President

The Registrar's Office provides, upon student request, an official transcript of academic grades. The request must be made via completion of the Transcript Request Form, through the student's WaveNet account, or directly through the secure external transcript service (Parchment).

Procedures followed in processing a transcript request are as indicated below:

- A. Items needed in order to process a transcript request include name, student ID number or date of birth, address to forward transcript, and appropriate fee. A letter is sent to the student if additional information or the fee is needed.
- B. Each transcript issued is recorded within the student information system (Banner).
