

MEDICAL LABORATORY TECHNOLOGY

Graduates of the Medical Laboratory Technology degree program are eligible to take the The American Society for Clinical Pathology - Board of Certification exam (ASCP-BOC) to become a certified medical laboratory technician. Many states do not require technicians to be certified, see list below for more specifics on each state.

This Disclosure does not guarantee any particular State licensing or certifying agency will approve your application for certification or professional licensure. The disclosure may not account for changes in state law or regulations made after the date of this Disclosure. If your plans include pursuing professional licensure or certification in your chosen field, in any state other than South Carolina, you should reach out to the state for more information on the credentialing requirements of the state.
