Health Tracker Clinical Requirements

for

Emergency Medical Technology - **Basic**

Table of Contents

Clinical Requirements Checklist **3**

Section 1 **Creating Your Castle Branch Tracker** **5**

Section 2 **BLS CPR Certification** **6**
Must be BLS (Basic Life Support) Certificate through the AHA or ARC ONLY

Section 3 **HGTC Student Health Record – Physical (4 pages)** **8**
All boxes must be checked on page 1 and 2. Be sure you sign and date the page 2.
Your physician needs to complete the bottom of page 2 and page 3.

Section 4 **PPD or QFT Gold Blood Assay** **12**
2-Step PPD is 4 visits. After the initial 2-step or QFT, a 1-step or QFT is required yearly.

Section 5 **Hepatitis B** **13**

Section 6 **As needed documents** **14**
Immunization Cost Estimate Sheet
Positive PPD – Symptom Assessment Form
Vaccine Medical Waiver

Emergency Medical Technology - Basic Clinical Requirements Checklist

- [ ] Criminal Background Check
- [ ] Urine Drug Screening

- [ ] Castle Branch Compliance Tracker
- [ ] BLS CPR Certification through AHA or ARC only
- [ ] Health Physical completed on HGTC 4-page form
- [ ] 2 Step PPD or QFT Gold Blood Assay
- [ ] Hepatitis B 3- or 2- dose series or + Titer or Declination Waiver

IMPORTANT NOTES

- Any item that will expire mid semester must be completed before the semester begins. Example, your CPR certificate expires in March or your QFT expires in April, you must renew your certificate before classes start in January.

- **CPR Certification** – there are many different types of CPR Certification. **BLS (Basic Life Support) for HealthCare Providers through AHA or ARC ONLY is the ONLY certification that will be accepted.** The hands-on skills portion must be completed in person.

- **2-Step PPD or QFT Gold Blood Assay**
  - A 2-Step PPD is two (2) Tuberculin skin tests. You will visit the physicians/clinics office four (4) times. You have step one administered and then read 48-72 hours later. Then 7 to 21 days after step one is read, you have step two administered. Step 2 is then read 48-72 hours later. There is a max timeframe of 21 days (3 weeks) between Step 1 and Step 2.
  - You may have a QFT Gold Blood Assay in lieu of the traditional skin tests (2-Step PPD). This is a blood draw to test for tuberculosis.
  - After the initial 2 Step PPD or QFT, you will be required to receive a 1 step PPD or QFT Gold Blood Assay yearly. The yearly timeframe is subject to change.
- **If your PPD is positive or indeterminate (abnormal)**, you must have a chest x-ray immediately following the result. A chest x-ray is then required every 2 years.
- **If your PPD is positive or indeterminate (abnormal)**, a PPD symptom assessment form must be completed yearly.

- **Hepatitis B** - There are 4 options to choose from.
  Option 1 – Proof of prior Hepatitis B Immunization: Provide a copy of your immunization record showing you received the Hepatitis B series. This can be from a childhood, high school or military immunization record.
  Option 2 – Reactive Hepatitis B Surface Antibody Titer: Provide a copy of the Hepatitis B surface antibody titer lab results showing you are immune to Hepatitis B. If your titer is NON-REACTIVE, you must receive a booster with proof of a prior immunization record OR go to Option 4 and complete the declination. If an immunization record is not available, you must receive the series OR go to Option 4 and complete the Declination.
  Option 3 – Series in Progress - Start the 3-dose series, with the 1st dose now, 2nd dose in one month, 3rd dose should be five months after the 2nd dose. There is also a 2-dose series available which is 4 weeks apart (Dynavax /Heplisav-B).
  Option 4 – Declination Waiver - You may opt out. Please see the Hepatitis Declination Waiver on page 16. Check the second box, sign & date.

- **How do I obtain a copy of my immunization record?**
  If you received your vaccinations in the state of South Carolina, you may be able to retrieve a copy of your immunization record from the SIMON portal by going to simonportal.dh.sc.gov. For other states, there may be similar websites. You may also try contacting the health department from the county you received your vaccinations for guidance. Your high school may have a copy as well.

