drug copayment maximum under the Standard Plan. It does apply to the Savings Plan deductible. The 70 percent plan payment for prescription drugs for infertility treatments applies to the $15,000 maximum lifetime payment for infertility treatments. Call Catamaran’s Member Services at 855-901-PEBA (7322) for more information about prescription drugs.

**Please note:** When you become pregnant, you are encouraged to enroll in the “Coming Attractions” Maternity Management Program. See page 62 for more information.
Inpatient Hospital Services

Inpatient hospital care, including a semi-private room and board, is covered. In addition to normal visits by your physician while you are in the hospital, you are covered for one consultation per consulting physician for each inpatient hospital stay. **Inpatient care must be approved by Medi-Call or Companion Benefit Alternatives (CBA).** For more information, see page 60.

Outpatient Facility Services

Outpatient facility services may be provided in the outpatient department of a hospital or in a freestanding facility.

Outpatient services and supplies include:
- Laboratory services
- X-ray and other radiological services
- Emergency room services
- Radiation therapy
- Pathology services
- Outpatient surgery
- Infusion suite services and
- Diagnostic tests.

If you are covered under the Standard Plan, you will be charged a $95 outpatient facility services copayment. You will be charged a $159 copayment for emergency room services. These copayments do not apply to your annual deductible or your coinsurance maximum. The copayment for emergency room services is waived if you are admitted to the hospital.

The outpatient facility services copayment **does not** apply to dialysis, routine mammograms, routine Pap tests, routine physical therapy, clinic visits, oncology services, electro-convulsive therapy, psychiatric medication management and partial hospitalization and intensive outpatient behavioral health services.

**Please note:** When lab tests are ordered, you may wish to talk with your provider about the possibility of having the service performed at an independent lab. This would enable you to avoid the $95 copayment for outpatient facility services or the $12 copayment for a physician office visit.

Pregnancy and Pediatric Care

Maternity benefits are provided to covered female employees or retirees and to covered wives of male employees or retirees. **Covered children do not have maternity benefits.** Maternity benefits include necessary prenatal and postpartum care, including childbirth, miscarriage and complications related to pregnancy. **You are encouraged to enroll in the “Coming Attractions” Maternity Management Program.** See page 62 for information.

Under federal law, group health plans generally cannot restrict benefits for the length of any hospital stay in connection with childbirth for the mother or the newborn to fewer than 48 hours after a vaginal delivery or fewer than 96 hours after a caesarean section. However, the plan may pay for a shorter stay if the attending physician, after consultation with the mother, discharges the mother or newborn earlier.

Also under federal law, group health plans may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay. In addition, a plan may not require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce out-of-pocket costs, a member may be required to obtain precertification.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  71
The State Health Plan only recognizes certified nurse midwives as providers of midwife covered services. A certified nurse midwife (CNM) is an Advance Practice Registered Nurse (APRN) who is licensed by the State Board of Nursing as a midwife. Services from an APRN are covered, even if these services are not performed under the immediate direction of a doctor. The services of lay midwives and midwives licensed by the S.C. Dept. of Health and Environmental Control (DHEC) are not reimbursed.

Please note: Breast pumps are not covered.

### Prescription Drugs

Prescription drugs, including insulin, are covered at a participating pharmacy, subject to plan exclusions and limitations. Drugs in FDA Phase I, II or III testing are not covered. Prescription drugs associated with infertility treatments have a different coinsurance rate. See page 70 for more information.

Nonsedating antihistamines and drugs for treating erectile dysfunction are not covered under the Savings Plan.

### Reconstructive Surgery After a Medically Necessary Mastectomy

The plan will cover, as required by the Women’s Health and Cancer Rights Act of 1998, mastectomy-related services, including:

- Reconstruction of the breast on which the mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses
- Treatment of physical complications in all stages of mastectomy, including lymphedema.

These services apply only in post mastectomy cases. All services must be approved by Medi-Call.

### Rehabilitation Care

The plan provides benefits for physical rehabilitation designed to restore a bodily function that has been lost because of trauma or disease.

Rehabilitation care is subject to all terms and conditions of the plan including:

- Preauthorization is required for any inpatient rehabilitation care, regardless of the reason for the admission
- The rehabilitation therapy must be performed in the most cost-effective setting appropriate to the condition.
- The provider must submit a treatment plan to Medi-Call
- There must be reasonable expectation that sufficient function can be restored for the patient to live at home
- Significant improvement must continue to be made
- An inpatient admission must be to an accredited (JCAHO or CARF) rehabilitation facility.

Rehabilitation benefits are not payable for:

- Vocational rehabilitation intended to teach a patient how to be gainfully employed
- Pulmonary rehabilitation (except in conjunction with a covered and approved lung transplant)
- Cognitive (mental) retraining
- Community re-entry programs
- Long-term rehabilitation after the acute phase
- Work-hardening programs
- Services by a massage therapist.
Rehabilitation – Acute

Acute-phase rehabilitation often is done in an outpatient setting. In complex cases, the rehabilitation may be done in an acute-care facility and then a sub-acute rehabilitation facility or an outpatient facility. Acute rehabilitation begins soon after the start of the illness or injury and may continue for days, weeks or several months. Cardiac and pulmonary rehabilitation require preauthorization.

Rehabilitation – Long-term

Long-term rehabilitation refers to the point at which further improvement is possible, in theory, but progress is slow and its relationship to formal treatment is unclear. Long-term rehabilitation after the acute phase is generally not covered.

Second Opinions

If Medi-Call advises you to seek a second opinion before a medical procedure, the plan will pay 100 percent of the cost of that opinion. These procedures include surgery, as well as treatment (including hospitalization).

Skilled Nursing Facility

The plan will pay limited benefits for medically necessary inpatient services at a skilled nursing facility for up to 60 days. Physician visits are limited to one a day. These services require approval by Medi-Call.

Speech Therapy

The plan covers short-term speech therapy to restore speech or swallowing function that has been lost as a result of disease, trauma, injury or congenital defect (e.g., cleft lip or cleft palate). Speech therapy must be prescribed by a physician and provided by a licensed speech therapist. Speech therapy, whether it is offered in an inpatient setting or in the member’s home, requires preauthorization by Medi-Call. For more information about this benefit, contact BlueCross BlueShield of South Carolina (BCBSSC) customer service at 803-736-1576 (Greater Columbia area) or 800-868-2520 (toll-free outside the Columbia area).

Maintenance therapy begins when the therapeutic goals of a treatment plan have been achieved or when no further functional progress is documented or expected to occur. Maintenance therapy is not covered.

Speech therapy is not covered when associated with any of the following:

- Verbal apraxia or stuttering
- Language delay
- Communication delay
- Developmental delay
- Attention disorders
- Behavioral disorders
- Cognitive (mental) retraining
- Community re-entry programs or
- Long-term rehabilitation after the acute phase of treatment for the injury or illness.

After a claim is paid, BCBSSC can still review speech therapy services to determine if the services are a benefit covered by the plan.
Surgery

Physician charges for medically necessary inpatient surgery, outpatient surgery and use of surgical facilities are covered, if the care is associated with a service allowed by the plan.

Other Covered Benefits

These benefits are covered if they are determined to be medically necessary and associated with a service allowed by the plan:

- Blood and blood plasma, excluding storage fees
- Nursing services (part-time/intermittent)
- Dental treatments or surgery to repair damage from an accident, for up to one year from the date of the accident
- Dental surgery for bony, impacted teeth when supported by X-rays.

Extended care is covered as an alternative to hospital care only if it is approved by Medi-Call.

Preventive Benefits

The Standard Plan and the Savings Plan have benefits that can help make it easier for you and your family to stay healthy. You also are eligible for Prevention Partners programs. By helping prevent potentially expensive health problems and hospital admissions, these benefits help control medical claims costs, saving you and the plan money.

Please note: Preventive and routine services, other than those listed below, generally are not covered by the plan.

Shingles Vaccine Benefit

Zostavax, the shingles vaccine, is covered as a pharmacy benefit for State Health Plan members age 60 and older. The vaccination requires a prescription. (To save the cost of an extra office visit, the member may want to get the prescription on a regular visit to his doctor.) Remember: Zostavax, like all prescription drugs, is covered only if it is purchased at a network pharmacy.

- For a Standard Plan member, the vaccine is covered as a Tier 2 drug, which has $38 copayment.
- For a Savings Plan member, the allowed amount for the drug is applied to his annual deductible, if it has not been met.

Some network pharmacies administer the vaccine. If the vaccination is not given on site, Zostavax needs to be kept frozen and taken immediately to a doctor’s office for administration.

Please note: The plan covers the cost of the vaccine only. It does not cover any charges related to providing the vaccination, including the cost of any office visits or the fee for giving the vaccination, whether it is given at a pharmacy or at a doctor’s office.

Benefits for Women

Mammography Program

Routine mammograms are covered at 100 percent as long as you use a provider in the mammography network and you meet eligibility requirements.
Mammography benefits include:
• One base-line mammogram (four views) for women age 35 through 39
• One routine mammogram (four views) every year for women age 40 through 74. (It is recommended that you schedule your mammogram after your birthday.)

Please note: To find a mammography network provider, go to “Find a Doctor or Hospital” on StateSC. SouthCarolinaBlues.com. If you do not have Internet access, contact your provider or call BCBSSC at 803-736-1576 (Greater Columbia area) or 800-868-2520 (toll-free outside the Columbia area) for assistance.

Charges for routine mammograms performed at nonparticipating facilities are not covered, with the exception of procedures performed outside South Carolina. Out-of-network providers are free to charge you any price for their services, so you may pay more.

A doctor’s order is not required for a routine mammogram. However, most centers ask for one, so it is recommended that you get one.

Preventive mammogram benefits are in addition to benefits for diagnostic mammograms. Any charges for additional mammograms are subject to copayments, the deductible and coinsurance.

Women, age 40 and older, covered as retirees and enrolled in Medicare, should contact Medicare or see Medicare and You 2015 for information about coverage. The State Health Plan is primary for a woman covered as active employee or as the spouse of an active employee, regardless of Medicare eligibility.

Pap Test Benefit

Standard Plan members
The plan covers only the cost of the lab work associated with a Pap test each calendar year, without any requirement for a deductible or coinsurance, for covered women ages 18 through 65. Before you receive this service, please consider the following:
• The cost of the portion of the office visit associated with the Pap test is covered.
• Costs for the portion of the office visit not associated with the Pap test, charges associated with a pelvic exam, breast exam, or a complete or mini-physical exam and any other laboratory tests, procedures or services associated with receiving the Pap test benefit are not covered and are the member’s responsibility.
• If the test is performed by an out-of-network provider, the member may be billed for the amount of the charge above the State Health Plan allowed amount for the test.

It is strongly advised that the member contact the provider before scheduling an office visit to determine the cost of the exam and related services. The amount the member pays for additional services does not count toward her annual deductible.

Savings Plan members
Savings Plan participants have the same Pap test benefit as Standard Plan members. However, Savings Plan members older than 18 are entitled to a routine annual exam. They may receive a routine annual exam or an exam performed in conjunction with the Pap test, but not both. If both are performed in the same year, the first one filed will be allowed.

Well Child Care Benefits

Well Child Care benefits are designed to promote good health and aid in the early detection and prevention of illness in children enrolled in the State Health Plan.

Who is Eligible?
Covered children are eligible for Well Child Care check-ups until they turn age 19.

www.eip.sc.gov  S.C. Public Employee Benefit Authority
**How Does it Work?**

This benefit covers Well Child Care exams and timely immunizations, which must be performed by a network professional. When these services are received from an SHP or BlueCard network doctor, benefits will be paid at 100 percent of the allowed amount. **The State Health Plan will not pay for services from out-of-network providers.** Some services may not be considered part of Well Child Care. For example, if during a well child visit a fever and sore throat were discovered, the lab work to verify the diagnosis would not be part of the routine visit. These charges, if covered, would be subject to the copayment, deductible and coinsurance, as would any other medical expense.

**Well Child Care Checkups**

The plan pays 100 percent of the allowed amount for approved routine exams, Centers for Disease Control-recommended immunizations and American Academy of Pediatrics-recommended lab tests when a network doctor provides these checkups:

- Younger than 1 year old — five visits
- 1 year old — three visits
- 2 years old until they turn 19 years old — one visit a year. (The Well Child Care exam must occur after the child’s birthday.)

**Immunizations**

Benefits are provided for all immunizations at the appropriate ages recommended by the Centers for Disease Control for children until they turn age 19. To be sure the immunization will be covered, the child must have reached the age at which the schedule says the immunization should be given.

If your covered child has delayed or missed receiving immunizations at the recommended times, the plan will pay for catch-up immunizations until he turns age 19, subject to the limitations outlined above. The schedule below provides general information but is subject to change. **Please contact your State Health Plan pediatrician or call Medi-Call for the most up-to-date information about how to immunize your child properly.**

### Additional Benefits for Savings Plan Participants

Under the Savings Plan, each covered family member is eligible for the allowed amount for a **yearly flu immunization**. (If the member does not go to a network physician, he may be billed for the difference between the charge and the allowed amount.)

Savings Plan participants age 19 and older may receive an **annual physical exam** from a network provider in his office that includes:

- A preventive, comprehensive examination
- A complete urinalysis, if coded as a preventive screening
- A preventive EKG
- A fecal occult blood test, if coded as a preventive screening
- A general health laboratory panel blood work, if coded as a preventive screening. (This benefit does not include a more comprehensive executive blood panel test.)
- A preventive lipid panel once every five years (for testing cholesterol and triglycerides).

**Note:** If your network physician sends tests to a out-of-network physician or lab, the tests will not be covered.

When you check out, you may wish to remind your physician’s staff that you are covered under the Savings Plan and your exam should be coded as a routine physical. If a service that would have otherwise been covered is coded as a diagnostic procedure, it will apply to the member’s deductible or be paid as a diagnostic procedure at the contract rate.

### Natural Blue™ and Member Discounts

Natural Blue™ is a discount program available to State Health Plan subscribers and offered by BCBSSC. The program has a network of licensed acupuncturists, massage therapists and fitness clubs that may be used at lower fees, often as much as a 25 percent discount. Natural Blue also offers discounts on health products, such as vitamins, herbal supplements, books and tapes.

Like Natural Blue, Member Discounts offers savings on other products and services that BCBSSC makes available but that are not State Health Plan benefits. Companion Global Healthcare, for example, assists with providing lower-cost medical care in countries ranging from Costa Rica to Ireland to Thailand. All care

**Advantages:**

- Lower drug costs
- Prorated copayments
- Larger formulary (list of covered drugs)
- No “pay-the-difference” policy on brand drugs
- Subsidies for low-income subscribers
**State Health Plan Prescription Drug Program**

Prescription drugs are a major benefit to you and a major part of the cost of our self-insured health plan. Using generic drugs saves you and the plan money. You also can save money, and receive the same FDA-approved drugs, when you refill prescriptions through the plan’s mail-order prescription service. **Remember: Benefits are paid only for prescriptions filled at network pharmacies or through the mail-order pharmacy in the U.S.** Limited coverage is offered outside the U.S. For more information, see page 228.

Prescription drugs, including insulin or other self-injectable drugs (drugs administered at home), are covered subject to plan exclusions and limitations, provided you use a participating pharmacy. Drugs in FDA Phase I, II or III testing are not covered. Prescription drugs associated with infertility treatments have a different coinsurance rate. See page 70 for more information.

**Please note:** You will receive two pharmacy benefits cards from Catamaran, the State Health Plan pharmacy benefits manager. Please present your card when you fill a prescription, particularly the first time you use your card, and any time you fill a prescription at a different pharmacy.

**Standard Plan**

Under the Standard Plan, you show your pharmacy benefits card the first time you purchase a prescription from a participating retail pharmacy and pay a copayment. Copayments are $9 for Tier 1 (generic – lowest cost), $38 for Tier 2 (brand – higher cost) or $63 for Tier 3 (brand – highest cost) for up to a 31-day supply.

The *prescription drug copayment* is a fixed total amount a subscriber must pay for a covered drug. The insurance plan pays the cost beyond the copayment, up to the allowed amount.

**Prescription drug benefits are payable without an annual deductible.** There are no claims to file.

The prescription drug benefit has a separate annual copayment maximum of $2,500 per person. This means that after you spend $2,500 in prescription drug copayments, the plan will pay 100 percent of the allowed amount for your covered prescription drugs for the rest of the year. Drug expenses do not count toward your medical annual deductible or coinsurance maximum.

**Savings Plan**

Under the Savings Plan, you show your pharmacy benefits card the first time you purchase a prescription from a participating retail pharmacy. There are no copayments under the Savings Plan. You pay the full allowed amount for your prescription drugs, and a record of your payment is transmitted electronically to BCBSSC.

- If you have not met your annual deductible, the full allowed amount for the drug will be credited to it.
- If you have met your annual deductible, you will still pay the full allowed amount for the drug. However, BCBSSC will reimburse you for 80 percent of the drug’s allowed amount. The remaining 20 percent of the allowed amount will be credited to your coinsurance maximum.

Nonsedating antihistamines and drugs for erectile dysfunction are not covered under the Savings Plan.

**State Health Plan Medicare Prescription Drug Program**

If you are enrolled in the State Health Plan as an *active employee*, there are no changes in your prescription drug coverage when you or your covered dependents become eligible for Medicare. PEBA
automatically enrolls Medicare-eligible retirees and their Medicare-eligible dependents in the SHP Medicare Prescription Drug Program. However, they have the option to switch back to the SHP Prescription Drug Program, which covers members who are not eligible for Medicare. For information about the SHP Medicare Prescription Drug Program, see pages 200-201.

Features of the Prescription Drug Program

Find Pharmacy Information Online

Catamaran offers several tools that may help you and your doctor make more economical decisions about your long-term prescriptions. After you log in at myCatamaranRx.com you can search for the medications you take, learn what you will pay for them and find out how much you could save by using lower-cost alternatives available under your plan. Your options could include generic drugs, less expensive brand-name drugs or the use of Catamaran Home Delivery for long-term prescriptions. Remember, no prescription will ever be changed without your doctor’s approval.

For Members on the Go

The Catamaran Mobile App provides easy access to your prescription drug information. With the mobile app, you can:

- Show your doctor which drugs you are taking
- Pull up your medication history
- Shop around for the best price on your prescription
- Compare copayments at retail pharmacies and mail order before you fill your prescription
- Find the pharmacy you want quickly and easily
- Get directions to network pharmacies and find a nearby 24-hour retail pharmacy.

Step Therapy Program

This program is designed to encourage use of generics and over-the-counter drugs that are alternatives to some high-volume, high-priced brand-name drugs. For example, omeprazole is a less expensive alternative to Aciphex.

If you or your doctor thinks you should not use the lower-cost drug, your prescription may require preauthorization or it may be covered at the Tier 3 (highest cost) rate. You or your doctor may request a coverage review by calling Catamaran. As part of the process, you may be required to have tried and failed to successfully use the lower-cost drug. If as a result of the review, the drug is approved, it will be covered at the appropriate tier. If approval is denied, your health plan will not cover the drug.

For more information, call Catamaran at 855-901-PEBA (7322).

Tiers Determine Prescription Drug Cost

Members covered under the Standard Plan and the SHP Medicare Prescription Drug Program pay copayments for drugs.

Tier 1 (Generic — $9 copayment)

Generic drugs may differ in color, size or shape, but the FDA requires that the active ingredients be the chemical equivalent of the brand-name alternative and have the same strength, purity and quality. Because generic drugs have a lower copayment, you typically get the same health benefits for less.

You may wish to ask your doctor to mark “substitution permitted” on your prescription. If he does not, your pharmacist will have no choice but to give you the brand-name drug, if that is the drug your doctor wrote on the prescription.
Tier 2 (Brand — $38 copayment)
These are drugs Catamaran’s Pharmacy and Therapeutics Committee has determined to be safe, effective and available at a lower cost than Tier 3 drugs. The list may be updated during the year. It is available online at www.myCatamaranRx.com. You may reach the Catamaran website through the PEBA Insurance Benefits website by clicking on “Links” and then “Prescription Drugs (Catamaran).”

Tier 3 (Brand — $63 copayment)
These medications carry a higher copayment or higher price. Tier 3 contains drugs that may be considered preferred or nonpreferred on the formulary, the list of prescription drugs approved by your plan.

Pay-the-Difference Policy
Under the State Health Plan, there is a “pay-the-difference” policy. If you purchase a brand-name drug when an FDA-approved generic equivalent is available, the payment will be limited to what the plan would have paid for the generic equivalent. This policy will apply even if the doctor prescribes the drug as “Dispense as Written” or “Do Not Substitute.”

Under the Standard Plan and the Medicare Supplemental Plan* if you purchase a Tier 2 or Tier 3 (brand) drug over a Tier 1 (generic) drug, you will be charged the generic copayment, PLUS the difference between the allowed amounts for the brand drug and the generic drug. If the total amount is less than the Tier 2 or Tier 3 (brand) copayment, you will pay the brand copayment.

*The pay-the-difference policy does not apply to members covered by the State Health Plan Medicare Prescription Drug Program.

Please note: Only the copayment for the Tier 1 (generic) drug will apply toward a member’s annual prescription drug copayment maximum.

The examples below show how pay-the-difference works under the Standard Plan and, if you are covered under the SHP Prescription Drug Program, the Medicare Supplemental Plan:

This is what you pay for a Tier 2 (brand) drug when a Tier 1 (generic) drug is not available.

<table>
<thead>
<tr>
<th></th>
<th>Tier 1 (generic)</th>
<th>Tier 2 (brand)</th>
</tr>
</thead>
<tbody>
<tr>

<td>(the generic copayment only)</td>
</tr>
<tr>
<td>Amount you pay because you chose the brand drug</td>
<td>$69</td>
<td>(The generic copayment [$9] plus the difference between the allowed amount for the generic drug and the brand drug [$60])</td>
</tr>
</tbody>
</table>
Under the **Savings Plan**, if you purchase a Tier 2 or Tier 3 (brand) drug over a Tier 1 (generic) drug, only the allowed amount for the generic drug will apply toward your deductible. After you have met your deductible, only the patient's 20 percent share of the allowed amount for the generic drug will apply toward your coinsurance maximum.

If you are taking a Tier 2 or Tier 3 drug, you may wish to ask your doctor about using a generic drug, if one is available. If appropriate, the doctor may note on the prescription that substitution is permitted.

### Compound Prescriptions

A compound prescription is a medication that requires a pharmacist to mix two or more drugs, based on a doctor’s prescription, when such a medication is not available from a manufacturer. **It must be purchased from a participating pharmacy.** Prior authorization is required of any compound prescription costing $500 or more.

If a network pharmacy does not file your claim, you must pay the entire cost of the prescription and then submit a claim to Catamaran. Information on how to file a claim to Catamaran is on page 228. Claims must be accompanied by an itemized list of the ingredients. Ask your pharmacist to provide you with this list when you fill your prescription. Please be sure it includes:

- The name of each ingredient
- The valid National Drug Code (NDC) for each ingredient
- The quantity of each ingredient.

This information allows Catamaran to process your claim based on the actual ingredients in the medication.

When you file your own claim, your reimbursement may be less than what you paid for the drug because it will be limited to the plan’s allowed amount minus the copayment for the actual ingredients in the compound prescription. Prescriptions filled at out-of-network pharmacies will not be reimbursed.

Some compound drugs may be available through the mail-order pharmacy. Please contact Catamaran to see if they are available before ordering.

### Prior Authorization

Some medications will be covered by the plan only if they are prescribed for certain uses. These drugs must be authorized in advance, or they will not be covered under the plan. If the prescribed medication requires prior authorization, you, your doctor or your pharmacist may begin the review process by contacting Catamaran at 855-901-PEBA (7322).

### Retail Pharmacies

You must use a participating pharmacy, and you must show your health plan identification card when purchasing medications. The State Health Plan uses Catamaran’s national pharmacy network. Most major pharmacy chains and independent pharmacies participate in this network. If you are enrolled in the State Health Plan, you may get a list of network pharmacies through the PEBA Insurance Benefits website, [www.eip.sc.gov](http://www.eip.sc.gov), by selecting “Online Directories” and then “State Health Plan Pharmacy Locator.” You will need to register and sign in. You may also get a list of network pharmacies from your benefits administrator.

### Retail Maintenance Network

If you are enrolled in the SHP Prescription Drug Program or the SHP Medicare Prescription Drug Program, you may buy up to 90-day supplies of prescription drugs at mail-order prices at local pharmacies belonging to the **Retail Maintenance Network**. You pay the same copayment as you would pay through mail order. The discount applies only to prescriptions filled for a 63-90 day supply. Copayments
for prescriptions filled for a 0-62 day supply at these retail pharmacies remain the same. The copayments also remain the same at all other network pharmacies. A list of the pharmacies is on the PEBA Insurance Benefits website, www.eip.sc.gov, under “Online Directories.” If you do not have Internet access, ask your benefits administrator to print the list for you. For more information, call Catamaran at 855-901-PEBA (7322).

**Mail-Order: A Way to Save Time and Money**

The SHP Prescription Drug Program and the Medicare Prescription Drug Program offer home delivery for 90-day supplies of prescriptions. By using this service, you receive a discount on the same FDA-approved prescription drugs that you would buy at a retail pharmacy. Mail order is an ideal option for anyone with a recurring prescription, such as birth control medicine, or a chronic condition, such as asthma, high cholesterol or high blood pressure. Some controlled substances may not be available by mail. Please call Catamaran before submitting your prescription.

**Please be sure your physician writes your prescription for a 90-day supply.** If you have any questions before you order a 90-day supply of a drug, call Catamaran at 855-901-PEBA (7322).

**Standard Plan and the Medicare Supplemental Plan**

The copayments for up to a 90-day supply are:

- Tier 1 (generic) – $22
- Tier 2 (brand) – $95
- Tier 3 (brand) – $158

**Savings Plan**

You pay the full allowed amount when you order prescription drugs through the mail. However, that cost for a 90-day supply will typically be less than you would pay at a retail pharmacy.

**How to Order Drugs by Mail**

This is how Catamaran’s home delivery service works:

- Ask your physician to write two prescriptions: one for a single 31-day supply and one for a 90-day supply with refills.
- Fill your prescription for the 31-day supply at a network retail pharmacy.
- Complete a home delivery prescription form and mail it to Catamaran Home Delivery. Order forms are available through the PEBA Insurance Benefits website, www.eip.sc.gov, under “Forms.” On Catamaran’s website, www.mycatamaranRx.com, select “More Info” and then “Forms/Documents.” An order form also will be included in your welcome packet.
- Your mail order prescription(s) will be sent to your home, typically within 10-14 business days. Meanwhile, use your prescription from the network retail pharmacy.

Once the initial prescription has been entered and filled, you may order refills online or by phone using Catamaran’s toll-free number: 855-901-PEBA (7322).

If you want to save money by ordering a 90-day supply by mail, be sure to ask your doctor to write a prescription for a 90-day supply with refills. Under the Savings Plan, you can buy less than a 90-day supply.

**Coordination of Benefits**

The State Health Plan coordinates prescription drug benefits, as well as medical benefits. This ensures that if you are covered by more than one health plan, both plans pay their share of the cost of your care. See pages 20 and 54 for more information.

www.eip.sc.gov

S.C. Public Employee Benefit Authority 83
Exclusions
Some prescription drugs are not covered under the plan. See page 72 for more information.

Mental Health and Substance Abuse Benefits

For Customer Service and Claims – 800-868-2520
For customer service and information about claims for mental health and/or substance abuse care, call BlueCross BlueShield of South Carolina (BCBSSC).

How Are Mental Health/Substance Abuse Claims Filed?
Claims for mental health and substance abuse are subject to the same copayments, deductibles, coinsurance and coinsurance maximums as medical claims. There is no limit on the number of provider visits allowed as long as the care is medically necessary under the terms of the plan. There is not a separate annual and lifetime maximum for mental health and substance abuse benefits.

If you use a network provider, the provider is responsible for submitting claims for services. If you receive care from a provider who is not a member of the network, see page 228 for information about how to file a claim. Your mental health and substance abuse provider will be required to conduct periodic medical necessity reviews (similar to Medi-Call for medical benefits).

The Mental Health/Substance Abuse Provider Network
Medically necessary mental health and substance abuse services are covered when rendered by network and out-of-network providers. Just like benefits for medical services, a higher percentage of the cost of your care is covered if you use network services.

The most up-to-date list of providers is on the state BCBSSC website. Under “Online Directories” on the PEBA Insurance Benefits website, select “State Health Plan Doctor/Hospital Finder.” To see a printable directory of network providers in South Carolina and surrounding counties in Georgia and North Carolina, select “Mental health/substance abuse (Companion Benefit Alternatives)” under “Links.” This will take you to CompanionBenefitAlternatives.com where you can select “Members.” Under “Find a Provider,” select “Network Directory.” To learn more about how to use these directories, see page 55-57.

Paper copies of lists of providers from the directory are available from your benefits office or, if you are a retiree, survivor or COBRA subscriber, from BCBSSC. If you have questions about these or other network providers, call BCBSSC. Remember, if you use an out-of-network provider, you will pay more.

For Preauthorization and Case Management – 800-868-1032
Preauthorization and case management of mental health and substance abuse benefits are handled by Companion Benefit Alternatives (CBA). CBA is the mental health/substance abuse benefit manager and a wholly owned subsidiary of BCBSSC.

Office visits to a mental health or substance abuse provider, such as a psychologist, a clinical social worker or a professional counselor, do not require preauthorization except for the services listed below.

These services must be preauthorized by CBA:

• Inpatient Hospital Care
• Intensive Outpatient Hospital Care
• Partial Hospitalization Care
• Outpatient Electroconvulsive Therapy (ECT) – Hospital and Physician Services
• Repetitive Transcranial Magnetic Therapy (rTMS)
• Applied Behavior Analysis Therapy (ABA)
• Psychological/Neuropsychological Testing.

To preauthorize services, your provider must call CBA at 800-868-1032 before you are admitted or, in an emergency situation, within 48 hours or the next working day. For professional services listed above, your provider must call before services are rendered. To assess medical necessity, CBA will require clinical information from the mental health or substance abuse provider currently treating you. Although your provider may make the call for you, it is your responsibility to see that the call is made and the preauthorization has been granted. A determination by CBA does not guarantee payment. Other conditions, including eligibility requirements, other limitations and exclusions, payment of deductibles and other provisions of the plan must be satisfied before BCBSSC makes payment.

What are the Penalties for not Calling CBA for Preauthorization?

Mental Health Professional Services
If mental health and substance abuse outpatient services that require preauthorization, (Applied Behavior Analysis Therapy and Psychological/Neuropsychological Testing) are not preauthorized, they will not be covered.

Facility Services
If your provider does not call CBA when required, you will pay a $200 penalty for each hospital admission. In addition, the coinsurance maximum will not apply. You will continue to pay your coinsurance, no matter how much you pay out-of-pocket.

Case Management
Case management is designed to support members with catastrophic or chronic illness. Participants are assigned a case manager, who will help educate them on the options and services available to meet their mental health and substance abuse needs and assist in coordinating needed services.

Case managers are licensed nurses and social workers. They assist members by answering questions and helping them get the most out of their mental health, medical and pharmacy benefits. This may include care planning, patient/family education, benefits review and coordinating other services and community resources. Covered members enrolled in this program receive access to a personal case manager, educational resources and web tools that help them learn more about their health and how they can better manage their condition. Participation is voluntary and confidential.

Quit For Life® Program
The research-based Quit For Life® Program is brought to you by the American Cancer Society® and Alere Wellbeing. It is available at no charge to State Health Plan subscribers, their covered spouses and covered dependents age 13 or older.

One of the most successful programs of its kind, the Quit For Life Program helps participants stop using cigarettes, cigars, pipes and smokeless tobacco. A professionally trained Quit Coach® works with each participant to create a personalized quit plan. As part of the 12-month program, participants receive a complete Quit Guide and five telephone calls from a Quit Coach. Participants may call the toll-free support line as often as they wish. For members age 18 and older, the program also provides free nicotine replacement therapy, such as patches, gum or lozenges, if appropriate. Your Quit Coach may also recommend that your doctor prescribe a smoking cessation drug, such as bupropion or Chantix, which is available through your prescription drug coverage.
Registration is available 24 hours a day, seven days a week, and coaches are available from 8 a.m. to 3 a.m., ET, seven days a week. If the participant still needs help after the 12-month program ends, he may re-enroll.

Call 866-QUIT-4-LIFE (866-784-8454) or visit www.quitnow.net/ScStatehealthPlan to enroll in the Quit For Life Program. After your eligibility is verified, you will be transferred to a Quit Coach for your first call. You may also go to the Peba Insurance Benefits website and select “Tobacco Information” then “Tobacco Cessation” and then “State Health Plan Quit for Life Program.”

## Exclusions: Services Not Covered

There are some medical expenses the State Health Plan does not cover. The Plan of Benefits (available in your benefits office or through Peba Insurance Benefits) contains a complete list of the exclusions.

1. Services or supplies that are not medically necessary under the terms of the plan
2. Routine procedures not related to the treatment of injury or illness, except for those specifically listed under the Preventive Benefits section
3. Routine physical exams, checkups (except Well Child Care and Preventive Benefits according to guidelines), services, surgery (including cosmetic surgery) or supplies that are not medically necessary. (The Savings Plan covers an annual physical by a network physician for each participant age 19 and older.)
4. Routine prostate exams, screenings or related services are not covered under the plan. (A diagnostic prostate exam may be covered when medically necessary but not as part of the Savings Plan annual physical exam. The diagnostic exam will be subject to the State Health Plan’s usual deductibles and coinsurance.)
5. Routine PSA (Prostate-Specific Antigen) tests
6. Diabetic education and training are not covered
7. Eyeglasses
8. Contact lenses, unless medically necessary after cataract surgery and for the treatment of keratoconus, a corneal disease affecting vision
9. Routine eye examinations
10. Refractive surgery, such as radial keratotomy, laser-assisted in situ keratomileusis (LASIK) vision correction, and other procedures to alter the refractive properties of the cornea
11. Hearing aids and examinations for fitting them
12. Dental services, except for removing impacted teeth or treatment within one year of a condition resulting from an accident
13. TMJ splints, braces, guards, etc. (Medically necessary surgery for TMJ is covered if preauthorized by Medi-Call.) TMJ, temporo mandibular joint syndrome, is often characterized by headache, facial pain and jaw tenderness caused by irregularities in the way joints, ligaments and muscles in the jaws work together.
14. Custodial care, including sitters and companions or homemakers/caretakers
15. Admissions or portions thereof for custodial care or long-term care, including:
   - Respite care
   - Long-term acute or chronic psychiatric care
   - Care to assist a member in the performance of activities of daily living, i.e. custodial care (including, but not limited to: walking, movement, bathing, dressing, feeding, toileting, continence, eating, food preparation and taking medication)
   - Psychiatric or substance abuse long-term care, including: therapeutic schools, wilderness/boot camps, therapeutic boarding homes, half-way houses and therapeutic group homes
16. Any item that may be purchased over the counter, including but not limited to, medicines and contraceptive devices
17. Services related to a vasectomy or tubal ligation performed within one year of enrollment
18. Surgery to reverse a vasectomy or tubal ligation
19. Diagnosis or treatment of infertility for a subscriber or a spouse if either member has had a tubal ligation or vasectomy
20. Assisted reproductive technologies (fertility treatment) except as noted on pages 63-64 of this chapter
21. Diet treatments and all weight loss surgery, including, but not limited to: gastric bypass, gastric banding or stapling; intestinal bypass and any related procedures; the reversal of such procedures; and conditions and complications as a result of such procedures or treatment
22. Equipment that has a nontherapeutic use (such as humidifiers, air conditioners, whirlpools, wigs, artificial hair replacement, vacuum cleaners, home and vehicle modifications, fitness supplies, speech augmentation or communication devices, including computers, etc.), regardless of whether the equipment is related to a medical condition or prescribed by a physician
23. Air quality or mold tests
24. Supplies used for participation in athletics (that are not necessary for activities of daily living), including but not limited to, splints or braces
25. Physician charges for medicine, drugs, appliances, supplies, blood and blood derivatives, unless approved by Medi-Call
26. Medical care by a doctor on the same day or during the same hospital stay in which you have surgery, unless a medical specialist is needed for a condition the surgeon could not treat
27. Physician’s charges for clinical pathology, defined as services for reading any machine-generated reports or mechanical laboratory tests. Interpretation of these tests is included in the allowance for the lab service.
28. Fees for medical records and claims filing
29. Food supplements, including but not limited to, formula, enteral nutrition, Boost/Ensure or related supplements
30. Services performed by members of the insured’s immediate family
31. Acupuncture
32. Chronic pain management programs
33. Transcutaneous (through the skin) electrical nerve stimulation (TENS), whose primary purpose is the treatment of pain
34. Biofeedback when related to psychological services
35. Complications arising from the receipt of noncovered services
36. Psychological tests to determine job, occupational or school placement or for educational purposes; milieu therapy; or to determine learning disability
37. Any service or supply for which a covered person is entitled to payment or benefits pursuant to federal or state law (except Medicaid), such as benefits payable under workers’ compensation laws
38. Charges for treatment of illness or injury or complications caused by acts of war or military service, injuries received by participating in a riot, insurrection, felony or any illegal occupation (job)
39. Intentionally self-inflicted injury that does not result from a medical condition or domestic violence
40. Cosmetic goods, procedures or surgery or complications resulting from such procedures or services
41. Smoking cessation or deterrence products or services, with the exception of provisions established under the Prescription Drug Program or as authorized by the behavioral health manager for eligible participants in its tobacco cessation program.
42. Sclerotherapy (treatment of varicose veins), including injections of sclerosing solutions for varicose veins of the leg, unless a prior-approved ligation (tying off of a blood vessel) or stripping procedure has been performed within three years and documentation submitted to Medi-Call with a preauthorization request establishes that some varicosities (twisted veins) remained after the procedure
43. Services performed by service or therapy animals or their handlers
44. Abortions, except for an abortion performed in accordance with federal Medicaid guidelines
45. Pregnancy of a covered child
46. Storage of blood or blood plasma
47. Experimental or investigational surgery or medical procedures, supplies, devices or drugs.

