

## **Food & Drink Rules and Regulations**

### **Horry-Georgetown Technical College Library**

In the interest of providing a comfortable and positive learning environment for our users, Horry-Georgetown Technical College Library permits limited consumption of light snack food and non-alcoholic drinks in covered/secure containers in most areas of the library.

To maximize the continuing value of the library's collections, equipment, furnishings, and carpet, please adhere to the following guidelines:

- ❖ Food and drinks are permitted in most areas of the library, except:
  - Computer carrels and when using College-owned laptop computers
  - Photocopy areas
  - Print Stations
  
- ❖ Allowable food and drinks
  - Covered/secure containers (water/soda bottles, sports bottles, thermal-style mugs, and coffee cups with lids)
  - Light snack food (such as those individually wrapped items available in vending machines)
  
- ❖ Non-allowable food and drinks:
  - Open drink containers
  - Glass bottles
  - Pizza, sandwiches, fruits or fast food meals
  - No food may be ordered for delivery in the library

Please clean up after yourself, discarding all trash in appropriate containers located throughout the Library.

Users are liable for any damage to library property and equipment caused by food or drink.

Report drink spills and other problems to the library staff so we can arrange for appropriate cleanup.

We will continue to evaluate and modify our rules and regulations as needed. Continued refusal to comply will result in a call to Campus Security. Continued abuse may result in a loss of library privileges.

Thank you for your understanding and cooperation.
