Employment Application and Required Documents

To apply to join the Horry-Georgetown Technical College team, please complete an employment application available online from the link at the top of the Employment page. For positions requiring an Associate Degree, Bachelor's Degree or a Master's Degree, the applicant must attach unofficial transcripts to your online application. (Official transcripts will be obtained at the time of hiring.) Please do not have transcripts mailed directly to the College. If you are selected for an interview and we have not received all of the required documentation, you will be notified.
