The Compensation Plan for State Board of Technical and Comprehensive Education does not allow extra compensation for sponsorship of College activities. Therefore, the College will not pay extra compensation (salary) to faculty members sponsoring clubs, professional associations, or other College activities.

The sponsorship of some College activities will require an inordinate amount of time. The College may approve a reduced teaching load for the faculty sponsor during the College activity. The activity will then be considered a bona fide part of the faculty member's teaching load.

The percentage that the faculty member's teaching load will be decreased based on College activity sponsorship must be approved by the Executive Vice President for Academic and Workforce Development.
