President

I. New Students

Once accepted, a student should see a New Student Enrollment Advisor. Students taking programs through the Distance Learning Institute will meet with a New Student Enrollment Advisor virtually either by phone or web-based chat. The Advisor will interpret test scores, high school performance, and/or transfer credit and direct the student to DegreeWorks. The Advisor will refer students to WaveNet Central; Student Information Center for registration assistance via their WaveNet Accounts. .

II. Returning Students

Returning students should see their assigned academic advisors, if they are unsure of the classes for which they should register. Students taking programs through Distance Learning Institute can meet with their assigned academic advisor virtually either by phone or web-based chat. Upon registration, new students are assigned an academic advisor. This information is in their WaveNet account and on the College website. If a student needs registration assistance, they should visit WaveNet Central: student Information Center or contact their assigned academic advisor. Students may register for courses through their WaveNet account.