Any surgical or medical procedures determined by the medical staff of the third-party claims processor, with appropriate consultation, to be experimental or investigational or not accepted medical practice.
Experimental or investigational procedures are those medical or surgical procedures, supplies, devices or drugs, which at the time provided, or sought to be provided:

- Are not recognized as conforming to accepted medical practice in the relevant medical specialty or field of medicine; or
- The procedures, drugs or devices have not received final approval to market from appropriate government bodies; or
- Are those about which the peer-reviewed medical literature does not permit conclusions concerning their effect on health outcomes; or
- Are not demonstrated to be as beneficial as established alternatives; or
- Have not been demonstrated, to a statistically significant level, to improve the net health outcomes; or
- Are those in which the improvement claimed is not demonstrated to be obtainable outside the investigational or experimental setting.

**Additional Limits under the Standard Plan**

- Chiropractic benefits under the Standard Plan are limited to $2,000 per person per year.
- Chiropractic benefits for Manual Therapy are limited to one per visit per person.

**Additional Limits and Exclusions under the Savings Plan**

- Chiropractic benefits under the Savings Plan are limited to $500 per covered person per year.
- Chiropractic benefits for Manual Therapy are limited to one per visit per person.
- Nonsedating antihistamines and drugs for treating erectile dysfunction are not covered under the Savings Plan.

**Helpful Information May be Found on the Internet**

**Website: StateSC.SouthCarolinaBlues.com**

BlueCross BlueShield of South Carolina has a website designed to give State Health Plan subscribers quick access to information about their plan. You can go directly to the site or go to the PEBA Insurance Benefits website, www.eip.sc.gov, and click on "Links." Under State Health Plan," choose “Medical (BlueCross BlueShield of South Carolina).”

On the site, you will find direct links to:

- The 2015 *Insurance Benefits Guide*
- Frequently used forms and publications
- A program for finding network doctors, dentists, hospitals and other providers
- Information about the Wellness Incentive Program, including how to enroll, which generic drugs are covered by the waiver and frequently asked questions.

You will also find the login for MyHealth Toolkit.

You must register and then log in to use MyHealth Toolkit. Once you do, you can do a variety of things, including:

- See how much of your deductible and coinsurance maximum you have satisfied
- Check the status of claims, preauthorizations and bills
- Review Information about your dental benefits, including a claims summary and how to get a pretreatment estimate
- Choose to view your Explanation of Benefits (EOB) online rather than receiving a paper copy in the
mail. You will be notified by email when an EOB is ready.
- Request an ID card
- Create a Personal Health Record
- Take a Personal Health Assessment
- Enroll in the “Coming Attractions” maternity program
- Ask Customer Service a question.

Website: www.CompanionBenefitAlternatives.com

The Companion Benefit Alternatives (CBA) website offers a variety of ways to learn more about mental health and health in general. Go to the PEBA Insurance Benefits website, www.eip.sc.gov, and click on “Links.” Under “State Health Plan,” you can choose “Mental health/substance abuse (Companion Benefit Alternatives).” At the CBA website select “Members.” You can sign up for an email newsletter. Other tools include:

- A description of CBA’s case management program
- A printable provider directory
- Links to other resources, including phone numbers for financial assistance hot lines.

CBA offers Beating the Blues™, an online therapy program, at no charge to members covered by the State Health Plan. The program is designed to teach skills that help relieve stress, depression and anxiety. For more information, go to www.u2interactive.com or the CBA website or call CBA at 800-868-1032.

Appeals

The Public Employee Benefit Authority (PEBA) Insurance Benefits contracts with third-party claims processors, BlueCross BlueShield of South Carolina (BCBSSC) and Catamaran, to handle claims for State Health Plan benefits, and Companion Benefit Alternatives (CBA), to manage mental health and substance abuse benefits. A subscriber has the right to appeal their decisions.

If all or part of a request for preauthorization or a claim for benefits is denied, the subscriber will be informed of the decision promptly and told why it was made. If he has questions about the decision, he should check the information in this book, or call the third-party claims processor that made the decision for an explanation.

Appeals to Third-party Claims Processors

First-level Appeals: Preauthorizations and Claims

A subscriber may appeal an initial denial of a preauthorization (to Medi-Call) or a claim (to BCBSSC) within 180 days of the decision. If a subscriber would like for someone else to appeal on his behalf, he may make this request in writing.

Please include in the appeal:
- The subscriber’s health identification number, ZCS followed by his eight-digit Benefits Identification Number (BIN)
- The subscriber’s name and date of birth
- A copy of the decision being appealed
- The claim number of the services being appealed, if applicable. (This is on the subscriber’s Explanation of Benefits.)
- A copy of medical records that support the appeal and
- Any other information or documents that support the appeal.
Appeal rights and instructions for an appeal are outlined in the denial letter.

Please note: Procedures to appeal preauthorization decisions by National Imaging Associates (NIA) are different from other appeal procedures.

If NIA denies a procedure on the grounds that it is not medically necessary, the subscriber has three days to file an appeal with NIA if the services have not been received. If three days have passed, the subscriber may request Medi-Call review the decision.

Appeals to PEBA – Preauthorizations and Services That Have Been Provided

If a subscriber is still dissatisfied after the decision is re-examined, he may request a second-level appeal by writing to PEBA Insurance Benefits within 90 days of notice of the denial. Please include a copy of the denial with the appeal. Appeals are processed in the order in which they are received. If the denial is upheld by the PEBA Insurance Benefits Health Appeals Committee, the subscriber has 30 days to seek judicial review as provided by Sections 1-11-710 and 1-23-380 of the S.C. Code of Laws, as amended.

Please note: A provider may not appeal to PEBA Insurance Benefits, even if it appealed the decision to the third-party claims processor. Only a subscriber or his authorized representative may initiate an appeal through PEBA Insurance Benefits. A provider may not be an authorized representative.

Please note: Effective Jan. 1, 2015, BlueChoice HealthPlan, a health maintenance organization, is no longer offered to members covered by PEBA Insurance Benefits. If you were formerly covered by BlueChoice and have any questions related to it, call Member Services at 803-786-8476 (Columbia area) or 800-868-2528 (toll-free outside the Columbia area).
AMRA TRICARE Supplement Plan

TRICARE is the Department of Defense health benefit program for the military community. It consists of TRICARE Prime, an HMO; TRICARE Extra, a preferred-provider option; and TRICARE Standard, a fee-for-service plan.

The TRICARE Supplement Plan is secondary coverage to TRICARE. It pays the subscriber’s share of covered medical expenses under the TRICARE Prime (in-network), Extra and Standard options. Eligible participants have almost 100 percent coverage. Underwritten by Monumental Life Insurance Company, the plan is administered by Selman & Company/ASI. Federal law requires that the plan be sponsored by an association, not an employer. The plan sponsor is the American Military Retirees Association (AMRA).

The TRICARE Supplement Plan is designed for TRICARE-eligible active employees and retired employees until they become eligible for TRICARE for Life, a Medicare supplement. It is an alternative to the State Health Plan (SHP).

Eligibility

PEBA Insurance Benefits does not confirm eligibility for the TRICARE Supplement Plan. Eligible individuals must be registered with the Defense Enrollment Eligibility Reporting System (DEERS) and must not be eligible for Medicare. A subscriber must drop his State Health Plan coverage to enroll in the TRICARE Supplement Plan.

An individual who is unsure if he is eligible for TRICARE should confirm eligibility with DEERS before enrolling in the TRICARE Supplement. If a dependent’s Military ID card has expired or if information has changed (i.e., address corrections), call DEERS at 800-538-9552.

The TRICARE Supplement Plan is available to:

Eligible employees, retirees and survivor subscribers and spouses who are under age 65 and not eligible for Medicare:

- Military retirees receiving retired, retainer or equivalent pay
- Spouse/surviving spouse of a military retiree
- Retired reservists between the ages of 60 and 65 and spouses/surviving spouses of retired reservists
- Retired reservists younger than 60 and enrolled in TRICARE Retired Reserve (TRR) (“Gray Area” retirees) and spouses/surviving spouses of retired reservists enrolled in TRR.

Please note: There are limited exceptions to the Age 65 Eligibility Rule. Contact Selman & Company/ASI for more information.

A subscriber may cover his eligible dependent children. However, dependent eligibility for the TRICARE Supplement Plan is based on TRICARE eligibility rules and is different from PEBA Insurance Benefits’ dependent eligibility rules.

Eligible dependent children

- Unmarried dependent children up to age 21, or, if the child is a full-time student, up to age 23. Documentation that a child, age 21-22, is a full-time student must be provided to TRICARE.
- Incapacitated dependents are covered after age 21, 23 or 26, if the child is dependent on the member for primary support and maintenance and is still eligible for TRICARE. Proof of continued incapacity and dependency is required. Documentation must be provided to TRICARE.
- Adult dependent children who are younger than 26 and who are enrolled in TRICARE Young Adult (TYA). The child must send a copy of his TYA Enrollment ID card to Selman & Company/ASI.

www.eip.sc.gov  S.C. Public Employee Benefit Authority 91
For more information about eligibility, contact TRICARE or Selman & Company/ASI.

**How to Enroll**

Individuals who are eligible for TRICARE and eligible for coverage under the South Carolina state health insurance program can enroll themselves and their eligible dependents within 31 days of the date they are hired or become eligible for TRICARE. They also can enroll during open enrollment, which is offered yearly in October. If they enroll during open enrollment, coverage becomes effective on Jan. 1.

To enroll:
1. Membership in AMRA is required for enrollment in the TRICARE Supplement Plan. Information about AMRA is provided in the TRICARE Supplement Plan welcome packet. Dues are included in the plan's monthly premium. For more information, contact AMRA at 800-424-2969 or info@amra1973.org.

2. Complete a Notice of Election (NOE) form, and check TRICARE Supplement Plan under the health plan section. Return the NOE to your benefits administrator along with a copy of your military ID or TRICARE ID card. Also, a BA can enroll an active employee using EBS. A subscriber can enroll through MyBenefits during open enrollment. See page 21 for more information. A retired employee of a state agency, public school district or a higher education institution should submit an RNOE to PEBA Insurance Benefits. A local subdivision retiree should submit an RNOE to the benefits office at his former employer. See page 182 for more information. **Coverage is not automatic.**

3. Eligible subscribers should complete the Other Health Insurance (OHI) form if they were previously enrolled under the State Health Plan. The OHI form for each region is on the TRICARE website, www.tricare.mil. Fax the completed forms to TRICARE at the number on the form. Remember, the TRICARE Supplement Plan is not considered other health insurance.

Upon enrollment, a subscriber will receive a packet with his certificate of insurance, identification card, claim forms and instructions on how to file claims.

In addition to enrolling in the TRICARE Supplement Plan, during open enrollment eligible subscribers may drop TRICARE Supplement Plan coverage for themselves or their dependents. They also may add dependents. See page 21 for more information.

**Plan Features**

The TRICARE Supplement Plan provides subscribers with additional coverage, which, when combined with the other TRICARE coverage, usually pays 100 percent of the subscriber’s out-of-pocket expenses. Some of the plan’s features include:

- No deductibles, coinsurance or out-of-pocket expenses for covered services
- Subscribers may choose any TRICARE-authorized provider, including network, non-network, participating and nonparticipating providers. For more information, see the TRICARE Supplement Plan Member Handbook.
- Reimbursement of prescription drug copayments.

**Premiums**

The monthly premiums for the TRICARE Supplement Plan for active employees, retirees and survivors are:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Premium</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employee</td>
<td>$62.50</td>
</tr>
<tr>
<td>Employee/spouse</td>
<td>$121.50</td>
</tr>
<tr>
<td>Employee/children</td>
<td>$121.50</td>
</tr>
<tr>
<td>Full family</td>
<td>$162.50</td>
</tr>
</tbody>
</table>

The premiums are paid entirely by the subscriber with no employer contribution. However, they may be
paid before taxes are deducted from the employee’s paycheck through the MoneyPlus Pretax Group Insurance Premium Feature.

**Filing Claims**

Most providers submit TRICARE Supplement Plan claims. If a provider does not, a subscriber may submit the claims to Selman & Company/ASI. Detailed information about filing doctor/hospital and pharmacy claims is in the TRICARE Supplement Plan Member Handbook and on the ASI website, www.asicorporation.com/SC. The claim form is in the welcome packet and on the website under “ASI Member Resources.”

**Portability**

The TRICARE Supplement Plan is portable. If a subscriber leaves his job, he can continue coverage by paying the premiums directly to Selman & Company/ASI.

**Medicare Eligibility and the TRICARE Supplement Plan**

When an active employee, survivor or retiree becomes eligible for Medicare Part A, he must purchase Medicare Part B to remain eligible for TRICARE. His TRICARE health benefit changes to TRICARE for Life, a Medicare supplement. TRICARE Supplement Plan coverage ends for him. He may continue the supplement plan coverage for his eligible dependents by making premium payments directly to Selman & Company/ASI. Contact Selman & Company/ASI for details.

If a dependent becomes eligible for Medicare before the active employee, survivor or retiree, the dependent is no longer eligible for the AMRA TRICARE Supplement Plan.

**Loss of TRICARE Eligibility**

The TRICARE Supplement Plan pays after TRICARE pays. Therefore, if an employee, spouse or dependent child loses TRICARE eligibility, TRICARE Supplement Plan coverage ends. Dependents who lose TRICARE eligibility are not eligible for continued TRICARE Supplement Plan coverage under COBRA or on portability. Loss of TRICARE eligibility is a special eligibility situation that permits an eligible employee or retiree and his dependents, if the dependents are otherwise eligible for PEBA Insurance Benefits coverage, to enroll in health, dental and vision coverage. Basic Life Insurance and Basic Long Term Disability Insurance are provided free to active employees who enroll in the State Health Plan.

**Loss of a spouse’s TRICARE eligibility**

- A spouse may lose TRICARE eligibility due to a divorce. When this occurs, he also loses eligibility to continue coverage under the TRICARE Supplement Plan.

**Loss of a dependent child’s TRICARE eligibility**

- A dependent child loses TRICARE eligibility at age 21 if he is not enrolled in school on a full-time basis. A dependent also loses eligibility at midnight on his 23rd birthday, regardless of whether or not he is a full-time student, or on the date he graduates from college, whichever comes first.

- An adult dependent child enrolled in TRICARE Young Adult loses eligibility at midnight on the night of his 26th birthday or the date he fails to make full premiums payments to his TRICARE regional contractor.

**For More Information**

For more information about the AMRA TRICARE Supplement Plan, contact the Selman & Company/ASI Call Center at 866-637-9911 or by email at memberservices@selmanco.com or log on to www.asicorporation.com/SC. For more information about TRICARE for Life, call 866-773-0404 or go to www.tricare4u.com.

Members may enroll in or drop the State Dental Plan and Dental Plus:
- During initial enrollment in PEBA Insurance Benefits coverage
- During open enrollment in an odd-numbered year. The next opportunity will be October 2015.
- Within 31 days of a special eligibility situation, which is also referred to as a “change in status” in the dental plan. Special eligibility situations are explained on pages 22-27.
Introduction

Your teeth are important to your health. That is why PEBA offers the State Dental Plan, which helps offset your dental expenses, and Dental Plus, a supplement to the State Dental Plan. To participate in Dental Plus, you must enroll in the State Dental Plan and cover the same family members under both plans.

State Dental Plan

The State Dental Plan offers these levels of treatment: diagnostic and preventive; basic; prosthodontics; and orthodontics. They are described on the next page. The lifetime orthodontics payment is $1,000 for each covered child age 18 and younger. State Dental Plan benefits are paid based on the allowed amounts for each dental procedure listed in the plan's Schedule of Dental Procedures and Allowed Amounts. Be aware that your dentist's charge may be greater than the allowed amount.

The maximum yearly benefit for the State Dental Plan alone is $1,000 for each subscriber or covered person. The State Dental Plan deductible is $25 annually for each covered person who has dental services under Class II or Class III. The deductible for family coverage is limited to three per family per year, $75.

Dental Plus

Dental Plus covers the first three levels of treatment at the same percentage as the State Dental Plan. However, the allowed amount is higher. Dental Plus does not cover orthodontics. However, members enrolled in Dental Plus must also be covered by the State Dental Plan. That plan offers a $1,000 lifetime orthodontics benefit for each covered child age 18 and younger. See the chart on page 98 for more information.

Under Dental Plus, payment for a covered service is based on the lesser of the dentist's charge or the Dental Plus allowed amount. This means you may only be responsible for any deductibles and coinsurance that apply. If your dentist charges more for covered services than the Dental Plus allowed amount, you will be responsible for paying the difference (plus deductibles and coinsurance), unless your dentist has agreed to accept the Dental Plus allowed amount as part of participation in the Dental Plus provider network.

PEBA Insurance Benefits offers only dentists in South Carolina and contiguous counties agreements to accept the lesser of their usual charge or the Dental Plus allowed amount. For a list of dentists who accept the agreement, go to StateSC.SouthCarolinaBlues.com and select “Find a Provider” under the “Find a Doctor or Hospital” section. Enter your location. Select “Advanced Search” on the main screen and follow the prompts.

If your dentist has not accepted PEBA Insurance Benefits' agreement, your benefits under Dental Plus will not be reduced. However, you will be responsible for the difference between your dentist’s charge and the Dental Plus allowed amount plus deductibles and coinsurance.

The maximum yearly benefit for a person covered by both the State Dental Plan and Dental Plus is $2,000. There are no additional deductibles under Dental Plus. However, the State Dental Plan deductible is subtracted from the Dental Plus payment, when applicable.

BCBSSC processes State Dental Plan and Dental Plus claims. Its address is P.O. Box 100300, Columbia, SC 29202-3300. Its Customer Service number is 888-214-6230 or 803-264-7323 (Greater Columbia area). The fax number is 803-264-7739.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  97
Dental Benefits at a Glance

Not all dental procedures are covered. Reimbursement is based on the lesser of the dentist’s actual charge or the plan’s allowed amount, the most the plan allows for a covered service. Please see page 97 for more information.

Correction of malocclusion
Consisting of: diagnostic services (including models and X-rays)
Active treatment (including necessary appliances) | State Dental Plan alone | None | 50% of allowed amount | $1,000 lifetime benefit for each covered child |
|       | Dental Plus does not cover orthodontic benefits | Dental Plus does not cover orthodontic benefits | Dental Plus does not cover orthodontic benefits |

¹ A subscriber must submit a letter from his provider for a covered child, age 18 and younger, stating that the child’s orthodontic treatment is not for cosmetic purposes or for it to be covered by the State Dental Plan.

² $2,000 is the maximum yearly payment for benefits when a member is enrolled in both the State Dental Plan and Dental Plus.

Claim Example (using Class III procedure)

Under the State Dental Plan and Dental Plus, Class III dental benefits (prosthodontics) are paid at 50 percent of the allowed amount after the $25 deductible is met. The table below illustrates how the two plans work together using a crown (porcelain with predominantly base metal) as an example. The example assumes the $25 deductible has been met. The Dental Plus payment is based on the current allowed amount for the Columbia area and may differ slightly depending on where your dentist is located. The Dental Plus allowed amounts are updated yearly.

### How to File a Dental Claim

The easiest way to file a claim is to assign benefits to your dentist. Assigning benefits means that you authorize your dentist to file claims for you and to receive payment from the plan for your treatment. To do this, show a staff member in your dentist’s office your dental identification card and ask that the claim be filed for you. Be sure to sign the payment authorization block of the claim form. BCBSSC will then pay your dentist directly. You are responsible for the difference between the plan’s payment and the actual charge.

If your dentist will not file your claims, you can file them to BCBSSC. See page 228 for information on how to file a dental claim.

to submit additional claims. If you are covered under the State Dental Plan and Dental Plus, you will receive an Explanation of Benefits (EOB) from each plan. State Dental Plan EOBS have “State Dental Plan” on the front page, and the claim number begins with a “T.” “Dental Plus Plan” is printed in the same place on the Dental Plus EOBS, and the claim number begins with a “V.” The digits after the letter should be the same for both claims.

**Special Provisions of the State Dental Plan**

**Alternate Forms of Treatment**

If you or your dentist selects a more expensive or personalized treatment, the plan will cover the less costly procedure that is consistent with sound professional standards of dental care. BCBSSC uses guidelines based on usually and customarily provided services and standards of dental care to determine benefits and/or denials. Your dentist may bill you for the difference between his charges for the more costly procedure and what the plan allows for the alternate procedure. The plan will not allow you to apply the payment for the alternate procedure to the cost of the more expensive procedure, if the more expensive procedure is not a covered benefit. Examples of when a less costly procedure may apply are:

- An amalgam (silver-colored) filling is less costly than a composite (white) filling placed in a posterior (rear) tooth.
- Porcelain fused to a predominantly base metal crown is less costly than porcelain fused to a noble metal crown.

**Pretreatment Estimates**

Although it is not required, PEBA Insurance Benefits suggests that you obtain a Pretreatment Estimate of your non-emergency treatment for major dental procedures. To do this, you and your dentist should fill out a claim form before any work is done. The form should list the services to be performed and the charge for each one. Mail the claim form to BlueCross BlueShield of South Carolina, State Dental Claims Department, P.O. Box 100300, Columbia, SC 29202-3300. Emergency treatment does not need a Pretreatment Estimate.

You and your dentist will receive a Pretreatment Estimate form, which will show what part of the expenses your dental plan will cover. This form can be used to file for payment as the work is completed. Just fill in the date(s) of service, ask your dentist to sign the form and submit it to BCBSSC. Your Pretreatment Estimate is valid for one year from the date of the form. However, the date of service may affect the payment allowed. For example, if you have reached your maximum yearly payment when you have the service performed or if you no longer have dental coverage, you will not receive the amount that was approved on the Pretreatment Estimate form.

If the State Dental Plan is secondary insurance, the Pretreatment Estimate will not reflect the estimated coordinated payment, because BCBSSC will not know what your primary insurance will pay.

**Exclusions: Dental Benefits not Offered**

There are some dental benefits the State Dental Plan and Dental Plus do not offer. The dental plan document, which is available in your benefits administrator’s office, lists all exclusions. The list below includes many of them. You may wish to take it with you when you discuss treatment with your dentist.
General Benefits not Offered

• Treatment received from a provider other than a licensed dentist. Cleaning or scaling of teeth by a licensed dental hygienist is covered when performed under the supervision and direction of a dentist.
• Services beyond the scope of the dentist’s license.
• Services performed by a dentist who is a member of the covered person’s family or for which the covered person was not previously charged or did not pay the dentist.
• Dental services or supplies that are rendered before the date you are eligible for coverage under this plan.
• Charges made directly to a covered person by a dentist for dental supplies (i.e., toothbrush, mechanical toothbrush, mouthwash or dental floss).
• Non-dental services, such as broken appointments and completion of claim forms.
• Nutritional counseling for the control of dental disease, oral hygiene instruction or training in preventive dental care.
• Services and supplies for which no charge is made or no payment would be required if the person did not have this benefit, including non-billable charges under the person’s primary insurance plan.
• Services or supplies not recognized as acceptable dental practices by the American Dental Association.

Benefits Covered by Another Plan

• Treatment for which the covered person is entitled under any workers’ compensation law.
• Services or supplies that are covered by the armed services of a government.
• Dental services for treatment of injuries as a result of an accident that are received during the first 12 months from the date of the accident. These services are covered under the member’s health plan.

Specific Procedures not Covered

• Space maintainers for lost deciduous (primary) teeth if the covered person is age 19 or older.
• Experimental services or supplies.
• Onlays or crowns, when used for preventive or cosmetic purposes or due to erosion, abrasion or attrition.
• Services and supplies for cosmetic or aesthetic purposes, including charges for personalization or characterization of dentures, except for orthodontic treatment as provided for under this plan.
• Myofunctional therapy (i.e., correction of tongue thrusting).
• Appliances or therapy for the correction or treatment of temporomandibular joint (TMJ) syndrome.
• Services to alter vertical dimension and/or for occlusion purposes or due to erosion, abrasion or attrition.
• Splinting or periodontal splinting, including extra abutments for bridges.
• Services for these tests and laboratory examinations: bacterial cultures for determining pathological agents, caries (tooth or bone destruction), susceptibility tests, diagnostic photographs and histopathologic exams.
• Pulp cap, direct or indirect (excluding final restoration).
• Provisional intracoronal and extracoronal (crown) splinting.
• Tooth transplantation or surgical repositioning of teeth.
• Occlusal adjustment (complete). Occlusal guards are covered for certain conditions. The provider should file office notes with the claim for review by the dental consultant.
• Temporary procedures, such as temporary fillings or temporary crowns.
• Rebase procedures.
• Stress breakers.
• Precision attachments.
• Procedures that are considered part of a more definitive treatment (i.e., an X-ray taken on the same day as a procedure).
• Inlays (cast metal and/or composite, resin, porcelain, ceramic). Benefits for inlays are based on the allowance of an alternate amalgam restoration.
• Gingivectomy/gingivoplasty in conjunction with or for the purpose of placement of restorations.
• Topical application of sealants per tooth for patients age 16 and older.
Limited Benefits

- More than two of these procedures during any plan year: oral examination, consultations (must be provided by a specialist) and prophylaxis (cleaning of the teeth). Four oral examinations will be allowed for patients requiring four cleanings a year.
- More than two periodontal prophylaxes. (Periodontal prophylaxes, scaling or root planing are available only to patients who have a history of periodontal treatment/surgery.) Four cleanings a year (a combination of prophylaxes and periodontal prophylaxes) are allowed for patients with a history of periodontal treatment/surgery.
- Bitewing X-rays more than twice during any plan year or more than one series of full-mouth X-rays or one panoramic film in any 36-month period, unless a special need for these services at more frequent intervals is documented as medically necessary by the dentist and approved by BSBSSC.
- More than two topical applications of fluoride or fluoride varnish during any plan year.
- Topical application of sealants for patients age 15 and younger; payment is limited to one treatment every three years and applies to permanent unrestored molars only.
- More than one root canal treatment on the same tooth. Additional treatment (retreatment) should be submitted with the appropriate American Dental Association procedure code and documentation from your dentist.
- More than four quadrants in any 36-month period of gingival curettage, gingivectomy, osseous (bone) surgery or periodontal scaling and root planing.
- Bone replacement grafts performed on the same site more than once in any 36-month period.
- Full mouth debridement for treatment of gingival inflammation if performed more than once per lifetime.
- Tissue conditioning for upper and lower dentures is limited to twice per unit in any 36-month period.
- The application of desensitizing medicaments is limited to two times per quadrant per year, and the sole purpose of the medication used must be for desensitization.
- No more than one composite or amalgam restoration per surface in a 12-month period.
- Replacement of cast restorations (crowns, bridges, implants) or prosthodontics (complete and partial dentures) within five years of the original placement unless evidence is submitted and is satisfactory to the third-party claims administrator that: 1) the existing cast restoration or prosthodontic cannot be made serviceable; or 2) the existing denture is an immediate temporary denture and replacement by a permanent denture is required, and that such replacement is delivered or seated within 12 months of the delivery or seat date of the immediate temporary denture.
- Addition of teeth to an existing removable partial or fixed bridge unless evidence is submitted and is satisfactory to the third-party claims processor that the addition of teeth is required for the initial placement of one or more natural teeth.

Prosthodontic and Orthodontic Benefits

Benefits are not payable for prosthodontics (ie., crowns, crowns seated on implants, bridges, partial or complete dentures) until they are seated or delivered. Other exclusions and limitations for these services include:

- Prosthodontics (including bridges, crowns and implants) and their fitting that were ordered while the person was covered under the plan, but were delivered or seated more than 90 days after termination of coverage.
- Replacement of lost or stolen prosthodontics, space maintainers or orthodontic appliances or charges for spare or duplicate dentures or appliances.
- Replacement of broken orthodontic appliances.
- Replacement of existing cast prosthodontics unless otherwise specified in the dental plan document.
- Orthodontic treatment for employees, retirees, spouses or covered children age 19 and older.
- Payment for orthodontic treatment over the lifetime maximum.
- Orthodontic services after the month a covered child becomes ineligible for orthodontic coverage.

Please note: Dental Plus does not cover orthodontic services.
Coordination of Benefits

If you are covered by more than one dental plan, you may file a claim for reimbursement from both plans. Coordination of benefits enables both plans’ administrators to work together to give you the maximum benefit allowed. However, the sum of the combined payments will never be more than the allowed amount for your covered dental procedures. (The allowed amount is the amount the State Dental Plan lists for each dental procedure in the Schedule of Dental Procedures and Allowed Amounts. Dental Plus allowed amounts are higher.) When your state dental coverage is secondary, it pays up to the allowed amount of your state dental coverage minus what the primary plan paid.

Certain oral surgical procedures are covered under the State Health Plan and State Dental Plans. The most common of these is the surgical removal of impacted teeth. Benefits are applied under the State Health Plan and then coordinated under the State Dental Plan and under Dental Plus, if the member is covered by that plan. The amount paid under the dental plan(s) may be reduced based on the State Health Plan payment, as explained in the last sentence of the paragraph above.

You will never receive more from your state dental coverage than the maximum yearly benefit, which is $1,000 for a person covered by the State Dental Plan and $2,000 for a person covered by both the State Dental Plan and Dental Plus. The maximum lifetime benefit for orthodontic services is $1,000, and it is limited to covered children age 18 and younger.

How Coordination of Benefits Works with Dental Coverage

Example 1
(Using an adult cleaning, a Class I procedure, which has no deductible and is payable at 100 percent of the allowed amount.) The Dental Plus payment is based on the current allowed amount for the Columbia area and may differ slightly based on where your dentist is located. Dental Plus allowed amounts are updated yearly.

For more information about coordination of benefits, including how to determine which plan pays first, see page 20 and page 54. If your state dental coverage is secondary, you must send the Explanation of Benefits you receive from your primary plan with your claim to BCBSSC.

If you have questions, contact BCBSSC toll-free at 888-214-6230 or 803-264-7323 (Greater Columbia area), your benefits office or PEBA Insurance Benefits.

Website: StateSC.SouthCarolinaBlues.com

Information about the State Dental Plan and Dental Plus is now included in the BCBSSC website designed for PEBA Insurance Benefits subscribers. At the site, you can:

- Sign up for paperless Explanations of Benefits (EOB)
- Find Dental Plus network providers through the “Find a Dentist” section
- Review your eligibility and benefits
- Check claims and view EOBs
- Check pretreatment estimates
- Report other dental coverage.

Appeals

If BCBSSC denies all or part of your claim or proposed treatment, you will be informed promptly. If you have questions about the decision, check the information in this book or call for an explanation. If you believe the decision was incorrect, you may ask BCBSSC to re-examine its decision. The request for review should be made in writing within six months after notice of the decision by writing to BCBSSC, Attn: State Dental Appeals, AX-B15, P.O. Box 100300, Columbia, SC 29202.

If you are still dissatisfied after BCBSSC has reviewed the decision, you have 90 days to request, in writing, that PEBA review the decision. Please include a copy of the denial with your appeal. If the decision is upheld by the PEBA Health Appeals Committee, you have 30 days to seek judicial review at the Administrative Law Court as provided by Sections 1-11-710 and 1-23-380 of the S.C. Code of Laws, as amended.

Introduction

Good vision is crucial for work and play. It is also a significant part of your overall health. A yearly eye exam can help detect serious illnesses, such as high blood pressure, heart disease and diabetes. That is why the Public Employee Benefit Authority (PEBA) offers vision care benefits through the State Vision Plan, which is provided through EyeMed Vision Care.

State Vision Plan

The State Vision Plan is available to eligible active employees, retirees, survivors, permanent, part-time teachers and COBRA subscribers and their covered family members. Subscribers pay the premium without an employer contribution. Premiums are listed on pages 221-224.

The program covers comprehensive eye examinations, frames, lenses and lens options, and contact lens services and materials. It also offers discounts on additional pairs of eyeglasses and contact lenses. A discount of 15 percent on the retail price and 5 percent on a promotional price is offered on LASIK and PRK vision correction through the U.S. Laser Network. Medical treatment of your eyes, such as eye diseases or surgery, is covered by your health plan.

Please note: A benefit may not be combined with any discount, promotional offering or other group benefit plan.

</tr>
</tbody>
</table>

**Additional Savings**

- **Savings on Additional Pairs of Eyeglasses and Contact Lenses**
  - Member receives 40% off complete pairs of prescription eyeglasses and 15% off conventional contact lenses after the funded benefit has been used.
  - N/A

*The contact lens allowance includes materials only. Your allowance for disposable contact lenses is $130. You do not need to use this allowance all at once. For example, you can use $50 of the allowance when you purchase your first supply of disposable contacts and the remainder of the allowance later.

- A **standard** contact lens fitting includes clear, soft, spherical, daily wear contact lenses for single-vision prescriptions. It does not include extended/overnight wear lenses.
- A **premium** contact lens fitting is more complex and may include fitting for bifocal/multifocal, cosmetic color, post-surgical and gas-permeable lenses. It also includes extended/overnight wear lenses.

**Plan exclusions and limitations may apply. Please refer to page 111 for details.**

The Importance of Eye Exams

Eye exams are important for good health. A comprehensive eye exam not only detects the need for vision correction, but it can also reveal early signs of many medical conditions, including diabetes and high blood pressure. A comprehensive exam is covered as part of your EyeMed benefit once a year with a $10 copay.

Some providers may offer an optional retinal imaging exam for up to $39. It provides high-resolution pictures of the inside of the eye. This is a discount, not a covered benefit.

Note: To assure you are only charged the $10 vision exam copayment, tell your provider you want only the services the State Vision Plan defines as a "comprehensive eye exam."

Frequency of Benefits

The State Vision Plan covers:

- A comprehensive eye exam once a year
- Standard plastic lenses for eyeglasses or contact lenses, instead of eyeglass lenses, once a year
- Frames once every two years
- Members with Type 1 or Type 2 diabetes are eligible for office service visits and diagnostic testing once every six months to monitor for signs of diabetic changes in the eye.

**Please note:** The sales tax on any benefit, such as eyeglasses or contact lenses, is not covered by the State Vision Plan.

**Using the EyeMed Provider Network**

The EyeMed network includes private practitioners and optical retailers in South Carolina and nationwide. Retailers include LensCrafters®, Sears OpticalSM, Target Optical®, JCPenney Optical and participating Pearle Vision® locations. When you use a network provider, you are only responsible for copayments and any charges that remain after allowances and discounts have been applied to your bill. Also, the network provider will file your claim.

**To find a network provider:**
- Check network providers in or near your ZIP code on the list that comes with your membership card.
- To review the online directory, which is the most up-to-date, go to the PEBA Insurance Benefits website, [www.eip.sc.gov](http://www.eip.sc.gov). Select "Online Directories," and then click on "State Vision Plan – State of South Carolina Insight Network (EyeMed)." That will take you to the provider directory on the EyeMed website. You may enter your ZIP code or address and select "Insight" network from the drop-down list to find a network provider near you.
- Use the Interactive Voice Response system or speak with a representative at the Customer Care Center at 877-735-9314. To speak with a customer service representative, choose your language ("1" is for English) and then say, “Provider Locator.”
- You may also ask your provider if he accepts EyeMed coverage.

When you make an appointment, tell the office staff you are covered by EyeMed. It is best to bring your State Vision Plan identification card to your appointment. However, you are not required to do so.

**How to Order Contact Lenses by Mail**

You can also save money by ordering replacement contact lenses at competitive prices through [www.eyemedcontacts.com](http://www.eyemedcontacts.com). Log on to the site and follow the instructions for ordering. You will be asked to select your doctor and will also need to have a valid prescription. Your contacts will be delivered directly to your home. **Please note:** Your plan allowance and discounts do not apply to this service, so it is best to wait to use it until after you have exhausted your benefit.
Out-of-network Benefits

Your benefits are lower when you use a provider outside the network. To learn what you will be reimbursed if you use an out-of-network provider for covered services and supplies, see the charts on pages 107-108.

To receive out-of-network services:
- When you receive services, pay for them and ask your provider for an itemized receipt.
- Send the claim form and a copy of your receipt to: EyeMed Vision Care, Attn: OON Claims, P.O. Box 8504, Mason, Ohio 45040-7111. Your reimbursement will be sent to you.

For information about out-of-network services, call the Customer Care Center at 877-735-9314. Please have your State Vision Plan ID card handy.

Exclusions and Limitations

Some services and products are not covered by your vision care benefits. They include:

1. Orthoptic (problems with the use of eye muscles) or vision training, subnormal vision aids and any associated supplemental testing
2. Aniseikonic lenses (lenses to correct a condition in which the image of an object in one eye differs from the image of it in the other eye)
3. Medical and/or surgical treatment of the eye, eyes or supporting structures
4. Any eye or vision examination, or any corrective eyewear required by an employer as a condition of employment; safety eyewear
5. Services that would be provided by the government under any workers’ compensation law, or similar legislation, whether federal, state or local
6. Plano (non-precription) lenses and/or contact lenses
7. Non-prescription sunglasses
8. Two pairs of glasses instead of bifocals
9. Services provided by any other group benefit plan offering vision care
10. Services provided after the date the enrollee is no longer covered under the policy, except when vision materials ordered before coverage ended are delivered and the services are provided to the enrollee within 31 days from the date the materials were ordered
11. Lost or broken lenses, frames, glasses or contact lenses will not be replaced until they are next scheduled to be replaced under Frequency of Benefits.
12. A benefit may not be combined with any discount, promotional offering or other group benefit plans.