Clinical Requirements Health Tracker Guide

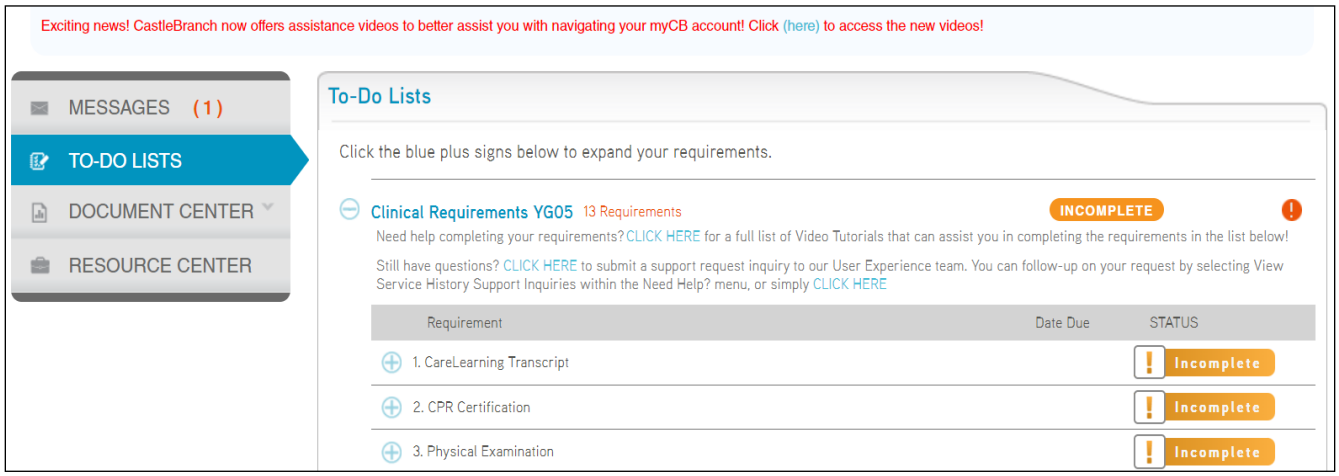
To be completed by ALL Nursing, Dental Sciences, EMT, Imaging Sciences, HealthCare Science, Physical and Occupational Therapy and Massage Therapy Students

How will the Clinical Admissions Office receive my clinical requirements documents?

- All clinical requirements documentation MUST be uploaded into the student's Castle Branch compliance tracker account.
- The fee for the Castle Branch Compliance Tracker is a one-time fee.
- If you already have a Castle Branch Compliance Tracker, you do not need to purchase another one if you return to your program or change programs.
- If you have an existing Castle Branch account, but have NOT purchased the compliance tracker AKA Medical Document Manager CRR, you must purchase it. We are unable to view documents that are uploaded to your Document Center.

- The link to create your Castle Branch Tracker account will provided to you in the initial Clinical Requirements email.

- After creating your account, you will access your account by logging into **https://login.castlebranch.com**. Documents should be uploaded under TO-DO LISTS.



- If you experience any technical difficulties, please contact Castle Branch @ 888-666-7788. Their hours of operation are 8 AM – 8 PM, Monday – Thursday and 8 AM – 6:30 PM on Fridays.

B. If you have answered "yes" to any item in **A** above, please complete the following: (Additional information may be provided on a separate page identified with student's name).

Date	Diagnosis	Treatment	Restrictions/Limitations (Bending, lifting, pulling, etc.)

ESSENTIAL FUNCTIONS REQUIRED OF STUDENTS FOR ADMISSION AND PROGRESSION IN THE NURSING AND HEALTH CARE SCIENCE PROGRAMS

The following standards are considered essential criteria for participation in the Allied Health Programs. Students selected for Allied Health programs must be able to independently engage in educational activities and clinical training activities in a manner that will not endanger clients/patients, other students, staff members, themselves, or the public. These criteria are necessary for the successful implementation of the clinical objectives of the Allied Health Programs. In order to be admitted, or to be retained in the Allied Health Programs after admission, all applicants with or without accommodations must (by initialing the items you agree the student will be able to perform the function):

- **Possess sufficient visual acuity to independently read and interpret the writing of all size**.
- **Independently be able to provide verbal communication to and receive communication from clients/patients, members of the health care team, and be able to assess care needs through the use of monitoring devices, stethoscopes, infusion pumps, fire alarms, and audible exposure indicators, etc**.
- **Possess sufficient gross and fine motor skills to independently position and assist in lifting client/patients, manipulate equipment, and perform other skills required in meeting the needs of nursing care.**
- **The student (Observer) is free of communicable illnesses.**

Does the student have any restrictions/limitations?	Yes	_____	No	_____
If yes, how many weeks are restrictions/limitations in effect:				
If yes, what date will the restrictions/limitations be lifted:				
If yes, will the student be required to follow-up with your office:	Yes	_____	No	_____
If yes, date of scheduled appointment for follow-up:				

I hereby certify to the best of my knowledge that the preceding information is complete and accurate.

_____ _____

Print Name of Physician, Physician Assistant, or Nurse Practitioner Office Name if Applicable

_____ _____

Signature of Physician, Physician Assistant, or Nurse Practitioner Date

NOTE: Some allied health programs may have additional requirements. Individual students assume responsibility for ensuring all requirements have been met according to the designated curriculum for the program of which he/she is seeking entry.

