b. This Agreement may only be terminated earlier if (a) the other party materially breaches this Agreement and such breach is not cured within 14 days of written notice by the non- breaching party or (b) Company terminates this Agreement for any reason by providing 14 days' prior written notice to Sponsor provided Company refunds

Sponsor a pro-rated portion of the Sponsorship Fee received for any Event which takes place post termination. In the event of termination by Company due to Sponsor default, all amounts previously paid shall be retained by Company and Sponsor shall remain responsible for any unpaid amounts then due and owing.

ELECTRONIC SIGNATURE AND ARCHIVING

RECITALS

These General Terms and Conditions regarding the use of electronic signatures and archiving (the "General Terms and Conditions") define and govern the electronic signature process implemented by SPORTFIVE EMEA APAC (formerly called Lagardère Sports and Entertainment), a French joint stock company (société par actions simplifiée), incorporated under number 453 759 078, with registered office at 16-18 rue du Dôme, 92100 Boulogne Billancourt (France). This process is designed to enable the electronic signing of Document(s) within the framework of its business activity, thereby enabling the digitalisation of part of its range of contracts.

To this end, SPORTFIVE EMEA APAC S.A.S. has chosen to use a service provider of electronic certification, DocuSign France S.A.S. ("DocuSign"). DocuSign is both a qualified trust service provider and a Certification Authority.

The Service made available by SPORTFIVE EMEA APAC S.A.S. may be completed, modified or replaced at any time, in particular owing to technological developments.

SPORTFIVE EMEA APAC S.A.S. is controlled by SPORTFIVE Global Holding, a German GmbH, incorporated in Hamburg under number HRB 155230, with its registered office at Barcastraße 5, 22087 Hamburg (Germany). SPORTFIVE Global Holding GmbH and its subsidiaries, whether controlled directly or indirectly, form a group of companies ("SPORTFIVE") specializing in sports and entertainment, including sports events, e-sports, sports rights, sports marketing, consulting and brand activation and hospitality.

All corporate bodies within the SPORTFIVE group of companies may use the DocuSign® service described in these General Terms and Conditions to sign Documents electronically.

I. DEFINITIONS

• **Certification Authority** : refers to the authority responsible for issuing electronic certificates enabling a person to sign a document electronically. DocuSign is designated as the Certification Authority for the purpose of these General Terms and Conditions.

• **Certificate** : means an electronic file that attests to the link between the verification data relating to an Electronic Signature and the Signatory of a Document. Such a certificate is for single use only.

• **Company** : refers to the company within the SPORTFIVE group (as defined in the above recitals) which contracts with the Signatory through use of the Service.

• **Electronic Signature** : a reliable and secure process of identification provided by DocuSign to guarantee the identity of the signatory, the integrity of the file and the link between the signed document and the signature (in accordance with article 1366 et seq. of the French Civil Code and article 3 of the Regulation (EU) n°910/2014 of the European Parliament and of the Council dated 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market (the **eIDAS Regulation**"). The Electronic Signature expresses the Signatory's written consent to the content of the Document(s).

• **Evidence File** : refers to the file created by DocuSign upon the designated Signatory(ies) signing the Document by way of Electronic Signature, containing all the elements associated with that or those Electronic Signature(s), and ensuring, in particular, the validity of the signed Document, the authentication of each Signatory as well as all the transactions performed on the Document. II . PURPOSE AND USE OF THE SERVICE

Purpose of the Service

The purpose of the Electronic Signature process implemented by the Company is to:

- have the same effect as a handwritten signature on a paper document; and

- represent and retain evidence of the Signatory's written consent to the Document(s) in a dematerialized manner by way of Electronic Signature.

Use of the Service

The Company uses the following process:

- creation of an original Document signed by the affixing of an Electronic Signature;

- timestamping of the original Document; and

- creation, transmission and archiving of an Evidence File.

The Company proposes to the Signatory to sign one or several Document(s) online using an Electronic Signature service. Access and use of the Electronic Signature process implies that the Signatory has an email address and, in some cases, a company mobile number required for SMS authentication.

The use of the Service is conditional upon the acceptance of the General Terms and Conditions. The Signatory confirms s/he has read and accepted these General Terms and Conditions by ticking the box provided, before proceeding to the Electronic Signature of the Document.

The Signatory is informed that s/he has the possibility to save and/or print the General Terms and Conditions of the Service once s/he has accepted them.

Presentation of the Document(s)

Before initiating the Electronic Signature procedure, the Document(s) shall be made available to the Signatory. S/he is invited to read the Document(s) online with a view to deciding whether to accept its terms and conditions.

Electronic Signature and Document(s) approved

The Signatory is then invited, by means of the Electronic Signature process, to electronically sign the Document(s). The Company may request the Signatory to provide an "advanced" Electronic Signature according to article 26 of the eIDAS Regulation, based on a more sophisticated verification technique.

The "standard" (i.e. non-"advanced") Electronic Signature is affixed after the acceptance by the Signatory of these General Terms and Conditions, at the time of clicking on the "Sign" button; these two actions establish the consent of the Signatory.

However, for "advanced" Electronic Signatures, it will be necessary for the Signatory to confirm his/her identity by means either of an access code or of SMS authentication to access the Document(s). In the event of SMS authentication, a one-time access code (the "PIN Number") will be sent to the Signatory by text message (SMS) on his/her company mobile, the number of which will have been previously entered by the Company or by the Signatory and, if necessary, modified by the latter.

This access code or the PIN Number, as applicable, are strictly personal and confidential. They must be filled in by the Signatory in the area reserved for such purpose and will expire after a short period of time. In addition, the Signatory undertakes to not communicate the access code or PIN Number to a third party and to take all appropriate measures to ensure its confidentiality.