Access to Information about Your Vision Benefits

Website: www.eyemedvisioncare.com

Go to the PEBA Insurance Benefits website and select “Links” and then “EyeMed Vision Care.” At EyeMed’s website, you can search for a provider, find answers to commonly asked questions and sign up for a newsletter. After you register and login, you can:

- Check your benefits, including which family members are covered and when you are next eligible for service.
- Monitor the status of your claim.
- Print an I.D. card or an out-of-network claim form.
• Go paperless and receive Explanations of Benefits (EOBs) and information about benefits electronically.
• Order replacement contact lenses and learn about LASIK vision correction.

Under “Vision Wellness” you can learn more about eye exams, eye diseases, vision and aging and selecting eyewear. Among the videos available is one about a child’s first visit to an eye doctor.

Contacting EyeMed Vision Care

You can reach EyeMed’s Customer Care Center by telephone or logging in on EyeMed’s home page and then selecting “Contact us” under “Help and Resources.” Be sure to have this information ready:

• The first and last name of the subscriber
• The subscriber’s Benefits ID number or Social Security number
• The group number for the State Vision Plan: 9756347
• A fax number or address, if you are asking for information by fax or mail.

Appeals

If a claims question cannot be resolved by EyeMed’s Customer Care Center, the subscriber may write to the Quality Assurance Team at EyeMed Vision Care, Attn: Quality Assurance Dept., 4000 Luxottica Place, Mason, OH 45040. Information may also be faxed to 866-552-9115. This team will work with the subscriber to resolve the issue within 30 days. If the subscriber is dissatisfied with the team’s decision, he may appeal to an appeals subcommittee, whose members were not involved in the original decision. All appeals are resolved within 30 days of the date the subcommittee receives the appeal.

Vision Care Discount Program

This program offers discounted vision care services. Providers throughout the state have agreed to charge no more than $60 for a routine, comprehensive eye exam. If you are fitted for contact lenses, you may pay more because that can require additional services. Providers, including opticians, also have agreed to give a 20-percent discount on all eyewear except disposable contact lenses.

1 These amounts can change yearly. Contact your benefits office, provider or PEBA Insurance Benefits for the current amounts.

Full-time and part-time employees, retirees, survivors and COBRA subscribers, as well as their family members, are eligible. You do not have to be enrolled in a health plan. You may need to show employment-related identification to prove you are eligible for the program.

A member may not use the discount program and vision plan benefits at the same time. However, if he is enrolled in the vision plan and wants a second eye exam during the year, he can have one for $60 through the discount program.
Providers Are Available Statewide

To see participating providers listed by county in South Carolina, North Carolina and Georgia, go to the PEBA Insurance Benefits website, www.eip.sc.gov. Choose “Online Directories” and then “Vision Care Discount Program.”

If your provider is not listed, you may wish to ask if he gives discounts through the state’s discount program. If he would like to participate, he should call PEBA Insurance Benefits. Although PEBA Insurance Benefits lists participating providers, the state does not recommend any specific provider. If you do not have Internet access, ask your BA to print the list for you.

No Claims to File

With the Vision Care Discount Program, you do not file claims and will not receive reimbursement for vision examinations or eyewear, including contacts. Active employees who have a MoneyPlus Medical Spending Account or a Limited-use Medical Spending Account can file for reimbursement for vision care expenses. If you have questions about this program, please contact your benefits office or PEBA Insurance Benefits.

Basic Life Insurance Program

Who Is Eligible?

The Basic Life Insurance program provides $3,000 in term life insurance to all eligible employees younger than age 70 and $1,500 to eligible employees age 70 or older. If you are an active, permanent, full-time employee who is enrolled in a state health insurance plan, you are eligible for this benefit.

Enrollment

Basic Life Insurance is provided at no cost to all eligible employees. Enrollment is automatic with enrollment in the State Health Plan.

Your coverage begins on the first day of the month if you are actively at work on that day as a permanent, full-time employee. If you begin work as a permanent, full-time employee, or if your coverage is approved, later in the month, your coverage begins on the first day of the following month. All effective dates of coverage are subject to the Deferred Effective Date provision (see page 120).

Schedule of Accidental Losses and Benefits

In addition to any life insurance benefit, the life insurance vendor will pay a benefit according to the schedule below if:

1. You suffer accidental bodily injury while your insurance is in force;
2. A loss results directly from such injury, independent of all other causes; and
3. Such a loss occurs within 365 days after the date of the accident causing the injury.

Loss of a hand or foot, means actual and permanent severance from the body at or above the wrist or ankle joint. Loss of sight, speech or hearing, means entire and irrecoverable loss. Loss of both a thumb and index finger of same hand, means actual and permanent severance from the body at or above the metacarpophalangeal joints.

Thumb and Index Finger of Same Hand  
The Maximum Benefit is equal to your amount of Life Insurance.

**What Is Not Covered?**

No accidental death or dismemberment benefits are payable if the loss is caused, or contributed to, by:

- Sickness or any other cause that is not considered accidental
- Intentionally self-inflicted injury
- Suicide or attempted suicide, whether sane or insane
- War or act of war, whether declared or not
- Injury sustained while on full-time active duty as a member of the armed forces (land, water, air) of any country or international authority
- Injury sustained while committing or attempting to commit a felony
- Injury sustained while taking drugs, including, but not limited to, sedatives, narcotics, barbiturates, amphetamines or hallucinogens, unless prescribed by, or administered by, a physician, or
- Benefits will not be paid for any loss if the insured is intoxicated at the time of the incident and is the operator of a vehicle or other device involved in the incident. Intoxicated means the blood alcohol content; the results of other means of testing blood alcohol level; or the results of other means of testing other substances that meet or exceed the legal presumption of intoxication or under the influence, under the law of the state where the accident occurred.

**How Claims Are Paid**

Benefits are paid after acceptable proof of loss is received. Benefits for loss of life are paid to your named beneficiary. Benefits other than loss of life will be paid directly to you. To pay benefits, the life insurance vendor must be given a written proof of loss. This means a claim must be filed as described below.

First, a claim form should be requested from your benefits office. This should be done within 30 days after the loss occurs or as soon as reasonably possible. Next, the claim form should be completed and signed. If a physician must complete part of the claim form, he must also sign that part.

Finally, the claim form and an original death certificate with a raised seal or a red seal (if filing a death claim) should be returned to the employee’s benefits office.

The claim form should be filed within 90 days after the loss occurs or as soon as reasonably possible. Claims must be filed no later than 15 months after the loss occurs, unless the person filing the claim is not legally capable of doing so.

**Retired employees:** For information about coverage, conversion, etc., contact your benefits administrator.

**Extension of Benefits**

When your health coverage as an active employee ends, you will no longer be eligible for Basic Life coverage. However, you may convert your coverage.

**Conversion**

If you are terminating employment, you may convert your coverage to an individual whole life policy, a permanent form of life insurance. **To do so, contact your benefits administrator.**
Optional Life Insurance Program

The Contract

The contract for the Optional Life Insurance program, term life insurance with Accidental Death and Dismemberment Coverage, consists of: the policy, which is issued to PEBA Insurance Benefits; PEBA Insurance Benefits application, which is attached to the policy; and your application, if required. The policy is held by PEBA Insurance Benefits. This section of the Insurance Benefits Guide is the summary of your coverage.

Changes in the Insurance Contract

The insurance contract may be changed at any time as long as the life insurance vendor and PEBA Insurance Benefits agree on the change. No one else has the authority to change the contract. Changes in the contract may affect any class of insured people and do not require your or your beneficiary’s consent. All changes must be in writing, made a part of the policy and signed by an official of the life insurance vendor and of PEBA Insurance Benefits.

Applications

The Notice of Election (NOE) and/or Statement of Health form that you complete to be covered by this plan are considered your application for life insurance coverage. The life insurance vendor may use misstatements or omissions in your application to contest the validity of insurance or to deny a claim. However, the vendor must first give you or your beneficiary a copy of the application that is being contested. The vendor will not use your application to contest insurance that has been in force for two years or more during your lifetime.

Cafeteria Plan (MoneyPlus) Election Restrictions

This policy is part of a cafeteria plan (MoneyPlus) sponsored by your employer and governed by the requirements of Sections 105, 125 and 129 of the Internal Revenue Code. The rules of the cafeteria plan will supersede any parts of the policy that are in conflict with them. By law, cafeteria plans are subject to the following restrictions: The benefits you elect during the enrollment period will remain in effect until the next enrollment period. Section 125 allows exceptions to this rule only in specified situations, including change in family status and commencement or termination of employment as described in the MoneyPlus section of this handbook. Active employees can pay Optional Life insurance premiums for coverage up to $50,000 before taxes through the MoneyPlus Pretax Group Insurance Premium Feature (see page 153). Retired employees are not eligible.

Legal Action

No legal action can be brought against the life insurance vendor sooner than 60 days after the date proof of loss is furnished or more than six years after the date that written proof of loss is required.

Contract Terms

For the purposes of your Optional Life coverage, the following terms apply:
### Actively at Work

As an employee, you will be considered actively at work with your employer on a day that is one of your employer’s scheduled workdays. On that day, you must be performing, for wage or profit, all of the regular duties of your job in the usual way and for your usual number of hours. You will also be considered to be actively at work on any regularly scheduled vacation day or holiday, only if you were actively at work on the preceding scheduled work day.

### Accidental Death and Dismemberment (AD&D)

Accidental death and dismemberment. See pages 124-125 for information on AD&D benefits.

### Amount of Life Insurance

The benefit amount payable upon your death.

### Basic Salary

The actual amount you are compensated by your employer per year, including merit and longevity increases. It does not include commissions, annuities, bonuses, overtime or incentive pay. If you are a teacher, it does not include compensation for summer school.

### Beneficiaries

The person(s) to whom the life insurance vendor will pay insurance if you die. You may change your Optional Life beneficiaries at any time.

### Deferred Effective Date

If you are absent from work due to a physical or mental condition, including absence due to maternity/birth, on the date your insurance would otherwise have become effective or would have been increased, the effective date of insurance or the effective date of any increase in insurance will be the first of the month after the date you return to work as an active, permanent, full-time employee for one full day.

### PEBA

The S.C. Public Employee Benefit Authority.

### Employee

A person who is classified as a full-time, permanent employee who receives compensation from a department, agency, board, commission or institution of the state; public school districts; county governments (including county council members); local subdivisions; and other eligible employers approved by state law and participating in the state insurance program. Members of the South Carolina General Assembly, clerical and administrative employees of the General Assembly, and judges in the state courts are also considered employees eligible for coverage. An employee is classified for insurance purposes as full-time if he works at least 30 hours per week in a permanent position. Active employees who work at least 20 hours per week may also be eligible if the covered employer has elected, and PEBA Insurance Benefits has approved, an irrevocable option to elect the definition of full-time to mean at least 20 hours per week. Employees must be citizens or legal residents of the United States, its territories and its protectorates, excluding temporary, leased or seasonal employees.
Injury

Injury means bodily injury resulting directly from an accident and independently of all other causes, which occurs while you or your spouse are covered under the policy. Loss resulting from sickness or disease, except a pus-forming infection that occurs through an accidental wound or medical or surgical treatment of a sickness or disease, is not considered as resulting from injury.

Maximum Amount of Life Insurance

Medical evidence of good health may be required for the amount of coverage that you select. The maximum eligible amount for all eligible employees is $500,000.

Notice of Election Form (NOE)

The application form you use to enroll or change your coverage level or beneficiary.

Statement of Health Form

The form used to provide medical evidence of good health to the life insurance.

Physician

A person who is a doctor of medicine, osteopathy, psychology or other legally qualified practitioner of a healing art that the life insurance vendor recognizes or is required by law to recognize, licensed to practice in the jurisdiction where care is being given, practicing within the scope of that license and not related to the employee by blood or marriage.

Pretax Group Insurance Premium Feature

This feature allows you to pay your Optional Life insurance premiums for coverage up to $50,000 before taxes are taken out of your paycheck. Retirees are not eligible to participate in the Pretax Group Insurance Premium Feature.

Sickness

A disease, disorder or condition that requires treatment by a physician.

Special Eligibility Situation

An event that allows an eligible employee to enroll himself or make changes in the state Optional Life program. Examples include: birth, marriage, adoption or divorce. Involuntary loss of other group life benefits provided by the spouse’s group life plan applies only to those who lost the coverage. They are eligible to enroll in coverage with medical evidence of good health. Enrollment changes must be requested within 31 days of the qualifying event. A salary increase does not constitute a special eligibility situation.

Transferring Employee

As a permanent full-time employee, you can move from one participating employer to another as a transfer, provided there is no more than a 15 calendar-day break in employment. In addition, if there is not a break in your insurance coverage, you are considered a transfer. Academic employees who complete a school term and move to another academic setting at the beginning of the next school term are also considered transfers. A transferring employee is not considered a new hire for insurance program purposes. At the time of transfer, you will transfer to your new employer with all insurance programs in effect with your previous employer as any other continuing employee. Refer to the Enrollment and Eligibility section in this chapter for rules and procedures.
When you terminate employment, tell your benefits administrator that you are transferring from one participating employer to another. PEBA Insurance Benefits will produce a transfer form that will be sent to the benefits administrator at your new employer.

**You**

A person who is insured under the policy.

### Enrolling in Optional Life Insurance

Participation in the Optional Life Insurance Program with Accidental Death and Dismemberment Coverage is on a voluntary, employee-pays-all basis. All premiums are paid by the participants with no contribution by PEBA Insurance Benefits or the state of South Carolina.

### Premiums

Optional Life premiums are determined by your age on the preceding December 31 and the amount of insurance you select. Active employees can pay premiums before taxes through MoneyPlus (see page 153). Retired employees are not eligible for the Pretax Group Insurance Premium Feature.

### Initial Enrollment

If you are an eligible employee of a participating employer of the state of South Carolina, you can enroll in Optional Life Insurance within 31 days of the date you are hired. To enroll, you must complete the required forms, including an NOE. Coverage is not automatic. You can elect coverage, in $10,000 increments, up to the lesser of three times your basic annual earnings (rounded down to the nearest $10,000) or $500,000 without providing medical evidence of good health. You can apply for a higher benefit level, in increments of $10,000, up to a maximum of $500,000, by providing medical evidence of good health.

Your coverage begins on the first day of the month coinciding with or the first of the month following the date in which you enroll in the Optional Life program if you are actively at work on that day as a permanent, full-time employee. If you enroll for an amount of coverage that requires medical evidence of good health, your coverage effective date for the amount requiring medical evidence will be the first of the month following approval. **All effective dates of coverage are subject to the Deferred Effective Date provision (see page 120).**

### Late Entry With the Pretax Group Insurance Premium Feature

If you participate in the MoneyPlus Pretax Group Insurance Premium Feature and do not enroll within 31 days of the date you begin employment, you can enroll only within 31 days of a special eligibility situation (see page 121) or during an enrollment period. **In certain special eligibility situations, you may purchase coverage, in $10,000 increments, up to a maximum of $50,000 without providing medical evidence of good health.** Coverage will be effective the first of the month after you complete and file the NOE. Otherwise, you must complete an NOE and a Statement of Health form during an open enrollment period, which occurs yearly in October, for review of medical evidence of good health and return these forms to your benefits office. If approved, your coverage will be effective on the first day of January after the enrollment period or, if approved after January 1, coverage will be effective the first of the month after approval as long as you are actively at work on that day as a permanent, full-time employee. **All effective dates of coverage are subject to the Deferred Effective Date provision (see page 120).**

### Changing Coverage Amount With Pretax Group Insurance Premium Feature

If you participate in the MoneyPlus Pretax Group Insurance Premium Feature, you can increase, decrease
or drop your coverage only during each open enrollment period, which occurs yearly in October, or within 31 days of a special eligibility situation (see above).

To increase your coverage during the enrollment period, you must provide medical evidence of good health and be approved by the life insurance vendor. If approved, coverage will be effective on the first day of January following the enrollment period as long as you are actively at work on that day as a full-time employee. All effective dates of coverage are subject to the Deferred Effective Date provision (see page 120). If you are increasing your coverage due to a special eligibility situation, you can increase, in increments of $10,000, up to $50,000 ($500,000 maximum coverage amount) without providing medical evidence of good health. If you are enrolling in Optional Life for the first time due to a special eligibility situation, you may enroll, in $10,000 increments, up to a maximum of $50,000 without providing medical evidence of good health.

**Late Entry Without Pretax Group Insurance Premium Feature**

If you do NOT participate in the MoneyPlus Pretax Premium Feature and do not enroll within 31 days of the date you begin employment, you can enroll throughout the year as long as you provide medical evidence of good health and it is approved by the life insurance vendor. To enroll, you must complete an NOE and a Statement of Health form and return these forms to your benefits office for processing. Your coverage will be effective on the first day of the month coinciding with, or the first of the month following, approval as long as you are actively at work on that day as a permanent, full-time employee. In certain special eligibility situations, you may purchase coverage, in $10,000 increments, up to a maximum of $50,000 without providing medical evidence of good health. Coverage will be effective the first of the month after you complete and file the NOE. All effective dates of coverage are subject to the Deferred Effective Date provision (see page 120).

**Changing Coverage Amount Without Pretax Group Insurance Premium Feature**

If you do NOT participate in the MoneyPlus Pretax Group Insurance Premium Feature, you can apply to increase your amount of coverage at any time during the year by providing medical evidence of good health and being approved by the life insurance vendor. Your coverage at the new level will be effective on the first day of the month following the date of approval as long as you are actively at work on that day. In certain special eligibility situations, you may purchase coverage, in $10,000 increments, up to a maximum of $50,000 without providing medical evidence of good health. Coverage will be effective the first of the month after you complete and file the NOE. All effective dates of coverage are subject to the Deferred Effective Date provision (see page 120). You can decrease or cancel your coverage at any time. However, if you later want to increase coverage or re-enroll in the plan, you must provide medical evidence of good health and be approved.

**What if My Age Category Changes?**

If your age category changes, your premium will change January 1 of the next calendar year. Your coverage will be reduced at age 70, 75 and 80. Please see the charts on the PEBA Insurance Benefits website, www.eip.sc.gov, or contact your benefits administrator.

**Your Life Insurance Benefits**

**Your Benefits and How Claims Are Paid**

Life Insurance Benefits and benefits for loss of life under the Accidental Death and Dismemberment Benefits will be paid in accordance with the life insurance Beneficiary Designation. If no beneficiary is named, or if no named beneficiary survives you, the life insurance vendor may, at its option, pay the executors or administrators of your estate; or all to your surviving spouse; or if your spouse does not survive you, in equal shares to your surviving children; or if no child survives you, in equal shares to your surviving parents; or
Insurance Benefits Guide

if no parent survives you, in equal shares to your surviving siblings. Contact your benefits administrator for more information about how claims are paid.

How to Change Your Beneficiary or Method of Payment

You can change your beneficiary at any time (unless you have given up that right). You may make the change online through MyBenefits or by notifying your benefits office and completing an NOE. When processed, the change will be effective on the date the request is signed. However, the change will not apply to any payments or other action taken before the request was processed. Note: Under no circumstances may a beneficiary be changed by a Power of Attorney.

Assignment

The life insurance vendor is not responsible for the validity or tax consequences of any assignment. No assignment will be binding on the vendor until the vendor records and acknowledges it. Collateral assignments are not permitted.

Suicide Provision

No Optional Life, Dependent Life-Spouse or Dependent Life-Child benefit will be payable if death results from suicide, whether the covered person is sane or insane, within two years of the effective date. If suicide occurs within two years of a coverage increase, the death benefit payable is limited to the amount of coverage in force prior to the increase.

Your Accidental Death and Dismemberment Benefits

(This provision does not apply to retirees.)

Schedule of Accidental Losses and Benefits

In addition to any life insurance benefit, the life insurance vendor will pay a benefit according to the schedule below if:

1. You suffer accidental bodily injury while your insurance is in force;
2. A loss results directly from such injury, independent of all other causes; and
3. Such a loss occurs within 365 days after the date of the accident causing the injury.

Loss of a hand or foot, means actual and permanent severance from the body at or above the wrist or ankle joint. Loss of sight, speech or hearing, means entire and irrecoverable loss. Loss of both a thumb and index finger of same hand, means actual and permanent severance from the body at or above the metacarpophalangeal joints.

   • Speech, or Hearing in Both Ears One-half of Maximum Benefit
   • Movement of One Limb (Uniplegia) One-quarter of Maximum Benefit
   • Thumb and Index Finger of Same Hand One-quarter of Maximum Benefit

The Maximum Benefit is equal to your amount of Life Insurance.

What Is Not Covered?

The life insurance vendor will not pay accidental death or dismemberment benefits for a loss that results from:

- Sickness or any other cause that is not considered accidental
- Intentionally self-inflicted injury
- Suicide or attempted suicide, whether sane or insane
- War or act of war, whether declared or not
- Injury sustained while on full-time active duty as a member of the armed forces (land, water, air) of any country or international authority
- Injury sustained while committing or attempting to commit a felony
- Injury sustained while taking drugs, including, but not limited to, sedatives, narcotics, barbiturates, amphetamines or hallucinogens, unless prescribed by, or administered by, a physician, or
- Benefits will not be paid for any loss if the insured is intoxicated at the time of the incident and is the operator of a vehicle or other device involved in the incident. Intoxicated means the blood alcohol content; the results of other means of testing blood alcohol level; or the results of other means of testing other substances; that meet or exceed the legal presumption of intoxication or under the influence, under the law of the state where the accident occurred.

Other Benefits

Seat Belt and Air Bag Rider

If you or your spouse sustain an injury which results in a loss payable under the Accidental Death and Dismemberment Benefit, the life insurance vendor will pay an additional Seat Belt and Air Bag benefit if the injury occurred while the injured person was a passenger riding in, or the licensed operator of, a properly registered motor vehicle and was wearing a seat belt at the time of the accident as verified on the police accident report. This benefit will be paid after the vendor receives proof of loss in accordance with the proof of loss provision and according to the general provisions of the policy. If a Seat Belt benefit is payable, the vendor will also pay an Air Bag benefit if the injured person was positioned in a seat equipped with a factory-installed air bag and properly strapped in the seat belt when the air bag inflated.

The Seat Belt benefit is an additional 25 percent of your accidental death benefit. As an example, if your amount of life insurance is $20,000 and you die in an accident, an additional $20,000 accidental death benefit will be payable (according to the Accidental Death provision explained above). The Seat Belt rider increases this accidental death benefit by 25 percent, or $5,000. The total accidental death benefit will then be $25,000, which means the entire death benefit will be $45,000. The Air Bag benefit is an additional 5 percent, or $5,000, whichever is less, of your accidental death benefit. As an example, if your amount of life insurance is $20,000 and you die in an accident, an additional $20,000 accidental death benefit will be payable (according to the Accidental Death provision explained above). The Seat Belt rider increases the accidental death benefit by $5,000, and the Air Bag rider increases the accidental death benefit by $1,000 (5 percent of $20,000 = $1,000), which means the entire death benefit will be $46,000.
This rider will not apply to the driver who caused the accident if he was under the influence of drugs or alcohol, or if the death was the result of a sickness.

**Day Care Benefit**

A day care benefit will be paid to each dependent who is younger than age 7 (at the time of the insured's death) and who is enrolled in a day care program. For each dependent who qualifies, payments will be issued quarterly for no more than two years. The benefit is five percent of the face value of the policy, or $10,000 (whichever is less) per year.

**Education Benefit**

An education benefit is paid for each dependent who qualifies as a student. A qualified dependent must be either a post-high school student who attends a school for higher learning on a full-time basis at the time of the insured's death or in the 12th grade and will become a full-time post-high school student in a school for higher learning within 365 days after the insured's death. Payments will be issued quarterly (four payments for each 12-month period, with a maximum of 16 payments). The qualified dependent must be enrolled continuously for four consecutive academic years to receive the maximum 16 quarterly payments. The benefit is a maximum of $5,000 per academic year with a maximum overall benefit of five percent of the value of the policy.

**Felonious Assault Benefit**

A felonious assault benefit is paid if the employee is injured in a felonious assault and the injury results in a loss for which benefits are payable under the Accidental Death and Dismemberment (AD&D) benefit. The benefit is the least of one times the annual earnings, $25,000, or the AD&D maximum.

**Repatriation Benefit**

The life insurance vendor will pay a Repatriation Benefit if you die in a way that would be covered under the Accidental Death and Dismemberment Benefit and if the death occurs more than 100 miles from your principal residence.

**The Repatriation Benefit will be the least of:**

1. The actual expenses incurred for:
   - Preparation of the body for burial or cremation; and
   - Transportation of the body to the place of burial or cremation;
2. The amounts resulting from multiplying the amount of your Maximum Benefit by the Repatriation Benefit percentage (5 percent) or
3. The maximum amount for this benefit ($5,000).

**Claims**

To pay benefits, the life insurance vendor must be given a written proof of loss. This means a claim must be filed as described below.

**How to File a Claim**

First, a claim form should be requested from your benefits office. This should be done within 30 days after the loss occurs or as soon as reasonably possible. Next, the claim form should be completed and signed. If a physician must complete part of the claim form, he must also sign that part.

Finally, the claim form and an original death certificate with a raised seal or a red seal (if filing a death claim) should be returned to the employee's benefits office.
The claim form should be filed within 90 days after the loss occurs or as soon as reasonably possible. Claims must be filed no later than 15 months after the loss occurs, unless the person filing the claim is not legally capable of doing so.

Retired employees: For questions about coverage, conversion, etc., contact your benefits administrator.

How Claims Are Paid

Benefits other than loss of life will be paid directly to you, except that benefits unpaid at your death may be paid, at the life insurance vendor’s option, to your beneficiary or to your estate. For more information, contact your benefits administrator.

Examinations and Autopsies

Where it is not prohibited by law, the life insurance vendor may require an autopsy.

Extension of Benefits

An extension of benefits is provided according to the requirements below. The life insurance vendor is not required by contract to provide these benefits unless you meet these requirements.

Leave of Absence

If you are on leave of absence approved by your employer, you can continue your group Optional Life Insurance for up to 12 months from the first of the month after the last day worked, as long as you pay the required premiums. If you become totally disabled, apply for a conversion policy or if you die, the life insurance vendor will require written proof of your leave of absence approval.

Military Leave of Absence

If you enter active military service and are granted a military leave of absence in writing, your coverage (including Dependent Life coverage) may be continued for up to 12 months from the first of the month after the last day worked, as long as you pay the required premiums. If the leave ends before the agreed-upon date, this continuation will end immediately. If you return from active military duty after being discharged and you qualify to return to work under applicable federal or state law, you may be eligible for the coverage you had before the leave of absence began, provided you are rehired by the same employer and request reinstatement within 31 days of returning to work.

Disability

If you become totally disabled, your life insurance can be continued for up to 12 months from your last day worked provided:

- Your total disability began while you were covered by this group Optional Life Insurance Plan;
- Your total disability began before you reached age 69;
- You continue to pay the premiums and
- The group Optional Life Insurance policy does not end.

If, at the end of 12 months, you have not returned to work as a permanent, full-time employee, you will be eligible to continue coverage through conversion (see below). However, if you are eligible for service retirement or approved for disability benefits, you may be eligible to continue your Optional Life Insurance under continuation (portability) until age 75. The life insurance vendor must receive the form requesting continuation within 31 days of termination of your active employee coverage.
Life Insurance

A total disability is a disability that prevents you from engaging in any occupation or employment for which you are reasonably qualified by education or training. The life insurance vendor will also consider the following injuries a total disability:

- Loss of sight in both eyes
- Loss of both hands
- Loss of both feet
- Loss of one hand and one foot.

Loss of a hand or foot means the severance at or above the wrist or ankle joint.

If the group Optional Life Insurance policy ends while you are continuing your benefits because of total disability, your coverage will end the earlier of:

- The date total disability ends or
- The first of the month following the end of the 12-month continuation period.

**When Your Coverage Ends**

**Termination of Coverage**

Your insurance will end at midnight on the earliest of:

- The last day of the month you terminate your employment
- The last day of the month you go on unapproved leave of absence
- The last day of the month you enter a class of employees not eligible for coverage (for example, a change from full-time to part-time status)
- The date PEBA Insurance Benefits’s policy ends
- The last day of the month you do not pay the required premium for that month, or

**If you are a retiree:**

- January 1 after the day you become age 70, if you continued coverage and retired before January 1, 1999; January 1 after the day you become age 75, if you continue coverage and retired January 1, 1999, and later.

Claims incurred before the date insurance ends will not be affected by coverage termination.

**Conversion**

If your life insurance ends because your employment or eligibility for coverage ends, you may apply for an individual *whole life* insurance policy, a permanent form of life insurance, without providing medical evidence of good health. This is called a conversion policy. To apply for an individual conversion policy, contact your benefits administrator.

**If the Group Policy Is Terminated**

If your group Optional Life Insurance ends because of termination by the state of the group Optional Life policy or termination of a class, and you have been insured under the policy at least five years, you may apply for a conversion policy within 31 days of the event. However, your converted life insurance amount may not exceed the lesser of $2,000 or the amount of your terminated group Optional Life Insurance, less the amount of any other group insurance for which you become eligible within 31 days of the termination. If you are issued a conversion policy and you again become eligible for group Optional Life Insurance with PEBA Insurance Benefits, your group coverage will become effective only if you terminate the conversion policy.
Death Benefit During Conversion Period

If you die within the 31-day continuation or conversion period, the life insurance vendor will pay the amount of life insurance you were entitled to continue or convert. Proof of your death (a certified death certificate with a raised seal or a red seal) must be accepted by the vendor for this benefit to be paid.

Dependent Life Insurance Program

Enrollment and Eligibility

Who Is Eligible?

You may enroll your eligible dependents in Dependent Life Insurance, a term life insurance program, even if you do not have Optional Life coverage or other state group benefits. Your eligible dependents include:

- Your lawful spouse. If your spouse is eligible for coverage as an employee of a participating employer, you cannot cover him as a dependent.
- Your children, who must be:

  1. Natural children, legally adopted children, children placed for adoption (from the date of placement with the adopting parents until the legal adoption), stepchildren or children for whom you have legal guardianship, provided the child lives with you and is supported by you
  2. Unmarried
  3. Older than 14 days but younger than age 19, or 19 years old but younger than age 25, who attend school on a full-time basis (as defined by the institution) as their principal activity and are primarily dependent upon you for financial support. A child cannot be employed on a full-time basis.

Insurance eligibility changes made by the Patient Protection and Affordable Care Act, as amended by the Health Care and Education Reconciliation Act of 2010, do not apply to Dependent Life-Child insurance. When you file a claim for a dependent child, age 19-24, you will be required to show the child was a full-time student at the time of enrollment and at the time of the claim. For information about how to file a claim for a dependent child, age 19-24, see page 132.

Dependent children who are incapable of self-sustaining employment due to mental retardation, mental illness or physical handicap are not subject to the above age limitations. Information about covering an incapacitated child is on page 12. Please also see your benefits administrator for more information.

PEBA Insurance Benefits may conduct an audit of the eligibility of an insured dependent. If the dependent is found to be ineligible, no benefits will be paid.

If both husband and wife are state employees, only one can carry dependent coverage for eligible dependent children, and the spouses cannot cover each other.

Excluded Dependents

Any dependent who is eligible as an employee for Optional Life Insurance coverage, or who is in full-time military service, will not be considered a dependent.

A former spouse and former stepchildren cannot be covered under Dependent Life through PEBA Insurance Benefits, even with a court order.
A foster child is not eligible for Dependent Life coverage.

**Dependent Life – Spouse, Child Monthly Premiums**

Optional Life premiums are determined by the subscriber’s age on the preceding December 31 and the amount of insurance selected. Premiums for Dependent Life-Spouse coverage are also determined by the subscriber’s age. For the premiums, go to the PEBA Insurance Benefits website, www.eip.sc.gov, or contact your benefits administrator.

The premium for Dependent Life-Child coverage is the same, regardless of the number of children covered.

**How to Enroll**

Within 31 days of the date you are hired, you can enroll in Dependent Life-Spouse Insurance up to a limit of $20,000 and Dependent Life-Child Insurance without providing medical evidence of good health. If you enroll in Dependent Life-Spouse coverage for more than $20,000, you must provide medical evidence of good health. You must complete a Notice of Election (NOE) form and return it to your benefits office. You must list each dependent you wish to cover on the NOE. If a dependent is not listed on the NOE, he is not covered.

Coverage is effective on the first day of the month coinciding with or the first of the month following your date of employment.

At any time during the year, a subscriber can enroll in or add additional Dependent Life-Spouse coverage (up to a maximum total of $100,000) by submitting medical evidence of good health. The additional coverage is effective the first of the month after approval of medical evidence. All effective dates are subject to the Deferred Effective Date provision (see below).

**Adding Your New Spouse**

If you wish to add a spouse because you marry, you can add coverage of $10,000 or $20,000 for your new spouse without providing medical evidence of good health by completing an NOE within 31 days of the date of marriage. Coverage becomes effective the first of the month after you complete and file the NOE. You cannot cover your spouse as a dependent if your spouse is or becomes an employee of an employer that participates in the plan. If you divorce, you must drop your spouse from your coverage by completing an NOE within 31 days of the date of divorce. You can continue to cover your children if they meet the requirements on page 129.

**Loss of Coverage**

If your spouse is employed by an employer that participates in this plan and his employment ends, you can enroll your spouse in Dependent Life coverage up to $20,000 within 31 days of his termination without having to provide medical evidence of good health. If your spouse terminates active employment because of a disability, your spouse can be added to your Dependent Life Insurance only within 31 days of the date his Optional Life coverage as an active employee ends. If your spouse loses life insurance through an employer that does not participate in PEBA Insurance Benefits, he can enroll with medical evidence of good health.

**Adding Children**

Eligible children may be added throughout the year, without providing medical evidence of good health, by completing an NOE. Coverage will be effective the first of the month after you complete and file the NOE. However, for a newborn, coverage will be effective the first of the month after both the date the NOE is submitted and the date the child is 15 days old. Children must be listed on your NOE to be covered. You must list each child on the NOE, even if you have Dependent Life Insurance coverage when you gain a new child. All effective dates of coverage are subject to the Deferred Effective Date provision (see page 131).
Late Entry

If you do not enroll within 31 days of the date you begin employment or when you acquire an eligible dependent, you can enroll your spouse throughout the year as long as you provide medical evidence of good health and it is approved by the life insurance vendor. To provide medical evidence of good health, you must complete a Statement of Health form. Coverage will be effective on the first day of the month coinciding with or the first of the month following approval provided the employee is actively at work. All effective dates of coverage are subject to the Deferred Effective Date provision (see below).

What is the Deferred Effective Date for Dependents?

If a dependent, other than a newborn, is confined in a hospital or elsewhere* because of a physical or mental condition on the date insurance would otherwise have become effective, the effective date of insurance will be the first of the month after the date the dependent is discharged from the hospital or no longer confined and has engaged in substantially all the normal activities of a healthy person of the same age for a period of at least 15 days in a row.

*“Confined elsewhere” means the individual is unable to perform, unaided, the normal functions of daily living, or leave home or another place of residence without assistance.

Dependent Life Benefits

Dependent Life-Spouse coverage and Dependent Life-Child coverage are separate programs for which a subscriber pays separate premiums.

Dependent Life-Spouse Coverage

If you are enrolled in Optional Life, you may cover your spouse in increments of $10,000 for up to 50 percent of your Optional Life coverage or $100,000, whichever is less. However, an employee who is enrolled for $10,000, $20,000 or $30,000 can enroll his spouse for $10,000 or $20,000. Medical evidence of good health is required for late entry (see above) and for coverage amounts greater than $20,000. If you are not enrolled in Optional Life, you may cover your spouse for $10,000 or $20,000.

Premiums for Dependent Life-Spouse coverage are the same as the Optional Life premiums, which are based on the employee’s age. Your spouse’s coverage will be reduced at ages 70, 75 and 80 based on the employee’s age. Go the PEBA Insurance Benefits website, www.eip.sc.gov, or contact your benefits administrator to see the premium charts. Premium payments are paid entirely by you, with no contribution from the state, and are payable through payroll deduction.

Spouses enrolled in Dependent Life are covered for Accidental Death and Dismemberment benefits. They are eligible for the Seat Belt Benefit with the Air Bag rider, the Day Care Benefit and the Education Benefit (see pages 125-126).

Dependent Life-Child Coverage

You can cover your eligible dependent children. For information, see pages 129-130. The benefit is $15,000. The monthly premium for Dependent Life-Child coverage is the same regardless of the number of children covered. Premiums are paid entirely by you, with no contribution from the state, and are payable through payroll deduction.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  131
Payment of Claims

When the life insurance vendor receives acceptable proof of a covered dependent’s death, the amount of life insurance will be paid based on the coverage you selected.

The vendor will pay the Life Insurance Benefit at your dependent’s death to you, if you are living. Otherwise, it will be paid, at the vendor’s option, to your surviving spouse or the executor or administrator of your estate.

How to File Claims

To pay benefits, the life insurance vendor must be given written proof of loss. This means a claim must be filed as described below.

First, a claim form should be requested from your benefits office. This should be done within 30 days after the loss occurs or as soon as reasonably possible. Next, the claim form should be completed and signed. If a physician must complete part of the claim form, he must also sign that part.

To file a claim under Dependent Life-Child for a child age 19-24, a subscriber must obtain a statement on letterhead from the educational institution the child was attending that verifies he was a full-time student and gives his dates of enrollment. The statement should be given to the subscriber’s BA, who will send it to the life insurance vendor with the claim form.

To file a claim for an incapacitated child, the subscriber must give certification of incapacitation to his BA, who will send it to the life insurance vendor with the claim form.

The claim form and an original copy of the death certificate with a raised seal or a red seal should be returned to the employee’s benefits office. The claim form should be filed within 90 days after the loss occurs or as soon as reasonably possible. Claims must be filed no later than 15 months after the loss occurs, unless the person filing the claim is not legally capable of doing so.