WAIVER OF REPEAT PHYSICAL EXAMINATION / NOTIFICATION OF CHANGE IN HEALTH STATUS

Your initial Health Science Division – Student Health Physical Record is valid for one year. If you have had no changes in your medical history, you are eligible to complete this Waiver/Notification Form. If you have had any changes in your medical status, you are required to complete a new Health Science Division – Student Health Physical Record.

I, _____, as a student enrolled in a Nursing or Health Science Program at Horry-Georgetown Technical College, do hereby declare that I have sustained no changes in my physical health condition from my most recent student health examination required for the program.

- It is my understanding that in the event a physical health change occurs, it is my responsibility to immediately notify the following individuals of such change(s):
    1. Primary Course instructor and Clinical Instructor
    2. Clinical Admissions Office
- Following notification of health physical change(s), it is my responsibility to:
    1. Make an appointment with a healthcare provider for physical examination and completion of a new Health Science Division – Student Health Physical Record.
    2. Provide the completed Student Health Physical Record to the Clinical Admissions Office for verification of current eligibility for clinical without restrictions (specifically page 3 of health physical).
    3. Contact Student Affairs at (843) 349-5249 if you would like to request accommodations.
- If restrictions are indicated on the Student Health Physical Record, the Clinical Admissions Office will notify the student's designated Program Department Chair and/or Dean for guidance regarding further clinical continuation.
- In the event I fail to notify the appropriate individuals of such health changes, Horry-Georgetown Technical College is released from all liability relevant to my physical health status, and such failed actions on my behalf may result in dismissal from the program of study and/or constitute legal action thereof.

Tuberculosis Screening

HGTC students are initially required to complete a 2-Step PPD, which consists of two tuberculin skin tests (4 office visits) **OR** a QuantiFERON (QFT) Gold Blood Assay, which is a blood draw to test for Tuberculosis. A 1-Step PPD or QFT Gold Blood Assay is required yearly after the initial process if completed within the same one year. The yearly timeframe is subject to change.

If you elect to have the QuantiFERON (QFT) Gold Blood Assay, submit a copy of the lab results.

If you elect to have the tuberculin skin test(s), the below section is **TO BE FULLY COMPLETED BY A HEALTHCARE PROVIDER:**

1st Step – Visit 1:

Date Administered: _____ Time: _____

Site: (please circle) Left FA Right FA Lot#:_____ Expiration Date:_____

Healthcare Provider Signature test was administered: _____

Your PPD must be read within 48-72 hours.

1st Step – Visit 2: ***Results:*** (please circle) Negative Positive

Date Read:_____ Time Read:_____ Induration:_____mm

Healthcare Provider Signature test was read: _____

Step 2 should be administered 7-21 days after Step 1 was administered.

There is a max time frame of 21 days between Step 1 and Step 2

2nd Step - Visit 3:

Date Administered: _____ Time: _____

Site: (please circle) Left FA Right FA Lot#:_____ Expiration Date:_____

Healthcare Provider Signature test was administered: _____

Your PPD must be read within 48-72 hours.

2nd Step – Visit 4: ***Results:*** (please circle) Negative Positive

Date Read:_____ Time Read:_____ Induration:_____mm

Healthcare Provider Signature test was read: _____

- If the QFT or PPD result is **positive** or **indeterminate (abnormal)**, a student must have a medical assessment, provide TB results, proof of negative CXR and complete the symptom assessment form.
- Documentation may be provided on other forms or records but must meet the stated guidelines for clinical clearance.

HEPATITIS B FORM

Option 1 – Proof of prior Hepatitis B Immunization: Provide a copy of your immunization record showing you received the Hepatitis B series. This can be from a childhood, high school or military immunization record.

Option 2 – Reactive Hepatitis B Surface Antibody Titer: Provide a copy of the Hepatitis B surface antibody titer lab results showing you are immune to Hepatitis B. If your titer is NON-REACTIVE, you must receive a booster with proof of a prior immunization record. If an immunization record is not available, you must receive the series OR go to Option 4 and complete the Declination.

Option 3 – Series in Progress: If you elect to receive the series, please circle which series:
3-dose series or **2-dose series** or **1 booster** (will include prior immunization record with this form)
You MUST also check the Series in Progress box below and sign with your signature and date.
This form must be complete or an immunization record is required. "Historical" with the dates will not be accepted.

Injection	Lot #	Manufacturer:	Expiration:	Injection Site:	Date	Healthcare Provider Signature
1.						
2.						
3.						

☐ I am in the process of receiving the Hepatitis B Vaccine and will provide documentation of all vaccinations as they are completed. Until I am fully vaccinated, I understand that due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B virus (HBV) infection.

Student Signature **H#** **Date**

Documentation may be provided on other forms or records but must meet the stated guidelines for clinical clearance.

Option 4 – Declination Waiver:

☐ I understand that due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B virus (HBV) infection. I have been informed of the opportunity to be vaccinated with Hepatitis B Vaccine. However, I decline Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B. If in the future, I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B vaccine, I will decide at that time.
