President

A transient student is a student taking a course or courses to transfer back to their home institution without acceptance in a specific curriculum. These students are not eligible for VA benefits or Financial Aid. They must have a transient form filled out by their home institution in order to register for a class.

Transient students must complete and submit an application for admission along with a non-refundable fee and a completed transient form. Transient students who have previously completed and submitted an Application for Admission must complete and submit an Application for Readmission, along with the readmission application fee and transient form for each semester of re-enrollment not occurring within the same twelve (12) month three, (3) consecutive semester period.

Transient students may not be permitted to enroll in all requested courses. Courses in career and technical programs will require Department Chair approval.