For information about filing retiree dependent coverage claims, contact your benefits administrator.

When Claims Are Paid

Benefits are paid when the life insurance vendor receives acceptable proof of loss.

Autopsies

Where it is not prohibited by law, the life insurance vendor may require an autopsy.

When Dependent Life Insurance Coverage Ends

Termination of Coverage

Your dependent’s coverage will terminate at midnight on the earliest of:

- The day PEBA Insurance Benefits’ policy ends
- The day you, the employee, are no longer eligible to purchase the Dependent Life Insurance Plan
- The last day of the month in which the dependent no longer meets the definition of a dependent
- The day any premiums for Dependent Life Insurance coverage are due and unpaid for a period of 31 days.

Claims incurred before the date insurance ends will not be affected by coverage termination.
Conversion

If your dependent’s coverage terminates because of one of the reasons listed above, coverage may be converted to an individual whole life insurance policy, a permanent form of life insurance. To do so, contact your benefits administrator. If you are unable to obtain the form from your benefits administrator, contact PEBA Insurance Benefits for assistance.

When an employee dies, Dependent Life-Spouse and/or Dependent Life-Child coverage may be converted to an individual policy. This policy will:

• Be issued without medical evidence of good health
• Be on one of the life insurance vendor’s non-term policy forms
• Be for no more than the amount for which the dependent was last insured under this Dependent Life Insurance Plan
• Contain no disability or supplementary benefits
• Be effective on the 32nd day after the group life insurance on the dependent’s life terminates.

Policy Termination

If you have had this Dependent Life Insurance Plan for at least five years, and your dependent’s insurance terminates because the insurance vendor or PEBA Insurance Benefits terminates the Dependent Life Insurance Plan or amends the plan so your dependent is not eligible, your dependent can convert coverage to an individual whole life insurance policy subject to:

• The same conditions and limitations that apply to an insured person whose employment terminates
• A limit of the least of:
  1. The amount for which the dependent was last insured under this benefit, reduced by any amount for which he is eligible under any other group life insurance policy within 31 days of the termination of insurance or
  2. $2,000.

Such a policy will be effective on the 32nd day after the group life insurance terminates. Any individual life insurance policy issued under this conversion privilege is in lieu of all other benefits provided by this policy. If your dependent dies during the 31-day conversion period, the life insurance vendor will, when provided with due proof of loss, pay the amount of life insurance the dependent was entitled to convert.

Basic Long Term Disability

Introduction

The Basic Long Term Disability (BLTD) Plan, administered by Standard Insurance Company (The Standard), is an employer-funded disability plan provided by the state. It helps protect a portion of your income if you become disabled as defined by the Plan. This benefit is provided at no cost to you.

If you have questions or need more information, please contact The Standard at 800-628-9696 or at www.standard.com/mybenefits/southcarolina.

Eligibility

You are eligible for BLTD if you are covered under the State Health Plan and are an active, permanent full-time employee as defined by the Plan or a full-time academic employee and you are employed by: a department, agency, board, commission or institution of the state; a public school district; a county government (including county council members); or another group participating in the state’s insurance program. BLTD is provided at no cost to you.

Members of the General Assembly and judges in the state courts are also eligible for coverage. BLTD is provided at no cost to you.

You must be actively employed when the disability occurs.

 Benefit Waiting Period

The benefit waiting period is the length of time you must be disabled before benefits are payable. No benefits are paid during this period. The BLTD plan has a 90-day benefit waiting period.

Certificate

The BLTD certificate is available through your benefits administrator and is on the PEBA Insurance Benefits website, www.eip.sc.gov, under “Forms.” The contract contains the controlling provisions of this insurance plan. Neither the certificate nor any other material can modify those provisions.

Claims

As soon as it appears you will be disabled for 90 days or more or your employer is modifying your duties due to a health condition, ask your benefits administrator for a claim form packet, which is on the PEBA Insurance Benefits website. The packet contains these forms:

- Employee’s Statement
- Authorization to Obtain Psychotherapy Notes
- Authorization to Obtain Information
- Attending Physician’s Statement
- Employer’s Statement.

You are responsible for making sure these forms are completed and returned to The Standard. Your complete medical records should accompany the Attending Physician’s Statement. You may fax the forms to 800-437-0961; original forms must follow by mail. If you have questions, contact The Standard at 800-628-9696.

www.eip.sc.gov
S.C. Public Employee Benefit Authority
You should provide these completed claim forms to The Standard within 90 days of the end of the benefit waiting period. If you cannot meet this deadline, you must submit these forms as soon as reasonably possible, but no later than one year after that 90-day period. If you do not provide these forms within this time, barring a court’s determination of legal incapacity, The Standard may deny your claim.

**Active Work Requirement**

If physical disease, mental disorder, injury or pregnancy prevent you from working the day before the scheduled effective date of your coverage, your coverage will not become effective until the day after you are actively at work for one full day.

**Pre-existing Conditions**

A *pre-existing condition* is a physical or mental condition for which you consulted a physician, received medical treatment or services or took prescribed drugs during the six-month period before your BLTD coverage became effective. No benefits will be paid for a disability caused or contributed to by a pre-existing condition unless on the date you become disabled:

- You have been continuously covered under the plan for at least 12 months (*Exclusion Period*) or
- You have not consulted a physician, received medical treatment or services or taken prescribed drugs during any 12 consecutive months between your date of disability and six months before the date your BLTD coverage became effective (*Treatment Free Period*).

**Exclusions and Limitations**

- Disabilities resulting from war or any act of war are not covered.
- Intentional self-inflicted injuries are not covered.
- No BLTD benefits are payable when you are not under the ongoing care of a physician.
- No BLTD benefits are payable for any period when you are not participating, in good faith, in a course of medical treatment, vocational training or education approved by The Standard, unless your disability prevents you from participating.
- No BLTD benefits are payable for any period of disability when you are confined for any reason in a penal or correctional institution.
- **No BLTD benefits are payable after you have been disabled under the terms of the BLTD plan for 24 months during your entire lifetime, excluding the benefit waiting period, for a disability caused or contributed to by:**
  - A mental disorder, unless you are continuously confined to a hospital solely because of a mental disorder at the end of the 24 months.
  - Your use of alcohol, alcoholism, use of any illicit drug, including hallucinogens, or drug addiction.
  - Chronic pain, musculoskeletal or connective tissue conditions.
  - Chronic fatigue or related conditions.
  - Chemical and environmental sensitivities.
- During the first 24 months of disability, after the 90-day benefit waiting period, no BLTD benefits will be paid for any period of disability when you are able to work in your own occupation and you are able to earn at least 20 percent of your predisability earnings, adjusted for inflation, but you choose not to work. Thereafter, no BLTD benefits will be paid for any period of disability when you are able to work in any occupation and able to earn at least 20 percent of your predisability earnings, adjusted for inflation, but choose not to work.
- While living outside the United States or Canada, payment of LTD benefits is limited to 12 months for each period of continuous disability.
BLTD Plan Benefits Summary

- Benefit waiting period: 90 days
- Monthly BLTD benefit* percentage: 62.5 percent of your predisability earnings, reduced by deductible income
- Maximum benefit: $800 per month
- Maximum benefit period: To age 65 if you become disabled before age 62. If you become disabled at age 62 or older, the maximum benefit period is based on your age at the time of disability. The maximum benefit period for age 69 and older is one year.

*BLTD benefits are subject to federal and state income taxes. Check with your accountant or tax advisor regarding your tax liability.

Predisability Earnings

Predisability earnings are the monthly earnings, including merit and longevity increases, from your covered employer as of the January 1 preceding your last full day of active work, or on the date you became a member if you were not a member on January 1. It does not include your bonuses, commissions, overtime or incentive pay. If you are a teacher, it does not include your compensation for summer school, but it does include compensation earned during regular summer sessions by university staff.

When Are You Considered Disabled?

You are considered disabled and eligible for benefits if you cannot fulfill the requirements of your occupation due to a covered injury, physical disease, mental disorder or pregnancy. You also will need to satisfy the benefit waiting period and meet one of the following definitions of disability during the period to which it applies.

Definition One: Own Occupation Disability—You are unable to perform, with reasonable continuity, the material duties of your own occupation during the benefit waiting period and the first 24 months of disability.

“Own Occupation” means any employment, business, trade, profession, calling or vocation that involves material duties of the same general character as your regular and ordinary employment with the employer. Your own occupation is not limited to your job with your employer, nor is your own occupation limited to when your job is available.

Definition Two: Any Occupation Disability—You are unable to perform, with reasonable continuity, the material duties of any occupation.

“Any Occupation” means any occupation or employment you are able to perform, due to education, training or experience, which is available at one or more locations in the national economy and in which you can be expected to earn at least 65 percent of your predisability earnings (adjusted for inflation) within 12 months following your return to work, regardless of whether you are working in that or any other occupation. The any occupation period begins at the end of the own occupation period and continues to the end of the maximum benefit period.

Definition Three: Partial Disability—
A) During the benefit waiting period and the own occupation period you are working while disabled but you are unable to earn more than 80 percent of your predisability earnings, adjusted for inflation, while working in your own occupation.
B) During the any occupation period you are working while disabled but you are unable to earn more than 65 percent of your predisability earnings, adjusted for inflation, while working in any occupation.

“Material duties” means the essential tasks, functions and operations, and the skills, abilities, knowledge, training and experience generally required by employers for those engaged in a particular occupation.
Deductible Income

Your BLTD benefits will be reduced by your *deductible income* – income you receive, or you are eligible to receive – from other sources. **Deductible income includes:** sick pay or other salary continuation (including sick-leave pool); primary Social Security benefits; workers’ compensation; other group disability benefits (except SLTD benefits, which are described on page 144); maximum plan retirement benefits; etc. In addition, TERI funds, at the time you receive them, are deductible income **back to the time you began receiving disability benefits.** For example, your BLTD benefit, before reduction by deductible income, is 62.5 percent of your covered pre-disability earnings, with a maximum monthly amount of $800. The benefit will then be reduced by the amount of any deductible income you receive or are eligible to receive. The total of the reduced benefit, plus the deductible income, will provide at least 62.5 percent of your covered predisability earnings, but no more than $800 a month.

You are required to meet deadlines for applying for all deductible income you are eligible to receive. PEBA Retirement Benefits has different requirements for disability retirement. Please contact PEBA Retirement Benefits for more information.

When other benefits are awarded, they may include payments due to you while you were receiving BLTD benefits. If the award includes past benefits, or if you receive other income before notifying The Standard, your BLTD claim may be overpaid. This is because you received benefits from the plan and income from another source for the same period of time. You will be required to repay the plan for this overpayment.

When Benefits End

Your benefits end automatically on the earliest of these dates:

- The date you are no longer disabled under the terms of the BLTD plan
- The date your maximum benefit period ends (refer to “Exclusions and Limitations” on page 138)
- The date benefits become payable under any other group long term disability insurance policy under which you became insured during a period of temporary recovery
- The date of your death.

If you are an employee of a local subdivision, your employer becomes responsible for your BLTD benefit payments if your employer stops participating in the state insurance program.

When BLTD Coverage Ends

Your coverage ends automatically on the earliest of:

- The date the plan ends
- The date you no longer meet the requirements noted in the “Eligibility” section of this chapter
- The date your health coverage as an active employee ends
- The date your employment ends.

Appeals

If Standard Insurance Company denies your claim for long term disability benefits, you can appeal the decision by writing to Standard Insurance Company, P.O. Box 2800, Portland, OR 97208, within 180 days of receipt of the denial letter. If the company upholds its decision after a review by its Administrative Review Unit, you may appeal that decision by writing to PEBA Insurance Benefits within 90 days of the notice of denial. If the PEBA Insurance Benefits Appeals Committee denies your appeal, you have 30 days to seek judicial review as provided by Sections 1-11-710 and 1-23-380 of the S.C. Code of Laws, as amended.
Supplemental Long Term Disability

Introduction

Many people think they will never become disabled. Consider these statistics:

- Just over 1 in 4 of today’s 20-year-olds will become disabled before they retire.¹
- More than 37 million Americans are classified as disabled; about 12 percent of the total population. More than 50 percent of those disabled Americans are in their working years, from age 18 to age 64.²
- 65 percent of working Americans say they could not cover normal living expenses even for a year if their employment income were lost; 38 percent could not pay their bills for more than three months.³

As noted above, many people would not be able to meet their financial obligations if they became disabled and could not work for an extended period of time. PEBA Insurance Benefits offers an optional disability insurance plan that provides additional protection for you and your family if your monthly gross income is more than $1,280 ($15,360 annually). This program, Supplemental Long Term Disability Insurance (SLTD), is insured by Standard Insurance Company (The Standard).

¹U.S. Social Security Administration, Fact Sheet February 7, 2013.
²U.S. Census Bureau, American Community Survey, 2011.

What SLTD Insurance Provides

- Competitive group rates
- Survivors benefits for eligible dependents
- Coverage for injury, physical disease, mental disorder or pregnancy
- A return-to-work incentive
- SLTD conversion insurance
- A cost-of-living adjustment
- Lifetime Security Benefit.

Eligibility

You are eligible for SLTD insurance if you are an active, permanent full-time employee as defined under the plan, or a full-time academic employee, and you are employed by: a department, agency, board, commission or institution of the state; a public school district; a county government (including county council members); or another eligible employer approved by law and participating in the state insurance program; or are a member of the General Assembly or a judge in the state courts.

You are not eligible for this coverage if you are an employee of an employer that is covered under any other group long term disability plan that insures any portion of your predisability earnings (other than the BLTD Plan); if you are receiving retirement benefits from PEBA Retirement Benefits and you have waived active employee coverage; if you are a temporary or seasonal employee; or if you are a full-time member of the armed forces of any country.

Enrollment

You can enroll in the SLTD program within 31 days of eligibility. You may choose from one of two benefit waiting periods. If, however, you do not enroll within 31 days after you first become eligible for SLTD, you must provide The Standard with medical evidence of good health and be approved to become insured. You may enroll with medical evidence of good health throughout the year.

www.eip.sc.gov  S.C. Public Employee Benefit Authority
Benefit Waiting Period

The Benefit Waiting Period is the length of time you must be disabled before benefits are payable. You may choose a 90-day or a 180-day benefit waiting period. You may change from one benefit waiting period to the other at any time.

- To change from a **90-day to a 180-day** benefit waiting period, you must complete a Notice of Election (NOE) form and return it to your benefits administrator.
- To change from a **180-day to a 90-day** benefit waiting period, you must complete an NOE and provide medical evidence of good health, which The Standard will consider in determining whether to approve your application.

Certificate

The SLTD certificate is available through your benefits administrator and is on the PEBA Insurance Benefits website, [www.eip.sc.gov](http://www.eip.sc.gov), under “Forms.” Please read it carefully. The contract contains the controlling provisions of this insurance plan. Neither the certificate nor any other material can modify those provisions.

Physical Exam

If you fail to enroll within 31 days of your hire date, you must complete a medical history statement. The Standard may require you to undergo a physical examination and blood test at your own expense.

Claims

As soon as it appears you will be disabled for 90 days or more, ask your benefits administrator for a claim form packet. The packet is also on the PEBA Insurance Benefits website, [www.eip.sc.gov](http://www.eip.sc.gov), under “Forms.” It contains these forms: Employee’s Statement; Authorization to Obtain Psychotherapy Notes; Authorization to Obtain Information; Attending Physician’s Statement; and Employer’s Statement. You are responsible for making sure these forms are completed and returned to The Standard. Your complete medical records should accompany the Attending Physician’s Statement. If you have BLTD coverage, only one claim packet must be completed. The forms may be faxed to 800-437-0961; original forms must follow. If you have questions, contact The Standard at 800-628-9696.

You should provide these completed claim forms to The Standard within 90 days of the end of the benefit waiting period. If you cannot meet this deadline, you must submit the forms as soon as reasonably possible, but no later than one year after that 90-day period. If you do not provide the forms within this period, barring a court’s determination of your legal incapacity, The Standard may deny your claim.

Salary Change

Your SLTD premium will be recalculated based on your age as of the preceding January 1. Any change in your predisability earnings after you become disabled will have no effect on the amount of your SLTD benefit.

Active Work Requirement

If physical disease, mental disorder, injury or pregnancy prevents you from working the day before the scheduled effective date of your insurance coverage, your coverage will not become effective until the day after you are actively at work for one full day.

Pre-existing Conditions

A **pre-existing condition** is a physical or mental condition for which you consulted a physician, received medical treatment or services or took prescribed drugs or medications during the six-month period before
your SLTD coverage became effective. No benefits will be paid for a disability caused, or contributed to, by a pre-existing condition unless on the date you become disabled:

- You have been continuously covered under the plan for at least 12 months (Exclusion Period) or
- You have not consulted a physician, received medical treatment or services or taken prescribed drugs or medications during any 12-consecutive-month period between your date of disability and six months before the date your SLTD insurance became effective (Treatment Free Period).

The Pre-existing Condition Exclusion also applies when you change from the plan with the 180-day benefit waiting period to the plan with the 90-day benefit waiting period. The Pre-existing Condition Period, Treatment Free Period and Exclusion Period for the new plan will be based on the effective date of your coverage under the 90-day plan. However, if benefits do not become payable under the 90-day plan because of the Pre-existing Condition Exclusion, your claim will be processed under the 180-day plan as if you had not changed plans.

### Exclusions and Limitations

- Disabilities resulting from war or any act of war are not covered.
- Intentional self-inflicted injuries are not covered.
- No SLTD benefits are payable when you are not under the ongoing care of a physician.
- No SLTD benefits are payable for any period when you are not participating, in good faith, in a course of medical treatment, or vocational training, or education approved by The Standard, unless your disability prevents you from participating.
- No SLTD benefits are payable for any period of disability when you are confined for any reason in a penal or correctional institution.
- **No SLTD benefits are payable after you have been disabled under the terms of the SLTD plan for 24 months during your entire lifetime, excluding the benefit waiting period, for a disability caused, or contributed to, by:**
  - A mental disorder, unless you are continuously confined to a hospital solely because of a mental disorder at the end of the 24 months.
  - Your use of alcohol, alcoholism, use of any illicit drug, including hallucinogens, or drug addiction.
  - Chronic pain, musculoskeletal or connective tissue conditions.
  - Chronic fatigue or related conditions.
  - Chemical and environmental sensitivities.

- During the first 24 months of disability, after the benefit waiting period, no SLTD benefits will be paid for any period of disability when you are able to work in your own occupation and you are able to earn at least 20 percent of your predisability earnings, adjusted for inflation, but you choose not to work. Thereafter, no SLTD benefits will be paid for any period of disability when you are able to work in any occupation and able to earn at least 20 percent of your predisability earnings, adjusted for inflation, but choose not to work.
- Generally, no SLTD benefits are payable for any period of disability when you are not also receiving disability benefits under the state of South Carolina Basic Long Term Disability (BLTD) plan. However, this may not apply if:
  - You receive or are eligible to receive other income that is deductible under the BLTD plan and the amount of that income equals or exceeds the amount of the benefits that would otherwise be payable to you under that plan.
  - Benefits that would otherwise be payable to you under the BLTD plan are being used to repay an overpayment of any claim, or
  - You were not insured under the BLTD plan when you become disabled.
- While living outside the United States or Canada, payment of LTD benefits is limited to 12 months for each period of continuous disability.
**SLTD Plan Benefits Summary**

**Benefit waiting period:**
- Plan one: 90 days
- Plan two: 180 days

**Maximum SLTD-covered predisability earnings:**
$12,307 per month

**Monthly benefit**¹ percentages:
65 percent of the first $12,307 of your monthly predisability earnings, reduced by deductible income

**Minimum benefit:** $100 per month

**Maximum benefit:** $8,000 per month

**Cost-of-living adjustment:**
After 12 consecutive months of receiving SLTD benefits, effective on April 1 of each year thereafter; based on the prior year’s CPI-W (Consumer Price Index) up to 4 percent. This cost-of-living adjustment does not apply when you are receiving the minimum monthly benefit or a monthly benefit of $25,000 as a result of these adjustments.

**Maximum benefit period:**
- To age 65 if you become disabled before age 62.
- If you become disabled at age 62 or older, the maximum benefit period is based on your age at the time of disability. The maximum benefit period for age 69 and older is one year.
- In certain circumstances, benefits may continue after the maximum benefit period. See "Lifetime Security Benefit" on page 146 for more information.

**Monthly premium**² rate:
Multiply the premium factor for your age and plan selection by your monthly earnings.

<table>
<thead>
<tr>
<th>Your age as of the preceding January 1</th>
<th>Plan one</th>
<th>Plan two</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under age 31</td>
<td>.00063</td>
<td>.00050</td>
</tr>
<tr>
<td>31 through 40</td>
<td>.00088</td>

<td>.00517</td>
<td>.00397</td>
</tr>
</tbody>
</table>

**Examples:**
Mary is 38 years old, earns $3,000 per month and selected plan two. Her monthly premium is $3,000 x .00067 = $2.02 per month. (The premium was rounded up $0.01 because it must be an even amount.)

John is 52 years old, earns $2,250 per month and selected plan one. John’s monthly premium is $2,250 x .00352 = $7.92 per month.

¹These benefits are not taxable provided you pay the premium on an after-tax basis.
²Premium must be an even amount (amount is rounded up to next even number).
How Does SLTD Insurance Work?

SLTD insurance is designed to provide additional financial assistance if you become disabled. Your benefit will be based on a percentage of your predisability earnings. This program is customized for you. The SLTD plan benefits summary will provide more information about your plan, including:

- Your level of coverage
- How long benefits payments would continue if you remain disabled
- The maximum benefit amount
- Your choice of benefit waiting periods
- Your premium schedule.

You can apply for SLTD if you are:

- An active, permanent, full-time employee as defined by the plan or
- A full-time academic employee, and
- You receive compensation from:
  - A department, agency, board, commission or institution of the state
  - A public school district
  - A county government (including county council members) or
  - Another group participating in the state’s insurance program.

Members of the General Assembly and judges in the state courts are also eligible. If your group offers other supplemental long term disability coverage, you must choose one or the other.

Predisability Earnings

Predisability earnings are the monthly earnings, including merit and longevity increases, from your covered employer as of the January 1 before your last full day of active work, or on the date you became a member if you were not a member on January 1. It does not include your bonuses, commissions, overtime pay or incentive pay. If you are a teacher, it does not include your compensation for summer school, but it does include compensation earned during regular summer sessions by university staff.

When Are You Considered Disabled?

You are considered disabled and eligible for benefits if you cannot work due to a covered injury, physical disease, mental disorder or pregnancy. You will also need to satisfy the benefit waiting period and meet one of these definitions of disability.

Definition One: Own Occupation Disability – You are unable to perform, with reasonable continuity, the material duties of your own occupation during the benefit waiting period and the first 24 months SLTD benefits are payable.

“Own occupation” means any employment, business, trade, profession, calling or vocation that involves material duties of the same general character as your regular and ordinary employment with the employer. Your “own occupation” is not limited to your job with your employer, nor is it limited to when your job is available.

Definition Two: Any Occupation Disability – You are unable to perform, with reasonable continuity, the material duties of any occupation.

Material duties” means the essential tasks, functions and operations, and the skills, abilities, knowledge, training and experience generally required by employers from those engaged in a particular occupation.
“Any occupation” means any occupation or employment you are able to perform, due to education, training or experience, which is available at one or more locations in the national economy and in which you can be expected to earn at least 65 percent of your predisability earnings (adjusted for inflation) within 12 months following your return to work, regardless of whether you are working in that or any other occupation. The any occupation period begins at the end of the own occupation period and continues to the end of the maximum benefit period (see page 144).

Definition Three: Partial Disability —

A) During the benefit waiting period and the own occupation period, you are working while disabled but you are unable to earn more than 80 percent of your predisability earnings, adjusted for inflation, while working in your own occupation.

B) During the any occupation period, you are working while disabled but you are unable to earn more than 65 percent of your predisability earnings, adjusted for inflation, while working in any occupation.

Deductible Income

Your SLTD benefits will be reduced by your deductible income – income you receive, or you are eligible to receive – from other sources. Deductible income includes: sick pay or other salary continuation (including sick leave pool), primary and dependent Social Security benefits, workers’ compensation, BLTD benefits, other group disability benefits, maximum plan retirement benefits, etc. In addition, TERI funds, at the time you receive them, are deductible income back to the time you began receiving disability benefits. For example, your SLTD benefit before reduction by deductible income is 65 percent of your covered predisability earnings. The benefit will then be reduced by the amount of any deductible income that you receive or are eligible to receive, so the total of the reduced SLTD benefit plus the deductible income will provide at least 65 percent of your covered predisability earnings. The guaranteed minimum SLTD benefit is $100, regardless of the amount of deductible income.

You are required to meet deadlines for applying for all deductible income you are eligible to receive. PEBA Retirement Benefits has different requirements for disability retirement. Please contact PEBA Retirement Benefits for more information. When other benefits are awarded, they may include payments due to you while you were receiving LTD benefits. If the award includes past benefits, or if you receive other income before notifying The Standard, your SLTD claim may be overpaid. This is because you received benefits from your plan and income from another source for the same period of time. You will be required to repay the plan for this overpayment.

Lifetime Security Benefit

This coverage provides lifetime long term disability benefits if, on the last day of the regular maximum benefit period, the disabled person is unable to perform two or more activities of daily living and/or suffers from a severe cognitive impairment that is expected to last 90 days or more. The benefit will be equal to the benefit that was being paid on the last day of the regular long term disability period.

Conversion

When your insurance ends, you may buy SLTD conversion insurance if you meet all of these criteria:

1. Your insurance ends for a reason other than:
   a. Termination or amendment of the group policy
   b. Your failure to pay a required premium
   c. Your retirement.

2. You were insured under your employer’s long term disability insurance plan for at least one year as of the date your insurance ended.

3. You are not disabled on the date your insurance ends.
4. You will not be eligible for long term disability insurance through another employer.
5. You are a citizen or resident of the United States or Canada.
6. You apply in writing and pay the first premium for SLTD conversion insurance within 31 days after your insurance ends.

If you have questions about converting your SLTD policy, call The Standard at 800-378-4668. You will need to know the state of South Carolina’s group number, which is 621144.

**Death Benefits**

If you die while SLTD benefits are payable, The Standard will pay a lump-sum benefit to your eligible survivor. This benefit will be equal to three months of your SLTD benefit, not reduced by deductible income. Eligible survivors include your surviving spouse; surviving, unmarried children younger than age 25; or any person providing care and support for any of them.

This benefit is not available to any eligible survivors if your SLTD benefits and claim have reached the Maximum Benefit Period before your death. Also, this benefit is not available if you have been approved for and/or are receiving the Lifetime Security Benefit.

**When Benefits End**

Your benefits end automatically on the earliest of:

- The date you are no longer disabled
- The date your Maximum Benefit Period ends, unless SLTD benefits are continued by the Lifetime Security Benefit
- The date of your death
- The date benefits become payable under any other employer’s group SLTD policy.

**When SLTD Coverage Ends**

Your insurance ends automatically on the earliest of:

- The last day of the month for which you paid a premium
- The date the group policy ends
- The date you no longer meet the requirements noted in the “Eligibility” section of this chapter.

**Appeals**

If Standard Insurance Company denies your claim for supplemental long term disability benefits, you can appeal the decision by writing to Standard Insurance Company, P.O. Box 2800, Portland, OR 97208, within 180 days of the receipt of the denial letter. If the company upholds its decision, the claim will receive an independent review by The Standard’s Administrative Review Unit.

**Please note:** Because Supplemental Long Term Disability is fully insured by The Standard, you may not appeal SLTD decisions to PEBA Insurance Benefits.

MoneyPlus — Your Tax-Favored Accounts Program

What is MoneyPlus?

MoneyPlus offers tax-favored accounts – IRS-approved, tax-free benefits. If you are an active employee, these accounts save you money on eligible medical and dependent care costs by enabling you to pay these expenses with funds deducted from your salary before it is taxed.

MoneyPlus is governed by Sections 105, 125, 129 and 223 of the Internal Revenue Service code. WageWorks, Inc., is the program’s third-party claims processor. Each account has an administrative charge, which is designed to be minimal compared to your tax savings.

Pretax Premiums

The Pretax Group Insurance Premium Feature allows you to pay premiums for the State Health Plan (including the tobacco-use surcharge), the TRICARE Supplement Plan, the State Dental Plan, Dental Plus, the State Vision Plan, and Optional Life (for coverage up to $50,000) before taxes are taken from your paycheck.

Flexible Spending Accounts

Through MoneyPlus you can pay eligible medical and dependent care expenses with money you set aside before it is taxed. You authorize deposits to your MoneyPlus account, which occur every pay period. As you have eligible expenses, you request tax-free withdrawals from your account to reimburse yourself. There are three Flexible Spending Accounts: a Dependent Care Spending Account (DCSA), a Medical Spending Account (MSA) and a Limited-use Medical Spending Account, which can accompany a Health Savings Account (HSA). (Members enrolled in the Savings Plan are eligible for an HSA.) If you have dependent care and medical expenses, you can establish a DCSA and an MSA (or a Limited-use MSA, if you contribute to an HSA.)

Retirees Returning to Work

A retiree who returns to work in an insurance-eligible position under the active group is eligible for the Pretax Group Insurance Premium Feature, a Dependent Care Spending Account and a Medical Spending Account (MSA). However, he must have completed one year of continuous state-covered employment by January 1 after open enrollment, which occurs yearly in October, to qualify for an MSA.

Health Savings Accounts

A Health Savings Account (HSA) is available to employees enrolled in the Savings Plan and can be used to pay health care expenses. The funds do not have to be spent in the year they are deposited. Money in the account accumulates tax free, so the funds can be used to pay qualified medical expenses in the future. An important advantage of an HSA is that you own it. If you leave your job, you can take the account with you and continue to use it for qualified medical expenses.

www.eip.sc.gov S.C. Public Employee Benefit Authority

For more information, see the Tax-Favored Accounts Guide, which is on the PEBA Insurance Benefits website, www.eip.sc.gov.

Remember: To be covered by a DCSA, an MSA or a Limited-use MSA, you must enroll yearly.

For more information about the Savings Plan see page 53.
MoneyPlus Example

This is how paying eligible expenses with a pretax payroll deduction may increase your spendable income. The figures used are monthly and for a single person covered under the S.C. Retirement System with two dependents.

*This fee is deducted from your paycheck before taxes.*

¹The fee for this optional card will be deducted from your Medical Spending Account at the beginning of the year.

²This WageWorks fee is deducted from your paycheck.

³This fee, which is for HSAs established with Wells Fargo Bank through MoneyPlus, is deducted from your account. It is waived if the balance in your account is over $2,500.

⁴There may be additional fees for other services. All fees are deducted from your HSA.

²There is a $15 one-time fee for a basic order of checks.

No charge if you use your Visa® debit card.
Pretax Group Insurance Premium Feature

With this feature, you can pay your State Health Plan, TRICARE Supplement Plan, State Dental Plan, Dental Plus, State Vision Plan and Optional Life premiums before taxes are taken out of your paycheck. You may also pay the tobacco-use surcharge. This feature is beneficial to all employees who pay these premiums.

Eligibility

You are enrolled in this feature automatically if you pay a health, TRICARE Supplement Plan, dental, vision care or Optional Life premium, unless you decline on your Notice of Election form. If you declined the Pretax Group Insurance Premium Feature in the past, you can enroll during open enrollment, which occurs yearly in October, or within 31 days of an approved change in status. See “Changing Your Flexible Spending Account Coverage,” page 165. For additional information, see “Special Eligibility Situations,” pages 22-27.)

Flexible Spending Accounts

IRS Guidelines for Flexible Spending Accounts

1. The IRS does not allow you to pay any insurance premiums through any type of spending account.
2. You cannot transfer money between MoneyPlus accounts or pay a dependent care expense from your Medical Spending Account or vice versa. The dependent care account is for dependent child/adult day care only. It does not provide any medical benefits for your dependents.
3. The IRS gives you until March 15 to spend any remaining funds deposited in your Medical Spending Account or your Limited-use Medical Spending Account from January through December of the previous year. For example: You have until March 15, 2015, to spend funds deposited in your MSA or Limited-use MSA between January 1 and December 31, 2014.
   • However, you must submit all reimbursement requests by March 31, 2015. Any money in your Medical Spending Account or your Limited-use Medical Spending Account after your reimbursable requests have been processed cannot be returned to you or carried over to the next year.
4. You have until March 31 after the end of the year to submit for reimbursement eligible Dependent Care Spending Account expenses incurred during your period of coverage, January through December. Any money in your Dependent Care Spending Account after your reimbursable requests have been processed cannot be returned to you or carried over to the next year.
5. You may not be reimbursed through your MoneyPlus accounts for expenses paid by insurance or by any other source.
6. You cannot deduct reimbursed expenses from your income tax.
7. You may not be reimbursed for a service that you have not received.

Written Certification

When enrolling in either or both MoneyPlus spending accounts, you must agree to the following in writing on your enrollment form:

• I will only use my MoneyPlus account to pay for IRS-qualified expenses eligible under my employer’s plan and only for me and my IRS-eligible dependents.
• I will exhaust all other sources of reimbursement, including those provided under my employer’s

www.eip.sc.gov  S.C. Public Employee Benefit Authority  153
Deciding How Much to Contribute to Your Flexible Spending Accounts

To estimate how much to deposit in your Dependent Care Spending Account or Medical Spending Account, complete the MoneyPlus Worksheets, which are at www.eip.sc.gov under "Forms." Be conservative in your estimates.

- Money remaining in your Dependent Care Spending Account after the plan year ends, cannot be returned to you or carried forward to the next plan year. However, you have until March 31, 2016, to submit requests for reimbursement for expenses incurred on or before December 31, 2015.
- Money remaining in your Medical Spending Account or in your Limited-use Medical Spending Account after the plan year and any grace period ends, cannot be returned to you or carried forward to the next plan year. However, you have until March 31, 2015, to submit requests for reimbursement for expenses incurred on or before March 15, 2015, for either of the Medical Spending Accounts.

Earned Income Tax Credit

Contributions made before taxes to a Dependent Care Spending Account or a Medical Spending Account lower your taxable earned income. The lower the earned income, the higher the Earned Income Tax Credit (EITC). If you qualify for the EITC, contributions to one or both of these accounts will help. Taxpayers may consult IRS Publication 596 for additional information, use the services of a tax professional or get assistance from a Volunteer Income Tax Assistance site. To find the closest site, call the IRS at 800-829-1040.

Dependent Care Spending Account vs. Child and Dependent Care Credit

If you pay for the care of a child or another dependent so you can work, you may be able to reduce your taxes by claiming those expenses on your federal income tax return through the Child and Dependent Care Credit. Depending on a taxpayer’s circumstances, participating in a Dependent Care Spending Account on a salary-reduction basis will generally produce the greater tax benefit. However, it is important to look at your unique circumstances. Go to www.myFBMC.com, and select the Tax Savings Analysis link at the bottom of the home page. Follow the prompts. For more information about the Dependent Care Spending Account, go to the FAQs section on the same website.

In addition to the tax benefit of participating in a Dependent Care Spending Account, a partial Child and Dependent Care Credit may be available to you. For example, you may be able to claim an additional tax credit in an amount equal to a percentage of $1,000 if you have:

- Two or more qualifying individuals
- A maximum Dependent Care Spending Account tax filing status of $5,000 and
- $6,000 or more in eligible dependent care expenses.

Note: You cannot use the Child and Dependent Care Credit if you are married and filing separately. Dependent care expenses reimbursed through a Dependent Care Spending Account cannot be filed for the credit.

For assistance, call the Customer Care Center at 800-342-8017.

For more information on the Child and Dependent Care Credit, refer to IRS Publication 503.

Note: If you participate in the Dependent Care Spending Account or if you file for the Child and Dependent Care Credit, you must attach IRS Form 2441 to your 1040 income tax return. If you do not, the IRS may not allow your pretax exclusion. To claim the income exclusion for dependent care expenses on IRS Form 2441, you must be able to list each dependent care provider’s Social Security Number (SSN) or Employer Identification Number (EIN). If you are unable to obtain a dependent care provider’s SSN or EIN, you must send with your IRS Form 2441 a written statement that explains the circumstances and states that you made a serious effort to get the information.
**MoneyPlus Medical Spending Account vs. Claiming Expenses on IRS Form 1040**

Unless your itemized medical and dental expenses exceed 10 percent of your adjusted gross income*, you cannot claim them on your IRS Form 1040. However, you can save taxes by paying for your uninsured, out-of-pocket medical expenses through a tax-free Medical Spending Account.

*Note: If you file a joint tax return, your adjusted gross income includes both your income and your spouse’s.

With a Medical Spending Account, the money you set aside for medical expenses is deducted from your salary before it is taxed, so you save on taxes. For example, if your adjusted gross income were $45,000, the IRS would only allow you to deduct itemized expenses that exceed $4,500, or 10 percent of your adjusted gross income. But if you have $2,000 in eligible medical expenses, the MoneyPlus account saves you $656 on your medical expenses in federal income tax (15 percent), South Carolina state tax (7 percent) and Social Security taxes (7.65 percent).

For additional information about the tax credit, consult IRS Publication 502, use the services of a tax professional or get assistance from a Volunteer Income Tax Assistance site. To find the nearest site, call the IRS at 800-829-1040. For additional information on MSAs, check the FAQs at [www.myFBMC.com](http://www.myFBMC.com).

**Dependent Care Spending Account**

Please note: This account is only for paying for day care for children and adults. It may not be used to pay for any medical care for your dependents. You will not be allowed to change this account to a Medical Spending Account after the Jan. 1, 2015, plan year begins.

