Responsibility: Vice President of Finance and Administration

Original Approval Date: 09-09-1993
Last Cabinet Review: 10-06-2021
Last Revision: 10-06-2021

Chairperson

As a commuter campus, the College recognizes the importance of providing parking for all members of the College community. Therefore, it is very important that parking regulations be strictly followed by everyone.

Certain areas of all campuses are reserved for faculty, staff, visitors, and handicapped parking. Unauthorized areas are not to be parked in at any time. Failure to follow parking regulations will result in being issued a parking citation and/or having the vehicle towed away at the owner's expense.

All student and employee vehicles must be registered. The registration of employee vehicles must be accomplished at the time of initial employment. The registration of student vehicles must be accomplished at the time of initial enrollment and then renewed each August. Students and employees must prominently display an issued College parking decal on the registered vehicle.
