I have been informed by the Office of Admissions and the Office of Financial aid that I am allowed to defer my terms of eligibility due to required enrollment in developmental/remedial classes at Horry Georgetown Technical College.

I understand that my terms of eligibility will begin in the spring semester in which I will be enrolled in full-time non-developmental courses. I also understand that I must complete at least 15 credit hours and earn no less than a 3.0 cumulative grade point average in order to remain eligible for the LIFE Scholarship the following academic term. I may also ask for my terms of eligibility to be deferred for the entire first academic year if I must take additional developmental classes during the spring semester. It is my responsibility to inform the Office of Financial Aid of my intentions now and if my intentions change in the future.

Please indicate which funding option you prefer and sign this form.