**How the Dependent Care Spending Account Works**

1. Estimate the amount you will spend during the year on dependent care, up to $5,000, depending on your tax status. Don’t forget to consider vacation and holiday time when you may not have to pay for dependent care. During the year, make sure you file all your claims for reimbursement. Remember, according to IRS guidelines, any money in your account after you have claimed all your expenses at the end of the year cannot be returned to you or be carried over into the next calendar year. **You have until March 31 of the new plan year to file claims for services provided the previous year.**

2. The annual amount you contribute to your account will be divided into equal installments and deducted from each paycheck before taxes. It is then credited to your Dependent Care Spending Account.

3. **After incurring dependent care expenses, submit a MoneyPlus Claim Form and a copy of your expense documentation from your dependent care provider to WageWorks.** The MoneyPlus Claim Form may serve as documentation if it includes the provider’s signature. The provider’s Tax ID Number or Social Security Number is not requested on the claim form. However, you should be prepared to give it to the IRS if asked to do so.

4. Your claim will be processed within five working days of when WageWorks receives it, if it is properly completed and signed, and **only if there are enough funds in your account.** Then a direct deposit will be issued to your account, or a check will be mailed, up to your current account balance. You will be reimbursed for any remaining expenses when money is available in your account.

**Eligibility**

You must be eligible for state group insurance benefits to participate in MoneyPlus. However, you are **not** required to be covered by an insurance program to participate in MoneyPlus, nor do you have to enroll in the Pretax Group Insurance Premium Feature to participate in the Dependent Care or Medical Spending accounts.
Enrollment

You can enroll in the Dependent Care Spending Account within 31 days of your hire date. If you do not enroll then, you can enroll during the next enrollment period, October 1-31. You also can enroll in, or make changes to, this account within 31 days of an approved change in status (see “Special Eligibility Situations,” pages 22-27 and “Changing Your Flexible Spending Account Coverage,” page 165). You must re-enroll each year during open enrollment, which occurs yearly in October, to continue your account the next year. The Dependent Care Spending Account allows you to pay dependent care expenses with your pretax income. Here are the limits on how much you may set aside:

- If you are married and filing separately, your maximum is $2,500.
- If you are single and head of household, your maximum is $5,000.
- If you are married and filing jointly, your maximum is $5,000.
- If either you or your spouse earns less than $5,000 a year, your maximum is equal to the lower of the two incomes.
- If your spouse is a full-time student or incapable of self-care, your maximum is $3,000 a year for one dependent and $5,000 a year for two or more dependents.

You may use your Dependent Care Spending Account to receive reimbursement for eligible dependent care expenses for qualified individuals. A qualified individual includes a qualified child if he or she:

- Is a U.S. citizen, a U.S. national or a resident of the U.S., Mexico or Canada
- Has a specified family-type relationship to you
- Lives in your household for more than half of the tax year
- Is under age 13
- Has not provided more than one-half of his own support during the tax year.

For more information, talk with your benefits administrator or a tax professional, or contact the Internal Revenue Service at 800-829-1040 or www.irs.gov.

Eligible Expenses

Generally, child, adult and elder care costs that allow you and your spouse to work or actively look for work are eligible for reimbursement. If you are married, your spouse must work, be a full-time student or be mentally or physically incapable of self-care. Examples:

- Day care facility fees
- Local day camp fees
- Baby-sitting fees for at-home care while you and your spouse are working (you, your spouse or another tax dependent cannot provide the care).

Ineligible Expenses

- Child support payments or child care if you are a non-custodial parent
- Payments for dependent care services provided by your dependent, your spouse’s dependent or your child who is under age 19
- Health care costs or educational tuition
- Overnight care for your dependents (unless it allows you and your spouse to work during that time)
- Nursing home fees
- Diaper services
- Books and supplies
- Activity fees
- Kindergarten tuition.
Reimbursement of Eligible DCSA Expenses

To request reimbursement, you must complete and submit a MoneyPlus Claim Form, along with expense documentation showing the following:

- The dates your dependent received the care (for example, October 1-October 31), not the date you paid for the service
- The name and address of the facility
- The name, address and signature of the individual who provided the dependent care.

This information is required with each request for reimbursement. The MoneyPlus Claim Form may serve as documentation if it includes the provider’s signature. The provider’s Tax ID Number or Social Security Number is not requested on the claim form. However, you should be prepared to give it to the IRS if asked to do so.

An approved expense will not be reimbursed until after the last date of service for which you are requesting reimbursement. For example, if you pay your dependent care provider on October 1 for the month of October, you can submit your reimbursement request for the entire month. However, payment will not be made until you receive the last day of care for that month.

An approved expense will not be reimbursed until enough funds are in your Dependent Care Spending Account to cover the expense. On your claim form, you may divide the dates of service into periods that correspond with your payroll cycle. This will allow you to be reimbursed for part of the amount on the documentation when there are enough funds in your account.

Medical Spending Account

How the Medical Spending Account Works

1. Estimate the amount you and your family want to set aside in your Medical Spending Account, up to $2,550 for 2015. This amount is indexed and may be updated yearly. If you are married and your spouse is eligible for coverage, you may each set aside up to $2,550. Consider only those expenses you and your family can expect to incur between January 1 and December 31.

   - According to IRS regulations, if you have money left in your MSA on December 31, you have until March 15 of the new year (a grace period) to spend funds deposited in the account during the previous year.
   - You have until March 31 to ask for reimbursement and submit documentation for eligible expenses incurred during the calendar year and the grace period. This includes documentation for myFBMC Card® transactions. Check www.myFBMC.com for any outstanding transactions that may need documentation.
   - Between January 1 and March 15, any myFBMC Card® swipes or paper claims filed will be paid from funds remaining in your MSA from the previous year. For example, if you have 2014 MSA funds you would like to use, submit all of your 2014 claims before you begin turning in claims for 2015 expenses. Once your 2014 funds are exhausted, you will begin to be reimbursed from your 2015 account.
   - Remember, any money in your account after you have claimed all of your expenses cannot be returned to you or carried over beyond March 15 of the new year.

www.eip.sc.gov

S.C. Public Employee Benefit Authority

Please Remember —
Although claims are processed in five working days, it may take as long as two weeks to get your check because of time in the mail and weekends. To receive your reimbursement faster, sign up for Direct Deposit.

You may also file your DCSA and MSA claims online. To do so, go to www.myFBMC.com. Log in and select “My Account” and then “Online Claim Form.” For more information, see page 164.
Insurance Benefits Guide

If you had a myFBMC Card® during the old plan year and signed up for it for the new plan year, you can continue to use it to pay eligible expenses from your previous year’s MSA until March 15. If you have not signed up for the card or an MSA again, you cannot use your myFBMC Card® after December 31. However, you may submit paper claims until March 31 for expenses incurred until March 15 of the new plan year.

2. The yearly amount you elect to contribute to your account will be divided into equal installments and deducted from each paycheck before taxes. It is then credited to your Medical Spending Account.

3. After incurring medical or dental expenses, submit a MoneyPlus Claim Form and a copy of the expense documentation or the Explanation of Benefits for these expenses to WageWorks. File the claim only for your unreimbursed expenses. Approved claims will be paid until you have reached the annual amount you chose to have deducted. It will take five working days to process your claim after WageWorks receives it. Then a direct deposit will be issued to your account within 48 hours after your approved claim is processed, or a check will be mailed. Because of weekends and time in the mail, it may take up to two weeks for you to receive your check.

4. If you have a myFBMC Card®, present it when you incur eligible medical expenses, including prescriptions or dental expenses. If the provider accepts the card, the funds will be automatically withdrawn from your account, and you will not have to wait for reimbursement. Instructions on when to submit expense documentation will be provided on your monthly statement, or you may check www.myFBMC.com.

Eligibility

You must be eligible for active group insurance to participate in MoneyPlus. However, you are not required to be enrolled in an insurance program to participate in MoneyPlus, nor do you have to enroll in the Pretax Group Insurance Premium Feature to participate in a Dependent Care or Medical Spending account.

Enrollment

To continue your Medical Spending Account each year, you must re-enroll during the enrollment period, October 1-31. If you have a myFBMC Card®, you must also re-enroll for it each year. You can enroll in, or make changes to, your MSA within 31 days of an approved change in status (see “Special Eligibility Situations,” pages 22-27 and “Changing Your Flexible Spending Account Coverage,” page 165). Complete a MoneyPlus Enrollment Form, available from your benefits administrator or on the PEBA Insurance Benefits website at www.eip.sc.gov. Submit the completed form to your benefits administrator. You may set aside up to $2,550 annually to pay your medical, vision and dental expenses that are not reimbursed by insurance. This figure may be adjusted yearly for inflation.

Your MoneyPlus MSA may be used to reimburse eligible expenses incurred by:

- Yourself
- Your spouse (even if he has a Medical Spending Account)
- Your qualifying child or
- Your qualifying relative.

An individual is a qualifying child if he is not someone else’s qualifying child, and:

- Does not reach age 27 during the taxable year
- Has a specified family-type relationship to you: son/daughter, stepson/stepdaughter, eligible foster child, legally adopted child, or child placed for legal adoption
- Is a U.S. citizen, a U.S. national or a resident of the U.S., Mexico or Canada.
An individual is a *qualifying relative* if he is a U.S. citizen, a U.S. national or a resident of the U.S., Mexico or Canada and:

- Has a specified family-type relationship to you, is not someone else’s qualifying child and receives more than one-half of his support from you during the tax year or
- If no specified family-type relationship to you exists, is a member of and lives in your household (without violating local law) for the entire tax year and receives more than one-half of his support from you during the tax year.

*Note*: There is no age requirement for a qualifying child if he is physically and/or mentally incapable of self care. An eligible child of divorced parents is treated as a dependent of both, so either or both parents can establish a MoneyPlus MSA.

For more information, contact your benefits administrator or tax advisor or the Internal Revenue Service at 800-829-1040 or at [www.irs.gov](http://www.irs.gov).

### Eligible Expenses — Medical Spending Account

Expenses eligible for reimbursement include your deductibles, coinsurance and copayments. In addition to these expenses, your MSA is an excellent way to help pay for:

- Annual physical exams
- Vision care
- Out-of-pocket dental fees (including orthodontia, if medically necessary, but not if cosmetic)
- Over-the-counter drugs, but only if prescribed by a physician
- Non-medicinal over-the-counter items, including diabetic supplies, are still reimbursable without a prescription
- Any other out-of-pocket medical expenses deductible under current tax laws, including travel to and from medical facilities.

*Note*: Orthodontia treatment designed to treat a specific medical condition can be reimbursed. However, you will have to submit additional documentation each year. For more information, call the Customer Care Center at 800-342-8017.

### Eligible Expenses — Limited-use Medical Spending Account

If you have a Health Savings Account (HSA), you are eligible for a Limited-use Medical Spending Account. This account may be used to pay expenses not covered by the Savings Plan, such as dental and vision care. You may use your HSA, but not your Limited-use MSA, for deductibles and coinsurance.

### Over-the-Counter Medicine

Under the Patient Protection and Affordable Care Act, an MSA can only be used to pay for over-the-counter drugs if those drugs are prescribed by a physician. A list of categories of over-the-counter items that the IRS has approved for reimbursement is available at [www.myFBMC.com](http://www.myFBMC.com).

### Ineligible Expenses

- Insurance premiums
- Vision warranties and service contracts
- Health or fitness club membership fees
- Cosmetic surgery not deemed medically necessary to alleviate, mitigate or prevent a medical condition.
Availability

Once you sign up for an MSA and decide how much to contribute, the entire amount will be available on January 1. You do not have to wait for the funds to accumulate in your account before being reimbursed for eligible medical expenses.

Medical Spending Account Reimbursement

If you use a myFBMC Card®, funds will be transferred automatically from your MSA. You will not need to wait for reimbursement. The myFBMC Card® is discussed in detail below.

If you file by mail, your reimbursement will be issued within five business days from the time your properly completed and signed claim form is received. However, weekends and time in the mail may mean it will take longer than that to receive your check. The minimum reimbursement is $5, except for the last reimbursement, which brings your account balance to zero.

Direct Deposit

Your MoneyPlus reimbursement checks can be deposited automatically into your checking or savings account. There is no extra fee for this service, and you will still be notified that your claim has been processed. To apply, complete a MoneyPlus Direct Deposit Authorization Form available from your benefits office or on the PEBA Insurance Benefits website at www.eip.sc.gov. Processing your direct deposit application may take four to six weeks.

MoneyPlus spending accounts are tax-favored accounts and must follow the guidelines under Section 125 of the Internal Revenue Code. Your signature on the form submitted for reimbursement serves as a required certification that you are abiding by the plan rules. Your request cannot be processed without it.

Requesting Manual Reimbursement

Claims must first be filed for any health plan benefits, provided by your employer, for which you are eligible. Any remaining out-of-pocket expenses may then be submitted for reimbursement from your MSA.

To request reimbursement from your MSA, fax or mail a completed MoneyPlus Claim Form (the fax number and address are on the form), along with one of these:

- An invoice or bill from your health care provider listing the date you received the service, the cost of the service, the type of service and the person for whom the service was provided
- An Explanation of Benefits (EOB) from your health insurance provider that shows the type of service you received, the date and cost of the service and any uninsured portion of the cost. In certain circumstances, a written statement from your healthcare provider that the service was medically necessary may be required. This Letter of Medical Need is available by calling 800-342-8017.

MoneyPlus MSA claims, as well as DCSA claims, also may be filed online. For information, see page 164.

MyFBMC Card® Visa® Card

You may use the myFBMC Card® to draw funds from your MoneyPlus MSA or Limited-use MSA to pay eligible, uninsured medical expenses for yourself and for your covered family members.

There is no risk of overspending. If you try to spend more than you will deposit into the account during the year, the transaction will be denied.
Effective Jan. 1, 2015, the myFBMC Card® is available to participants in the Limited-use MSA, which is associated with the State Health Plan Savings Plan and the Health Savings Account. However, the debit card may only be used to pay expenses not covered by the Savings Plan, such as dental and vision care.

**Enrollment**

When you sign up for an MSA, you may request a myFBMC Card® on your enrollment form. If you wish to continue your myFBMC Card® from year to year, you must re-enroll in it each year. There is a $10 annual fee for the card. The fee will be deducted from your MSA at the beginning of the year. You will receive two cards; you can give one to your spouse or child.

**Activating the Card**

You must activate your myFBMC Card® before you use it for the first time. To do so, log on to www.myFBMC.com. Be sure to sign the back of the card. If you continue to sign up for the card and a MoneyPlus MSA from year to year, you will continue to use the same plastic card until its expiration date.

**Using the Card**

**MSA participants** may use the card for:

- Copayments and deductibles at physician, dentist and optometrist offices
- Vision and dental expenses
- Prescription copayments and uncovered prescriptions at participating pharmacies
- IRS-approved over-the-counter items
- Over-the-counter drugs with a prescription, if filled by the pharmacy
- Mail-order prescriptions.

**Limited-use MSA participants** may use the card for expenses not covered by the Savings Plan, such as dental and vision care.

They may not use the card to be reimbursed for:

- Out-of-pocket medical expenses, such as deductibles and coinsurance
- Over-the-counter items.

The myFBMC Card® may only be used for eligible medical expenses not covered by your insurance. It may not be used for cosmetic dental costs and eyeglass warranties.

When you use the card to pay a health care provider, such as a physician or a stand-alone drug store, swipe it as you would a credit card. No PIN is needed. Please remember to keep documentation of your expenses, as stated in the IRS regulations.

**The card will only be accepted at IIAS merchants.** An up-to-date list of stores meeting the federal electronic coding requirements is at www.myFBMC.com. After you log in, click on the “My Account” tab at the top of the page and then select “My Account FAQ’s.” After that, select “Payment Card.” Under that category, click on “What is IIAS?” On the website, you will also find a list of categories of over-the-counter items that the IRS has approved for reimbursement.

The pharmacy must also participate in your health plan’s network. A list of pharmacies that are part of your network is on the PEBA Insurance Benefits website under “Online Directories.” If you use a pharmacy that
MoneyPlus

is not part of your plan’s network, you will pay the full cost for the drug. The cost will not apply to your deductible.

When using your myFBMC Card® at a pharmacy, just swipe the card as you would any credit or debit card. A PIN is not needed. Your receipt will show the name of the drug and the amount of the copayment that was taken from your MSA.

If a provider does not accept the card, you must use a MoneyPlus Claim Form to file for reimbursement. The form is available on the PEBA Insurance Benefits website at www.eip.sc.gov.

Up to five prescriptions with fixed copayments (such as $9, $38 and $63 under the Standard Plan) on one card transaction will be auto-adjudicated. Auto-adjudicated means they will be verified and approved when you make the purchase without requiring documentation later. If you have more than five prescriptions on one card transaction, all of the prescriptions will require documentation.

Documentation will be required when you use the card for any transaction that does not have a fixed copayment.

If prescription drugs are purchased through your health plan’s mail-order pharmacy, documentation will not be required for any prescriptions and IRS-approved over-the-counter items.

Documenting MyFBMC Card® Transactions

According to the IRS, it is not necessary to submit documentation for:

- Up to five for prescriptions with fixed copayments on one card transaction. (These prescriptions will be auto-adjudicated, verified and approved when you make the purchase without requiring documentation later.)
- Known copayments for services provided through the State Health Plan
- Eligible prescriptions purchased through your health plan’s mail-order pharmacy
- IRS-approved over-the-counter items.

However, documentation is needed for other health care expenses. When you receive your quarterly statement, transactions requiring documentation will be highlighted in blue. If an expense appears in this section you must fax a copy of your documentation and a MoneyPlus Claim Form to WageWorks. No cover sheet is needed.

Documentation can be an Explanation of Benefits from your health plan or a statement or bill showing the name of the patient, the date of service, the type of service, the service provider and the cost of service. If the documentation is for a drug, be sure it includes the prescription number and the name of the drug. Most drug store receipts do not show the name of the drug. You may need to submit a print-out that includes the name of the drug. It may be from the pharmacy, from your prescription drug program’s website or from the pharmacy’s website. The name also may be on a note stapled to the bag from the pharmacy.

The claim form is available on the PEBA Insurance Benefits website at www.eip.sc.gov under “Forms.” You may also get a copy from www.myFBMC.com, or from your benefits administrator. The claim form is necessary to process the documentation.

When an outstanding myFBMC Card® transaction has appeared in blue on two quarterly statements, the next time you submit an approved paper claim, enough money will be kept in your account to make up for the card transaction that you have not documented. You will be reimbursed for the difference between the
new claim and the undocumented claim. This is called “automatic substitution.” You may also satisfy any outstanding myFBMC Card® transactions by submitting a check to WageWorks, made out to your employer in the amount of the outstanding transaction.

If an undocumented transaction appears in blue on more that two consecutive quarterly statements and no automatic substitution has occurred, your myFBMC Card® will be suspended until:

• Your documentation is received and/or
• Automatic substitution occurs and/or
• You repay your account by check.

When the transaction in question is cleared by one of these methods, your card will be automatically reinstated. Any amounts from January 1, 2014, to March 15, 2015, that are not cleared by March 31, 2015, violate IRS guidelines and will be taxed as income. Also, your myFBMC Card® will be canceled permanently.

You should keep all documents substantiating your claims for at least one year and submit them upon request.

Lost Cards

If your myFBMC Card® is lost or stolen, call 888-462-1909 immediately.

Limited-use Medical Spending Account

Savings Plan subscribers who contribute to an HSA also may be eligible to enroll in a Limited-use Medical Spending Account (MSA) to pay dental and vision care expenses, as these are not covered by the Savings Plan. Except for the restrictions regarding which expenses are reimbursable, a MoneyPlus Limited-use MSA works the same as a MoneyPlus MSA.

Using your Limited-use MSA

Since you can pay your out-of-pocket medical expenses with your MoneyPlus HSA, some MoneyPlus MSA features are not available with a MoneyPlus Limited-use MSA, including:

• No reimbursement of out-of-pocket medical expenses, such as deductibles and coinsurance.
• No reimbursement for over-the-counter items.

Remember, MoneyPlus Limited-use MSAs are available only to HSA participants. Dependent Care Spending Account eligibility is not affected by your HSA participation.

Access to Information About Your Flexible Spending Account

A Word About Your Interactive Voice Response PIN

To use the Interactive Voice Response (IVR) system, all you need is your Social Security number (SSN). When you call the IVR for the first time, you will be asked to use the telephone pad to key in your SSN. The last four digits of your SSN will be your first Personal Identification Number (PIN). Then you will be asked to select your own confidential PIN, which should be between four and eight digits. Please use numbers only. Once you have selected your new PIN, you have access to information about your benefits. Please keep your PIN in a safe place. This PIN has no connection with the myFBMC Card®.
Insurance Benefits Guide 2015

If you have trouble registering, it may be because the information you entered does not match what is on file for you. During business hours, a customer care representative can help you register.

Website: www.myFBMC.com

This website provides information about your tax-favored accounts. To register, enter your name, ZIP code, email address and Social Security number and then select a password. To log in to the site, enter your email address and password. After you log in, you have access to this benefit information 24 hours a day:

- **My Benefits.** You may check your benefits, read Flexible Spending Account descriptions and other materials and much more.
- **My Account.** View your account summary, as well as an online statement, claims information and card transactions. The drop-down list includes access to an online claim form and other forms.
- **My Profile.** Change your email address, complete your online registration or select a new PIN.
- **My Resources.** Use the Tax Savings Analysis tool and find answers to many Frequently Asked Questions.
- **Contact Us.** Send a question to the Customer Care Center.

Filing Medical and Dependent Care Spending Account Claims Online

MoneyPlus claims may be filed online at www.myFBMC.com. Select “My Account” and then “Online Claim Form.” Choose an account: “Dependent Care FSA” “Medical Expense FSA,” or “Limited Medical FSA.” Enter the total amount of the claim and click “Next.” Then scan your completed claim form and supporting documents. Acceptable formats are .pdf, .jpg, .bmp, and .gif. Individual claim forms may not exceed three megabytes. After you scan your claim form and documents, follow the directions on the screen to submit your claims.

Claims also may be submitted by mail and fax.

Email Notification

You will be notified by email of a variety of events related to your Flexible Spending Accounts. They include receipt of claims, payment or rejection of claims, a need for myFBMC Card® documentation, suspension or reinstatement of your myFBMC Card® and more. To sign up, go to www.myFBMC.com, log in and click on “Go Green” in the box under “Account Access.”

Telephone

The 24-hour automated phone system enables you to check a MoneyPlus claim, request forms and more. Getting connected to your benefits is easy. Call the Interactive Voice Response Line at 800-865-3262.

Changing Your Flexible Spending Account Coverage

You can start or stop your MoneyPlus Flexible Spending Accounts or vary the amounts you contribute to the account only under limited circumstances. MoneyPlus program and IRS regulations establish which "changes in status" allow you to change contributions to your account. The change you wish to make to your Dependent Care Spending Account (DCSA) or Medical Spending Account (MSA) must be consistent with the event that triggers the change. For example, you may wish to start a DCSA if you have a baby or adopt a child. You may want to decrease your MSA contribution if you get a divorce and will no longer be paying for your ex-spouse’s out-of-pocket medical expenses.

Within 31 days of one of the events listed below, you must complete and submit a Change in Status Form to your benefits administrator if you wish to make changes in your account. The form is available on the Peba Insurance Benefits website at www.eip.sc.gov and from your benefits administrator. If you wish to continue to have a MyFBMC Card®, you must re-elect it on the form.

Your benefits administrator must complete and review the form, along with any necessary documentation, authorize it and forward the form in a timely manner. Any related claims you submit in the interim will be held until WageWorks receives and processes the Change in Status Form. Birth, adoption and placement for adoption are effective on the date of the event. All other changes in status are effective the first of the month after the date of the request. Some changes in status that permit changes to your account are:

- Marriage, divorce
- Birth, placement for adoption, adoption
- Placement for custody
- Dependent loses eligibility
- Death of spouse or child
- Gain or loss of employment
- Begin or end unpaid leave of absence
- Change from full-time to part-time employment or vice versa
- Change in day-care provider.

Please note: You cannot change your MoneyPlus account because you are in the process of a divorce. When a divorce is final, it is a change-in-status event that does permit you to change your MoneyPlus account.

For more information, contact your benefits administrator or call the Customer Care Center at 800-342-8017.

How Changes Affect Your Period of Coverage

Your MoneyPlus spending account is set up for the entire calendar year (your period of coverage). However, if you are permitted to change it during the year (an approved, mid-plan-year election change), you have more than one period of coverage. Money you deposit during the original period of coverage may be combined with money you deposit after the mid-year change. However, expenses you incurred before the mid-year change cannot be reimbursed for more money than was in the MoneyPlus account before the change.
How Leaving Your Job Affects Your Flexible Spending Account

Medical Spending Account

COBRA coverage under a MoneyPlus MSA will be offered only if you have an under-spent account. An account is under spent if the amount you elected to contribute to your account for the plan year, minus any reimbursable claims you have submitted up to the date of the COBRA qualifying event, is equal to or more than the amount you would have contributed to the account had you remained employed for the remainder of the plan year. COBRA coverage will consist of the amount you have in your MSA at the time of the qualifying event, plus additional contributions up to the annual amount you elected to contribute. You will be charged a 2 percent administrative fee. The use-it-or-lose-it rule will continue to apply. You will lose any funds remaining in your account at the end of the grace period, and COBRA coverage will end. WageWorks, the third-party claims processor, will contact you regarding continuation of coverage.

If you know in advance that you will be leaving your job, you can prepay your account. See page 186 for more information.

If you do not continue your MSA, you have 90 days from your last day worked to submit eligible MSA expenses incurred before you left employment. Any funds still in your account will not be returned to you.

The Family and Medical Leave Act (FMLA) may affect your rights to continue coverage while on leave. Please contact your employer for further information.

Dependent Care Spending Account

If you leave your job permanently or take an unpaid leave of absence, you cannot continue contributing to your Dependent Care Spending Account. You can, however, request reimbursement for eligible expenses incurred while you were employed, until you exhaust your account or the plan year ends.

Health Savings Account

Subscribers enrolled in the State Health Plan Savings Plan can save money for qualified medical expenses tax free through a Health Savings Account (HSA).

Eligibility

To be eligible for the state’s HSA, a subscriber must be covered by the Savings Plan, which is a High Deductible Health Plan (HDHP). He cannot be covered by any other health plan that is not a HDHP, including Medicare. However, he can be covered for specific injuries, accidents, disability, dental care, vision care and long-term care. He cannot be claimed as a dependent on another person’s income tax return.

An eligible subscriber may establish an HSA offered through any qualified financial institution. However, to contribute to an HSA on a pretax basis through payroll deduction, he must enroll in the MoneyPlus HSA. Wells Fargo is the custodian for these accounts. The accounts are administered by WageWorks.

A MoneyPlus MSA, even a spouse’s MSA, is considered other health insurance under HSA regulations. However, if you have no funds in your MSA on Dec. 31, you may begin contributing to an HSA on Jan. 1.

If you have a Limited-use MSA, you may begin making HSA contributions on Jan. 1. A Limited-use MSA may only be used for dental and vision expenses, so it is not other health insurance.
Retirees please note:
A retiree who is not enrolled in Medicare may be covered by the Savings Plan and contribute to an HSA.

If you are retired and eligible for and enrolled in Medicare, you may not contribute to an HSA.

Enrolling in an HSA

When you have met the eligibility requirements for an HSA, complete a MoneyPlus enrollment form choosing the HSA option. Give the form to your benefits administrator. If you would like to open an HSA with Wells Fargo go to the PEBA Insurance Benefits website, www.eip.sc.gov, and click on “Links.” Under “MoneyPlus,” select “Open HSA Bank Account with Wells Fargo.” You will need to know your Employer HSA ID number (002470000000000) (00247 followed by 10 zeroes), your type of coverage (single or family) and your Social Security number.

If you don’t have Internet access and want to open a MoneyPlus HSA, check with your BA.

Once you enroll in an HSA, you do not have to re-enroll it as long as you remain eligible for it.

Active subscribers enrolled in the Savings Plan, upon turning 65, remain eligible to contribute to an HSA, if they delay enrollment in Medicare Part A by delaying taking Social Security. (A person can delay enrolling in Social Security until age 70½.) Once this subscriber enrolls in Social Security (Part A of Medicare), usually at retirement, he can no longer make contributions to an HSA, including catch-up contributions. However, the funds already in the HSA can be withdrawn to pay Medicare premiums (not Medigap premiums), deductibles and coinsurance, which are qualified expenses.

Retirees enrolled in the Savings Plan are eligible to contribute to an HSA (although not through MoneyPlus). They may enroll in the HSA at Wells Fargo, or any other institution that offers an HSA, and make catch-up contributions. The retiree may claim his HSA contribution on his income tax return.

Limited-use Medical Spending Account

If you have an HSA, you also may be eligible for a Limited-use MSA. That account may be used for expenses not covered by your health insurance, the Savings Plan. Eligible expenses include dental and vision care. See page 159 for more information.

If you enrolled in a full MSA instead of an HSA, you cannot sign up for an HSA until the next enrollment period or until a special eligibility situation occurs that allows you to end your MSA within 31 days of the event.

Contributions

The maximum contribution to an HSA is indexed for inflation. In 2015, a subscriber with single coverage can contribute $3,350, and a subscriber who covers himself and any other family member can contribute $6,650. Total contributions for the entire year may not exceed these limits.

• For example, a subscriber with single coverage under the Savings Plan can contribute $3,350 to his HSA for the 12 months beginning January 1, 2015. Contributions may be paid in a lump sum, in equal amounts for 12 months (such as through payroll deduction with MoneyPlus) or in any combination of payments during the year, as long as the total does not exceed $3,350.

• A subscriber with the same coverage who enrolls by December 1, 2015, may also contribute $3,350. However, he must remain eligible for a full 12 months after the end of the plan year. Contributions may be paid in a lump sum, in equal amounts during the months he is eligible (such as through payroll deduction with MoneyPlus) or in any combination of payments during the year, as long as the total does not exceed $3,350.

• A subscriber who had funds in an MSA on December 31, 2014, may not begin contributing to an HSA until the day after the end of the MSA run-out period, April 1, 2015. However, his maximum contrib-
bution would still be $3,350. Contributions may be paid in a lump sum, in equal amounts for nine months (such as through payroll deduction with MoneyPlus) or in any combination of payments during the year, as long as the total does not exceed $3,350. He must remain eligible for 12 months after the end of the plan year. 

- **A subscriber who had no funds in his MSA on December 31, 2014,** may make the maximum contribution to his HSA in 2015 and may begin contributing on January 1, 2015. Contributions may be paid in a lump sum, in equal amounts for 12 months (such as through payroll deduction with MoneyPlus) or in any combination of payments during the year, as long as the total does not exceed $3,350.

Subscribers age 55 and older may make additional "catch-up" contributions to an HSA. The amount for 2015 is $1,000.

There is no minimum contribution, but remember that administrative fees will be deducted from your account. HSAs established at Wells Fargo through MoneyPlus include a WageWorks fee of $1.50 per month. You also pay a bank fee of $1.75 per month, until your account exceeds $2,500.

**Changing Contributions**

Unlike an MSA, you may enroll, change or stop your contributions to your MoneyPlus HSA through payroll deduction once a month. To make the change, fill out a new MoneyPlus Enrollment Form and complete Box A.

You may make regular and catch-up contributions to your HSA up to the time your federal income tax return is due, usually April 15.

**Contributions Over Federal Limits**

WageWorks will monitor your HSA contributions and send an alert to your benefits administrator if you are exceeding your contribution limit.

However, the best way to avoid problems is to divide your annual contribution among the number of paychecks you receive. For example, if you have single coverage, you can deduct a maximum of $3,350 for 2015. If you receive 24 paychecks each year, you can deduct $139.58 (rounded down) each pay period. If you have family coverage, you can deduct a maximum of $6,650 for 2015. If you receive 24 paychecks a year, you can deduct $277.08 (rounded down) each pay period.

**Using HSA Funds**

After you enroll in an HSA, you will receive a Visa® debit card from Wells Fargo. You may order additional cards by calling Wells Fargo at 866-884-7374 or by logging into your account at www.wellsfargo.com. You should receive the card within 10 business days. You can also order a supply of checks by calling this number. You may use the card or the checks to reimburse yourself from your HSA. Using a check without sufficient funds in your account will result in additional fees.

One important difference between an HSA and an MSA is that on January 1, after open enrollment, which occurs yearly in October, you have immediate access to your full yearly contribution to an MSA. This is not true of an HSA. You can only withdraw HSA funds that are actually in your account. If you use your debit card for a transaction and you do not have enough money in your account, the transaction will not go...
through or you will be charged an overdraft fee. If you write a check and you do not have enough money in your account, you will be charged for writing a check with insufficient funds.

**Availability of Funds**

Each contribution to your MoneyPlus HSA will be available after your employer’s payroll is received and processed by WageWorks, transferred to Wells Fargo and deposited in your account. Deposits are sent to Wells Fargo twice a week. Funds should **generally** be available in your HSA no later than a week after your pay date. Remember, this depends on when your employer submits the deductions and payroll reports.

You will receive monthly statements from Wells Fargo. You may also check your balance by visiting any Wells Fargo banking location.

Through the online Wells Fargo Health Account Manager, you can check your balance, make online contributions, review monthly statements and annual tax reporting, transfer funds, set up your HSA investment account and more. After your account is open, go to wellsfargo.com and sign up for online access.

**Please note:** If you are already registered with another Wells Fargo account, your user name and password will stay the same. You will see your HSA listed next to your other Wells Fargo accounts.

There is no charge for these services.

You may make deposits to, or withdrawals from, your account at any Wells Fargo banking location. You may also use your Wells Fargo Visa® HSA debit card at a Wells Fargo ATM to reimburse yourself for out-of-pocket expenses. Any withdrawals must be for medical expenses that qualify under IRS guidelines. If they do not qualify, they may be subject to taxes and penalties.

**Eligible Expenses**

You may use the funds in your HSA, tax free, to pay for **unreimbursed** eligible medical expenses for yourself, your spouse and your tax dependents. Medical expenses include the costs of diagnosis, cure, treatment or prevention of physical or mental defects or illnesses, including dental and vision expenses. HSA funds can only be used tax-free to pay for over-the-counter drugs if the drugs were prescribed by a physician. For more information, contact the IRS.

**Documentation of Eligible Expenses**

You should keep receipts for expenses paid from your HSA with your tax returns in case the IRS audits your tax return and requests copies.

If you use HSA funds for ineligible expenses, you will be subject to taxes on the amount you took from your HSA, as well as a 20-percent penalty if you are younger than age 65.

**HSA Fees**

If you deposit funds to your HSA through payroll deduction, administrative fees will be deducted. They include:

- $1.50 per month (a WageWorks fee that is deducted from your paycheck)
- and these Wells Fargo fees:
- $1.75 per month (This fee is deducted from your account.)
- No fee to process checks. There is a one-time fee of $15 for a basic order of checks.
- Other fees may apply, such as those for insufficient funds.

There are no transaction fees for investing in mutual fund options.
If you will not contribute to your MoneyPlus HSA during the year but want to keep your account with Wells Fargo open, you must continue to pay the $1.75 monthly fee, until you have a minimum balance of $2,500. There is no WageWorks fee if you are not actively contributing.

**Investment of HSA Funds**

One of the advantages of an HSA is that you do not have to spend all the funds during the year in which they are deposited, as you do with a MSA. The funds can accumulate and can be used for eligible medical expenses in the future.

Your funds will initially be held in an interest-bearing checking account with Wells Fargo. As the account grows, you may be eligible to place your funds over $2,000 into the Wells Fargo Advantage Funds options.

Unlike funds in an interest-bearing checking account, money invested in a mutual fund is not FDIC-insured. You have the opportunity to earn a higher rate of return on your investment, but that is not guaranteed. There is a possibility you will lose money, including the original amount invested.

**Portability (Continuing Your Coverage)**

If you leave your job, you can take your HSA with you and continue to use it for qualified medical expenses.

**Tax Reporting**

After year end, Wells Fargo will send you tax filing information to use in reporting your HSA contributions and withdrawals when you file your taxes. It is important to save documentation, including receipts, invoices and explanations of benefits from your health insurance carrier, in case you are asked to show the IRS proof that your HSA funds were used for qualified expenses.

If you participate in MoneyPlus, pretax HSA contributions will appear on your W-2 Form as employer-paid contributions. This is because this money was deducted from your salary before it was taxed. Do not deduct this money on your return. Only after-tax contributions may be deducted. Consult your tax advisor for more information.

If you have questions about how your HSA contributions were reported on your W-2 Form, contact your benefits office.

**Closing Your HSA**

If you are no longer eligible to contribute to an HSA, or no longer wish to do so, you must go to your BA and complete a MoneyPlus Enrollment Form. Enter “$0” in Section A to stop contributions to the account. You and your BA must sign the form before your BA submits it.

If money remains in the account, you may continue to use it for qualified, unreimbursed medical expenses. To close the account, contact the Wells Fargo HSA Account Holder customer service line at 866-884-7374.
How Death Affects Your MoneyPlus Accounts

Flexible Spending Accounts

Medical Spending Accounts (MSA) and Dependent Care Spending Accounts (DCSA) end on the date the employee dies. They are not refunded to the survivor.

An IRS-qualified dependent/beneficiary may continue an MSA through the end of the plan year under COBRA. Contact WageWorks or your benefits administrator for more information. If the MSA is not continued through COBRA, the beneficiary has 90 days from the date of death to submit claims for eligible expenses incurred through the date of death.

DCSA claims incurred through the date of death may be submitted until the account is exhausted or through the end of the year.

The death of a spouse or child creates a “change in status” that makes it possible to stop, start or vary the amount contributed to an MSA or DCSA. You have 31 days from the date of death to make the change. See page 165 for information about changing your contribution.

Health Savings Accounts

If the beneficiary of the Health Savings Account (HSA) is the account owner’s spouse, the HSA can be transferred to an HSA in the spouse’s name. If the beneficiary is not the spouse, the account will cease to be an HSA on the date of death. If the beneficiary is the account owner’s estate, the fair market value of the account on the date of death will be taxable on the account owner’s final return. For beneficiaries other than the spouse or the estate, the fair market value of the account is taxable to the beneficiary for the tax year in which the account owner died.