Evidence File

The electronically signed Document and the Evidence File created at the time of its signature guarantee the integrity of the contractual document(s) and the link between the Signatory and the signed contractual documents. The Evidence File contains all the elements of the electronic transaction depending on the type of Electronic Signature (and in particular all the collected data, the result of the various checks, the timestamp data, the identity of the Signatory, the original Document signed electronically, and if applicable, the access code or PIN Number and the Certificate). A copy of the Evidence File is automatically emailed to the Signatory at the end of the Electronic Signature process.

III. SIGNATORY'S COMMITMENTS

The Signatory acknowledges having communicated to the Company the elements enabling its identification, and in particular the email address and in some instances the company mobile number used for the purposes of the Electronic Signature.

The Signatory undertakes to check, in the Document(s) to be signed, his/her name and/or, where applicable, the name of the entity on whose behalf s/he is committing himself/herself. In the event of an error, the Signatory must immediately report it to the Company.

The Signatory will be responsible for any incorrect data provided to the Company.

IV. EVIDENTIARY EFFECT

Pursuant to article 1366 et seq. of the French Civil Code, the Signatory and the Company determine as amongst themselves the rules of admissible evidence that shall apply to Electronic Signatures.

The Company and the Signatory hereby irrevocably accept that in the event of a dispute, the Evidence File - containing the original Document signed electronically as well as all data guaranteeing the timestamp, the accuracy and integrity of the information, including e-mails and acknowledgments of receipt exchanged and, in some cases, the access code or PIN Number and the Certificate - is admissible before court and constitutes evidence with regards to the data and facts which the Evidence File contains as well as the Signatures made and the commitments expressed therein. The evidentiary effect granted to the Evidence File is that awarded to an original, within the meaning of article 1366 et seq. of the French Civil Code.

The Signatory whose Electronic Signature has been used to sign the Document(s) is deemed to have been duly authorised to sign for and on behalf of the corporate body which s/he purports to represent. As such, it is the responsibility of each party to ensure that the Signatory has the appropriate authority to sign the Document, including if necessary by means of a power of attorney or equivalent instrument. The corporate body's failure to put in place the appropriate authority or powers shall not affect the legal validity of the signed Document(s).

V. SECURITY

As part of the Signatory's access to the Service, s/he is expressly reminded that the Internet is not a secure network. In these circumstances, it is the Signatory's responsibility to take all appropriate measures to protect its own data and/or software especially from infection by potential viruses circulating on the Internet or the intrusion by a third party into its computer system for any purpose whatsoever, and to verify that the files transmitted contain no viruses. The Company rejects any liability for the spreading of computer viruses, as well as for any consequences that may result from these viruses.

The Company and the Signatory agree that the Company shall not be held liable, both vis-à-vis the users and towards the potential end users for any consequential damages such as operating losses, loss of customers, adverse commercial effect, loss of investment, loss of data and/or files, reputational damage as well as any incident and/or unavailability that may occur on the communication networks used and the actions of third parties.

Agency Identification: Horry-Georgetown Technical College # SS-0243

Description of the agency need that this procurement fulfills: *(See instructions on last page for guidance)*

HGTC seeks to enhance institutional visibility, community engagement, and relationships with regional business and community partners through participation in the 2027 ONEflight Myrtle Beach Classic. This procurement will support the College's outreach objectives by providing an appropriate setting for engagement with invited guests during this significant regional event.

Describe the Market Based on Research Performed: *(See instructions on last page for guidance)*

Market research confirms that the ONEflight Myrtle Beach Classic is an official PGA TOUR event and the first PGA TOUR tournament in Myrtle Beach history. The inaugural 2024 tournament attracted more than 40,000 attendees, demonstrating substantial regional reach. The 2027 event is scheduled for May 13–16 at the Dunes Golf and Beach Club and will feature 120 PGA TOUR players. Available sponsorship offerings include Pro-Am participation, hospitality, and customizable promotional opportunities. Although other regional sporting events offer general advertising or hospitality, they do not provide sponsorship access to this specific PGA TOUR event. The tournament is managed by SPORTFIVE, which coordinates sponsorship implementation and event support; therefore, the required tournament-specific sponsorship benefits must be obtained through the event's authorized sponsorship program.

Sole Source Vendor Name: SPORTFIVE GOLF, LLC (dba ONEFlight Myrtle Beach Classic

Based upon the following determination, Agency proposes to acquire the supplies, construction, information technology, and/or services described herein from the vendor named above per SC Code Ann § 11-35-1560 and SC Regulation 19-445.2105, Sole Source Procurement.

Description of supplies, construction, information technology, and/or services vendor will provide under the contract: *(See instructions on last page for guidance.)*

Under the contract, SPORTFIVE will provide HGTC with a private hospitality cabana on the 17th green during the 2027 ONEflight Myrtle Beach Classic. The sponsorship package includes twelve cabana passes per day from Thursday, May 13, through Sunday, May 16; all-inclusive food, beverages, and full bar service; HGTC branding on exterior venue identification signage and the bar rail; and access to private, upscale restrooms reserved for 17th Green patrons.

Explain why the described solution is the only solution that meets the agency's need and how no other identified solutions were sufficient. *(See instructions on last page for guidance)*

HGTC's need is to secure institutional branding and hosted stakeholder engagement specifically at the 2027 ONEflight Myrtle Beach Classic through sponsorship package. Based on market research and direct communication with tournament representatives, SPORTFIVE manages the event's sponsorship program and is the only identified source authorized to provide this package. Other regional sponsorship, advertising, and hospitality opportunities cannot provide access to this event or the same tournament-specific benefits. Therefore, no other identified solution or vendor can meet HGTC's defined need.