For more information, see Section VII of the Health Savings Account Custodial Agreement. A copy of the agreement is on the PEBA Insurance Benefits website, www.eip.sc.gov. Select “Publications” and then “MoneyPlus.” To settle the account, contact the bank that is the custodian of the account.

Appeals

If your request for reimbursement, claim for benefits or mid-plan-year election change is denied, in full or in part, you have the right to appeal the decision by sending a written request within 30 days of the denial for review to WageWorks (Attn: Appeals Process), P.O. Box 1840, Tallahassee, FL 32302-1840).

Your appeal must include:

- The name of your employer
- The date of the services for which your request was denied
- A copy of the denied request
- A copy of the denial letter you received
- Why you think your request should not have been denied and
- Any additional documents, information or comments you think may have a bearing on your appeal.

Your appeal will be reviewed when it and its supporting documentation are received. You will be notified of the results of this review within 30 business days from receipt of your appeal. In unusual cases, such as when an appeal requires additional documentation, the review may take longer than 30 business days. If your appeal is approved, additional processing time is required to modify your benefit elections.
Insurance Benefits Guide

If you are still dissatisfied after the decision is re-examined, you may ask PEBA Insurance Benefits to re-review the matter by making a written request to PEBA Insurance Benefits within 90 days of notice of the denial. If the denial is upheld by the PEBA Insurance Benefits Appeals Committee, you have 30 days to seek judicial review as provided by Sections 1-11-710 and 1-23-380 of the S.C. Code of Laws, as amended.

Note: Appeals are approved only if the extenuating circumstances and supporting documentation are within your employer’s, your insurance provider’s and IRS’ regulations governing the plan.

Benefits for Retirees

This chapter provides information for eligible participants in the state insurance program who are considering retirement or who have retired. For detailed information on specific programs, refer to the previous chapters in this guide.

If you or a family member you cover is eligible for Medicare, you will find helpful information in the Medicare chapter, as well as in this one. Please read both chapters.

If you have questions or need more information about your insurance, contact the S.C. Public Employee Benefit Authority (PEBA) through its Insurance Benefits website at www.eip.sc.gov, write to P.O. Box 11661, Columbia, SC 29211-1661 or call 803-734-0678 (Greater Columbia area) or 888-260-9430 (toll-free outside the Columbia area).

Planning for Your Retirement

PEBA Insurance Benefits cannot confirm eligibility or funding of your retirement premiums over the telephone. If your anticipated retirement date is within 90 days, please submit an Employment Verification Record with a Retiree Notice of Election form. If your anticipated retirement date is three to six months away, you may submit a written request, which includes your anticipated retirement date and your Employment Verification Record, and PEBA Insurance Benefits will send you a written confirmation of your eligibility. PEBA Insurance Benefits will not confirm eligibility more than six months before your retirement date.

Are You Eligible for Retiree Insurance?

Please note: Eligibility for retiree group insurance is not the same as eligibility for retirement. It is recommended that you review the requirements for retiree group insurance in this section and that you contact PEBA to confirm your eligibility for retirement and for retiree group insurance before you set your retirement date.

To determine what part of your insurance premium you will pay, see “Will Your Employer Pay Part of Your Premiums?” on page 178.

You may be eligible for health, dental and vision coverage in retirement if you meet these criteria:

1. You retire from an employer that participates in the state insurance program.
2. You are eligible to retire when you leave employment.
3. Your last five years of employment were served consecutively in a full-time, permanent position with an employer that participates in the state insurance program.

Please note: If there is a break in your last five years of employment because you were on Leave Without Pay or were receiving Workers’ Compensation benefits, please contact PEBA Insurance Benefits before making final arrangements for retirement.

www.eip.sc.gov S.C. Public Employee Benefit Authority
Insurance Benefits Guide 2015

For insurance purposes, members of a defined benefit plan administered by PEBA must meet the minimum retirement eligibility requirements established by the system in which they participate when they leave covered employment. Defined benefit plans administered by PEBA include South Carolina Retirement System (SCRS), Police Officers Retirement System (PORS), General Assembly Retirement System (GARS) and Judges and Solicitors Retirement System (JSRS).

**Employees who started work before July 1, 2012**

- SCRS members must have at least five years of earned service credit and be eligible to retire due to age (60) or years of service (28 years) or be approved for SCRS disability retirement. SCRS members are also eligible to retire at age 55 with at least 25 years of service.
- PORS members must have at least five years of earned service credit and be eligible to retire due to age (55) or years of service (25 years) or be approved for PORS disability retirement.
- Retirees of a local subdivision that does not participate in PEBA Retirement Benefits must have 28 years of service or have reached age 60 or be approved for disability through Standard Insurance Company. Their last five years of employment must be served consecutively in a full-time permanent position with an employer that participates in the state insurance program.

**Exception:**

- Former municipal and county council members who served on council for at least 12 years and were covered under the state insurance program by a participating employer when they left council may be eligible for retiree insurance if the county or municipal council on which they served allows coverage for former members.

**Employees who started work on or after July 1, 2012**

- SCRS members must have at least eight years of earned service credit and satisfy the Rule of 90 requirement (age plus years of service credit equals 90) or be approved for SCRS disability retirement.
- PORS members must have at least eight years of earned service credit and be eligible to retire due to age (55) or years of service (27 years) or be approved for PORS disability retirement.
- Retirees of a local subdivision that does not participate in PEBA Retirement Benefits must have 28 years of service or have reached age 60 or be approved for disability through Standard Insurance Company. Their last five years of employment must be served consecutively in a full-time permanent position with an employer that participates in the state insurance program.

**Exception:**

- Former municipal and county council members who served on council for at least 12 years and were covered under the state insurance program by a participating employer when they left council may be eligible for retiree insurance if the county or municipal council on which they served allows coverage for former members.
Employees who participate in the State Optional Retirement Program

There is no minimum age or years of service requirement for State Optional Retirement Program (State ORP) participants. They become eligible to receive distributions when they leave employment or reach age 59 ½.

However, eligibility for retiree group insurance is not the same as eligibility for retirement. To be eligible for retiree group insurance, State ORP participants must:

- Have 28 years of service with a state insurance participating employer or
- Have five years of service with a state insurance participating employer and have reached age 60.

The employer must verify time worked as a State ORP participant.

Disability Retirement

You may be eligible for retiree group insurance if you have been approved for disability retirement benefits through one of the defined benefit plans administered by PEBA Retirement Benefits: South Carolina Retirement System (SCRS), Police Officers Retirement System (PORS), General Assembly Retirement System (GARS), or Judges and Solicitors Retirement System (JSRS). For more information, see below or contact PEBA Retirement Benefits.

The State ORP does not provide disability protection. However, a participant in State ORP may meet the retirement eligibility requirement for retiree group insurance through approval by the Standard Insurance Company for Basic Long Term Disability and/or Supplemental Long Term Disability.

Employees of local subdivisions that do not participate with PEBA Retirement Benefits may meet the disability retirement eligibility requirement for retiree group insurance through approval by the Standard Insurance Company for Basic Long Term Disability and/or Supplemental Long Term Disability.

Eligibility for Disability Retirement

South Carolina Retirement System (SCRS) Members

Disability retirement eligibility for SCRS members is based on entitlement to Social Security disability benefits. The member must have at least five years of earned service credit if he was hired before July 1, 2012, and at least eight years of earned service credit if he was hired on or after July 1, 2012, unless the disability is the result of an on-the-job injury.

Applications must be filed while the member is still “in service,” even if he has not been approved for Social Security disability. A member is considered in service on the date the application is received by PEBA if:

1. The last day the member was employed by a covered employer was no more than 90 days before the date PEBA received the application; and
2. The member had not been retired on a service retirement allowance for more than 90 days at the time PEBA received the application.

A member must provide a copy of the Social Security Award Letter to PEBA Retirement Benefits. The benefit will be effective on the date the Social Security Administration (SSA) determines the disability began or the day after the member’s termination date, whichever is later.

A member will not be eligible for SCRS disability benefits if the date the SSA determines the disability began is more than one year after the member’s termination date.

Police Officers Retirement System (PORS) Members

To be eligible for PORS disability retirement benefits, the member must have at least five years of earned
service credit if he was hired before July 1, 2012, and at least eight years of earned service credit if he was hired on or after July 1, 2012, unless the disability is the result of an on-the-job injury. The member must be permanently incapacitated from performing job duties.

PORS disability retirement claims are evaluated by a disability determination provider and a medical board.

**Insurance Coverage for Disability Retirees**

If you are approved for disability **before you leave employment**, you may apply for insurance coverage as a retiree within 31 days of notification by PEBA Retirement Benefits. State ORP participants and employees of local subdivisions that do not participate with PEBA Retirement Benefits may meet the disability retirement eligibility requirement for retiree group insurance through approval by Standard Insurance Company for Basic Long Term Disability and/or Supplemental Long Term Disability. Your coverage as a retiree will be effective the first of the month after you leave active employment.

If you **leave employment before your application for disability is approved**, you may enroll in continued coverage under COBRA for health, dental and vision benefits. Another option for health insurance is to enroll in coverage through the Health Insurance Marketplace.

If your disability application is later approved by PEBA Insurance Benefits, you may apply for coverage as a retiree within 31 days of notification. You may choose that your insurance coverage as a retiree to be effective the first of the month after the date of notification or the first of the month after your date of retirement.

**How TERI Participation Affects Retiree Insurance**

If you are a Teacher and Employee Retention Incentive (TERI) program participant in a permanent, full-time position, your insurance benefits as an active employee continue. When your TERI participation ends, you must apply for continuation of your insurance as a retiree (if eligible) within 31 days of your date of termination. Your service as a TERI participant in a full-time, permanent position with a participating employer may be applied toward retiree insurance eligibility.

**Will Your Employer Pay Part of Your Premiums?**

As an active employee, your employer must pay part of the cost of your health and dental insurance. When you retire, the amount your employer contributes to your retiree insurance premiums is based on several factors, including the type of agency from which you retired.

State Agency, Higher Education and Public School District Retirees

You may be eligible for a state contribution to your retiree insurance premiums based on **when you began employment** and on your **number of years of earned service credit** with an employer that participates in the state insurance program.

Local Subdivision Retirees

Retiree insurance eligibility guidelines are the same for local subdivision retirees as they are for state, higher education and public school district retirees. However, the funding may be different. Local subdivisions may or may not pay a portion of the cost of their retirees’ insurance premiums. Each local subdivision develops its own policy for funding retiree insurance premiums for its eligible retirees. **If you are a local subdivision employee, contact your benefits office for information about retiree insurance premiums.**
Employees Hired Before May 2, 2008

If you worked in an insurance-eligible position before May 2, 2008, with an employer participating in the state insurance program, your health insurance premiums are based on the number of years of earned service with an employer participating in the state insurance program.

For insurance eligibility purposes, earned service credit is time earned and established with one of the plans administered by PEBA Retirement Benefits (South Carolina Retirement System (SCRS), Police Officers Retirement System (PORs), General Assembly Retirement System (GARS), or Judges and Solicitors Retirement System (JSRS)). Insurance eligibility can also be earned through time worked while participating in the State Optional Retirement Program (State ORP) or time worked with a local subdivision that participates in PEBA Insurance Benefits but not with PEBA Retirement Benefits.

This includes time that you worked for an employer that participates in the state insurance program, even if you did not participate in any coverage offered through the program. Earned service credit does not include non-qualified service (a type of service credit not associated with specific employment), federal employment, military service, out-of-state employment, educational service, leave of absence, unused sick leave, or service with employers that do not participate in the state insurance program. Service as a TERI participant in a full-time, permanent position with a participating employer may be applied toward earned service credit to determine retiree insurance eligibility.

Retirees hired before May 2, 2008, may be funded or non-funded. A funded retiree’s former employer contributes to his retiree insurance premiums. A non-funded retiree receives no contribution. He is responsible for the entire cost.

Funded Retirees (Employer pays its part of the premium)

To be eligible for funded retiree insurance, you must be eligible to retire and must meet one of these criteria:

- You left employment when you were eligible to retire and you have at least 10 years of earned service credit with an employer that participates in the state insurance program. The last five years must have been served consecutively in a full-time, permanent position with a state agency, a higher education institution or a public school district.

   You may enroll within 31 days of your retirement or of a special eligibility situation, or during open enrollment.

- You left employment before you were eligible to retire but when you left, you had at least 20 years of earned service credit with an employer that participates in the state insurance program. The last five years must have been served consecutively in a full-time, permanent position with a state agency, a higher education institution or a public school district.

   If you are an SCRS member and you kept your contributions in your SCRS account, you may enroll within 31 days of your 60th birthday (when you become eligible to apply for a deferred retirement annuity*) or of a special eligibility situation, or during open enrollment.

   * If you left employment before age 60, you may apply for a service retirement benefit when you turn age 60. You may also apply for a refund. However, if you do take your contributions from your account, your years of service credit will not count toward retiree insurance eligibility.
If you are a PORS member and kept your contributions in your account, you may enroll within 31 days of your 55th birthday, when you become eligible to apply for a deferred retirement annuity, or of a special eligibility situation or during open enrollment.

**Non-funded Retirees (You pay all of the premium)**

To be eligible for non-funded retiree insurance, you must be **eligible to retire** and must meet one of these criteria:

- You left employment when you were eligible to retire and you have at least five years, but fewer than 10 years, of earned service credit with an employer that participates in the state insurance program. The last five years must have been served consecutively in a full-time, permanent position.

You may enroll within 31 days of your retirement or of a special eligibility situation, or during open enrollment.

- You left employment **when you were eligible to retire** and you retire at age 55 with at least 25 years of SCRS service credit, including 10 years of earned service credit with an employer participating in the state insurance program. This is referred to as the “55/25 rule.” **The last five years must be served consecutively in a full-time, permanent position.** If you enroll in health insurance, you must pay the full insurance premium until you reach age 60 or the date you would have had 28 years of service credit, whichever occurs first. At the end of this period, you will begin to pay funded retiree rates if your last five years of service were **with a state agency, a higher education institution or a public school district.**

This rule applies only to SCRS members.

You may enroll within 31 days of your retirement or of a special eligibility situation, or during open enrollment.

If you do not enroll in health insurance when you retire under the 55/25 rule, you may enroll within 31 days of the date you turn age 60 or would have had 28 years of service credit, whichever occurs first. **However, it is your responsibility to keep up with when you become eligible for funded rates and to notify your benefits administrator.** If you worked for a local subdivision, your BA is in the personnel office at your former employer. Otherwise, it is PEBA Insurance Benefits.

- You left employment **before you were eligible to retire** but when you left, you had at least 25 years of SCRS service credit, including 20 years of earned service credit, with an employer that participates in the state insurance program. **The last five years must have been served consecutively in a full-time, permanent position.**

If you kept your contributions in your SCRS account, you may enroll within 31 days of your 55th birthday, which is when you become eligible for a **deferred retirement annuity**, or a special eligibility situation or during open enrollment. If you enroll at age 55, you must pay the full insurance premium until you reach age 60 or the date you would have had 28 years of service credit, whichever occurs first. At the end of the period, you will begin to pay funded retiree rates, if your last five years of service were **with a state agency, a higher education institution or a public school district.**

*If you left employment before age 55 and kept your contributions in your SCRS account, you may apply for a service retirement benefit when you turn age 55. You may also apply for a refund. However, if you do take your contributions from your account, your years of service credit will not count toward retiree insurance eligibility.*
If you do not enroll in health insurance within 31 days of your 55th birthday, you may enroll within 31 days of the date you turn age 60 or would have had 28 years of service credit, whichever occurs first. You will be eligible for funded rates. **However, it is your responsibility to keep up with when you become eligible for funded rates and to notify your benefits administrator.** If you worked for a local subdivision, your BA is in the personnel office at your former employer. Otherwise, it is PEBA Insurance Benefits.

This rule applies only to SCRS members.

- You are a former municipal or county council member who served on council for at least 12 years and were covered under the state’s insurance program when you left the council. It is up to the county or municipal council to decide whether to allow former members to have this coverage. However, you are required to pay the full, non-funded premium.

### Employees Hired on or After May 2, 2008

Retiree insurance eligibility guidelines established by S.C. Code Ann. Section 1-11-730 (B) apply to new employees hired **on or after May 2, 2008.** At retirement, you must meet established insurance eligibility rules. Funding for your health insurance will be determined by calculating the number of years of **earned service** with an employer participating in the state insurance program.

For insurance eligibility purposes, **earned service credit** is time earned and established with one of the plans administered by PEBA Retirement Benefits [South Carolina Retirement System (SCRS), Police Officers Retirement System (PORS), General Assembly Retirement System (GARS), or Judges and Solicitors Retirement System (JSRS)]. Insurance eligibility also can be earned by time worked while participating in the State Optional Retirement Program (State ORP) or time worked with a local subdivision that participates in PEBA Insurance Benefits but not with PEBA Retirement Benefits.

This includes time that you worked for an employer that participates in the state insurance program, even if you did not participate in coverage offered through the program. Earned service credit does **not** include non-qualified service (a type of service credit not associated with specific employment), federal employment, military service, out-of-state employment, educational service, leave of absence, unused sick leave, or service with employers that do not participate in the state insurance program. Service as a TERI participant in a full-time, permanent position with a participating employer may be applied toward earned service credit to determine retiree insurance eligibility.

These funding provisions apply to retirees of state agencies, public school districts and higher education institutions.

### Funded Retirees (Employer pays its part of the premium)

To be eligible for funded retiree insurance, you must be **eligible to retire** and have at least 25 years of earned service credit with an employer that participates in the state insurance program. The last five years of service must be served consecutively in a full-time, permanent position. Your former employer pays 100 percent of the employer’s share, and you pay the retiree’s share.

### Partially Funded Retirees (You split the employer’s part of the premium)

To be eligible for partially funded retiree insurance, you must be **eligible to retire** and have at least 15 years, but fewer than 25 years, of earned service credit with an employer that participates in the state insurance program. The last five years of service must be served consecutively in a full-time, permanent position. Your former employer pays 50 percent of the employer’s share of the premium. You pay the retiree’s share plus the remaining 50 percent of the employer’s contribution.
Non-funded Retirees (You pay all of the premium)

To be eligible for non-funded retiree insurance, you must be eligible to retire and have at least five years, but fewer than 15 years, of earned service credit with an employer that participates in the state insurance program. The last five years of service must be served consecutively in a full-time, permanent position. As a non-funded retiree, you pay the entire cost of the insurance. There is no contribution from your former employer.

Enrolling in Insurance Coverage as a Retiree

Your insurance is NOT automatically continued when you retire. In addition to completing your retirement paperwork through PEBA Retirement Benefits, to continue your coverage, you must enroll in retiree insurance with PEBA Insurance Benefits. To do so, you must complete the Retiree Notice of Election (RNOE) form and the Employment Verification Record. It is recommended that you submit these forms 30 days before your retirement date. This will allow time to process your enrollment so that your insurance coverage as a retiree starts the day your coverage as an active employee ends. You must submit an RNOE and an Employment Verification Record within 31 days of the date you retire or a special eligibility situation. You also may be eligible to enroll during open enrollment.

To continue or convert your life insurance, contact your benefits administrator.

You can print these forms from the PEBA Insurance Benefits website, www.eip.sc.gov, get copies from your employer or ask PEBA Insurance Benefits for a retiree insurance enrollment packet by calling 803-734-0678 (Greater Columbia area) or 888-260-9430 (toll-free outside the Columbia area).

If you would like to meet with a PEBA Insurance Benefits representative, come to PEBA’s office at 202 Arbor Lake Drive, Columbia. PEBA Insurance Benefits is open Monday through Friday from 8:30 a.m. to 5 p.m. Appointments are not scheduled, but walk-ins are welcome.

Within 31 Days of Retirement

If you are an eligible retiree, you must enroll within 31 days of:

- Your retirement date or
- The end of your TERI period or
- The date on the letter approving your disability retirement from one of PEBA Retirements’ defined benefit plans [South Carolina Retirement System (SCRS), Police Officers Retirement System (PORS), General Assembly Retirement System (GARS), or Judges and Solicitors Retirement System (JSRS)] or
- The date on the letter approving your BLTD/SLTD retirement if you are retiring under State ORP or from an employer that is not covered under PEBA Retirement Benefits.

You may enroll yourself and any eligible family members. However, you are not required to cover the same eligible family members as a retiree that you covered as an active employee.

You may be required to submit the appropriate documents to show that the family members you wish to cover are eligible for coverage. For more information, see pages 13-14.

After PEBA Insurance Benefits processes your retiree insurance enrollment, you will receive a letter from PEBA Insurance Benefits confirming the coverage selected and the premiums due each month. You have 31 days from the date your retiree insurance becomes effective to make any corrections or changes to your coverage. Otherwise, you must wait to make changes until the next open enrollment period, which occurs yearly in October, or a special eligibility situation. If you do not enroll within 31 days of eligibility, your
next opportunity to add or drop dental coverage will be during open enrollment in October of an odd-numbered year.

Note: While some benefits administrators may help you complete your Retiree Notice of Election and Employment Verification Record, it is your responsibility to make sure the forms are received by PEBA Insurance Benefits within 31 days of your retirement date.

How to Continue or Convert Life Insurance in Retirement

To continue Optional Life as term life insurance, contact your benefits administrator.

To convert your Basic Life, Optional Life or Dependent Life coverage to an individual whole life policy, a permanent form of life insurance, contact your benefits administrator.

MoneyPlus Accounts

To learn how retirement affects your Medical Spending Account and your Dependent Care Spending Account, see page 186.

Within 31 days of a Special Eligibility Situation

A special eligibility situation is created by certain events. It allows eligible employees and retirees to enroll in an insurance plan, or to make enrollment changes, if the changes are requested within 31 days of the event. For more information, see pages 22-27.

During Open Enrollment

If you and/or your spouse and children do not enroll within 31 days of retirement, disability approval or a special eligibility situation, you may enroll during open enrollment, which is offered yearly in October. Dental coverage may be added or dropped only during open enrollment in an odd-numbered year. Your coverage will take effect the following January 1.

Retiree Premiums and Premium Payment

State Agency, Higher Education and School District Retirees

PEBA Insurance Benefits dedacts your health, TRICARE Supplement Plan, dental and vision premiums from your monthly pension check.

When you retire, your insurance premiums may be due before your retirement paperwork has been finalized by PEBA. If this happens, you will receive a monthly bill for the premiums until you receive your first retirement check. If you do not pay the bill, the total premiums due will be deducted from your first retirement check.

Your pension is paid at the end of the month, and your insurance premiums are paid at the beginning of the month. For example: your insurance premiums for April are deducted from your March retirement check. Depending on when your retirement paperwork is processed, more than one month's premium may be deducted from your first retirement check. If, at any time, the total premiums due are greater than the amount of your pension check, PEBA Insurance Benefits will bill you directly for the full amount.

Local Subdivision Retirees

You pay your health, dental and vision premiums directly to your former employer. Your employer sends them to PEBA Insurance Benefits. Contact your benefits office for information about your insurance premiums in retirement.
Failure to Pay Premiums

Health, dental and vision premiums are due by the 10th of the month. If you do not pay the entire bill, including the tobacco-use surcharge, if it applies, all of your coverage will be canceled, including coverage for which you may not pay a premium, such as the State Dental Plan.

Your Health Plan Choices as a Retiree

If You Are Not Eligible for Medicare

If you, your covered spouse and your covered children are not eligible for Medicare, you may be covered under one of these plans:
- SHP Standard Plan
- TRICARE Supplement Plan, for eligible members of the military community.

Your health benefits, which are described in the Health Insurance chapter, will be the same as if you were an active employee. However, your premiums may change depending on whether you are a funded or a non-funded retiree. See pages 221-222 for premiums.

If You Are Age 65 or Older and not Eligible for Medicare

If, when you retire, you are age 65 or older and not eligible for Medicare, contact the Social Security Administration (SSA). The SSA will send you a letter of denial of Medicare coverage. Give a copy of the letter to your benefits administrator. You may enroll in health insurance as a retiree within 31 days of loss of active coverage or within 31 days of a special eligibility situation or during open enrollment. You also may enroll your eligible family members.

If You Are Eligible for Medicare

If you, your covered spouse or your covered children are eligible for Medicare, you may be covered under one of these plans:
- SHP Standard Plan
- SHP Medicare Supplemental Plan

You and your Medicare-eligible dependents automatically will be enrolled in the SHP Medicare Prescription Drug Program. However, you may opt out. For more information about the program, see pages 200-201.

If You Are Considering the Savings Plan ...

If you are a retiree, whether eligible for Medicare or not, and you are considering enrolling in the Savings Plan, please call PEBA Insurance Benefits or BCBSSC for rates and information about how the Savings Plan would coordinate with Medicare or with other coverage. If you are retired and are eligible for and enrolled in Medicare, you cannot contribute to a Health Savings Account, which is typically associated with the Savings Plan.
Dental Benefits

If you retire from a participating employer, you can continue your State Dental Plan and Dental Plus coverage if you meet the eligibility requirements (see pages 175-178). Coverage is not automatic. To maintain continuous coverage, you must file a Retiree Notice of Election (RNOE) form and an Employment Verification Record with PEBA Insurance Benefits within 31 days of your retirement date, the date your TERI plan ends or the date of disability approval.

If you do not enroll within 31 days of your date of retirement, you may enroll during the next open enrollment period in an even-numbered year (October 2015). Coverage will be effective the following January 1. You also may enroll within 31 days of a special eligibility situation. For information on the State Dental Plan and Dental Plus, see pages 97-104.

Vision Care

State Vision Plan

If you retire from a participating employer, you can continue your State Vision Plan coverage if you meet the eligibility requirements (see pages 175-178). Coverage is not automatic. To maintain continuous coverage, you must file a Retiree Notice of Election (RNOE) form and an Employment Verification Record with PEBA Insurance Benefits within 31 days of your retirement date, the date your TERI plan ends or the date of disability approval.

If you do not enroll within 31 days of your date of retirement, you may enroll during the next open enrollment period, which occurs yearly in October. Coverage will be effective the following January 1. For information on vision care benefits, see pages 107-112.

Vision Care Discount Program

This discount program is available at no cost to retirees, as well as to full-time and part-time employees, covered family members, survivors and COBRA subscribers. See page 112 for more information.

Other Programs PEBA Insurance Benefits Offers

Life Insurance

When you retire, you may choose to continue your term life insurance or convert your term life insurance to whole life insurance. The life insurance vendor must receive the appropriate forms within 31 days of the date coverage ends. If you need help completing these forms, contact your benefits administrator or PEBA Insurance Benefits.

Remember: Term life insurance is provided for a specific period of time. It has no cash value. Whole life insurance is a permanent form of life insurance.

Retiree life insurance coverage does not include accidental death and dismemberment benefits.

If you have questions about life insurance coverage, billing, claims, etc., contact your benefits administrator.

www.eip.sc.gov   S.C. Public Employee Benefit Authority   185
$3,000 Basic Life Insurance

This term life insurance, given to you as an active employee, ends with retirement or when you leave your job for another reason. You may convert the $3,000 Basic Life to an individual whole life policy, a permanent form of life insurance. To do so, contact your benefits administrator.

Optional Life Insurance

You can continue your term life insurance or you can convert your life insurance coverage to a whole life policy, a permanent form of life insurance, within 31 days of the date coverage ends. You may also split your coverage between individual whole life insurance and term life insurance. For information, contact your benefits administrator.

If you participate in the TERI program, you can continue your benefits as an active employee, if you are eligible. When the TERI period ends, you must file for retiree benefits within 31 days, as explained above.

If you return to work as a full-time, permanent employee with a participating employer, you must choose whether to enroll in Optional Life insurance coverage as an active employee or to continue your retiree coverage. If you refuse to enroll as an active employee, you also refuse the $3,000 Basic Life benefit, and Optional and/or Dependent Life coverage. Your active group coverage will become effective only if you discontinue the retiree continuation coverage.

If you converted your Optional Life coverage and are rehired, you must cancel your converted coverage in order to enroll in Optional Life as an active employee.

Term life insurance provides coverage for a specific time period. It has no cash value.

If you are not approved for retirement or Long Term Disability, you have 31 days from the date your coverage ends to convert your policy. Please see your BA for more information.

Dependent Life Insurance

Any Dependent Life Insurance coverage you have will end when you leave active employment. Your covered spouse or child’s coverage may be converted to an individual whole life policy. Contact your benefits administrator, who will provide you with the forms. You must complete the application within 31 days of the date group coverage ends.

MoneyPlus

MoneyPlus is not available in retirement. However, when you retire, you may be able to continue your Medical Spending Account (MSA) through the end of the plan year, including the grace period. If you know your retirement date during open enrollment, which occurs yearly in October, you can divide your MSA contributions by the number of paychecks you will receive before retirement. For example, if you are retiring in June, you could divide your contributions among half of the paychecks you receive annually. Another option is to deduct the amount remaining in your yearly contribution from your last few paychecks. You may also be able to continue your account on an after-tax basis through COBRA. See page 166 for more information. If you wish to continue your account, contact your BA within 31 days of your last day at work and fill out the appropriate forms.

If you do not wish to continue your MSA, you have 90 days from your last day at work to submit claims for eligible expenses incurred before you left employment.

You cannot continue contributing to your Dependent Care Spending Account after you retire. However, you can request reimbursement for eligible expenses incurred while you were employed until you exhaust your account or the plan year ends.
The Pretax Group Insurance Premium Feature, which allows you to pay health, TRICARE Supplement Plan, dental, vision and some life insurance premiums before taxes, is not available in retirement.

### Long Term Disability

Disability insurance protects an employee and his family from loss of income due to an injury or an extended illness that prevents the employee from working. When you leave active employment and retire, your Basic and Supplemental Long Term Disability end. Neither policy may be continued or converted to individual coverage.

### When Your Coverage as a Retiree Begins

Enrollment in retiree insurance is not automatic. Even if you go directly from active employment to retirement, you still have to enroll as a retiree. Your retiree coverage will begin the day after your active coverage ends. If you are enrolling due to a special eligibility situation, your effective date will be either the date of the event or the first of the month after the event, depending on the event. For more information about special eligibility situations, see pages 22-27. If you enroll during open enrollment your coverage will be effective the following January 1.

### Information You Will Receive

After you enroll, you will receive a letter from PEBA Insurance Benefits that confirms you have retiree group coverage. Because your coverage as an active employee is ending, federal law requires that you also be sent:

- A **Certificate of Creditable Coverage**, which gives the dates of your active coverage, the names of the individuals covered and the types of coverage
- A **Qualifying Event Notice**, which tells you that you may continue your coverage under COBRA.

**Typically, these letters require no action on your part.**

If you are eligible for Medicare, you will be automatically enrolled in the State Health Plan Medicare Prescription Drug Program. Catamaran, the SHP pharmacy benefits manager, will send you a packet of information. It will include a letter telling you that you can opt out of the Medicare drug program and remain enrolled in the SHP drug program for members who are not eligible for Medicare. The pharmacy benefits manager is required to give you 21 days to opt out.

### Your Insurance Identification Cards in Retirement

Keep your identification cards if you do not change plans when you retire. Your Benefits ID Number will not change, and your health and dental cards will still be valid. You will receive a new card if you enroll in a dental plan or the State Vision Plan for the first time.

If you or your covered dependents enroll in the SHP Medicare Prescription Drug Program, each member will receive two copies of a prescription drug card issued in his own name with “Medicare RX” on it. Covered family members who are not enrolled in the Medicare drug program will receive cards showing they are enrolled in the “State Health Plan Prescription Drug Program.” These cards are issued in the subscriber’s name.
If your card is lost, stolen or damaged, you may request a new card from these vendors:

- State Health Plan — BlueCross BlueShield of South Carolina
- State Health Plan pharmacy benefits — Catamaran
- TRICARE Supplement Plan — Selman & Company/ASI
- Dental Plus — BlueCross BlueShield of South Carolina

Contact information is on the inside cover of this guide.

**Changing Coverage**

**Open enrollment** is offered every October. Eligible employees, retirees, survivors and COBRA subscribers may enroll in or drop their own health coverage and add or drop their eligible spouse and/or children without regard to special eligibility situations. Eligible subscribers also may change health plans. This includes changing to or from the Medicare Supplemental Plan, if they are retired and enrolled in Medicare. Eligible members of the military community may change to or from the TRICARE Supplement Plan, if they are not eligible for Medicare. They also can enroll in the State Vision Plan. During open enrollment in odd-numbered years, eligible subscribers may add or drop the State Dental Plan and Dental Plus.

For more information, see page 21 in the General Information chapter.

**Dropping a Covered Spouse or Child**

If a covered spouse or child becomes ineligible, you must drop him from your health, dental and vision coverage. This may occur because of divorce or separation, a spouse gains coverage as an employee of a state insurance program participating group or a child turns 26. If you drop a spouse or child from your coverage, you must complete an NOE and provide documentation within 31 days of the date he becomes ineligible.

When your child becomes ineligible for coverage because of age, he will be dropped automatically. If he is your last covered child, your level of coverage will be changed.

**Returning to Work in a Benefits-Eligible Job**

If you, your spouse or your children are covered under retiree group insurance and you return to work for a participating employer as a full-time employee (working 30 hours or more a week), you will need to make decisions about your coverage.

As long as you or any of your covered family members are not eligible for Medicare, you can decide whether to return to coverage under active group employee benefits or to continue your retiree group benefits. You cannot be covered under both. If you or any of your covered family members are eligible for Medicare, you cannot remain on retiree group coverage while employed, as explained below.

If you are eligible as a new full-time permanent or nonpermanent employee you will be eligible for health, dental and vision coverage.

If you are eligible as a new full-time permanent employee you also will be eligible for these benefits:

- MoneyPlus benefits (You must have completed one year of continuous state-covered service by January 1 after open enrollment, which occurs yearly in October, to qualify for a Medical Spending Account.)
- Basic Long Term Disability coverage, if you enroll in the State Health Plan
- Supplemental Long Term Disability coverage
- $3,000 Basic Life Insurance, if you enroll in the State Health Plan
• Optional Life Insurance
• Dependent Life Insurance.

If no one in your family, including yourself, is eligible for Medicare and you prefer to continue your retiree group insurance benefits, you must complete and sign an Active Group Benefits Refusal form.

Retirees Who Continued or Converted Life Insurance

Retirees Hired in a Benefits-Eligible Position
If you continued your Optional Life coverage as a retiree, you may keep the policy if you decide to continue your retiree group benefits. However, you must cancel the policy if you choose active benefits. You may then enroll in Optional Life as an active employee. Contact the life insurance vendor within 31 days of returning to work and cancel your continued coverage before enrolling in active coverage.

If you are considered a “New Hire,” you may enroll in Optional Life coverage that is equal to three times your yearly salary.

If you converted your Optional Life coverage to a whole life policy and are rehired, you must cancel your converted policy in order to enroll in Optional Life as an active employee.

If You or a Member of Your Family is Covered by Medicare

Medicare cannot be the primary insurance for you, or for any of your covered family members, while you are employed in a benefits-eligible job, according to federal law. To comply with this regulation, you are required to suspend your retiree group coverage and enroll as an active employee with Medicare as the secondary payer, or refuse all PEBA-sponsored health coverage for yourself and your eligible family members and have Medicare coverage only.

If you enroll in active group coverage, you must notify the Social Security Administration (SSA), since Medicare will pay after your active group coverage. You may remain enrolled in Medicare Part B and continue paying the premium, and Medicare will be the secondary payer. You may also delay or drop Medicare Part B without a penalty while you have active group coverage. Contact the SSA for additional information.

When you stop working and your active group coverage ends, you may re-enroll in retiree group coverage within 31 days of your active termination date. In addition, you must notify the SSA that you are no longer covered under an active group so that you can re-enroll in Medicare Part B, if you dropped it earlier.

If your new position does not make you eligible for benefits, your retiree group coverage continues, and Medicare remains the primary payer.

When Coverage Ends

Your coverage will end:
• If you do not pay the required premium when it is due
• The date it ends for all employees and retirees
• The day after your death.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  189
Insurance Benefits Guide

Coverage of your family members will end:
- The date your coverage ends
- The date coverage for spouses or children is no longer offered
- The last day of the month your spouse or child is no longer eligible for coverage. If your spouse or child’s coverage ends, he may be eligible for continuation of coverage under COBRA (see pages 31-33).

If you are dropping a spouse or child from your coverage, you must complete a Notice of Election (NOE) form within 31 days of the date the spouse or child is no longer eligible for coverage.

Death of a Retiree

If a retiree dies, a surviving family member should contact PEBA Insurance Benefits to report the death and end the retiree’s health coverage. If the deceased was a local subdivision retiree, contact his benefits administrator.

Survivors of a Retiree

Spouses or children who are covered as dependents under the State Health Plan, a dental plan or the State Vision Plan are classified as “survivors” when a covered employee or retiree dies. Survivors of funded retirees of a state agency, a higher education institution or a school district may be eligible for a one-year waiver of health insurance premiums. Survivors of non-funded retirees may continue their coverage. However, they must pay the full premium.

Participating local subdivisions may, but are not required to, waive the premiums of survivors of retirees, but a survivor may continue coverage, at the full rate, for as long as he is eligible. If you are a retiree of a participating local subdivision, check with your benefits administrator to see whether the waiver applies.

To continue coverage, a Survivor Notice of Election form must be completed within 31 days of the subscriber’s date of death. A new Benefits ID number will be created, and new identification cards will be issued by carriers of the programs in which the survivors are enrolled.

After the first year, a survivor who qualifies for the waiver must pay the full premium to continue coverage. At the end of the waiver, health coverage can be canceled or continued for all covered family members. If coverage is continued, no covered family members can be dropped until open enrollment or within 31 days of a special eligibility situation.

If you and your spouse are both covered employees or funded retirees at the time of death, your surviving spouse is not eligible for the premium waiver.

Dental and vision premiums are not waived. However, survivors, including survivors of a subscriber enrolled in the TRICARE Supplement Plan and dental and/or vision coverage, can continue coverage by paying the full premium.

As a surviving spouse, you can continue coverage until you remarry. If you are a child, you can continue coverage until you are no longer eligible. If you are no longer eligible for coverage as a survivor, you may be eligible to continue coverage under COBRA. If your spouse retired from a state agency, a higher education institution or a school district, contact PEBA Insurance Benefits for more information. If your spouse retired from a local subdivision, contact his benefits administrator.

A surviving spouse or child of a military retiree should contact Selman & Company/ASI for information.
As long as a survivor remains covered by health, dental or vision insurance, he can add health and vision coverage at open enrollment or within 31 days of a special eligibility situation. Dental coverage can be added or dropped but only during open enrollment in an odd-numbered year or within 31 days of a special eligibility situation. If a survivor has health, dental and vision, and drops all three, he is no longer eligible as a survivor and cannot re-enroll in coverage, even at open enrollment.

If a surviving spouse becomes an active employee of a participating employer, he can switch to active coverage. When he leaves active employment, he can go back to survivor coverage within 31 days of the date his coverage ends, if he has not remarried.

UNTIL YOU BECOME ELIGIBLE FOR MEDICARE, your health insurance pays claims the same way it did when you were an active employee. For more information, see the Health Insurance chapter and the chart on the following pages.

WHEN YOU OR YOUR ELIGIBLE FAMILY MEMBERS BECOME ELIGIBLE FOR MEDICARE before age 65, notify PEBA Insurance Benefits within 31 days of eligibility. If you do not notify PEBA Insurance Benefits and PEBA Insurance Benefits continues to pay benefits as if it were your primary insurance, when PEBA Insurance Benefits discovers you are or your covered family member is eligible for Medicare, PEBA Insurance Benefits will:

- Begin paying benefits as if you were enrolled in Medicare
- Seek reimbursement for overpaid claims back to the date you or your covered family members became eligible for Medicare.

When you become eligible for Medicare, you are strongly advised to ENROLL IN MEDICARE PART A AND PART B if you are covered as a retiree or as a spouse or child of a retiree. Medicare becomes your primary insurance. If you are not enrolled in Part B, you will be required to pay the portion of your health care costs that Part B would have paid.

Introduction

This chapter is for participants in a state health insurance plan and their covered family members who are eligible for Medicare or who soon will be. It provides information about how health insurance offered through the S.C. Public Employee Benefit Authority (PEBA) works with Medicare. For more information about your health plan, refer to the Health Insurance chapter, which begins on page 47, and the chart, which begins on page 216. You may also contact your plan's third-party claims processor:

- Medicare Supplemental Plan — BlueCross BlueShield of South Carolina
- Standard Plan — BlueCross BlueShield of South Carolina
- State Health Plan prescription drug coverage, including the SHP Medicare Prescription Drug Program — Catamaran

(Contact information is on the inside cover of this guide.)

The Retirement/Disability Retirement chapter offers information on topics such as eligibility, enrollment and when coverage begins and ends. It also discusses how other insurance offered through PEBA Insurance Benefits is affected by retirement. Please continue to refer to the Retirement/Disability Retirement chapter, as well as to the chapters on specific insurance programs.

If you have questions or need additional information, contact PEBA Insurance Benefits through its website, www.eip.sc.gov, or call 803-734-0678 (Greater Columbia area) or 888-260-9430 (toll-free outside the Columbia area). If you would like to meet with a PEBA representative, please come to PEBA Insurance Benefits' office at 202 Arbor Lake Drive, Columbia.

When You or Someone You Cover Becomes Eligible for Medicare

About Medicare

Information in this section relates to Medicare Part A, Part B and Part D. To learn more:
- Read Medicare & You 2015
- Visit the Medicare website at www.medicare.gov
- Call Medicare at 800-633-4227 or 877-486-2048 (TTY)
- Call 800-868-9095 for contact information for the regional State Health Insurance Assistance Program (SHIP) offices in South Carolina. The program provides individual help with Medicare and Medicaid.

Medicare Part A

Part A is hospital insurance. Most people do not pay a premium for Part A because they or their spouse paid Medicare taxes while they were working. Part A helps cover inpatient care in hospitals, in critical access hospitals in rural areas and in skilled nursing facilities. Part A has an inpatient hospital deductible for each benefit period. In 2015, it is $1,260. Part A also covers hospice care and some home health care. You must meet certain requirements to be eligible for Part A. If you are not eligible for free Part A coverage, you may purchase it. Contact Medicare for additional information.

Please note: If you, your spouse or your child gains Medicare coverage, the family member who gained coverage may drop health coverage through PEBA Insurance Benefits within 31 days of the date Part A is effective. Attach a photocopy of the Medicare card to a Notice of Election form and give it to your BA within 31 days of the date you gained Part A. Coverage will be canceled on the date Part A coverage is effective.
Medicare Part B

Part B is medical insurance. Most people pay a premium through the Social Security Administration for Part B. It helps cover doctors’ services, durable medical equipment and outpatient hospital care. It also covers some medical services that Part A does not cover, such as some services of physical and occupational therapists and home health care. Part B pays for these covered services and supplies when they are medically necessary. In 2015, the Part B deductible is $147 a year.

It is important that Medicare-eligible retirees, spouses and children be covered by Medicare Part A and Part B. Medicare becomes your primary insurance, and your retiree group insurance becomes the secondary payer. If you are not covered by Part A and Part B, you will be required to pay the portion of your health care costs that Part A and Part B would have paid.

Note: Medicare offers some preventive benefits. They include a free yearly “Wellness” visit, in addition to the “Welcome to Medicare” preventive visit. For detailed information, see Medicare & You 2015 or Your Guide to Medicare’s Preventive Services or contact Medicare.

Medicare Part D

What Does the SHP Medicare Prescription Drug Program Mean to You?

When you become eligible for Medicare, you automatically will be enrolled in the State Health Plan Medicare Prescription Drug Program, a group-based, Medicare Part D Prescription Drug Plan. Catamaran, the SHP’s pharmacy benefits manager, will send you a packet of information that will include a letter about how you can opt out of the Medicare drug program and remain covered by the State Health Plan Prescription Drug Program. The pharmacy benefits manager is required to give you 21 days to opt out.

Most subscribers covered by the Medicare Supplemental Plan or the Standard Plan will be better served if they remain covered by the Medicare Part D plan sponsored by PEBA Insurance Benefits. Because you have this coverage, your drug benefits will continue to be paid through your health insurance. PEBA charges no additional premium for drug coverage.

You may have heard that if you do not sign up for Part D when you are first eligible — then later do so — you will have to pay higher premiums for Part D. For PEBA Insurance Benefits subscribers, this is not true. According to Medicare rules, Medicare recipients who have “creditable coverage” (drug coverage that is as good as, or better than, Part D) and who later sign up for Part D, will not be penalized by higher Part D premiums. Subscribers to the health plans offered through PEBA Insurance Benefits have creditable coverage.

When you turn 65 and become eligible for Medicare, you will receive a Notice of Creditable Coverage from PEBA Insurance Benefits. (If you become eligible for Medicare before age 65, the letter will not be sent to you. You must notify PEBA Insurance Benefits of your Medicare eligibility.) Please save your Notice of Creditable Coverage from PEBA Insurance Benefits in case you need to prove you had this coverage when you became eligible for Part D. Please note: If a member joins a plan that does not provide creditable coverage and then joins a Medicare plan, he will have to pay a late enrollment penalty.

Most people should not respond to information they may get from Medicare or advertisements from companies asking them to buy Part D prescription drug plans. If you enroll in a Medicare Part D prescription drug plan other than the one offered through PEBA, you will not be eligible for drug benefits through the State Health Plan. Your health insurance premium will remain the same.
Medication Therapy Management

Catamaran’s Medication Therapy Management (MTM) program helps ensure SHP Medicare Prescription Drug Program members receive the most effective medications while reducing side effects and out-of-pocket costs. To participate, a member must have two or more of these diseases: asthma, COPD, depression, diabetes, high cholesterol, heart failure, HIV, high blood pressure, osteoporosis and rheumatoid arthritis; have filled four or more Part D maintenance or chronic condition medications; and be likely to spend $3,017 or more yearly on drugs.

Medicare requires that members who qualify automatically be enrolled in the program. However, they may opt out at any time.

Eligible members will receive a letter and will be contacted by a specially trained pharmacist who will review their medications and answer questions. After the consultation, members will receive material about their medications. MTM pharmacists work closely with members and their doctors to solve drug-related problems.

For more information, call MTM at 866-352-5305, Monday-Friday, 9 a.m. – 9 p.m. ET.

No Pay-the-Difference Policy

Under the SHP Medicare Prescription Drug Program, a brand-name drug will be covered for the appropriate copayment, even if a generic drug is available. There is no “pay-the-difference” policy under the Medicare prescription drug plan.

Out-of-Network Coverage

Members enrolled in the SHP Medicare Prescription Drug Program must use a network pharmacy, either a local retail pharmacy or Catamaran Home Delivery, to fill prescriptions.

Low-Income Subsidies

Some people with limited income and resources may be able to get “Extra Help” to pay the costs, such as copayments, related to a Medicare prescription drug plan. For more information, including resource limits, see Understanding The Extra Help With Your Medicare Prescription Drug Plan, which is available at www.socialsecurity.gov. You also may call the State Health Insurance Assistance Program (SHIP) at 803-734-9900 (Greater Columbia area) or 800-868-9095 (toll free).

IRMAA (Income-Related Monthly Adjustment Amounts)

High-income earners enrolled in a Medicare Part D plan may be required to pay a monthly fee to the Social Security Administration. For information about income thresholds and amounts of the fees, go to www.socialsecurity.gov/n/ssa-44.pdf. If you will pay an IRMAA fee, you should determine if the additional benefits of the Medicare Part D plan are worth the additional fee you will pay to the SSA.

For More Information

For detailed information about the State Health Plan Medicare Prescription Drug Program, see the Evidence of Coverage, which Catamaran provides. If you have questions about your prescription drug benefit, call Catamaran at 855-901-PEBA (7322).

Please remember: Medicare Part D does not affect your need to be covered by Medicare Part B (medical insurance). As a retiree covered under PEBA Insurance Benefits insurance, you must be covered by Part A, and it is strongly advised that you enroll in Part B when you become eligible for Medicare. If you are not covered by Parts A and B of Medicare, you will be required to pay the portion of your health care costs that Medicare would have paid.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  201
Medicare Before Age 65: Disability Retirees

If you or your eligible spouse or child becomes eligible for Medicare before age 65 due to disability, you must notify PEBA Insurance Benefits within 31 days of Medicare eligibility by sending in a copy of your Medicare card.

Because Medicare is primary (pays first) over your retiree health insurance (except during the 30-month end-stage renal disease coordination of benefits period), when you become eligible for Medicare, you must enroll in Medicare Part A, and it is strongly advised that you enroll in Part B. If you are not covered by Part B, you will be required to pay the portion of your health care costs Part B would have paid.

A chart showing how the Medicare Supplemental Plan and the Standard Plan pay with Medicare is on page 205. To enroll in the Medicare Supplemental Plan, you must complete a Retiree Notice of Election (RNOE) form. Send it to PEBA Insurance Benefits if you worked for a state agency, a college or university or a public school district. If you worked for a local subdivision, send it to your benefits administrator. Coverage will begin the first of the month after PEBA Insurance Benefits is notified that you are covered by Medicare.

End-stage Renal Disease

If you have end-stage renal disease you will become eligible for Medicare three months after beginning dialysis. At this point, a 30-month “coordination period” begins. During this period, your health coverage through PEBA Insurance Benefits is primary, which means it pays your medical claims first. After 30 months, Medicare becomes your primary coverage. Please notify PEBA Insurance Benefits within 31 days of the end of the coordination period. If you are covered as a retiree, you will then have the option of changing to the Medicare Supplemental Plan. (The Medicare Supplemental Plan is not available to active employees or their covered family members.) A chart showing how the Medicare Supplemental Plan and the Standard Plan pay with Medicare is on page 205.

The coordination period applies whether you are an active employee, a retiree, a survivor or a covered spouse or child and whether you were already eligible for Medicare for another reason, such as age. If you were covered by the Medicare Supplemental Plan, your claims will be processed under the Standard Plan for the 30-month coordination period.

Medicare at 65 if You Are Retired

At age 65, Medicare is primary (pays first) over your retiree health insurance. You must be covered by Medicare Part A, and it is strongly advised that you be covered by Part B.

If you are not covered by Medicare Part A and Part B, you will be required to pay the portion of your health care costs Medicare would have paid.

Medicare’s Initial Enrollment Period starts three months before your 65th birthday, includes the month of your birthday and extends three months past the month you turn 65. If you are not receiving Social Security benefits, you should ask about enrolling in Medicare three months before you turn age 65 so your Medicare coverage can start the month you turn 65.
If you are receiving Social Security benefits, you should be notified of Medicare eligibility by the Social Security Administration (SSA) three months before you reach age 65. Medicare Part A starts automatically. It is strongly advised that you enroll in Part B. If you are not notified, contact your local Social Security office immediately.

If you decide not to receive Social Security benefits until you reach your full Social Security retirement age, you must still be covered by Medicare Part A and Part B. We recommend you contact the SSA within three months of your 65th birthday to enroll. The SSA will bill you quarterly for the premium for Part B.

### If You Are an Active Employee at Age 65

If you are actively working and/or covered under a state health insurance plan for active employees, you may delay enrollment in Part B because your insurance as an active employee remains primary. If you are an active employee but your spouse is eligible for Medicare, your spouse should enroll in Part A but may delay enrollment in Part B until you retire and your active coverage ends.

Please note: If you or your spouse defer Part B and later elect to enroll in Part B while you are still actively at work, a gain of Part B is not a special eligibility situation that would permit you to drop health coverage with PEBA. You must wait until open enrollment, which occurs yearly in October, or within 31 days of a special eligibility situation to drop your health coverage.

Please note: If you are an active employee, you cover your spouse under a state health insurance plan for active employees and your spouse is eligible for Medicare due to disability, your spouse may delay enrollment in Part B because your insurance as an active employee remains primary. If your spouse’s eligibility is due to end-stage renal disease, contact PEBA Insurance Benefits.

### When You Leave Active Employment After Age 65

Social Security has a special enrollment rule for employees ending active employment after age 65. You should contact the Social Security Administration (SSA) at least 90 days before you retire to ensure that you or your covered spouse or child’s Medicare Part A and Part B coverage begins on the same date as your retiree coverage.

Please check with the SSA to make sure you are covered by Medicare Part A. It is strongly advised that you be covered by Part B because Medicare becomes your primary coverage.

A chart showing how the Medicare Supplemental Plan and the Standard Plan pay with Medicare is on page 205. You may enroll in the Medicare Supplemental Plan within 31 days of the date your active coverage ends. To do so, complete a Retiree Notice of Election (RNOE) form and send it to the PEBA Insurance Benefits if you are retiring from a state agency, a college or university or a public school district. Give the RNOE to your benefits administrator. If you are retiring from a local subdivision, give the RNOE to your benefits administrator.

### If Your Spouse or Child is Eligible for Medicare

If you are a retiree and your spouse or child is eligible for Medicare and you are not, they can enroll in the Medicare Supplemental Plan. Family members who are not eligible for Medicare will be covered under the Standard Plan provisions.

### Sign up for Parts A and B of Medicare

You must be covered by both Part A and Part B of Medicare to receive full benefits with any state-offered retiree group health plan. If you are not covered by both parts of Medicare, you will be required to pay the portion of your health care costs Medicare Part B would have paid.
How Turning Down Part B Affects Medicare Coverage

Unless you are covered as an active employee at the time, if you turn down Medicare Part B when you are first eligible, you must wait until Medicare’s General Enrollment Period. This period is from January 1 to March 31 of each year, and coverage begins on July 1. Your Medicare premium will be 10 percent higher for each year you were not covered by Part B after you were first eligible. Contact Medicare for enrollment details and for premium information that applies specifically to you.

Working in a Benefits-Eligible Job After Retirement

If you or your spouse or child is covered under the retiree group insurance program and you return to work for a participating employer as a full-time employee (working 30 hours or more a week), you will need to make decisions regarding your coverage.

If You or a Member of Your Family is Covered by Medicare

Medicare cannot be the primary insurance and coverage through PEBA Insurance Benefits cannot be secondary insurance for you, or for anyone you cover, while you are employed in a benefits-eligible job, according to federal law. To comply with this requirement, you must suspend your retiree group coverage and enroll as an active employee with Medicare as the secondary payer, or refuse all PEBA Insurance Benefits-sponsored health coverage for yourself, your spouse and your children and have Medicare coverage only. You may keep dental and vision coverage.

If you are a new full-time permanent or nonpermanent employee you are eligible to enroll in health, dental and vision coverage as an active employee.

These benefits are available to you only if you are covered as a full-time permanent employee:

- MoneyPlus benefits (You must have completed one year of continuous state-covered service by January 1 after open enrollment, which occurs yearly in October, to qualify for a Medical Spending Account.)
- Basic Long Term Disability coverage, if you enroll in the State Health Plan
- Supplemental Long Term Disability coverage
- $3,000 Basic Life Insurance, if you enroll in the State Health Plan
- Optional Life Insurance
- Dependent Life Insurance.

If you enroll in active group coverage, you must notify the Medicare coordination of benefits contractor at 855-798-2627. Medicare will pay after your active group coverage.

You may remain covered by Medicare Part B and continue paying the premium, and Medicare will be the secondary payer. You may also delay or drop Medicare Part B without a penalty while you have active group coverage. For more information, contact the Social Security Administration at 800-772-1213.

When you stop working and your active group coverage ends, you may re-enroll in retiree group coverage within 31 days of your active termination date. In addition, you must notify the SSA that you are no longer covered under an active group so that you can re-enroll in Medicare Part B, if you dropped it earlier. You also may enroll during open enrollment or within 31 days of a special eligibility situation.

How Medicare Affects COBRA Coverage

If you or your eligible spouse or child has continued coverage under COBRA and becomes eligible for Medicare Part A, Part B or both, please notify PEBA Insurance Benefits. Your continued coverage will end.
A subscriber or eligible spouse or child who is covered by Medicare and then becomes eligible for continued coverage under COBRA can generally use the continued coverage as secondary insurance. Medicare will be his primary coverage. For more information about continued coverage under COBRA, see pages 31-33 or contact your benefits office.

Your Health Insurance Options With Medicare

When you and/or your eligible spouse or children are covered under retiree group health insurance and become eligible for Medicare, Medicare becomes the primary payer, and your health insurance options change. The plans available to you and your eligible family members are:

- The Medicare Supplemental Plan and
- The Standard Plan

You will automatically be enrolled in the Medicare Supplemental Plan:

- If you become eligible for Medicare due to age, and you are covered by the Standard Plan or the Savings Plan, unless you respond to the notification letter from PEBA Insurance Benefits by choosing the Standard Plan. Coverage changes must be made within 31 days of the date you become eligible for Medicare.

You have the option to change to the Medicare Supplemental Plan:

- If you or someone you cover becomes eligible for Medicare due to a disability
- At the end of the end-stage renal disease coordination period if you are covered as a retiree
- When you leave active employment after age 65.

To make one of these changes, attach a copy of your Medicare card to your Notice of Election form and give it to your BA within 31 days of Medicare eligibility. For more information, see pages 202-203.

How the Medicare Supplemental Plan Pays with Medicare

If a provider accepts Medicare assignment, the provider accepts Medicare’s payment plus the Medicare Supplemental Plan’s payment as payment in full for covered services. If the provider does not accept Medicare assignment, the provider may charge more than what Medicare and the Medicare Supplemental Plan pay combined. You pay the difference.

How the Standard Plan Pays with Medicare: The Carve-out Method

When a retired subscriber is covered by Medicare, Medicare pays first, and the Standard Plan pays second. If your provider accepts the amount Medicare allows as payment in full, the Standard Plan will pay the lesser of:

1. The amount Medicare allows, minus what Medicare reported paying or
2. The amount the State Health Plan (SHP) would pay in the absence of Medicare, minus what Medicare reported paying.

If your provider does not accept the amount Medicare allows as payment in full, the Standard Plan pays the difference between the amount the SHP allows and the amount Medicare reported paying. The Standard Plan will never pay more than the SHP allows. If the Medicare payment is more than the amount the SHP allows, the Standard Plan pays nothing.

As shown in the example, under the carve-out method, you pay the Standard Plan deductible and coinsurance or the remaining bill, whichever is less. In this example, $445 deductible and your 20 percent coinsurance is $1,856. However, the remaining bill is $1,260, so you pay the lesser amount, $1,260.

Once you reach your $2,540 coinsurance maximum, all claims will be calculated at 100 percent of the allowed amount based on the carve-out method of claims payment. All of your Medicare deductibles and your Medicare Part B 20 percent coinsurance should be paid in full for the rest of the calendar year after you reach your $2,540 coinsurance maximum.

Your Prescription Drug Coverage with Medicare

When you become eligible for Medicare, you will automatically be enrolled in the SHP Medicare Prescription Drug Program, whether you are covered by the Medicare Supplemental Plan or the Standard Plan. For more information, see pages 200-201.

Health Insurance Coverage Overseas

The Standard Plan offers access to doctors and hospitals outside the United States through the BlueCard Worldwide program. The Medicare Supplemental Plan, which follows Medicare, does not.

If you move abroad, you can switch to the Standard Plan. Please provide your benefits administrator with proof of residency and travel documents showing your date of departure. If you will have dual residency, you will have to decide whether the Standard Plan or the Medicare Supplemental Plan best suits your needs. You cannot change plans except during open enrollment, which occurs yearly in October.

Prescription Drug Coverage

If you are enrolled in the SHP Prescription Drug Program, limited prescription drug coverage is available outside the U.S. For more information, see page 228.

If you are traveling abroad, you may wish to buy a travel health insurance policy for coverage during the trip. Such policies are available through most travel agencies.
If You Are Eligible for Medicare and Are Considering the Savings Plan

Please note: If you are a retiree and you are considering enrolling in the Savings Plan, please call PEBA Insurance Benefits or BlueCross BlueShield of South Carolina for information about how the Savings Plan would coordinate with Medicare or with other coverage. If you are retired and are covered under Medicare, you cannot contribute to a Health Savings Account, which is typically associated with the Savings Plan.

Your Insurance Cards When you Become Eligible for Medicare

Keep your identification cards if you do not change plans when you become eligible for Medicare. Your Benefits ID Number will not change, and your health and dental cards will still be valid. You will receive a new card if you enroll for the first time in the State Health Plan, Dental Plus or the State Vision Plan.

If you or your dependents are covered under the State Health Plan Medicare Prescription Drug Program, each member will receive two copies of a new prescription drug card issued in his own name with “Medicare RX” on it. Family members who are not covered under the Medicare drug program will receive cards, issued in the subscriber’s name, showing they are covered under the “State Health Plan Prescription Drug Program.”

Please note: Your health insurance card will come from BCBSSC. Your pharmacy benefits card will come from Catamaran. These cards are not interchangeable. You must use the BCBSSC card for medical services and the Catamaran card to fill prescriptions.

Medicare Assignment: How Medicare Shares the Cost of Your Care

When you choose a provider, you may wish to determine if:

- He accepts assignment
- He may accept assignment on an individual claim or
- He has opted out of Medicare.

Medicare assignment is a yearly agreement between Medicare and individual providers. After you meet your deductible and pay your coinsurance, if it applies, some doctors and suppliers, called “participating providers,” will accept the Medicare-approved amount as payment in full for services payable under Medicare Part B. This is called “accepting assignment.” A provider who accepts assignment also submits his claims directly to Medicare, so you don’t have to pay the full amount up front and wait for reimbursement.

A provider also may choose whether to accept assignment on each individual claim. Before you receive services from a physician, ask if he accepts assignment. If a doctor does not accept assignment, you may pay more for his services. Contact Medicare if you need more information.

If a doctor decides to accept assignment from Medicare, he cannot drop out in the middle of the year. Independent laboratories and doctors who perform diagnostic laboratory services and non-physician practitioners must accept assignment.

For a list of physicians, suppliers of medical equipment and other providers who accept assignment, visit www.medicare.gov. For more information, call 800-633-4227. TTY/TDD users should call 877-486-2048.

Opting Out: If a Provider Does not Accept Medicare

Some providers choose not to accept any payment from Medicare. If a provider has made this decision, Medicare covers none of that provider’s services, and no Medicare payment can be made to him. If Medicare doesn’t pay anything, neither will the Medicare Supplemental Plan.
If you are covered under the Standard Plan and your physician has opted out of Medicare, call Customer Service at 803-734-0678 (Greater Columbia area) or 888-260-9430 (toll-free outside the Columbia area) for information about how the Standard Plan will pay.

A provider who opts out of Medicare signs a two-year contract. The contract can be renewed.

The Medicare Supplemental Plan

If you are a retiree covered by the Standard Plan or the Savings Plan and become eligible for Medicare due to your age, you will receive a letter from PEBA Insurance Benefits stating that you will be enrolled automatically in the Medicare Supplemental Plan. If you prefer another health plan, you must inform PEBA by responding to the letter within 31 days of Medicare eligibility.

If you are covered by a health plan offered through PEBA Insurance Benefits, you may change to the Medicare Supplemental Plan within 31 days of Medicare eligibility. During the yearly October enrollment period, you can change from the Standard Plan to the Medicare Supplemental Plan. Plan changes are effective on January 1 after the enrollment period. If you move out of the United States permanently you may be eligible to change from the Medicare Supplemental Plan to the Standard Plan.

This section explains the Medicare Supplemental Plan, which is available to a retiree and his spouse or children or both who are covered by Medicare Parts A and B. This plan coordinates benefits with the original Medicare plan only. No benefits are provided for coordination with Medicare Advantage plans (Part C). For more information, visit www.medicare.gov or call 800-633-4227. If you or your spouse or child is covered by the Medicare Supplemental Plan, the claims of covered family members without Medicare are paid through the Standard Plan’s provisions.

General Information

The Medicare Supplemental Plan is similar to a Medigap policy — it “fills the gap” or pays the portion of Medicare-approved charges that Medicare does not, such as Medicare’s deductibles and coinsurance. The Medicare Supplemental Plan payment is based on the Medicare-approved amount. Except as specified on pages 209-211 charges that are not covered by Medicare will not be payable as benefits under the supplemental plan.

For example:
In an outpatient setting, such as an emergency room, Medicare does not cover self-administered drugs, drugs that a person usually takes on his own, such as pills. This means that if a patient receives pain pills in an emergency room, the hospital will bill him for the drugs. Because Medicare does not pay for the pills, the Medicare Supplemental Plan will not pay for them either.

If your medical provider does not accept Medicare assignment and charges you more than what Medicare allows, you pay the difference. Contact Medicare if you need more information.

Using Medi-Call and Companion Benefit Alternatives for Preauthorization

You need to call Medi-Call or Companion Benefit Alternatives (CBA) only when Medicare benefits are exhausted for inpatient hospital services and for extended care services, such as skilled nursing facilities, private duty nursing, home health care, durable medical equipment and Veterans Administration hospital services. Medicare has its own program for reviewing use of its services.

Filing Claims for Covered Family Members not Eligible for Medicare

Claims for covered family members who are not eligible for Medicare, but who are insured through the Medicare Supplemental Plan, are paid according to the Standard Plan provisions. Remember
that some benefits require preauthorization by Medi-Call, National Imaging Associates, Companion Benefit Alternatives (CBA) or Catamaran.

### Medicare Deductibles and Coinsurance

#### Deductibles

Medicare Part A has an inpatient hospital deductible for each benefit period. That deductible for 2015 is $1,260. A Medicare benefit period begins the day you go to a hospital or skilled nursing facility and ends when you have not received any hospital or skilled care for 60 days in a row. If you go into the hospital after one benefit period ends, a new benefit period begins. The Medicare Supplemental Plan will pay the Part A deductible each time it is charged.

Medicare Part B has a deductible of $147 a year in 2015. Part B, for which you pay a monthly premium, covers physician services, supplies and outpatient care. Please contact Medicare for more information. As a retiree, you must enroll in Part B as soon as you are eligible for Medicare, because Medicare is your primary coverage. If you are not covered by Part B, you will be required to pay the portion of your health care costs that Part B would have paid. The Medicare Supplemental Plan pays the Part B deductible.

#### Coinsurance

Medicare Part B pays 80 percent of the Medicare-approved amount for medical services, including outpatient mental health care. The Medicare Supplemental Plan pays the remaining 20 percent.

### Medicare Supplemental Plan Deductibles and Coinsurance

The Medicare Supplemental Plan benefit period is January 1-December 31 and includes a $200 deductible each calendar year that applies to private duty nursing services only. If you enroll in Medicare and change to the Medicare Supplemental Plan during the year, you must meet a new $200 deductible for private duty nursing services.

### What the Medicare Supplemental Plan Covers

#### Hospital Admissions

The Medicare Supplemental Plan pays for these services during a benefit period after Medicare has paid:

- The Medicare Part A inpatient hospital deductible
- The Medicare coinsurance amount for days 61 through 90 of a hospital stay in each Medicare benefit period
- The Medicare coinsurance amount for days 91 through 150 of a hospital stay for each of Medicare’s 60 lifetime reserve days (The lifetime reserve days can be used once.)
- After all Medicare hospital benefits are exhausted, 100 percent of the Medicare Part A-eligible hospital expenses, if medically necessary*
- The coinsurance for durable medical equipment up to the Medicare-approved amount.

*Must call Medi-Call or Companion Benefit Alternatives (CBA) for approval.

#### If You Exhaust the Inpatient Hospital Days Medicare Allows

If you are covered by the Medicare Supplemental Plan and you exhaust all Medicare-allowed inpatient hospital days, you must call Medi-Call or Companion Benefit Alternatives (CBA) for approval of any additional inpatient hospital days. Also, if you are covered by the Medicare Supplemental Plan, and you think that a hospital stay may exceed the number of days allowed under Medicare, you should choose a hospital within the SHP networks or BlueCard Program so that any days beyond what Medicare allows will be covered as a network benefit by the Medicare Supplemental Plan.
You must also call Medi-Call or CBA for preauthorization for services related to home health care, hospice, durable medical equipment and Veterans Administration hospital services.

**Skilled Nursing Facilities**

The Medicare Supplemental Plan will pay these benefits after Medicare has paid benefits during a benefit period:

- The coinsurance, after Medicare pays, up to the Medicare-approved amount for days 21-100 (Medicare pays 100 percent for the first 20 days)
- 100 percent of the approved days beyond 100 days in a skilled nursing facility, if medically necessary. (Medicare does not pay beyond 100 days.) The maximum benefit under the plan per year for covered services beyond 100 days is 60 days.

Preauthorization by Medi-Call is required.

**Physician Charges**

The Medicare Supplemental Plan will pay these benefits related to physician services approved by Medicare:

- The Medicare Part B deductible
- The coinsurance for the Medicare-approved amount for physician’s services for surgery, necessary home and office visits, inpatient hospital visits and other covered physician’s services
- The coinsurance for the Medicare-approved amount for physician’s services provided in the outpatient department of a hospital for treatment of accidental injuries and medical emergencies; minor surgery; and diagnostic services.

**Home Health Care**

The Medicare Supplemental Plan will pay these benefits for medically necessary home health care services:

- The Medicare Part B deductible
- The coinsurance for any covered services or costs Medicare does not cover (Medicare pays 100 percent of Medicare-approved amount), up to 100 visits per benefit year. The plan does not cover services provided by a person who ordinarily resides in the home, is a member of the family or a member of the family of the spouse of the covered person.
- 20 percent of Medicare-approved amount for durable medical equipment.

**Private Duty Nursing Services**

Private duty nursing services are services that are provided by a registered nurse (RN) or a licensed practical nurse (LPN) and that have been certified in writing by a physician as medically necessary. Services must be preauthorized by Medi-Call. There is a $200 annual deductible that applies, regardless of the time of year you enroll in the plan. Medicare does NOT cover this service. Once the deductible is met, the Medicare Supplemental Plan will pay 80 percent of covered charges for private duty nursing in a hospital or in the home. Coverage is limited to no more than three nurses per day, and the maximum annual benefit per year is $5,000. The lifetime maximum benefit under the Medicare Supplemental Plan is $25,000.

**Prescription Drug Program**

The Medicare Supplemental Plan covers prescription drugs when purchased from a participating pharmacy. For more information, see pages 78-84 and pages 200-201.
Pap Test Benefit

Medicare covers a Pap test, pelvic exam and clinical breast exam every 24 months. These tests are covered yearly if you are at high risk. There is no patient liability if you receive the tests from a doctor who accepts assignment. Check with Medicare for more information.

Filing Claims as a Retiree with Medicare

If you are retired and covered by Medicare, Medicare is primary (pays first). In most cases, your provider will file your Medicare claims for you.

Claims Filed in South Carolina

The Medicare claim should be filed first. Claims for Medicare-approved medical charges incurred in South Carolina should be transferred automatically from Medicare to the SHP. If you or your doctor have not received payment or notification from the plan within 30 days after the Medicare payment is received, one of you must send BlueCross BlueShield of South Carolina, claims processor for the SHP, a claim form and a copy of your Medicare Summary Notice (MSN) with your Benefits ID Number or Social Security number written on it. Your mental health and substance abuse claims also should be filed with BCBSSC and should include your MSN with your Benefits ID Number or Social Security number written on it. See page 227 if you need to file your own claim.

Claims Filed Outside South Carolina

If you receive services outside South Carolina, your provider will file its claim to the Medicare carrier in the state where you received services. Medicare will send your claim to BCBSSC.

When Traveling Outside the U.S.

Medicare does not cover services outside the United States and its territories. Because the Medicare Supplemental Plan does not allow benefits for services not covered by Medicare (other than private duty nursing), Medicare Supplemental Plan members do not have coverage outside the U.S. if Medicare is their primary coverage. For more information, see page 206. Limited prescription drug coverage is available outside the U.S. to members enrolled in the SHP Prescription Drug Program. For more information, see 228.

The Standard Plan

The Standard Plan offers worldwide coverage. It requires Medi-Call (800-925-9724) approval for inpatient hospital admissions; outpatient surgical services in a hospital or clinic; the purchase or rental of durable medical equipment; and skilled nursing care, hospice care and home health care. You are encouraged to call Medi-Call during the first trimester of your pregnancy. You must call National Imaging Associates for office-based or outpatient advanced radiology services, such as CT, MRI, MRA and PET scans (866-500-7664). You must also call Companion Benefit Alternatives (CBA) (800-868-1032), the SHP’s mental health/substance abuse manager, for preauthorization before you receive some mental health or substance abuse benefits. See pages 84-85 in the Health Insurance chapter.

The plan has deductibles and coinsurance. Once you are covered by Medicare, Medicare becomes your primary insurance. The Standard Plan uses a carve-out method to pay claims. It is described on pages 205-206.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  211
How the Standard Plan and Medicare Work Together

Using Medi-Call and CBA Preauthorization as a Retiree with Medicare

You still need to call Medi-Call or Companion Benefit Alternatives (CBA) when Medicare benefits are exhausted for inpatient hospital services (including hospital admissions outside South Carolina or the U.S.), and for extended care services, such as skilled nursing, home health care, durable medical equipment and Veterans Administration hospital services. Medicare has its own program for reviewing use of its benefits.

Note: Covered family members who are not eligible for Medicare and whose claims are processed under the Standard Plan must call Medi-Call or Companion Benefit Alternatives (CBA).

Please remember that while your physician or hospital may call Medi-Call or CBA for you, it is your responsibility to see that the call is made.

Hospital Network

When you are covered by Medicare, Medicare is the primary payer, and you may go to any hospital you choose. Medicare limits the number of days of a hospital stay that it will cover. If you are enrolled in the Standard Plan and your hospital stay exceeds the number of days allowed under Medicare, it may be important to you that you are admitted to a hospital within the SHP network or BlueCard Program so that you will not be charged more than what the Standard Plan allows.

You must also call Medi-Call or Companion Benefit Alternatives (CBA) for approval of any additional inpatient hospital days beyond the number of days approved under Medicare and for services related to home health care, hospice, durable medical equipment and Veterans Administration hospital services.

Coverage Outside the U.S.

You are not generally covered outside the United States under Medicare. However, if you are covered by the Standard Plan, you have worldwide access to doctors and hospitals through the BlueCard Worldwide program.

Emergency Hospital Admissions Outside South Carolina or the U.S.

If you are admitted to a hospital outside the state or the country as a result of an emergency, notify Medi-Call or Companion Benefit Alternatives (CBA) and follow the BlueCard guidelines. For more information about BlueCard Worldwide, see pages 55-57.

Prescription Drug Coverage

Limited prescription drug coverage is available outside the U.S. to members enrolled in the SHP Prescription Drug Program. For more information, see page 228.

Prescription Drug Program

The Standard Plan covers prescription drugs when purchased from a participating pharmacy. For more information, see pages 78-84 and page 200-201.
Outpatient Facility Services

Outpatient services may be provided in the outpatient department of a hospital or a freestanding facility. If you are covered by Medicare, there is no need to call Medi-Call for preauthorization, nor do you need to select a center that participates in the network.

Transplant Contracting Arrangements

As part of this network, you have access to the leading transplant facilities in South Carolina and throughout the nation. If you are covered by Medicare, there is no need to call Medi-Call for preauthorization, nor do you need to select a facility that participates in the network.

Mammography Benefit

The State Health Plan pays for routine mammograms for covered women ages 35-74. You may have one baseline mammogram if you are age 35-39 and one routine mammogram every calendar year if you are age 40-74. There is no charge if you use a facility that participates in the program’s mammography network.

Medicare covers a screening mammogram every 12 months for women age 40 and older. Medicare pays 100 percent of its allowance for covered routine mammograms. You pay nothing if you receive the test from a doctor who accepts assignment.

Pap Test Program

The SHP will pay for a Pap test each year, without any requirement for a copayment, deductible or coinsurance, for covered women ages 18-65. See page 75 in the Health Insurance chapter for more information. Medicare covers a Pap test, pelvic exam and clinical breast exam every 24 months. If you are at high risk, you may have one every 12 months. You pay nothing if you receive the test from a doctor who accepts assignment. Check with Medicare for more information.

Maternity Management and Well Child Care Benefits

The SHP offers two programs geared toward early detection and prevention of illness among children. The Maternity Management benefit helps mothers-to-be receive necessary prenatal care. (This benefit applies to covered retirees and their spouses. It does not apply to covered children.) Until they turn age 19, children are eligible for Well Child Care checkups. The plan pays 100 percent for routine immunizations when a network doctor provides the services. If your covered child has delayed, or missed, receiving immunizations at the recommended time, the plan will pay for “catch-up” immunizations until the child turns age 19 for some vaccines. Check with your network provider or BCBSSC to determine which immunizations are covered.

Filing Claims As a Retiree with Medicare

If you are retired and covered by Medicare, Medicare is primary (pays first). In most cases, your provider will file your Medicare claims for you.

Claims Filed in South Carolina

The Medicare claim should be filed first. Claims for Medicare-approved medical charges incurred in South Carolina should be transferred automatically from Medicare to the SHP. If you or your doctor have not received payment or notification from the plan within 30 days after the Medicare payment is received, one of you must send BCBSSC, third-party claims processor for the SHP, a claim form and a copy of your Medicare Summary Notice (MSN) with your Benefits ID Number or Social Security number written on it. Your mental health and substance abuse claims should also be filed with BCBSSC and should include your MSN with your Benefits ID Number or Social Security number on it. See page 227 if you need to file your own claim.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  213
Claims Filed Outside South Carolina

If you receive services outside South Carolina but in the U.S., your provider will file the claim with the Medicare carrier in the state where you received services. Medicare will send your claim to BCBSSC. If you or your doctor have not received payment or notification from the SHP within 30 days after the Medicare payment is received, one of you must send BCBSSC, third-party claims processor for the SHP, a claim form and a copy of your MSN, with your Benefits ID Number or Social Security number written on it.

If Medicare Denies Your Claim

If Medicare denies your claim, you are responsible for filing the denied claim with BCBSSC. You may use the same SHP claim forms active employees use. These forms are available on the PEBA Insurance Benefits website, www.eip.sc.gov, or from PEBA Insurance Benefits or BCBSSC. You will need to attach your MSN and an itemized bill to your claim form.
WHEN YOU OR YOUR ELIGIBLE FAMILY MEMBERS BECOME ELIGIBLE FOR MEDICARE before age 65, notify PEBA Insurance Benefits within 31 days of eligibility. If you do not notify PEBA Insurance Benefits and PEBA Insurance Benefits continues to pay benefits as if it were your primary insurance, when PEBA Insurance Benefits discovers you are or your covered family member is eligible for Medicare, PEBA Insurance Benefits will:

- Begin paying benefits as if you were enrolled in Medicare
- Seek reimbursement for overpaid claims back to the date you or your family members became eligible for Medicare.

When you become eligible for Medicare, it is strongly advised you ENROLL IN MEDICARE PART A AND PART B if you are covered as a retiree or as a spouse or child of a retiree. Medicare becomes your primary insurance. If you are not enrolled in Part A and Part B, you will be required to pay the portion of your health care costs that Part B would have paid.

<sup>1</sup>The “carve-out” method is used to pay claims for retired subscribers covered by the Standard Plan and Medicare. For information about it, see pages 205-206.

**Please note:**
This chart is just a summary of your benefits. For details, please consult the previous sections of the Medicare chapter, the Retirement/Disability Retirement chapter, the Health Insurance chapter, your health insurance third-party claims processor or Medicare.

The chart for subscribers and covered family members who are not eligible for Medicare is in the Retirement/Disability Retirement chapter beginning on page 192.

No health plan offered through PEBA Insurance Benefits has a lifetime maximum benefit.

www.eip.sc.gov  S.C. Public Employee Benefit Authority  217
Premiums
The life insurance contract for 2015 had not been awarded when the *Insurance Benefits Guide* (IBG) was sent to the printer. For that reason, premiums, which could vary based on the life insurance vendor, are not included.

When the contract is final, the life insurance information in the IBG, including the premiums, will be updated. That version of the book will be posted on the PEBA Insurance Benefits website, [www.eip.sc.gov](http://www.eip.sc.gov), under “Publications.”

If you need to file a life insurance claim or have questions about your coverage, please contact your benefits administrator.

How to File a State Health Plan Claim

Medical and Mental Health and Substance Abuse Claims

If you received services from a physician, a hospital or another provider that participates in a State Health Plan network, you do not have to file a claim. Your provider will file for you. You are responsible for the usual out-of-pocket expenses (deductibles, copayments, coinsurance and non-covered services).

However, if you did not use a network provider or if you have a claim for a non-network service, you may have to file the claim yourself. You can get claim forms from your benefits office, PEBA and BlueCross BlueShield of South Carolina (BCBSSC). Claim forms also are on the PEBA Insurance Benefits website, www.eip.sc.gov, under “Forms” and “State Health Plan (SHP).” Select “Health Expenses Claim Form” for medical and mental health/substance abuse claims.

Complete a separate claim form for each individual who received care. To file a claim:

- Complete the claim form
- Attach your itemized bills, which must show: the amount charged; the patient’s name; the date(s) and place of service(s); the diagnosis, if applicable; procedure codes; and the provider’s name, federal Tax Identification Number or National Provider Identifier (NPI), if available
- File claims within 90 days of the date you receive services or as soon as reasonably possible.

BCBSSC must receive claims by the end of the calendar year after the year in which expenses are incurred. Otherwise, claims cannot be paid.

Mail claims to:
State Business Unit
BlueCross BlueShield of South Carolina
P.O. Box 100605
Columbia, SC 29260-0605

What if I Need Help?

Call BCBSSC at 803-736-1576 (Greater Columbia) or 800-868-2520 (toll-free outside the Columbia area).

Claims Filed Outside South Carolina Only

Generally, if you obtain services outside South Carolina or the U.S. from a BlueCard doctor or hospital, you should not need to pay up-front for care, except for the usual out-of-pocket expenses (deductibles, copayments, coinsurance and non-covered services). The provider should submit the claim.

When you receive services from doctors and hospitals that are in the BlueCard network, you pay the doctor or hospital for inpatient care, outpatient hospital care and other medical services. Inside the U.S., file a claim to the BlueCross BlueShield affiliate in the state where the service was provided. Outside the U.S., complete a BlueCard Worldwide International Claim Form and send it to the BlueCard Worldwide Service Center. The claim form is available from your benefits administrator. It is also on the PEBA Insurance Benefits website, www.eip.sc.gov, under “Forms” and “State Health Plan (SHP).” Select “BlueCard Worldwide International Claim Form.”

What if I Need Help?

Call BlueCard Worldwide collect at 804-673-1177 or toll-free at 800-810-2583.

www.eip.sc.gov

S.C. Public Employee Benefit Authority
How to File a Prescription Drug Claim

If you fail to show your prescription drug card at a participating pharmacy in the United States, or if you are enrolled in the SHP Prescription Drug Program and have prescription drug expenses while traveling outside the United States, you will have to pay the full retail price for your prescription and then file a claim with Catamaran for reimbursement. After you meet your deductible, if any, reimbursement will be limited to the plan’s allowed amount, less the copayment or coinsurance, if any. You must file your claim with Catamaran within one year of the date of service. To file a claim for prescription drug expenses incurred at a participating pharmacy or outside the United States, complete Catamaran’s Direct Member Reimbursement Drug Claim Form. It is on the PEBA Insurance Benefits website, www.eip.sc.gov, under “Forms.” You may also request a copy by calling Catamaran Member Services at 855-901-PEBA (7322).

Remember: Benefits are NOT payable if you use a non-participating pharmacy in the U.S.

How to File a Dental Claim

The easiest way to file a claim is to assign benefits to your dentist. Assigning benefits means you authorize your dentist to file your claims and to receive payment from the plan for your treatment. To do this, show a staff member in your dentist’s office your dental identification card and ask that the claim be filed for you. Be sure to sign the payment authorizations in blocks 36 and 37 of the claim form. BlueCross BlueShield of South Carolina (BCBSSC) will then pay your dentist directly. You are responsible for the difference between the benefit payment and the actual charge.

If your dentist will not file your claims, you can file to BCBSSC. The claim form is available on the PEBA Insurance Benefits website, www.eip.sc.gov. Complete blocks 4-23 on the claim form, and ask your dentist to complete blocks 1-2, 24-35 and 48-58.

If your dentist will not complete his sections of the form, get an itemized bill showing this information:

1. The dentist's name and address and federal Tax Identification Number or National Provider Identifier (NPI)
2. The patient's name
3. The date of each service
4. The name of and/or procedure code for each service
5. The charge for each service.

Attach the bill to the completed claim form and mail it to the address on the form:

BlueCross BlueShield of South Carolina
State Dental Claims Department
P.O. Box 100300
Columbia, SC 29202-3300.

X-rays, office records and other diagnostic aids may be needed to determine the benefit for some dental procedures. Your dentist may be asked to provide this documentation for review by BCBSSC’s dental consultant. The plan will not pay a fee to your dentist for providing this information. A completed claim form must be received by BCBSSC within 90 days after the beginning of care or as soon as reasonably possible. It must be filed no later than 24 months after charges were incurred, except in the absence of legal capacity, or benefits will not be paid.

What If I Need Help?

You can call BCBSSC at 888-214-6230. If you cannot call, you can visit StateSC.SouthCarolinaBlues.com or write BCBSSC at the address above.
Notice of Privacy Practices

Effective April 14, 2003
Revised September 23, 2013

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully. Please share this information with your covered adult dependents.

The South Carolina Public Employee Benefit Authority (PEBA) is committed to protecting the privacy of your protected health information. PEBA may access your medical claims information and related protected health information in order to provide you with health insurance and to assist you in claims resolution. This notice explains how PEBA may use and disclose your protected health information, PEBA’s obligations related to the use and disclosure of your protected health information and your rights regarding your protected health information. PEBA is required by law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Health Information Technology for Economic and Clinical Health Act (HITECH Act), to make sure that protected health information that identifies you is kept private, to give you this notice of its privacy practices and to follow the terms of its current notice. This notice applies to all of the records of your protected health information maintained or created by PEBA. All PEBA employees will follow the practices described in this notice.

If you have any questions about this Notice of Privacy Practices, please contact:

HIPAA Privacy Officer
South Carolina Public Employee Benefit Authority
Insurance Benefits
Post Office Box 11661
Columbia, SC 29211-1661
Phone: (803) 734-0678
E-mail: privacyofficer@peba.sc.gov
HOW PEBA MAY USE AND DISCLOSE
PROTECTED HEALTH INFORMATION

The following describes different ways PEBA may use and disclose your protected health information. For each category of use or disclosure, this notice may present some examples. Not every use or disclosure in a category will be listed. However, all of the ways that PEBA is permitted to use and disclose information will fall within one of the categories.

❖ For Treatment. PEBA may use and disclose your protected health information to coordinate and manage your health care-related services by one or more of your health care providers. For example, a representative of PEBA, a case manager and your doctor may discuss the most beneficial treatment plan for you if you have a chronic condition such as diabetes.

❖ For Payment. PEBA may use and disclose your protected health information to bill, collect payment and pay for your treatment/services from an insurance company or another third party; to obtain premiums; to determine or fulfill its responsibility for coverage or provision of benefits; or to provide reimbursement for health care. For example, PEBA may need to give your protected health information to another insurance provider to facilitate the coordination of benefits or to your employer to facilitate the employer’s payment of its portion of the premium.

❖ For Health Care Operations. PEBA may use and disclose protected health information about you for other PEBA operations. PEBA may use protected health information in connection with conducting quality assessment and improvement activities; reviewing the competence or qualifications of health care professionals; evaluating practitioner, provider and health plan performance; underwriting, premium rating and other activities relating to health plan coverage; conducting or arranging for medical review, legal services, audit services and fraud and abuse detection programs; business planning and development such as cost management; and business management and general administrative activities. For example, PEBA may disclose your protected health information to an actuary to make decisions regarding premium rates, or it may share your protected health information with other business associates that, through written agreement, provide services to PEBA. These business associates, such as consultants or third-party administrators, are required to protect the privacy of your protected health information.

❖ For Purposes of Administering the Plan. PEBA may disclose your protected health information to its Plan sponsor, the South Carolina Public Employee Benefit Authority, for the purpose of administering the Plan. For example, PEBA may disclose aggregate claims information to the Plan sponsor to set Plan terms.

However, consistent with the Genetic Information Nondiscrimination Act (GINA), PEBA will not use or disclose, for underwriting purposes, protected health information that is genetic information.

Rev. September 2014
Business Associates. PEBA may contract with individuals or entities known as Business Associates to perform various functions on PEBA’s behalf or to provide certain types of services. For example, PEBA may disclose your protected health information to a Business Associate to process your claims for Plan benefits, pharmacy benefits, or other support services, but the Business Associate must enter into a Business Associate contract with PEBA agreeing to implement appropriate safeguards regarding your protected health information.

Treatment Alternatives and Health-Related Benefits and Services. PEBA may use and disclose your protected health information to contact you about health-related benefits or services that may be of interest to you. For example, you may be contacted and offered enrollment in a program to assist you in handling a chronic disease such as disabling high blood pressure.

Individuals Involved in Your Care or Payment for Your Care. PEBA may, in certain circumstances, disclose protected health information about you to your representative such as a friend or family member who is involved in your health care, or to your representative who helps pay for your care. PEBA may disclose your protected health information to an agency assisting in disaster relief efforts so that your family can be notified about your condition, status and location.

Research. PEBA may use and disclose your de-identified protected health information for research purposes or PEBA may share protected health information for research approved by an institutional review board or privacy board after review of the research rules to ensure the privacy of your protected health information. For example, a research project may compare the health/recovery of patients who receive a medication with those who receive another medication for the same condition.

As Required by Law. PEBA will disclose protected health information about you when it is required to do so by federal or South Carolina law. For example, PEBA will report any suspected insurance fraud as required by South Carolina law.

To Avert a Serious Threat to Health or Safety, or for Public Health Activities. PEBA may use and disclose protected health information about you when necessary to prevent a serious threat to your health and safety, or to the health and safety of the public, or for public health activities.

Organ and Tissue Donation. If you are an organ donor, PEBA may disclose your protected health information to organizations that handle organ, eye or tissue procurement, transplantation or donation.

Coroners, Medical Examiners and Funeral Directors. PEBA may share your protected health information with a coroner/medical examiner or funeral director as needed to carry out their duties.
Military and Veterans. If you are a member of the armed forces, PEBA may disclose protected health information about you after the notice requirements are fulfilled by military command authorities.

Workers’ Compensation. PEBA may disclose protected health information about you for workers’ compensation or similar programs that provide benefits for work-related injuries or illness.

Health Oversight Activities. PEBA may disclose your protected health information to a health oversight agency for authorized activities such as audits and investigations.

Lawsuits and Disputes. PEBA may disclose your protected health information in response to a court or administrative order, a subpoena, discovery request, or other lawful process if PEBA receives assurance from the party seeking the information that you have either been given notice of the request, or that the party seeking the information has tried to secure a qualified protective order regarding this information.

Law Enforcement. PEBA may disclose information to a law enforcement official in response to a court order, subpoena, warrant, summons, or similar process.

National Security, Intelligence Activities and Protective Services. PEBA may disclose your protected health information to authorized officials for intelligence, counterintelligence and other national security activities; to conduct special investigations; and to provide protection for the President, other authorized persons or foreign heads of state.

Inmates. If you are an inmate of a correctional institution or are in the custody of a law enforcement official, PEBA may disclose your protected health information if the disclosure is necessary to provide you with health care, or to protect your health and safety or the health and safety of others.

Fundraising. PEBA will not use or release your protected health information for purposes of fund-raising activities.

Sale or Marketing. Your authorization is required for PEBA’s use or disclosure of any PHI for marketing purposes, or for any disclosure by PEBA that constitutes the sale of PHI.
YOUR RIGHTS REGARDING YOUR PROTECTED HEALTH INFORMATION

You have the following rights regarding the protected health information that PEBA has about you:

- **Right to Inspect and Copy.** You have the right to request to see and receive a copy of your protected health information or, if you agree to the preparation cost, PEBA may provide you with a written summary. If PEBA maintains an electronic health record containing your protected health information, you have the right to request that PEBA send a copy of your protected health information in an electronic format to you. Some protected health information is exempt from disclosure. To see or obtain a copy of your protected health information, send a written request to: HIPAA Privacy Officer, South Carolina Public Employee Benefit Authority, Insurance Benefits, P.O. Box 11661, Columbia, SC 29211-1661. PEBA may charge a fee for the costs associated with your request. In limited cases, PEBA may deny your request. If your request is denied, you may request a review of the denial.

- **Right to Amend.** If you believe that your protected health information is incorrect or incomplete, you may ask PEBA to amend the information by sending a written request to: HIPAA Privacy Officer, South Carolina Public Employee Benefit Authority, Insurance Benefits, P.O. Box 11661, Columbia, SC 29211-1661, stating the reason you believe your information should be amended. PEBA may deny your request if you ask it to amend information that was not created by PEBA, the information is not part of the protected health information kept by or for PEBA, the information is not part of the information you would be permitted to inspect and copy or your protected health information is accurate and complete. You have the right to request an amendment for as long as PEBA keeps the information.

- **Right to an Accounting of Disclosures.** You have the right to request a list of the disclosures of your protected health information PEBA has made. This list will **NOT** include protected health information released to provide treatment to you, to obtain payment for services or for health care operations; releases for national security purposes; releases to correctional institutions or law enforcement officials as required by law; releases authorized by you; releases of your protected health information to you; releases as part of a limited data set; releases to representatives involved in your health care; releases otherwise required by law or regulation and releases made prior to April 14, 2003. You must submit your request for an accounting of disclosures in writing to: HIPAA Privacy Officer, South Carolina Public Employee Benefit Authority, Insurance Benefits, P.O. Box 11661, Columbia, SC 29211-1661, indicating a time period that may not go back beyond six years. Your request should indicate the form in which you want the list (for example, by paper or electronically). The first list that you request within a 12-month period will be provided free of charge; however, PEBA may charge you for the cost of providing additional lists within a 12-month period.
Right to Request Restrictions of Use and Disclosure and Right to Request Confidential Communications. You have the right to request a restriction on the protected health information that PEBA uses or discloses. You also have the right to request a limit on the protected health information that PEBA discloses about you to someone who is involved in your care or the payment for your care. For example, you may ask that PEBA not use or disclose information about an immunization or particular service that you received. PEBA is not required to agree to your request(s). If PEBA does agree, PEBA will comply with your request(s) unless the information is needed to provide you with emergency treatment. In your request, you must specify what information you want to limit and to whom you want the limits to apply. For example, you may request that your claims information not be sent to your home address.

In addition, you have the right to request that PEBA communicate with you by certain means or at a certain location. PEBA will accommodate reasonable request(s). You must make these request(s), in writing, to: HIPAA Privacy Officer, South Carolina Public Employee Benefit Authority, Insurance Benefits, P.O. Box 11661, Columbia, SC 29211-1661.

Right to Restrict Release of Information for Certain Services. Unless the disclosure is required by law, you have the right to restrict the disclosure of information regarding services for which you have paid in full or on an out-of-pocket basis. This information can be released only upon your written authorization.

Right to a Paper Copy of This Notice. You have the right to request a paper copy of this notice at any time by contacting PEBA’s HIPAA Privacy Officer at HIPAA Privacy Officer, South Carolina Public Employee Benefit Authority, Insurance Benefits, P.O. Box 11661, Columbia, SC 29211-1661. You may obtain a copy of this notice at PEBA Insurance Benefits’ website at www.eip.sc.gov.

Right to Breach Notification. You have the right to be notified of any breach of your unsecured protected health information.

COMPLAINTS

If you believe that your protected health information rights, as stated in this notice, have been violated, you may file a complaint with PEBA’s HIPAA Privacy Officer and/or with the Office for Civil Rights, US Department of Health and Human Services.

To file a complaint with the PEBA’s HIPAA Privacy Officer, contact:

HIPAA Privacy Officer
South Carolina Public Employee Benefit Authority
Insurance Benefits
P.O. Box 11661Columbia, SC 29211-1661

Rev. September 2014
Phone: 803-734-0678
E-mail: privacyofficer@peba.sc.gov

To file a complaint with the Office for Civil Rights, US Department of Health and Human Services, contact:

Office for Civil Rights
U.S. Department of Health and Human Services
61 Forsyth Street, S.W.-Suite 16T70
Atlanta, GA 30303-8909
Phone: 404-562-7886 Fax: 404-562-7881
TDD: 404-562-7884

PEBA will not intimidate, threaten, coerce, discriminate against or take other retaliatory actions against any individual who files a complaint.

CHANGES TO THIS NOTICE

PEBA reserves the right to change this notice. PEBA may make the changed notice effective for medical information it already has about you as well as for any information it may receive in the future. PEBA will post a copy of the current notice on its Web site and in its office. PEBA will mail you a copy of revisions to this policy at the address that is on file with PEBA at the time of the mailing.

OTHER USES OF PROTECTED HEALTH INFORMATION

This notice describes and gives some examples of the permitted ways your protected health information may be used or disclosed. PEBA will ask for your written permission before it uses or discloses your protected health information for purposes not covered in this notice. If you provide PEBA with written permission to use or disclose information, you can change your mind and revoke your permission at any time by notifying PEBA in writing. If you revoke your permission, PEBA will no longer use or disclose the information for that purpose. However, PEBA will not be able to take back any disclosure that it made with your permission.
Initial COBRA Notice

Continuation Coverage Rights under COBRA

The Consolidated Omnibus Budget Reconciliation Act (COBRA) requires that health, vision, dental and/or Medical Spending Account coverage continue to be offered to you and/or your covered dependents when you are no longer eligible for group coverage.

On the following pages is a copy of your Initial COBRA Notice. When you became covered under group benefits offered by the State of South Carolina through the S.C. Public Employee Benefit Authority (PEBA), you received an Initial COBRA Notice. This notice contains important information about your right to continue your coverage if you lose it under certain circumstances, as well as other health coverage alternatives that may be available to you through the Health Insurance Marketplace. It also explains what you must do to protect your right to continued coverage.

It is important that you read this notice. It is also important that each family member you cover be familiar with this information.

If you cover a family member who does not live with you, you must notify your benefits office so a COBRA notice can be sent to him. Also, if you move, please inform your benefits office of your new address or change your address through MyBenefits, PEBA’s online insurance enrollment system.

Under the rules of the plan and federal law, you must notify your benefits office of certain events, including your divorce or legal separation, or if a person you cover loses eligibility under the rules of the plan. Please carefully read the section in the notice about your notification responsibilities. If you fail to follow the procedures, your rights under COBRA could be lost.

Additional information about COBRA is on pages 31-33. If you have questions about this notice or your rights and responsibilities under COBRA, please contact your benefits administrator.
* YOUR RIGHTS AND OBLIGATIONS UNDER COBRA *

What is COBRA continuation coverage?

Under the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), coverage under the State of South Carolina Public Employee Benefits Authority (PEBA) Insurance Benefits may be continued when it otherwise would end due to a qualifying event. This continuation of coverage is typically referred to as “COBRA coverage” but it is actually the same coverage that PEBA Insurance Benefits gives to other participants or beneficiaries under the state insurance program who are not receiving COBRA coverage. Each qualified beneficiary who elects COBRA coverage will have the same rights as other participants or beneficiaries, including open enrollment and special enrollment rights.

COBRA (and the description of COBRA coverage contained in this notice) applies only to the group health benefits offered by PEBA Insurance Benefits (the Health, Dental, Dental Plus, Vision, and MoneyPlus Medical Spending Account) and not to any other benefits offered by PEBA Insurance Benefits.

PEBA Insurance Benefits provides no greater COBRA rights than what COBRA requires—nothing in this notice is intended to expand your rights beyond COBRA’s requirements.

Who is entitled to elect COBRA coverage?

If a qualified beneficiary loses coverage under group health benefits due to one of the qualifying events listed below, the qualified beneficiary will be allowed to continue group health benefits for a specified period of time at group rates. After a qualifying event occurs and any required notice of that event is properly provided to the benefits office, COBRA coverage will be offered to each qualified beneficiary who is losing coverage as a result of that event.

Who is a qualified beneficiary?

To be a qualified beneficiary, a person:

- Must have been covered (under Health, Dental, Dental Plus, Vision and/or a MoneyPlus Medical Spending Account) on the day before the qualifying event; AND
- Must be a covered employee, the covered spouse of the employee or a covered child of the employee.

Two situations may occur during the COBRA coverage period that would cause a child (who was not covered at the time of the qualifying event) to gain the status of a qualified beneficiary. These are addressed later in this notice.

What is a qualifying event?

A qualifying event is a life event that occurs that would cause a qualified beneficiary to lose coverage under group health benefits offered by PEBA Insurance Benefits (Health, Dental, Dental Plus, Vision and/or a MoneyPlus Medical Spending Account).

For a Covered Employee – If you are the covered employee, you will experience a qualifying event and will have the right to elect COBRA coverage if you lose your group health benefits because any of the following happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

For a Covered Spouse – If you are the covered spouse of an employee, you will experience a qualifying event and will have the right to elect COBRA coverage if you lose your group health benefits because any of the following happens:

- Your spouse dies;

Rev 5/14
Insurance Benefits Guide

- Your spouse’s hours of employment are reduced;
- Your spouse’s employment ends for any reason other than his gross misconduct; or
- You become divorced or legally separated from your spouse. Also, if your spouse (the employee) reduces or eliminates your group health benefits in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the divorce or legal separation may be considered a qualifying event for you even though your coverage was reduced or eliminated before the divorce or separation.

For a Covered Child – If you are the covered child of an employee, you will experience a qualifying event and will have the right to elect COBRA coverage if you lose your group health benefits because any of the following happens:

- Your parent (the employee) dies;
- Your parent’s (the employee) hours of employment are reduced;
- Your parent’s (the employee) employment ends for any reason other than his gross misconduct; or
- You stop being eligible for coverage under PEBA Insurance Benefits as a child (for example, you turn age 26). For more information about when a child ceases to be eligible for coverage under PEBA Insurance Benefits, please refer to your Insurance Benefits Guide.

What do you do when a qualifying event occurs?

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS: divorce, legal separation, and a child loses eligibility for coverage. For these qualifying events, the benefits office will offer you COBRA coverage only if you notify the benefits office within 60 days after the later of: (1) the date of the qualifying event; and (2) the date on which the qualified beneficiary loses (or would lose) coverage under PEBA Insurance Benefits as a result of the qualifying event. To notify the benefits office of these qualifying events, complete the “Notice of COBRA Qualifying Event” form and deliver it to the benefits office at the address on the first page of this document. See “How do you provide a proper and timely notice?” for details.

When the qualifying event is the end of employment or reduction of hours of employment, you do not need to notify the benefits office of any of these qualifying events. The benefits office will offer COBRA coverage to the appropriate qualified beneficiaries. When the qualifying event is the death of the employee, the benefits office will offer survivor coverage. Refer to the Insurance Benefits Guide for details.

How do you provide a proper and timely notice?

Any notice that you provide must be in writing and must be submitted on the forms provided by PEBA Insurance Benefits. These forms are available at no cost from the benefits office or PEBA Insurance Benefits at 803-734-0678 (toll-free outside Columbia at 888-260-9430) or can be printed from www.eip.sc.gov under “Forms.” Oral notice, including notice by telephone, is not acceptable. Procedures for making a proper and timely notice are:

Step 1- Complete the proper form.
Step 2- Make a copy of the form for your records.
Step 3- Attach the required documentation depending upon the qualifying event (as indicated on the form).
Step 4- Mail or hand-deliver the form and required documentation.
Step 5- Call within 10 days to ensure the form and required documentation have been received.

If mailed, your notice must be postmarked no later than the last day of the applicable notice period. If hand-delivered, your notice must be received by the individual at the address specified for delivery no later than the last day of the applicable notice period.

Rev 5/14
How can you elect COBRA coverage?

Once the benefits office learns a qualifying event has occurred, the qualified beneficiaries will be notified of their rights to elect COBRA coverage. Each qualified beneficiary has an independent election right and has 60 days to elect coverage. The 60-day election window is measured from the later of the date coverage is lost due to the event or from the date of notification to the qualified beneficiaries. This is the maximum period allowed to elect COBRA coverage. PEBA Insurance Benefits does not provide an extension of the election period beyond what is required by law.

The covered employee or the employee’s covered spouse can elect continuation coverage on behalf of all qualified beneficiaries. A parent may elect to continue coverage on behalf of a covered child who is losing coverage as a result of the qualifying event. For each qualified beneficiary who elects to continue group health benefits, COBRA coverage will begin on the date that coverage under PEBA Insurance Benefits would be lost because of the event. If COBRA coverage is not elected for a qualified beneficiary within the 60-day election window, he will lose all rights to elect COBRA coverage and will cease to be a qualified beneficiary.

How long does COBRA coverage last for Health, Dental, Dental Plus and/or Vision?

COBRA coverage is a temporary continuation of coverage. The COBRA coverage periods described here are maximum coverage periods.

18 months – When the loss of coverage is due to the end of employment (other than for reasons of gross misconduct) or reduction in hours of employment, coverage under the Health, Dental, Dental Plus and Vision components generally may be continued up to 18 months. There are three possible situations that may provide coverage beyond 18 months when loss of coverage is due to end of employment or reduction in hours of employment.

1. Medicare Entitlement Rule (for covered dependents only) – When the qualifying event is the end of employment or reduction of the employee’s hours of employment, and the employee became entitled to Medicare benefits during the 18 months before the qualifying event, COBRA coverage for qualified beneficiaries (other than the employee) can last up to 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare eight (8) months before the date on which employment ends, his spouse and children who are qualified beneficiaries who lost coverage as a result of his termination will be offered 28 months of continuation coverage (36-8=28). The covered employee, however, is offered only 18 months. This COBRA coverage period is available only if the covered employee becomes entitled to Medicare during the 18 months before the end of employment or reduction of hours.

2. Social Security Disability Extension – If any of the qualified beneficiaries is determined by the Social Security Administration to be disabled, the maximum COBRA coverage period that results from a covered employee’s end of employment or reduction of hours (generally 18 months) may be extended to a total of up to 29 months. This extension is available only for qualified beneficiaries who are receiving COBRA coverage because of a qualifying event that was the employee’s termination of employment or reduction of hours. The Social Security Administration must determine that the qualified beneficiary’s disability started before the 61st day after the covered employee’s termination of employment or reduction of hours and the disability must last until at least the end of the 18-month period of continuation coverage.

To qualify for the disability extension, you must notify your COBRA ADMINISTRATOR in writing at the address where you deliver your COBRA premium payments of the Social Security Administration’s determination of disability and you must do so within 60 days after the latest of:

- The date of the Social Security Administration’s disability determination;
- The date the covered employee’s employment ended or the date of reduction of hours; and

Rev 5/14
• The date the qualified beneficiary loses (or would lose) coverage under PEBA Insurance Benefits as a result of the covered employee’s termination or reduction of hours.

You also must provide this notice within 18 months after the covered employee’s employment ended or his hours were reduced to be entitled to a disability extension. In providing this notice, you must use PEBA Insurance Benefits’ form, “Notice to Extend COBRA Continuation Coverage” (you may obtain a copy of this form from the benefits office or PEBA Insurance Benefits at no charge, or you can print the form at www.eip.sc.gov under “Forms”). You must follow the notice procedures outlined in the section entitled “How do you provide a proper and timely notice?” If these procedures are not followed or if the notice is not provided during the 60-day notice period and within 18 months after the covered employee’s employment ended or hours were reduced, THERE WILL BE NO DISABILITY EXTENSION OF COBRA COVERAGE.

3. Second Qualifying Event Extension – If your family experiences a second qualifying event during the 18 months (or, in the case of a disability extension, the 29 months) following the covered employee’s end of employment or reduction of hours, the maximum COBRA coverage period may be extended to a total of up to 36 months from the date of the original qualifying event. Such second qualifying events may include the death of the employee, divorce or legal separation from the employee, or dependent child losing eligibility for coverage under PEBA Insurance Benefits.

This extension due to a second qualifying event is available only if you notify your COBRA ADMINISTRATOR in writing at the address where you deliver your COBRA premium payments of the second qualifying event within 60 days after the date of the second qualifying event. In providing this notice, you must use PEBA Insurance Benefits’ form entitled “Notice to Extend COBRA Continuation Coverage.” (You may obtain a copy of this form from PEBA Insurance Benefits at no charge, or you can print the form at www.eip.sc.gov under “Forms.”) You must follow the procedures specified in the section entitled “How do you provide a proper and timely notice?” If these procedures are not followed or if the notice is not provided during the 60-day notice period, THERE WILL BE NO EXTENSION OF COBRA COVERAGE DUE TO A SECOND QUALIFYING EVENT.

36 months – When the loss of coverage is due to the death of the employee, divorce or legal separation from the employee, or a child losing eligibility for coverage under PEBA Insurance Benefits, a spouse or child who is a qualified beneficiary will have the opportunity to continue coverage under Health, Dental, Dental Plus and Vision for 36 months from the date of the original qualifying event.

How long does COBRA coverage last for the MoneyPlus Medical Spending Account (MSA)?

COBRA coverage under the MoneyPlus Medical Spending Account (MSA) can last only until the end of the plan year, including the grace period, in which the qualifying event occurred. The period of COBRA coverage under the MoneyPlus MSA cannot be extended under any circumstances. COBRA coverage under the MoneyPlus MSA will be offered only to a qualified beneficiary losing coverage who has an “underspent account.” An account is underspent if the annual limit elected under the MoneyPlus MSA by the covered employee, reduced by reimbursable claims submitted up to the time of the qualifying event, is equal to or more than the amount of the contributions for MoneyPlus MSA COBRA coverage that will be charged for the remainder of the plan year. COBRA coverage will consist of the MoneyPlus MSA coverage in force at the time of the qualifying event (i.e., the elected annual limit reduced by reimbursable claims submitted up to the time of the qualifying event). The use-it-or-lose-it rule will continue to apply, so any unused amounts will be forfeited at the end of the plan year, including the grace period. COBRA coverage will terminate at the end of the plan year. Unless otherwise elected, all qualified beneficiaries who were covered under the MoneyPlus MSA will be covered together for continuation under COBRA coverage. However, each qualified beneficiary could alternatively elect separate COBRA coverage to cover that beneficiary only, with a separate annual limit and a separate contribution.

How much does COBRA coverage cost?

Generally, each qualified beneficiary is required to pay 100% of the applicable premium for the coverage that is continued, plus a 2% administration charge. The premium includes both the employee’s and
employer’s share of the total premium. If continuation coverage is extended due to a disability and the disabled qualified beneficiary elects the extension, the rate is 150% of the applicable premium. If only non-disabled qualified beneficiaries extend coverage, the rate will remain at 102%.

There may be other coverage options for you and your family. When key parts of the health care law take effect, you’ll be able to buy coverage through the Health Insurance Marketplace. In the Marketplace, you could be eligible for a new kind of tax credit that lowers your monthly premiums right away, and you can see what your premium, deductibles, and out-of-pocket costs will be before you make a decision to enroll. Being eligible for COBRA does not limit your eligibility for coverage for a tax credit through the Marketplace. Additionally, you may qualify for a special enrollment opportunity for another group health plan for which you are eligible (such as a spouse’s plan), even if the plan generally does not accept late enrollees, if you request enrollment within 30 days.

More information about individuals who may be qualified beneficiaries

Children born to or placed for adoption with the covered employee during COBRA coverage period

A child born to, adopted by, or placed for adoption with a covered employee during a period of COBRA coverage is considered to be a qualified beneficiary provided that, if the covered employee is a qualified beneficiary, the covered employee has elected COBRA coverage for himself or herself. The child’s COBRA coverage begins when the child is enrolled in the PEBA Insurance Benefits’ plan, whether through special enrollment or open enrollment, and it lasts for as long as COBRA coverage lasts for other family members of the employee. To be enrolled in PEBA Insurance Benefits’ plan, the child must satisfy the applicable eligibility requirements (for example, regarding age).

Alternate recipients under QMCSOs or NMSNs

A child of the covered employee who is receiving benefits under PEBA Insurance Benefits pursuant to a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) received by PEBA Insurance Benefits during the covered employee’s period of employment is entitled to the same rights to elect COBRA as an eligible child of the covered employee.

Are there other coverage options besides COBRA continuation coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

For more information

This notice is a summary and does not fully describe COBRA coverage, other rights under PEBA Insurance Benefits, or details about your group health benefits. More information is available in your Insurance Benefits Guide, from the benefits office or from PEBA Insurance Benefits.

If you have any questions concerning the information in this notice, your rights to coverage, or if you want a copy of the Insurance Benefits Guide, contact your benefits office, contact PEBA Insurance Benefits at 803-734-0678 (toll-free outside Columbia at 888-260-9430), or visit PEBA Insurance Benefits’ website (www.eip.sc.gov).

For more information about your rights under COBRA, contact the Centers for Medicare & Medicaid Services at www.cms.gov/COBRAContinuationofCov/ or phig@cms.hhs.gov.

Keep the Benefits Office Informed of Address Changes

To protect your rights, notify the benefits office of any changes in the employee’s address and the addresses of covered family members as soon as possible.
